INTRODUCTION

The first proposal for founding a University in India was made by the Council of Education in Bengal in the year 1845, but was not accepted by the Board of Directors of the East India Company, who considered the scheme somewhat premature. The famous Despatch of Sir Charles Wood in 1854, soon after the renewal of the Charter of the East India Company in the previous year, brought the question once more to the front, as it demanded a scheme of Education for all India, far wider and more comprehensive than the Local or Supreme Government would have ventured to suggest. "Among many subjects of importance," proclaimed the epoch-making document, "none have a stronger claim to our attention than that of education. It is one of our most sacred duties to the nation, to be the means, as far as in us lies, of conferring upon the natives of India those vast moral and material blessings which flow from the general diffusion of useful knowledge and which India may under Providence derive from her connection with England."

It was in accordance with this declared policy of the Government of India, that the foundations of University education were laid in the country with the establishment of the Universities of Calcutta, Bombay and Madras in the year 1857, the necessary legislation incorporating them having been passed respectively on January 24th, July 18th and September 15th of the year. The jurisdiction of the Calcutta University, which at the beginning included practically all Northern India, was soon found to be unwieldy and it was therefore broken up by the establishment of two additional Universities, the University of the Panjab which was founded in 1882 and the University of Allahabad which followed five years later in 1887.

These five Universities were found adequate for several years to meet the needs of the entire country in the matter of higher education, though many important events had happened during the interval. An Educational Commission, presided over by Sir William Hunter, was appointed in

1882 'to enquire particularly into the manner in which effect has been given to the principles of the Despatch of 1854, and to suggest such measures as it may think desirable in order to the further carrying out of the policy laid down'. The deliberations of this Commission resulted in recommendations of a far-reaching nature with regard to the control of higher education in the country and the encouragement of private enterprise in the matter of colleges, but no additions were made to the existing Universities.

The next landmark in the history of Indian Universities was the appointment, by Lord Curzon, of a Universities' Commission in the year 1902. The recommendations of the Commission were mainly in the direction of reforms in the constitutions of Universities, "that educational standards should be allowed a predominant influence in them". An enactment for amending the law relating to Universities in India came into effect on the 1st September 1904 and new Senates and Syndicates were formed in accordance with the provisions of the new code. This Act laid new responsibilities upon Universities as regards both their control of affiliated colleges and their own teaching functions.

The Universities of India were not originally teaching bodies, but the Act of 1904 specified the provision of Instruction as one of their duties and gave them the power of appointing professors and lecturers, of holding and managing endowments and of erecting, equipping and maintaining University libraries, laboratories and museums. Though the bulk of the teaching continued to be in affiliated colleges, a certain amount of higher instruction now began to be concentrated under University management. Assisted by grants from the Imperial Government and in a few cases by private endowments, some of the Universities were successful in the formation and maintenance of colleges for ordinary instruction, in the partial substitution of University for college teaching in the Mastership courses and in the organization of research and lectures of general interest.

The resolution of the Government of India on Indian Educational policy issued in 1913 drew attention not only to the need for additional Universities in India, but also for university organizations of a better type. "At present," the Resolution observed, "there are only five Indian Universities for 185 arts and professional colleges in British India besides

several institutions in Native States. The day is probably far distant when India will be able to dispense altogether with the affiliating University. But it is necessary to restrict the area over which affiliating Universities have control by securing, in the first instance, a separate University for each of the leading provinces in India and secondly, to create new local teaching and residential Universities within each of the provinces in harmony with the best modern opinion as to the right road to educational efficiency." It is interesting to note that the country was soon to benefit by activities in both these directions.

If the earlier Universities of India were started, more or less entirely, under official auspices, there were soon to be two new Universities in the country to serve the special needs of the Hindus and Muhammadans, founded largely by the efforts of the leaders of the two communities themselves, though aided by the Government and established by Acts of Legislature like the first models. The Benares Hindu University came into existence in 1916 and the Aligarh Muslim University in 1920. The primary aim of the former is to preserve "the best thought of the culture of the Hindus and all that was good and great in the ancient civilization of India," though admission is not restricted to Hindus only and though it has extensive departments of modern learning in Arts as well as in Science, including Engineering, Mining and Metallurgy, and Agriculture. The aims of the Aligarh Muslim University are on similar lines, though it is also open, like the Benares Hindu University, to students of all communities and has all the usual departments of a modern University. The provision of faculties of Oriental Learning and religious instruction is a special feature of these institutions. It is only necessary to add that both of these Universities were based on earlier foundations, the Central Hindu College of Mrs. Annie Besant at Benares and the Muhammadan Anglo-Oriental College of Sir Syed Ahmed at Aligarh.

The rapid progress of higher education in Indian States was responsible for the foundation of the University of Mysore in 1916, the Osmania University of Hyderabad-Deccan in 1918 and the University of Travancore in 1937. A noteworthy feature of the Osmania University is that all teaching in non-language subjects is through Urdu, the language of the State, though the courses have recently been

made to include even such technical subjects as Medicine and Engineering.

The constitution of Bihar and Orissa into separate province resulted in the formation of an additional University at Patna in 1917.

The Calcutta University Commission presided over by Sir Michael Sadler, which deliberated from 1917 to 1919, was responsible for considerable activity in the University world of India. One of its primary recommendations was that Universities should be relieved of their Intermediate work so that they might be able to concentrate attention on real University teaching and the advancement of higher learning. The movement for the establishment of unitary and residential Universities which were also strongly advocated by the Commission received great impetus and several Universities were formed in the years immediately following the report, largely on the new lines recommended which had also already been adopted by Benares and Mysore in 1916. Reference has already been made to the Aligarh Muslim University which was founded in 1920. A University was also established in the same year at Rangoon to satisfy the aspirations of Burma. The University of Lucknow was incorporated in December 1920. The University of Dacca came into existence on the 1st July 1921. The Imperial Capital of Delhi had a University of its own by Act VII of 1922. The Central Provinces which had to be content till now with the affiliation of its colleges to the University of Allahabad obtained a new University of their own at Nagpur in 1923.

Though the recommendations of the Calcutta University Commission have not been given effect to in any substantial manner in the University of Calcutta for which they were primarily intended, they have been responsible for many changes in the organization of higher education in the United Provinces. After the foundation of the unitary, teaching and residential Universities of Benares, Aligarh and Lucknow, the constitution of Allahabad was also changed in 1922 into a University of the same type, though the associated colleges continued to be controlled by it till July 1927. The formation of the Agra University during the year, however, freed Allahabad completely from its external jurisdiction and it is now functioning entirely as a University of the unitary type. Incidentally, this has furnished the people of Agra

with a separate University of their own, though it has also, at present, to cater to the needs of Rajputana and Central India.

Another notable feature in connection with the Universities in the United Provinces is that except in the case of Aligarh and Benares, Intermediate education has been removed from their control, with the formation of a separate Board of High School and Intermediate Education for the purpose in 1921, established by a special Act of the Legislature, in accordance with one of the most important recommendations of the Calcutta University Commission, the only other University in India which has also embodied the reform being the University of Dacca. The colleges of Rajputana and Central India also, it may be observed in passing, have only their degree classes affiliated to the University of Agra, while the Intermediate classes are controlled by the Board of High School and Intermediate Education for Rajputana (including Ajmer-Merwara), Central India and Gwalior established in 1929.

As was only to be expected the establishment of Universities of a newer type could not but exercise considerable influence on the older Universities. The University of Calcutta may be said to have entered upon an entirely new chapter in her history with the Indian Universities Act of 1904, and the constitution has also been amended, more than once, since that date. It has now extensive and well-established teaching departments, though it also continues to be the largest affiliating University in India, and the Empire. The University of Bombay underwent complete reorganization by the Act of 1928; which reduced the proportion of the nominated to the elected members of the Senate and enabled various popular interests to be represented on it. By the new Act, the executive functions of the University are carried on by the Syndicate, while the academic work is looked after by the Academic Council. In the case of the University of Madras, the Indian Universities Act of 1904 has been superseded by the Madras University Act of 1923, with a view to establishing a teaching and residential University at Madras, while enabling the University to exercise due control over the quality of the teaching given by colleges which are to constitute the University or are affiliated to it. This Act has again been amended by Act XII of 1929.

The University of the Panjab has also been changing in its duties and responsibilities since the year 1919. Honours teaching in every subject is now directly under the control of the University which also administers the Oriental, Law and Commerce Colleges. The University has also attempted in some measure to co-ordinate the teaching in the colleges at Lahore. The future of University education in the Panjab has been recently subjected to a close scrutiny by the Panjab University Enquiry Committee (1932-33) with Sir George Anderson as Chairman, but no action has yet been taken on their report.

The year 1926 witnessed important University developments in the Madras Presidency with the establishment of the Andhra University for the special needs of the Telugu people in the north, the headquarters of the University having been settled after prolonged controversy to be located at Waltair. The Annamalai University of Annamalainagar at Chidambaram in Southern India began to function in July 1929 and was rendered possible by the princely generosity of the Hon'ble Raja Sir Annamalai Chetty who gave a donation of twenty lakhs of rupees for the purpose in addition to the buildings, equipment and property of the Annamalai College founded some years earlier by him at the same place. The youngest University in the country is the University of Travancore which was established by the Government of His Highness the Maharaja of Travancore on the auspicious occasion of His Highness's Twenty-sixth Birthday on 1st November 1937, the chief aims of the University being to develop technological education to make provisions for original research in Applied Science and to provide for the conservation of Kerala Art and Culture.

THE INTER-UNIVERSITY BOARD, INDIA

The need for co-ordination in the work of the Universities in India was expressed by the Calcutta University Commission in their Report, and in 1921, acting on a resolution passed by the Congress of the Universities of the Empire, the Indian Delegates to the Congress passed a resolution recommending to the Universities of India, that an Association or a Committee of Representatives of different Indian Universities be formed, with the object of dealing with questions affecting their mutual and common interests. It was suggested in particular that such an association if formed should go into the question of certain difficulties which might arise owing to the conditions of admission of students to certain courses and examinations of the Universities of the United Kingdom not being suited to the qualifications which students from Indian Universities could present. The Lytton Committee on Indian students in England also hoped that the Indian University authorities would take steps at an early date to establish an Inter-University Board for the purpose of co-ordinating the courses of study in India and securing uniformity in their recognition abroad. The Indian Universities' Conference held at Simla, in May 1924, passed a resolution unanimously recommending to the Universities that it was desirable that an Inter-University organization should be established. The functions assigned to it were the following :—

- (i) To act as an Inter-University Organization and Bureau of Information ;
- (ii) To facilitate an exchange of professors ;
- (iii) To serve as an authorized channel of communication and facilitate co-ordination of University work ;
- (iv) To appoint or recommend, where necessary, a common representative of India at an Imperial or International Conference on Higher Education ;
- (v) To assist Indian Universities in obtaining recognition for their degrees, diplomas and examinations in other Universities ;
- (vi) To act as an Appointments' Bureau for Indian Universities ;
- (vii) To fulfil such other duties as may be assigned to it from time to time by the Indian Universities.

A Provisional Committee consisting of representatives of the Universities was also appointed to discuss ways and means and other preliminaries with regard to the formation of this

Board. It prepared an estimate of probable expenditure amounting to Rs. 24,000 per annum; and suggested that each of the fifteen Universities then in existence in India should guarantee an annual contribution of a maximum amount of Rs. 1,600* for a term of three years with effect from 1st April 1925, and that an advance payment of not less than Rs. 100 should be made by each University on 1st February 1925, to meet certain preliminary expenses. Twelve Universities agreed to join the Board and made a preliminary contribution. Their representatives met at Bombay in March 1925 to consider the Agenda, which had been prepared in this instance by the Education Department of the Government of India. The Agenda included questions relating to the future organization and work of the Board as well as a number of references made in advance to the Inter-University organization by the Universities' Conference held at Simla. The first annual meeting was held at Delhi in February 1926. Since then the Board has met every year: at Benares in February 1927, at Madras in February 1928, at Patna in February 1929, at Dacca in March 1930, at Mysore in February 1931, at Lahore in March 1932, at Hyderabad in February 1933, at Delhi in March 1934, at Calcutta in February 1935, at Aligarh in February 1936, at Nagpur in February 1937, at Allahabad in December 1937, at Bombay in February 1939 and at Waltair in December 1939. All the Universities in India and Burma are now members of the Board.

Besides the annual meetings attended by the representatives nominated to the Board by the Universities of India, the Board is also holding larger quinquennial Conferences of delegates from all the Universities. Apart from the first Conference held at Simla in May, 1924, prior to the establishment of the Inter-University Board, the second Conference of Indian Universities was held at Delhi in October, 1929, opened by His Excellency Lord Irwin, Viceroy and Governor-General of India, the third Conference was held at Delhi in March, 1934, opened by His Excellency Lord Willingdon and the fourth Conference was held in Bombay in March 1939, opened by His Excellency Sir Lumley, Governor of Bombay.

Agra University

Introductory : Character of the University

The Agra University was brought into existence on the 1st of July 1927 by an Act of the Legislature of the United Provinces of Agra and Oudh, for the purpose of affiliating the Colleges associated with the University of Allahabad, as reorganized by the Allahabad University Act, 1921, so as to set the University of Allahabad free to function as a unitary, teaching and residential University by relieving it of the responsibility of controlling the quality and character of teaching given in its name by the associated colleges (situated outside the territorial area of 10 miles' radius from the Convocation Hall of the University), and placing such responsibility upon an affiliating University at Agra.

The jurisdiction of the University extends over the United Provinces of Agra and Oudh, Central India and Rajputana.

Constitution of the University

The authorities of the University are—

The Senate, the Executive Council, the Academic Board, the Board of Inspection, and the Faculties of Arts, Science, Law, Commerce and Agriculture. The Senate is the supreme Governing Body of the University, and the Executive Council the Executive Body; the Academic Board advises the Executive Council on academic matters; and the Board of Inspection is responsible for the periodical inspection of affiliated colleges. Each Faculty constitutes its Boards of Studies, whose reports regarding the courses of study it considers and forwards to the Academic Board with its own recommendations.

Teaching and Affiliated Colleges

There are at present seventeen colleges affiliated to the University, a list of which is given below. The University has no teaching staff of its own, but teaching is carried on at present in the affiliated colleges, which have their own staff.

Under the Allahabad University Act, 1921 [Section 7 (5)], the affiliated colleges were not allowed to maintain Intermediate classes for the purpose of preparing students for admission to the University, beyond a period of five years from the commencement of the Allahabad University Act, 1921, save with the previous sanction of the Local Government and for such period as the Local Government may direct, but under the Agra University Act (Section 39) this restriction on the maintenance of the Intermediate classes has been removed and it no longer applies to the affiliated colleges of the University, which are permitted to maintain or comprise classes, *also* in preparation for the Intermediate or Commercial Diploma Examination of the Board of High School and Intermediate Education of the United Provinces or of Rajputana, C. I. and Gwalior. The University, however, exercises control over the quality and the character of teaching given in the degree and post-graduate classes *only*, and *not* in the Intermediate classes in the affiliated colleges which is the special feature of the Agra University Act.

Degrees, Admission to Examinations and Courses of Study

DEGREES

In the Faculty of Arts, the University grants at present the B.A., M.A. and D.LITT. degrees; and in the Faculty of Science the B.Sc., M.Sc. and D.Sc. degrees. The Professional degrees are the B.Sc. (Pharm.) in the Faculty of Science, the Master of Laws and the Bachelor of Laws in the Faculty of Law, the Bachelor of Commerce in the Faculty of Commerce and the Bachelor of Science in Agriculture in the Faculty of Agriculture.

Admission to Examinations and Period of Study

ARTS AND SCIENCE

Courses of study for the Bachelor's degree in Arts or in Science extend over a period of two academic years and only those candidates are admitted to the examinations, which are held at the end of the second academical year who, after passing (i) the Intermediate Examination of the Board of High School and Intermediate Education, United Provinces or of the Board of High School and Intermediate Education for Rajputana

(including Ajmer-Merwara), Central India and Gwalior or of an Indian University incorporated by any law for the time being in force, or (ii) the Higher School Certificate Examination conducted by the Syndicate of the Cambridge University, have attended a regular course of study in an affiliated college.

The courses of study for the Master's degree in Arts as well as in Science extend over a period of two years and there are two examinations, *viz.*, the Previous Examination and the Final Examination. The Previous Examination is held at the end of the first year and only those candidates are allowed to appear at the examination who, after taking the Bachelor's degree of the University (in Arts or in Science, as the case may be) or a corresponding Bachelor's degree of an Indian University incorporated by any law for the time being in force, have completed a regular course of study in an affiliated college for one academical year. A candidate is not admitted to the Final Examination for the degree of Master of Arts or of Master of Science unless he has passed the Previous M.A. or M.Sc. Examination of the University, as the case may be, and has completed a regular course of study for one academical year in an affiliated college.

The degree of D.LITT. or D.Sc. is awarded on the basis of an original thesis upon any subject comprised within the faculties of Arts and Science respectively. Only those candidates can supplicate for the Doctor's degree who are the M.A.'s or M.Sc.'s, as the case may be, of at least three years standing (i) of the University, or (ii) of the Allahabad University, who, at the time of passing their M.A. or M.Sc. Examination were students of colleges associated with the Allahabad University and now affiliated to the Agra University, or (iii) of any other University recognized for this purpose by the Executive Council and incorporated by any law for the time being in force, who have been resident within the territorial limits of the Agra University for the three years immediately preceding the date of their application.

BACHELOR OF SCIENCE IN PHARMACEUTICAL CHEMISTRY

Admission to the B.Sc. (Pharm.) Examination is granted to those who, after passing the Intermediate Examination of the Board of High School and Intermediate Education, United Provinces, or of an Indian University incorporated by any law for the time being in force, or an examination recognised by the University as equivalent thereto, with Chemistry, Physics and Biology, have attended a regular course of study in Pharmaceutical Chemistry in an affiliated college for two academical years.

LAW

The examination for the degree of Bachelor of Laws consists of two parts : (1) The Previous Examination, and (2) the Final Examination. A candidate who, after graduating either in Arts, Science, Commerce or Agriculture, completes a regular course of study in a Law class in an affiliated college for one academical year, is eligible for admission to the Previous Examination in Law. For admission to the Final Examination in Law, a candidate is required to put in another year in an affiliated college after passing the Previous Examination in Law.

Candidates for the LL.M. Examination must have passed at least two years previously the examination for the degree of Bachelor of Laws of the University or of any other Indian University incorporated by any law for the time being in force.

COMMERCE

Admission to B.COM. Examination is granted to those who, after passing any of the following examinations, have prosecuted a regular course of study at a college affiliated to the University for the B.COM. degree :—

- (i) The Intermediate Examination of the Board of High School and Intermediate Education, U.P., or of an Indian University incorporated by any law for the time being in force ;
- (ii) the Commercial Diploma Examination of the Allahabad University or of the Board of High School and Intermediate Education, U.P. ;
- (iii) the Intermediate Examination in Commerce of the Board of High School and Intermediate Education, United Provinces or of the Board of High School and Intermediate Education, Rajputana (including Ajmer-Merwara), Central India and Gwalior ;
- (iv) the Intermediate (Group B—Special) Examination of the Delhi University with Regional and Commercial Geography as an optional subject :

Provided that the candidates who have passed the examinations mentioned in clauses (ii), (iii) and (iv) above shall be exempted from taking the First Year Bachelor of Commerce course.

The regular course extends over a period of three years and the examination for the degree is taken after that period.

AGRICULTURE

Admission to the B.Sc. (Ag.) Examination is granted to those who, after passing the Intermediate Examination in Agriculture of the Board of High School and Intermediate Education, United Provinces, or any other examination in Agriculture recognized by the University as equivalent thereto, have attended a regular course of study in an affiliated college for two academical years.

Subjects and Papers for the Examinations and Scale of Marks

Bachelor of Arts.—Candidates are examined in General English and *any three* of the following branches: (a) English Literature, (b) Latin, Greek, Hebrew, Arabic, Persian or Sanskrit, (c) Hindi, Urdu, Marathi, Gujarati, Bengali, French, German or Italian, (d) Mathematics, (e) Philosophy, (f) Economics, (g) History, (h) Political Science, and (i) Geography. The examination in General English consists of two papers. Three papers are set in English Literature, in each of the Classical and Modern Languages and in Mathematics and two papers in each Philosophy, Economics, History and Geography.

The minimum for a pass in all subjects is 33 per cent. There are three divisions: Candidates are declared to have passed in the First Division if they obtain 60 per cent. or more of the aggregate, in the Second, if they obtain 45 per cent. or more, and in the Third, if they obtain the minimum pass marks in each subject.

Candidates may, at their option, take Military Science as an extra subject in which there are two papers and one practical of 50 marks each. For a pass in this subject candidates must obtain 45 marks in the two papers and 17 marks in the practical.

Candidates may also at their option take an additional paper on one of the vernaculars recognized by the University for the B.A. Examination.

Master of Arts.—A candidate may select *one* of the following subjects: (1) Languages: English, Sanskrit, Arabic, Persian, Latin, Urdu or Hindi, (2) Mental and Moral Science, (3) History, (4) Mathematics, (5) Economics, and (6) Political Science.

At the Previous Examination, there are four papers in English Literature, Sanskrit, Arabic, Persian, Hindi, Urdu, Mathematics and Economics and three papers in Latin, History, Political Science, and Mental and Moral Science. For the Final Examination four papers are set in English Literature, Arabic, Persian, Sanskrit, Hindi, Urdu, Economics, Mental and Moral Science, History and Political Science and three papers

in Latin. There is a *viva voce* at the Final Examination in English Literature and Modern European Languages.

The minimum pass marks in all the subjects are 36 per cent. of the aggregate marks. Candidates who obtain 60 per cent. or more of the aggregate are placed in the First Division and those who obtain 48 per cent. or more in the Second Division.

Bachelor of Science.—Candidates are examined in either of the two groups: (a) Physics, Chemistry and Mathematics, or (b) Chemistry, Botany and Zoology. There are two papers and a practical examination in each subject except Mathematics in which three papers are set. A candidate may, at his option, take General English as an extra subject in which there are two papers.

The minimum for a pass in all subjects is 33 per cent. There are three divisions: The First Division consists of those who obtain 60 per cent. or more of the aggregate, the Second of those who obtain 45 per cent. or more, and the Third of those who obtain the minimum pass marks in each subject.

Candidates may at their option, also take Military Science as an extra subject in which there are two papers and one practical of 50 marks each. For a pass in this subject candidates must obtain 45 marks in the two papers and 17 marks in the practical.

Master of Science.—Candidates must offer one of the following subjects:—(a) Mathematics, (b) Physics, (c) Chemistry, (d) Botany, and (e) Zoology. At the Previous Examination there are three papers and a practical examination in Physics, Botany, Zoology and Chemistry. In Mathematics the examination consists of four papers. At the Final Examination four papers are set in Mathematics, three papers in Zoology and Physics, and two papers and a thesis in Chemistry and Botany with a practical examination in each subject except Mathematics.

The minimum for a pass is 36 per cent. in each subject, 60 per cent. or more of the aggregate places a candidate in the First Class and 48 per cent. or more, in the Second Class.

A candidate is required to pass in the total of the papers, as well as in the practical examination in each subject. There are three divisions. The First Division consists of those who obtain 60 per cent. or more of the aggregate, the Second of those who obtain 45 per cent. or more, and the Third of those who obtain the minimum pass marks in each subject.

Conditions of Re-Admission to University Examinations

A candidate who after attending a regular course of study for two academical years in an affiliated college fails *once* in the Final M.A. or M.Sc. or LL.B. Examination or who on account of serious illness has not been able to appear at the said examination, is allowed to appear again at a subsequent examination without attending any further regular course of study provided the Principal of the affiliated college recommends his

application, which, in the case of a candidate's serious illness, shall be accompanied by a medical certificate.

A candidate who has attended a regular course of study in an affiliated college and who has failed once in a University examination, other than Final M.A. or M.Sc. or LL.B. Examination, may be permitted to re-appear at the next ensuing examination, without attending a further regular course of study, in case the Principal of the college certifies that either (a) he is unable to re-admit him as there is no vacancy in the class, or (b) in his opinion the candidate's health or pecuniary circumstances preclude him from joining the college. The application for re-admission to the college in such a case must be made and the Principal's certificate obtained within 10 days of the commencement of the college session, at the end of which the candidate desires to appear at the said examination.

A candidate who has failed *more than once* in a University Examination from an affiliated college may be admitted to a subsequent examination without attending a regular course of study provided that he remains an ex-student of the affiliated college, in which he completed his course, and pays such annual fee to the college to retain his membership thereof as the college may require.

Any candidate for B.A., B.Sc., B.Com., or B.Sc. (Ag.) Examination who has failed in *one* subject only obtaining not less than 25 per cent. of marks in that subject and has obtained 40 per cent. of the aggregate number of marks allotted to the remaining subjects is admitted to the examination of the following year in the subject in which he has failed and if he passes in that subject he is declared to have passed the examination.

Admission of Teachers, Inspectors in the Educational Department and Women Students to the Examinations of the University

A teacher in an approved educational institution or an Inspecting Officer in the Departments of Education in U.P. or Rajputana, or C.I., or Gwalior, is also eligible for admission to University examinations if he has served continuously as a teacher or an Inspector for 18 months [in the case of B.A., B.Sc., B.Com. or B.Sc. (Ag.) Examination] or one academic year [in the case of the M.A., or M.Sc. (Previous or Final) Examination] and if he fulfils certain other special conditions.

Women candidates residing within the territorial limits of the University are allowed to appear at the examination of the University without attending a regular course of study in an affiliated college.

Aligarh Muslim University

Introductory

The Aligarh Muslim University owes its origin to the Aligarh movement which was started and led by the late Sir Syed Ahmad Khan in the latter part of the last century. As a result of his efforts the late Muhammadan Anglo-Oriental College was opened at Aligarh in 1875, and it soon developed in reputation and numbers till in 1895 the number of students in the college and school rose to 565 and when, in March 1898, its great founder died, it had attained a prominent position in the whole country. Soon after, in 1899, attempts were made to collect funds for rising the College to the status of a University. The necessary funds were collected and after some delay the Aligarh Muslim University Act came into force in December 1920.

Character of the University

It is a residential and teaching University. The teaching in each subject is regulated by the department concerned. Provision is also made for tutorial instruction after the manner of the tutorial system prevalent in the Oxford University.

Allahabad University

Introductory : Character of the University

Founded in 1887, the University concerned itself mainly with examinations, having no teaching staff (except that of its School of Law) until 1914. Subsequently, it established Chairs and Readerships, etc., for research work in Economics and Modern Indian History for graduate students. In January 1922 was passed an Act (which came into operation in July 1922) for the re-organization of the University as a Unitary, Teaching and Residential institution with control over the quality and character of the teaching in Associated Colleges. The Muir Central College became the nucleus of a teaching University, the jurisdiction of which was limited to a territorial area of ten miles radius from the Convocation Hall of the University. Within this area there are two institutions which supplement instruction given in the University and these are the Ewing Christian College, the Kayastha Pathasala College. The Women's Department which undertakes full instruction for the degree course, has now been shifted from the Crosthwaite Girls' College to the University area. From the commencement of the session, July 1932, the Agricultural Institute, Naini (Allahabad), has been recognized as a College for teaching for the B.Sc. Degree in Agriculture. By Act VIII of 1926 a University was established at Agra and the control of the fourteen Associated Colleges was transferred to it. The new Act which came into force with effect from 1st July 1927 has set the Allahabad University free to function as a Unitary, Teaching and Residential University by relieving it of the responsibility of controlling the quality and character of the teaching given in its name by the Associated Colleges and placing such responsibility upon the new University. Tutorial instruction is regularly imparted in the University.

COURSES OF STUDY IN ARTS

Bachelor of Arts (B.A.) (Pass).—The course of study extends over two years and candidates are required to study and be

examined in Compulsory English and any three of the following branches:—

(a) English Literature, Arabic, Persian or Sanskrit, Hindi or Urdu, (b) Mathematics, (c) Philosophy, (d) Economics, (e) History, (f) Geography, and (g) Politics. The examination in Compulsory English consists of two general papers and a *viva voce* and that English Literature of three special papers. Three papers are set in each of the Classical Languages and in Mathematics, two papers each in Philosophy, Economics, Politics, History and Geography, and three papers each in Urdu and Hindi.

The minimum for a pass in all subjects is 33 per cent. of the aggregate.

Bachelor of Arts (B.A.) (Hons.).—The duration of the course of study is three years. Every candidate shall take the course for the Pass degree during his first year of study. At the end of the second year of his study he shall appear in the examination for B.A. (Pass) degree and also in a special examination in the subject which he has studied for the Honours degree. If he passes in both these examinations he may continue to read in the Honours Course during his third year. If at the end of the second year he passes the B.A. (Pass) examination he shall be entitled to the B.A. (Pass) degree. If he fails in either of the examinations taken at the end of his second year, he shall not be admitted to read further for the Honours Course but may be re-admitted to the Course for the B.A. (Pass) degree, if he has failed to pass the examination for it.

A candidate studying for the Honours examination may not study for any post-graduate class or any other degree.

The subjects of examination for the degree of Bachelor of Arts (Honours) shall be : (1) Languages, (2) Mental and Moral Science, (3) History, (4) Mathematics, (5) Economics, and (6) Politics.

In the first Honours Examination at the end of the second year there shall be (in addition to the papers prescribed for the B.A. Pass Course) two papers in each subject, each carrying maximum 100 marks. For the Final Examination at the end of the third year there shall be four papers and a *viva voce* in each subject except in Mathematics in which there shall be four papers and in Economics in which a Composition paper shall be substituted for the *viva voce*.

Maximum marks in each paper and *viva voce* shall be 100. In the First Examination the minimum pass marks shall be 36 per cent. of the aggregate of the two papers and 25 per cent. in each paper. In the Final Examination the minimum pass

marks shall be the same as in the First Examination, but successful candidates shall be assigned classes. In determining the class of a candidate, but not for determining his pass, the marks obtained in the First Examination shall be added to the marks obtained in the Second Examination.

Master of Arts (M.Sc.).—The course of study extends over two years. The examination consists of two parts—the M.A. (Previous) Examination held at the end of the first year and the M.A. (Final) Examination held at the end of the second year. A candidate may select one of the following subjects :— (1) Languages : English, Sanskrit, Arabic, Persian, Urdu or Hindi, (2) Mental and Moral Science, (3) History, (4) Mathematics, (5) Economics, and (6) Political Science.

At the M.A. (Previous) Examination there are four papers in English Literature, Sanskrit, Arabic, Persian, Hindi, Urdu, Politics, History, Mathematics, and Mental and Moral Science and five papers in Economics. There is also a *viva voce* examination in all the subjects except in Economics and Mathematics. For the Final Examination five papers are set in English Literature and Mathematics, and four papers in Arabic, Persian, Sanskrit, Hindi, Urdu, Economics, History, Politics ; and Mental and Moral Science. Of the four papers in Sanskrit, one is on composition and the other three on texts in one of the following groups : (a) Vedic Language and Literature, (b) Sanskrit Language and Literature, (c) Dharma Shastra, (d) Philosophy, (e) Epigraphy and History, (f) Pali and Prakrit. • There is a *viva voce* at the Final Examination in all the Subjects except Mathematics.

The minimum pass marks in all the subjects are 36 per cent.

SCIENCE FACULTY

Bachelor of Science (B.Sc.) (Pass).—The course of study extends over two academic years, and candidates must study and be examined in either of the two groups : (a) Physics, Chemistry and Mathematics, (b) Chemistry, Botany and Zoology. There are two papers and a practical examination in each subject except Mathematics in which three papers are set. A candidate may, at his option, take General English as an extra subject in which there are two papers and a *viva voce*, but the marks in General English do not count towards the aggregate.

The minimum for a pass in each Science subject and also in English is 33 per cent. and 33 per cent. in the aggregate. A candidate is required to pass in Theory and Practical separately.

Students for the Pass Course may be transferred to the Honours Course within three months of the first year of study

on the recommendation of the Head of the Department and from Honours Course to Pass Course within first six months of the first year of study.

Bachelor of Science (B.Sc.) (Hons.).—The duration of the course of study is three years. Every candidate must offer one of the following as his Honours subject: (1) Physics, (2) Chemistry, (3) Botany, (4) Zoology, and (5) Mathematics. He must also take two of the subjects, other than his Honours subject, as his subsidiary subjects. The examination in the subsidiary subjects is identical with that of the Pass degree.

The minimum pass marks in the Honours subjects are 36 per cent. Candidates who fail to attain the Honours standard can reappear only once for the examination in that subject. Candidates who have failed to obtain Honours may, if they attain the prescribed standard, be recommended for a Pass degree.

Bachelor of Science (Ag.).—The course of study extends over a period of two academic years. Candidates are required to study (1) Agriculture (including Agricultural Engineering and Veterinary Hygiene), (2) Agricultural Chemistry, (3) Agricultural Botany, and (4) Agricultural Zoology. The minimum for a pass is 33 per cent. in each subject and 33 per cent. in the aggregate. Candidates shall be required to pass separately in the written as well as in the practical examination of each subject.

Master of Science. (M.Sc.).—The course of study extends over two years after graduation and the examination consists of two parts—the Previous and the Final—held at the end of the first and the second year respectively. Candidates must offer one of the following subjects: (a) Mathematics, (b) Physics, (c) Chemistry, (d) Zoology, and (e) Botany. At the Previous Examination, there are three papers and a practical examination in Physics, Botany and Chemistry, four papers and a practical examination in Zoology, and four papers in Mathematics. In Mathematics the examination consists of the B.Sc. examination papers in the branch of Mathematics in which the (Honours) candidate is not proceeding for the M.Sc. degree. At the Final Examination, five papers are set in Mathematics, four papers in Zoology and two papers in Physics, Botany and Chemistry, with a Practical examination in each subject except Mathematics.

The minimum for a pass is 36 per cent. in each subject.

Bachelor of Commerce (B.Com.).—The course of study extends over two years and is open to students who have passed one of the following examinations: Commercial Diploma

of the University or of the Board of High School and Intermediate Education, U.P., the Intermediate Examination in Commerce of the same Board; Bachelor of Arts with Economics; Previous Master of Arts in Economics of the University, Master of Arts Examination of any University; the Intermediate Examination in Arts and Science of Andhra University with Banking and Accountancy and Commercial Geography; the Intermediate Examination with Economics; and the Final Examination for the full course certificate of the Govt. Candidates under (b) and (c) must satisfy the Faculty that the work already done by them is of sufficient merit to earn exemption from the D.PHIL. Degree.

Every candidate who intends to supplicate for the said degree shall communicate his intention to do so to the Registrar stating the subject chosen by him for the thesis and support his application by submitting a copy of the contribution published by him towards the advancement of the subject of his study. He shall submit a certificate from two Members of the Faculty that he is a fit and proper person to supplicate for the Degree of Doctor of Letters.

After the thesis is completed, the candidate shall supply five printed or typed copies of his thesis. The thesis shall comply with certain conditions.

If the majority of Examiners report that the thesis is satisfactory, the University shall arrange the *viva voce* examination.

If the *viva voce* examiners are also satisfied, the recommendations shall be placed before the Faculty for necessary action.

Doctor of Philosophy in Commerce (D.Phil. Com.).—The ordinances for D.PHIL. in Arts have been adopted.

Doctor of Letters in Economics (D.Litt. Econs.).—The conditions of admission are the same as those for the old Doctorate in Arts and the ordinances are under revision for bringing them on the same footing as those in Arts Faculty.

Doctor of Philosophy, Science (D.Phil.).—A candidate for the Degree of Doctor of Philosophy must be either (1) a Master of Arts or Science of this University or (2) a Master of Arts or Science of any other University recognized by this University.

Every candidate shall pursue as a student of the University a course of research of not less than 20 months' duration.

Note.—A teacher of this University shall be considered to be a student for the purpose of this Ordinance.

He shall pursue his research at Allahabad unless the Vice-Chancellor, on the recommendation of the supervisor, gives him leave of absence for ordinarily not more than one year on the ground that it is in the interest of his research that he should work elsewhere.

No candidate will be permitted to proceed to any research degree unless and until he has paid all dues as a student.

After the thesis is completed the candidate shall supply five printed or typed copies of his thesis which shall comply with certain conditions.

If the majority of examiners report that the thesis is satisfactory, the University shall arrange for the *viva voce* examination.

If the *viva voce* examiners are also satisfied, the recommendations of the thesis and *viva* examiners shall be placed by the Research Degree Committee before the Faculty for necessary action.

Doctor of Science (D.Sc.).—A candidate for the Degree of Doctor of Science must be either (i) (a) a Doctor of Philosophy of this University of at least two years' standing, or (b) a Master of Arts or a Master of Science of this University of at least seven years' standing, or (ii) (c) a Master of Arts or a Master of Science of at least seven years' standing of a University recognized by this University, or (d) a Doctor of Philosophy of another University recognized by the Allahabad University, who has resided at the University for at least one year. Candidates under (b) and (c) must satisfy the Faculty that the work already done by them is of sufficient merit to earn exemption from the D.PHIL. Degree.

No candidate will be permitted to proceed to any research degree unless and until he has paid all dues as a student.

Every candidate who intends to supplicate for the said degree shall communicate his intention to do so to the Registrar stating the subject chosen by him for the thesis and support his application by submitting a copy of the subject of his study. He shall submit a certificate from two Members of the Faculty that he is a fit and proper person to supplicate for the Degree of Doctor of Science.

After the thesis is completed, the candidate shall supply five printed or typed copies of his thesis. The thesis shall comply with certain conditions.

If the majority of examiners report that the thesis is satisfactory, the University shall arrange the *viva voce* examination.

If the *viva voce* examiners are also satisfied, the recommendations shall be placed before the Faculty for necessary action.

Doctor of Laws (LL.D.).—A Master of Laws of the University of Allahabad or any person who has passed the Examination for Honours in Law of that University on or before 1st of November 1906, is admitted to the LL.D. Degree if he has written an essay approved by the Faculty of Law or by a Sub-Committee thereof and has produced a certificate from two Members of the Faculty of Law or two Doctors of Laws to the effect that since obtaining the Degree of Master of Laws or since passing the examination for Honours in Law, he has practised his profession with repute for at least five years or has contributed either by scholastic work or by literary production, to the advancement of Law and that in habits and character he is a fit person to receive the Degree.

Conditions of Readmission to the University Examinations

A candidate who has failed once in a Degree Examination other than in (a) Law or (b) in the B.Sc. Examination in English is allowed to appear at a subsequent examination, only if he attends a regular course of study during the year of such examination. If he fails more than once, he is allowed to reappear within five years without putting in the required terms but under certain prescribed conditions. A candidate who has attended a regular course of study for the Previous or Final Examination for the Degree of Bachelor of Laws is allowed to appear at any subsequent examination without attending a further regular course of study provided that he

has attended a regular course of study within ten years immediately preceding the examination and provided also that he has attended lectures either in the University School of Law previous to 1923 or in the Law Department of the University. A candidate who has attended a regular course of study for the Final M.A. or Final M.Sc. (Mathematics) Examination is allowed to appear at any subsequent examination without attending a further regular course of study provided that his application is recommended by the Dean of the Faculty concerned and provided also that he takes the subsequent examination within five years of his having attended a regular course of study. Any candidate who has failed in one subject of the B.A., B.Sc., or B.COM. Examination, but has attained the prescribed standard, is allowed to appear at a subsequent examination in that subject alone. Ex-students are required to pay an annual fee of Rs. 5 per year to appear at subsequent examinations.

Teaching of French, German, Italian, Military Science, Indian Music, Painting and Bengali

The University provides for the teaching of French, German, Italian, Military Science and Indian Music and awards a Certificate of Proficiency and a Diploma in Indian Music after a course of two years. The classes are held out of University hours. They are open to students and members of the teaching staff but others may also be admitted with the previous permission of the Vice-Chancellor. Military Science can be offered by the members of the U.T.C. only.

Ordinances for a Diploma in Painting have been framed but classes have not yet been started. The fee for the teaching of French, German and Italian is Rs. 4 per month and that of Music Rs. 20 per session. The fee for a Certificate and Diploma is Rs 10. The question of recognizing Military Science as an optional subject for the B.A. and B.Sc. examinations is under consideration.

The Bengali Association of the University has undertaken to hold classes for the teaching of Bengali, and it is expected that classes will soon be started for the teaching of Marathi. A Certificate of Proficiency in Social Service and Village Uplift Work has been instituted and classes have been started, the annual fee being Rs. 6 and the examination fee Rs. 5. Classes for Laboratory Workshop Training and for Photography have also been started, the fee is Rs. 3 per month each.

Library**LIBRARIAN :**

Mr. S. Parthasārathi, M.A., A.L.A. (Lond.)

Subject to the control of the Syndicate and the Academic Council, the University Library is managed by the Library Committee consisting of all the Heads of the Departments of the University Colleges and two members elected by the Academic Council and with the Vice-Chancellor as President.

The Library has a collection of about 37,000 volumes including about 1,000 palm leaf manuscripts and 150 estampages of inscriptions. The average number of books purchased and the average expenditure on books and periodicals, every year are 1,500 and Rs. 15,000 respectively. About Rs. 5,000 is spent on periodicals alone. The number of periodicals including dailies subscribed for by the Library is about 250.

The classification scheme adopted in the Library is according to Dewey with certain modifications. In place of a printed catalogue a card catalogue is in use.

The facilities of the Library are open not only to teachers and students of the University Colleges, but also to Registered Graduates of the University and other persons approved by the Vice-Chancellor on certain conditions. Except to certain special collections there is open access to books on the shelves and the readers are at liberty to consult or examine any book they require without any restriction whatsoever.

Except on certain special holidays, the Library is generally open from 7-30 A.M. to 5 P.M. on all days including Sundays and Government holidays. During vacations for the University Colleges, it works from 10-30 A.M. to 4-30 P.M.

The following are among the principal donors of books to the University Library :—

	Volumes
Late D. Lakshminarayan, Kampte	5,000
Dr. S. R. U. Savur	700
Sir J. C. Coyajee	300
Vidwan G. Somanna	200
H. E. The French Consul for Madras	300

Budget

The University depends on Government grants to meet the routine expenditure. The Madras Government have sanctioned an annual contribution of Rupees one lakh and a half. In addition they made in 1930 an Endowment Grant of Rs. 27 lakhs, and a non-recurring grant of Rs. 7½ lakhs for buildings

and equipment of the University and in 1938 they donated to the University and reserved an extent of 34 acres 11 cents of land in the Forest Compound (Govt. property) for the use of the University for building purposes and to be placed at the disposal of the University as and when the University required it for building purposes.

The Maharajah Saheb of Jeypore has been contributing each year a lakh of rupees for the maintenance of the Science College and the College of Science and Technology was named after him as the "Jeypore Vikrama Deo College of Science and Technology".

Provident Fund

Members of the University Staff, excluding the Vice-Chancellor, drawing a salary of Rs. 20 and above per mensem are members of the University Provident Fund. The menials are eligible for gratuity at the time of their retirement.

POST-GRADUATE AND RESEARCH DEGREES

IX. *Master of Arts (M.A.) :*

1. A candidate who has qualified for the B.A. (HONS.) Degree of the University by passing the prescribed examination under the Regulations may, without further examination but upon payment of the prescribed fee, proceed to take the M.A. Degree of the University at any Convocation subsequent to his taking the B.A. (HONS.) Degree.

X. *Degree of Doctor of Philosophy (Ph.D.) :*

2. The degree of Doctor of Philosophy (PH.D.) is conferred on persons who have passed the B.A. (HONS.) Degree examination of the University or an examination of any other University recognized as equivalent to the above, and who have satisfied the conditions laid down in the following paragraphs.

3. All candidates for the degree of (PH.D.) are required to pursue in the University for at least three academic years—the period shall be four academic years in the case of a third class Honours Graduate—an approved full-time course of research under the direction of the Head of the Department concerned or of a member of the University Staff appointed by the Vice-Chancellor on his recommendation :

Provided that, after completion of the first year of the course, a candidate may be permitted to devote such periods as may be deemed advisable by the Vice-Chancellor to full-time research in other approved Universities or institutions, or at a place and under conditions approved by the University, while remaining under the direction of the University or of persons nominated by the University.

It shall be competent for the Vice-Chancellor to reduce the period by one year on the recommendation of the Director of Studies in the case of those who have some research work to their credit and who are teachers of the University or are members of the teaching staff in any of the colleges affiliated to the Andhra University or a recognized University for the preceding five years.

4. Before entering on the course of research candidates are required :—

(a) to submit to the Vice-Chancellor for his approval through the Head of the Department, the general line of research proposed to be undertaken by them ;

(b) to register as students of the University and to pay the prescribed tuition fees.

5. Each candidate shall submit through the Director of his studies and the Head of the Department concerned, not less than 3 terms in advance of the date of the examination, the subject of his research.

6. On completing the course of research candidates are required to present a thesis on the subject of their research and to satisfy the examiners that it contains original work worthy of publication.

7. Every candidate shall state in his application the special subject within the purview of the Regulations for the B.A. (Hons.) degree of the University upon a knowledge of which he rests his qualification for the Doctorate and shall, with the application, transmit three copies, printed or typewritten, of a thesis on some special portion of the subject so stated, embodying the result of research or showing evidence of his own work, whether based on the discovery of new facts observed by himself, or of new relation of facts observed by others, whether constituting an exhaustive study and criticism of the published work of others or otherwise forming a valuable contribution to the literature of the subject dealt with or tending generally to the advancement of knowledge. The applicant, in submitting a thesis, shall state generally in a preface and specifically in notes, the sources from which his information is derived, the extent to which he has availed himself of the work of others and the portions of his thesis which he claims as his original. He shall also be required to declare that the thesis submitted is not substantially the same as the one which has already been submitted to any other University.

A candidate who has passed the B.A. (Hons.) or an examination recognized as equivalent thereto in the third class shall be required to pass a written examination consisting of three papers of the Honours Degree Examination at the end of the first year of his research in such subjects as the Director of Studies may prescribe. No one who does not obtain at least 50% of the marks prescribed for these shall be permitted to continue for the Ph.D. course.

8. The candidate may also forward, with his application, three printed copies of any original contribution or contributions to the advancement of the special subject professed by him or of any cognate subject, which may have been published by him independently or conjointly and upon which he relies in support of his candidature.

9. The thesis and the original contributions shall be referred by the Syndicate to a Board of three examiners ordinarily drawn from outside India.

10. The Board shall report to the Syndicate the result of the examination of the thesis and if the Syndicate, upon the report, considers the candidate worthy of the Doctorate Degree, it shall declare that the candidate shall be awarded the degree and cause his name to be published with the subject of his thesis and the titles of his published contribution if any, to the advancement of knowledge.

11. If the Examiners do not approve of the thesis once submitted, the candidate may with the previous approval of the Syndicate, submit after an interval of not less than six months a revised thesis.

XI. Degree of Master of Science (M.Sc.) :

12. The Degree of Master of Science (M.Sc.) is conferred on persons who have passed the B.Sc. (HONS.) Degree examination of the University or an examination of any other University, recognized as equivalent to the above, and who have satisfied the conditions laid down in the following paragraphs :

13. All candidates for the degree of M.Sc. are required to pursue in the University for at least one academic year, the period being two academic years, in the case of first and second class B.Sc. Pass-Graduates, an approved full-time course of advanced study and research under the direction of the Head of the Department concerned or of a member of the University Staff appointed by the Vice-Chancellor on his recommendation.

14. Before entering on the course of research, candidates are required—

(a) to submit to the Vice-Chancellor for his approval, through the Head of the Department, the general line of research proposed to be undertaken by them, and

(b) to register as students of the University and to pay the prescribed tuition fee.

They shall submit to the University through the Director of their Studies and the Head of the Department the subject of their research not later than 1st October preceding the date of the Examination.

15. On completing the course of research, every candidate for the degree of Master of Science shall—

(a) submit three copies of a thesis, printed or type-written embodying the results of the research carried out by him together with the report of the person who supervised his work. He shall state, in a preface to the thesis, the sources from which he has derived information or guidance for his work, the extent to which he has availed himself of the work of others and the portions of the thesis which he claims as original. The thesis should give clear indication of the candidate's ability to

conduct research under direction and some knowledge of the technique involved ;

(b) submit record of the practical work done as a preliminary to the research work ;

(c) appear for a written examination of 3 hours' duration in the special branch to which the subject of research belongs ; and

(d) undergo a *viva voce* test at the discretion of the Examiners.

A candidate who has passed the B.Sc. Pass examination in the first and second class shall be required in addition, at the end of the first year of research, to appear for the following examination :—

(In the case of Physics candidates, two papers on Modern Physics and in the case of Chemistry candidates, one paper in the appropriate subject of the Honours examination.)

Practical examination (all those prescribed for Honours in the case of Physics and the general subjects in the case of Chemistry), and secure at least 50 % of the marks prescribed in the theory and written examinations respectively.

16. The Syndicate shall refer the thesis, practical record and the written paper to a Board of two examiners for report and valuation. The practical record and the written paper shall carry 100 marks each and no candidate shall be qualified to receive the M.Sc. degree unless he obtains at least 50 % of the total marks in the practical record and the written paper put together. On receipt of the marks in respect of the practical record and the written paper and the report on the thesis, the Syndicate shall decide whether the candidate may be awarded the degree.

17. (1) If the examiners do not approve of the thesis once submitted, and if the candidate secures at least 50 % of the prescribed marks in the practical record and written paper put together, the candidate may re-submit the thesis after revision, taking into account the criticisms of the examiners, after an interval of not less than six months from the date of the first submission.

(2) If the candidate fails to secure 50 % of the prescribed marks at the first appearance and if the thesis has been approved, he may appear for the examination a second time after an interval of not less than six months from the date of the first appearance and submit a fresh record.

- (3) If the candidate fails to secure 50% of the marks in practical and theory and if the thesis is rejected, he may appear for the whole examination a second time after an interval of not less than twelve months from the date of the first appearance.
- (4) If the candidate is disqualified at the second appearance, he shall not be permitted to present himself again for the examination.

The Board of Examiners who will also set the paper for the written examination, shall consist of one external and one internal examiner. The internal examiner shall ordinarily be the Director of Studies. The valuation of the practical record and the written paper shall be independent whereas the report on the thesis shall be a joint one. The Registrar shall, in consultation with the Principal of the University Colleges, indicate the scope of the examination to the Board of Examiners and the paper shall ordinarily be set so as to give a wide choice to the candidate.

XII. Degree of Master of Science in Applied Physics :

18. A candidate for the degree of Master of Science in Applied Physics shall be required :—

(a) to have passed the B.Sc. Pass or B.Sc. (HONS.) Degree Examination of this University with Physics as the main subject or an examination of any other University accepted by the Syndicate as equivalent thereto ;

(b) to have undergone subsequently a further course of study in the University College, extending over a period of one academic year consisting of three consecutive terms in the case of Honours Graduates and two academic years each consisting of three consecutive terms in the case of Pass Graduates ; and

(c) to have passed the prescribed examinations.

19. The course and scope of instructions shall be as defined in the syllabus prescribed.

20. The examination for the B.Sc. Pass Graduates at the end of first year shall consist of three papers in theory each of three hours' duration except in the case of Properties of Matter which shall be of two hours' duration. Besides, there shall be two papers in practical each of three hours' duration.

The theory papers shall be as follows and be common with the Physics Hons. Part II Main :—

		Hours	Marks
(1)	Properties of Matter ..	2	60
(2)	Light ..	3	100
(3)	Electricity and Magnetism	3	100

The practical examinations will be conducted along with those for the Physics Hons. Part II Main candidates and the practical examination carries 200 marks.

The candidates have to submit record of practical work done and the record shall carry 40 marks.

A candidate shall be declared to have passed the degree examination at the end of the first year if he obtains on the aggregate not less than 40% of the total marks and not less than 30% in each of the parts (a) written, and (b) practical including records.

21. The examinations at the end of the first year for Honours Graduates and at the end of the second year for Pass Graduates shall consist of three papers in theory, and three practicals each of three hours' duration one on each of the subjects, *viz.*, (1) Applied Mechanics, (2) Optical Instruments, and (3) Applied Electricity. In addition there shall be an examination in Drawing. The marks shall be allotted as below :

Written	.. Three papers each carrying 100 marks	.. 300
Practical	.. Three practicals each carrying 100 marks	.. 300
Drawing	.. Do.	.. 100
Practical records	.. Do.	.. 100

22. A candidate shall be declared to have passed the M.Sc. Degree examination if he obtains on the aggregate not less than 40% of the total marks and not less than 35% in each of the parts (a) written, and (b) practical including Drawing and records.

23. Candidates declared to have passed the M.Sc. Degree examination shall be ranked in the order of proficiency as determined by the total number of marks obtained by each and shall be arranged in two classes :—

Class I—Those obtaining 60% and above.

Class II—The rest.

XIII. Degree of Master of Science in Chemical Technology (M.Sc., Chem. Tech.):

24. A candidate for the Degree of Master of Science in Technology shall be required—

(a) to have passed the B.Sc. (Hons.) Examination in the University with Chemical Technology as the main subject :

(b) to have undergone subsequently the prescribed course of study in the University for a period of one academic year ; and

(c) to have passed the prescribed examination.

25. Each student for the Degree of Master of Science in Technology shall be required to undergo practical training for at least three months in an approved factory and under the direction of a competent person and shall submit through his Director at the factory report of the work done to the Head of the Department.

26. Select students who have taken the B.Sc. Pass Degree in Chemistry of this University or any other degree accepted by the Syndicate as equivalent thereto may be admitted for the M.Sc. Course in Chemical Technology. They shall undergo a prescribed course of training in Chemical Technology for two years before appearing for the examination and in addition undergo factory training in an approved works or factory for at least five months.

27. The examination shall be written, practical and oral.

28. The examination for the M.Sc. Degree in Chemical Technology shall be as below :—

	Marks
(1) Scientific German Translation (1½ hrs. paper) ..	50
(2) General Economics and Factory Management (2 hrs. paper)	50
(3) Special Subject in Chemical Technology—	
(a) 3 Written Examinations (3 hrs. each) ..	300
(b) 3 Practical Examinations (6½ hrs. each) ..	300
(4) Home Paper (work corresponding to the require- ment of the Home Paper of the I—Chem. E. Examinations)	100
(5) Oral	100
(6) Records	100

The examination shall be held in June.

29. A candidate shall be declared to have passed the examination if he obtains not less than 40% of the total marks and not less than 35% in each (a) written, (b) practical including oral and records examinations.

30. Candidates declared to have passed the examination shall be ranked in the order of proficiency as determined by the total marks obtained by each and shall be arranged in two classes :—

Class I—those obtaining 60% and above.

Class II—the rest.

XIV. Degree of Master of Science in Chemistry with the Special Subject Chemistry (including Microscopy) of Foods, Drugs and Water :

31. A candidate for the M.Sc. Degree in Chemistry with the special subject 'Chemistry (including Microscopy) of Foods,

Drugs and Water' [M.Sc. Chemistry (special subject Foods, Drugs, and Water)] shall be required—

(a) to have passed the B.Sc. (HONS.) or the B.Sc. Pass degree examination (with Chemistry as the main subject) of this University or any other examination accepted by the Syndicate as equivalent thereto ; and two other science subjects as subsidiary subjects ;

(b) to have undergone subsequently a further course of study in the University College, extending over a period of one academic year consisting of three consecutive terms, provided however that the period shall be two academic years in the case of Pass Graduates ; and

(c) to have passed the prescribed examination.

32. The course and scope of instruction shall be as defined in the syllabus prescribed.

33. The examination shall be written, practical and oral.

34. There shall be two papers in theory, each of three hours' duration, and three practicals of six and a half hours' duration each. Besides these, there shall be an oral examination. The marks shall be allotted as below :

Written examination : 2 papers each carrying 100 marks—
200.

Practical examination : 3 papers each carrying 100 marks—
300.

Oral and records—100.

35. A candidate shall be declared to have passed the examination if he obtains not less than 40% of the total marks and not less than 35% in each (a) written, (b) practical (including oral and records) examinations.

36. Candidates declared to have passed the examination shall be classed as below :—

Class I—Those obtaining 60% and above.

Class II—The rest.

When the names of successful candidates are published in the *Gazettee* they shall be arranged in the order of merit according to the total number of marks obtained.

XV. Degree of Doctor of Science (D.Sc.) :

37. The degree of Doctor of Science (D.Sc.) is conferred on persons who have passed the Master of Science Degree examination or the M.B.B.S. Degree examination of the University or an examination of any other University, recognized as equivalent to the above and who have satisfied the conditions laid down in the following paragraphs :

38. All candidates for the degree of D.Sc. are required to pursue in the University for at least three academic years an approved full-time course of research under the direction of the Head of the Department concerned or of a member of the University Staff appointed by the Vice-Chancellor on his recommendation :

Provided that, after completion of the first year of the course a candidate may be permitted to devote such periods as may be deemed advisable by the Vice-Chancellor to full-time research in other approved Universities or institutions, or at a place and under conditions approved by the University, while remaining under the direction of the University or of persons nominated by the University.

39. Before entering on the course of research, candidates are required—

(a) to submit to the Vice-Chancellor for his approval, through the Head of the Department, the general line of research proposed to be undertaken by them ;

(b) to register as students of the University and to pay the prescribed tuition fees.

40. Each candidate shall submit, through the Director of his studies and the Head of the Department concerned, not less than three terms in advance of the date of the examination the subject of his research.

41. On completing the course of research, candidates are required to present a thesis on the subject of their research and to satisfy the examiners that it contains original work worthy of publication.

42. Every candidate shall state in his application the special object within the purview of the Regulations for the Master of Science Degree or the M.B.B.S. Degree of the University upon a knowledge of which he rests his qualification for the Doctorate, and shall, with the application, transmit three copies printed or typewritten, of a thesis on some special portion of the subject so stated embodying the result of research or showing evidence of his own work, whether based on the discovery of new facts observed by himself, or of new relation of facts observed by others, whether constituting an exhaustive study and criticism of the published work of others or otherwise forming a valuable contribution to the literature of the subject dealt with, or tending generally to the advancement of knowledge. The applicant, in submitting a thesis, shall state generally in a preface and specifically in notes, the sources from which his information is derived, the extent to which he has availed himself of the work of others and the portions of his thesis which he claims as his original. He shall also be required

to declare that thesis submitted is not substantially the same as one which has already been submitted to any other University.

43. The candidate may also forward, with his application, three printed copies of any original contribution or contributions to the advancement of the special subject professed by him or of any cognate subject, which may have been published by him independently or conjointly and upon which he relies in support of his candidature.

44. The thesis mentioned and the original contributions, if any, shall be referred by the Syndicate to a Board of three examiners ordinarily drawn from outside India.

45. The Board shall report to the Syndicate the result of the examination of the thesis and if the Syndicate, upon the report, considers the candidate worthy of the Doctorate Degree, it shall declare that the candidate shall be awarded the degree and cause his name to be published with the subject of his thesis and the titles of his published contributions, if any, to the advancement of knowledge.

46. If the Examiners do not approve of the thesis once submitted the candidate may with the previous approval of the Syndicate submit after an interval of not less than six months a revised thesis.

47. Particulars regarding dates for submitting applications, etc., in respect of M.Sc. Degree examination by research will be found in Chapter LIII of the *University Code*, Vol. II. Each candidate shall submit through the Director of Research and the Head of the Department, to the Principal, University Colleges, three copies of his thesis and one copy of the practical record certified as *bonafide* by the Director of Research between the 16th and 30th of June or between the 15th and 30th of December.

Candidates for the Ph.D. and D.Sc. Degrees shall submit their theses, after the prescribed period of research, to the Registrar so as to reach him between the 16th and 30th June or between 1st and 15th December each year.

A candidate for a research degree whose thesis is rejected on the first occasion may be permitted by the Syndicate to submit the same a second time after revision taking into account the criticisms made by the Examiners appointed in the first instance along with the prescribed fee, but he shall not be eligible to resubmit it on a subsequent occasion should it be rejected a second time.

TRANSITORY REGULATIONS

48. Notwithstanding anything contained above, candidates registered prior to 1st December 1937 for submitting

thesis in respect of M.A. (HONS.), M.Sc. (HONS.) and M.A. and M.Sc. Degrees examinations in accordance with the Old Regulations shall be permitted to continue their work, submit their theses and undergo the examination prescribed not later than the end of 1939.

49. Notwithstanding anything contained above, candidates registered prior to 1st December 1937 for submitting theses for the Ph.D. Degree Examination in accordance with the old Regulations shall be permitted to continue their work, submit their theses and undergo the prescribed examination not later than the end of 1942.

50. Candidates registered by the Syndicate prior to 1st December 1937 for submitting theses for the M.A. (HONS.) Degree examination may be permitted to appear for the Ph.D. Degree examination under the new Regulations subject to the following conditions :

That they shall satisfy all the conditions prescribed in Sections 2-11 above, provided, however, that the Syndicate may permit the period spent in research under a recognized Director since July 1937 to be counted in reckoning the period of research prescribed in Section 3 above.

Candidates desirous of availing themselves of this exemption shall apply through the Director of Studies to the Registrar so as to reach him not later than 1st July 1938.

51. Candidates registered by the Syndicate prior to 1st December 1937 as persons doing research with a view to appearing for the Ph.D. Degree examination (in the Faculties of Science and Medicine) under the Old Regulations may be permitted to appear for the D.Sc. Degree examination subject to the condition that they shall satisfy all the conditions prescribed in Sections 31-40, provided, however, that the Syndicate may permit the period already spent under approved directed research in the Jeypore Vikrama Deo College of Science and Technology or the Medical College, Vizagapatam, to be counted in reckoning the period of research prescribed in Section 32.

Candidates desirous of availing themselves of this exemption shall apply through the Director of Studies to the Registrar so as to reach him not later than 1st July 1938.

PART II—

- (2) Medicine—1 written, 1 clinical, 1 oral.
 (3) Surgery—1 written, 1 clinical, 1 oral, 1 operative.
 (4) Obstetrics and Gynæcology—1 written, 1 clinical,
 1 oral, 1 practical.

Under the Revised Regulations (to come into effect from July 1939)—

(a) Duration : Five and a half years.

(b) Courses and papers—

(1) Pre-Registration Examination.—

The same to continue as under the Old Regulations.

(2) First M.B.B.S. Examination.—

- (1) Organic Chemistry—1 written, 1 practical, 1 oral.
 (2) Anatomy—1 written, 1 dissection, 1 oral.
 (3) Physiology—1 written, 1 practical, 1 oral.

(3) Second M.B.B.S. Examination.—

- (1) Pharmacology—1 written, 1 practical, 1 oral.
 (2) Hygiene—1 written, 1 practical, 1 oral.
 (3) Forensic Medicine—1 written, 1 oral.

(4) Final M.B.B.S. Examination.—

- (1) Medicine—2 written, 1 practical, 1 oral, 2 clinical.
 (2) Surgery—2 written, 1 operative, 1 oral, 2 clinical.
 (3) Obstetrics and Gynæcology—1 written, 1 practical,
 1 oral, 1 clinical.
 (4) Ophthalmology—1 written, 1 practical, 1 oral,
 1 clinical.
 (5) Pathology, etc.—1 written, 1 practical, 1 oral.

(5) Degree of Doctor of Medicine.—

1. (a) No candidate shall be admitted to the examination for the Degree of Doctor of Medicine unless he produces a certificate showing that :—

- (1) having passed the M.B. & B.S. Degree examination of this University, he has been engaged for three

years continuously in the practice of the medical profession ; or

- (2) after qualifying for the M.B. & B.S. Degree, he has passed two years in hospital practice ; or
- (3) having passed the M.B. & B.S. Degree examination in the first class, he has passed one year in hospital practice.

(b) Each candidate must also produce a testimonial, signed by at least two Doctors of Medicine, two members of any of the Royal College of Physicians, or two Masters of Surgery, or two Fellows of any of the Royal College of Surgeons, or two members of the Senate of the Andhra University, certifying that he is in habits and character a fit and proper person to receive the degree of Doctor of Medicine.

2. Candidates shall be examined in one of the following branches :—

Branch I.—Medicine including Tropical Medicine—

- (a) Medicine—one paper ; Tropical Medicine—one paper.
- (b) Pathology and Bacteriology—one paper.
- (c) An essay in one or two subjects in Medicine.
- (d) A clinical and oral examination, including an examination in Pathological Specimens.

Branch II.—Pathology including Bacteriology—

- (a) Pathology—two papers.
- (b) Medicine including Tropical Diseases—one paper.
- (c) An essay in one or two subjects in Pathology.
- (d) A practical and oral examination including the examination of Pathological specimens.

3. A candidate who has passed the examination in one branch may appear, on a subsequent occasion, in another branch, but no candidate may appear for the examination in two branches in the same year.

4. Candidates shall be approved by the examiners and shall be declared to have passed if they have shown a competent knowledge in all the subjects of the examination. All other candidates shall be deemed to have failed in the examination.

(6) *Degree of Master of Surgery.—*

5. (a) No candidate shall be admitted to the examination for the degree of Master of Surgery unless he produces a certificate showing that—

- (1) having passed the M.B. & B.S. Degree examination of this University, he has been engaged for three years continuously in the practice of medical profession ; *or*
- (2) after qualifying for the M.B. & B.S. Degree examination he has passed two years in hospital practice ; *or*
- (3) having passed the M.B. & B.S. Degree examination in the first class, he has passed one year in hospital practice ;

(b) Each candidate must also produce a testimonial signed by at least two Doctors of Medicine, or two members of any of the Royal College of Physicians, or two Masters of Surgery, or two Fellows of any of the Royal College of Surgeons, or two members of the Senate of the Andhra University, certifying that he is in habits and character a fit and proper person to receive the degree of Master of Surgery.

6. Candidates shall be examined in—

- (1) Surgery—one paper.
- (2) Surgical Anatomy and Pathology—one paper.
- (3) One of the following special subjects—one paper—
 - (i) Ophthalmology.
 - (ii) Venereal and Genito-Urinary Surgery.
 - (iii) Aural and Laryngeal Surgery.
- (5) Operative Surgery and the use of instruments.
- (6) A clinical and oral examination including the examination of Pathological Specimens.

7. Candidates shall be approved by the examiners and shall be declared to have passed, if they have shown a competent knowledge in all the subjects of the examination. All other candidates shall be deemed to have failed in the examination.

Note.—The graduates of other Universities, who hold degrees considered by the Andhra University as equivalent to the M.B. & B.S. of the Andhra University, may be permitted by the Syndicate to appear for the M.D. or M.S. Degree of the Andhra University, if they satisfy the other Regulations.

Annamalai University

Annamalainagar

Introductory

The Annamalai University of Annamalainagar, Chidambaram, constituted under an Act of the Madras Legislature, owes its existence to the generous offer by Dr. Rajah Sir Annamalai Chettiar of Chettinad, of the collegiate institutions founded and managed by him at Chidambaram and a sum of Rs. 20 lakhs towards the endowment funds of the University. The Government of Madras enthusiastically responded to the offer by a contribution of Rs. 27 lakhs. The University is unitary, teaching and residential in character, the first of its kind in South India. In addition to the Faculties of Arts and Science, it has provision for a third faculty of Oriental Learning with a view to giving special importance to the study of Tamil, Sanskrit and Indian History, Indian Music and other subjects, in which special facilities for advanced study and research exist in this part of the country. Besides direct teaching and research, the system of tutorial instruction is an additional special feature of this University. The Teaching Staff is so organized as to make it possible for special and individual attention being given to the students.

Constitution of the University

The principal authorities of the University are the Senate, the Syndicate, the Academic Council, the Faculties, the Boards of Studies and the Board of Selection.

The Vice-Chancellor is the principal executive officer of the University.

All appointments on the teaching staff are made by the Board of Selection, composed, in part, of representatives of the Syndicate and the Senate.

Scholarships, Medals and Prizes

A reasonable number of scholarships are awarded on the basis of merit and poverty. Tuition is free to the students of the Oriental Faculty and stipends are given to them to meet boarding charges. There are a large number of endowed prizes, scholarships and medals awarded by the University for proficiency in the Examinations. The Prize Endowment Fund amounts to Rs. 20,000 and the proceeds of the Fund are utilised towards the award of prizes and medals in accordance with the conditions of award relating to the several endowments.

Library

The University has a Library, the affairs of which are managed by a Committee constituted by the Syndicate. The Library is housed in a separate building constructed and equipped at a cost of about Rs. 5,00,000.

The total number of books in the General and Sectional Libraries is over 50,000 (including back numbers of periodicals and manuscripts). The nucleus of the Library was the Library of the Sri Minakshi College which included a gift of about a thousand volumes from M. R. Ry. V. Venugopala Chetty Avl., I.C.S. The Library receives regularly 248 scientific and learned periodicals.

Each Department of study has its own seminar library for the use of Honours and Research students.

The Library is open from 7 A.M. to 7 P.M. on all days including Sundays and recognised holidays. The Library is thrown open to the Public.

Provision for Research

There is provision for the award of Studentships and Fellowships to distinguished graduates for research work in different subjects, tenable at the University or abroad, the value of which ranges from Rs. 40 to Rs. 150 per mensem. Research Studentships have been awarded in Philosophy, History, Economics, Mathematics, Physics, Botany, Zoology, Chemistry, Samskrit and Tamil. Grants-in-Aid of research work are also awarded under certain conditions.

With a view to providing for the advancement of learning in Tamil a research department in Tamil with a Lecturer and two Pandits is working under the guidance of the Head of the Department of Tamil. A fellowship in Samskrit was awarded to a member of the Samskrit staff who had just completed his research under the guidance of the Head of the Samskrit Department.

Publications and Research

The University generally undertakes the publication of the results of research work, lectures delivered and other theses and monographs.

The University publishes, in three issues a year, a research Journal which embodies the research work of members of the Teaching Staff and research students. The following are the University publications :—

1. *Factory Labour in India*, by Dr. Ahmed Mukhtar, M.A., Ph.D.
2. *Bhoja Raja*, by Prof. P. T. Srinivasa Ayyangar, M.A., L.T.
3. *Swaramelakalanidhi*, by Mr. M. S. Ramaswami Ayyar, B.A., B.L., L.T.

9. *Acoustics*, by Mr. R. K. Viswanathan, M.A.
10. *Sabapati Vilasa Nataka*, by Mm. S. Dandapani-swami Dikshitar.

11. *Trimsacloki*, by Mr. K. Rama Pisharoti.
12. *Distributive Co-operation*, by Sri V. G. Ramakrishna Ayyar.
13. *Prohibition in the Salem District*, by Sri C. Jagannathachari.
14. *Madras Debt Relief Act*, by Dr. B. V. Narayanasvami Naidu.
15. *Nyayakulisa*, by Prof. R. Ramanujachariar and Sri K. Srinivasachariar.
16. *Tamil Book on Chemistry*, by Sri N. Anantavaidyanathan, M.A.

With a view to the ultimate adoption of Tamil as the medium of instruction in the University the Syndicate instituted prizes for text-books in Tamil on various subjects. So far books in Tamil on Logic and Chemistry have been published. Manuscripts in Tamil on Physics and on Music selected for the award of a prize of Rs. 1,000 and Rs. 750 respectively will be published shortly. The Heads of Departments of Studies in History, Economics, Mathematics, Botany and Zoology have been requested to arrange for getting ready manuscripts of text-books in the several optional subject suitable for use in the Intermediate classes. These will be published by the end of the year 1940.

University Union

There is a University Union of which all students of the University are members. The constitution of the Union is based largely on that of the Union at Oxford. The Union elects its Chairman and Secretary and its affairs are controlled by a Committee consisting of staff and student members. There are, besides the Union, a number of Societies in connection with the various subjects of study, and papers are read and lectures delivered before those Societies at intervals. The University has also a Dramatic Club and a Students Co-operative Society. A Union Hall has been built at a cost of Rs. 15,000.

Residence, Health and Discipline

Physical Training is compulsory for all students of the University. The University has extensive play-fields; a spacious Sports Pavilion has been constructed. A scheme for Boating will be put through shortly.

Every student of the University is required as a condition of admission to the University to reside (either in the Hostels maintained or recognized by it or in approved lodgings) for not less than 80 per cent. of the number of days in a term in each academic year.

There are seven sections in the Hostel under the general supervision of the Warden. The cost of boarding and lodging is about Rs. 15 per mensem. A cheap mess is also run the average cost of which is Rs. 10 per mensem. There is accommodation at present for 500 students in the residential blocks. Four additional blocks with single rooms to accommodate a hundred and seventy-five students have been completed. There is a separate hostel for women students.

A dispensary with an isolation ward is maintained for the benefit of the students and the staff. There is a permanent Medical Officer on the Staff of the University. Medical Inspection is compulsory for all students and is conducted by the Medical Officer in co-operation with the Director of Physical Education. Quarters for the compounder and the ward-boy have also been provided.

Admission to the University, Courses of Study and Examinations

The University offers in the Faculty of Arts the degrees of B.A. (Pass and Honours), M.A. and M.Litt.; in Science, the degrees of B.Sc. (Pass and Honours), M.A., M.Sc., and in the Oriental Studies, the degree of M.O.L. besides the Vidwan, Siromani and Sangita Bhushana Titles. There is also a course leading to the award of a Certificate of Training for Pandits in teaching Tamil and Samskrit.

Admission to Courses of Study

To be eligible for Matriculation in the University, candidates should have passed the Matriculation Examination of an Indian University or the S.S.L.C. Examination of a recognised Board under the conditions prescribed in this behalf.

Courses of Study, Degrees and Examinations

I. *The Intermediate Examination.*—The course of study consists of three parts and extends over a period of two years.

Part I :—English.

Part II :—A Second Language.—The course will comprise the study of text-books, grammar and translation and, in the case of vernaculars, original composition. The main object of the study of the Indian Languages is to train the student to use the languages as vehicles of modern thought.

1. Classical : Samskrit ;
2. Indian : Tamil, Malayalam, Telugu, Hindi and Canarese.

Part III :—Three subjects to be selected out of the following Groups A and B at the option of the candidate :

GROUP A

Mathematics
Physics
Chemistry
Natural Science
Geography

GROUP B

Logic
Indian History
Ancient History
History of Great Britain and Ireland
Elements of Economics
A third language (Sanskrit, Telugu, Tamil or Malayalam)

There are three papers in English, two in the Second Language, and two papers in each of the three subjects selected under Part III.

Candidates obtaining 35 per cent. of the aggregate marks in Part I and Part II and in each of the three subjects under Part III shall be declared to have passed the Examination. Those obtaining 50 per cent. or over of the total marks in all the three parts put together will be placed in the first class and the others in the second class. Those obtaining not less than 60 per cent. of the marks in any subject shall be declared to have gained distinction in that subject.

Candidates wishing to proceed to a degree course in Arts or Science, shall be required to choose at least two of the optional subjects either from Group A or Group B.

DEGREE OF BACHELOR OF ARTS AND BACHELOR OF SCIENCE

The B.A. degree and B.Sc. degree courses shall extend over a period of two years leading to an examination comprising the following parts :—

Part I : English.—The course shall comprise Modern English Prose text-books prescribed for both detailed and non-detailed study, the scope being indicated by the provision of four hours' teaching per week for two years. The examination shall consist of two papers and shall be taken along with those in other parts at the end of the second year.

Part II : A Second Language (Sanskrit, Tamil, Telugu, Malayalam, Canarese).—Part II shall consist of two papers in a second language, the first on prescribed text-books comprising more of Modern Prose and less of Modern Poetry in that language and the other on Composition and Translation, the scope being indicated by four hours' teaching per week and the examination being taken along with those in other parts at the end of the course of two years.

Parts III and IV : Optional Subjects.—Any two of the following subjects one under each of the two parts.

<i>Leading to the B.Sc. degree</i>	<i>Leading to the B.A. degree</i>
(i) Mathematics (4 papers)	(i) Philosophy (4 papers)
(ii) Physics (3 papers and a practical test)	(ii) History and Politics (4 papers)
(iii) Chemistry (3 papers and two practical tests)	(iii) Economics (4 papers)
(iv) Botany (2 papers and two practical tests)	(iv) English (4 papers)
(v) Zoology (2 papers and two practical tests)	(v) A language (4 papers)

The main features of the scheme are :—

- (i) The inclusion of English as an optional subject ;
- (ii) The introduction of a course in composition and translation in the mother-tongue under Part II ;
- (iii) The division of Arts and Science subjects under the optionals, the former group leading to the award of the B.A. Degree and the latter to the award of the B.Sc. Degree.

The minimum for a pass is 35 per cent. in Part I (English), 35 per cent. in Part II (Second Language) and 35 per cent. in each of the selected subjects under Parts III and IV with 30 per cent. special minimum in each division of the examination in the several subjects under Parts III and IV. Successful candidates obtaining not less than 60 per cent. of the marks in any Part shall be placed in the first class in that Part and those obtaining less than 60 per cent. and not less than 50 per cent. in the second class and others in the third class.

DEGREE OF BACHELOR OF ARTS (HONS.) AND BACHELOR OF SCIENCE (HONS.)

For the B.A. (Honours) and B.Sc. (Honours) degrees the course shall extend over a period of three years each consisting of three terms and shall comprise instruction in :—

1. English during the first year (Preliminary Examination).
2. One of the following branches of knowledge during the three years :

<i>Leading to B.Sc. (Honours)</i>	<i>Leading to B.A. (Honours)</i>
(i) Mathematics (8 papers)	(i) Philosophy (8 papers)
(ii) Physics (6 papers and four practical tests)	(ii) History (8 papers).

Leading to B.Sc. (Honours)

(iii) Chemistry (5 papers and three practical tests.)

Leading to B.A. (Honours)

(iii) Economics (8 papers)

(iv) (a) English Language and Literature (9 papers)

(b) English with either Samskrit or Tamil (10 papers)

(v) Samskrit Language and Literature (10 papers)

(vi) Tamil Language and Literature (9 papers)

The minimum for a pass is 40 per cent. of the total marks and 30 per cent. in each of the three divisions of the Examination in each subject. Candidates obtaining 60 per cent. or more of the aggregate marks are placed in the first class, and those getting not less than 50 per cent. in the second class and those getting less than 50 per cent. and not less than 40 per cent. in the third class.

The Honours Examination in each subject (other than science subjects) has a *viva voce* Examination the purpose of which is to assist the examiners in placing the candidates.

M.A. DEGREE

On payment of Rs. 25, the M.A. Degree is conferred on B.A. (Honours) and B.Sc. (Honours) graduates, after the lapse of five years from the date of their passing the Intermediate examination.

M.LITT. AND M.SC. DEGREES

These are purely research degrees, awardable on the basis, of a thesis to Bachelors of Arts or Science (Pass or Honours) after the completion of an approved course of special study and research under the guidance and supervision of a teacher of the University for a period of one or two years in the case of Honours or pass graduates respectively.

A Ph.D. Degree has been instituted on conditions similar to the M.Litt. and M.Sc. degrees. It is open to M.Litt. and M.Sc. and Honours graduates. The thesis is to be submitted after an approved course of study and research for a period of two or three years respectively at the University under the guidance of a teacher of the University.

The institution of a D.Sc. Degree is under consideration.

The Siromani Title in (i) Vedanta, (ii) Mimamsa, (iii) Vyakarana, (iv) Sahitya, and (v) Nyaya, and Vidwan Title with Tamil (Main) and Samskrit (Subsidiary) and Tamil alone, are awarded after the successful completion of a four years' course leading to a Preliminary Examination at the end of the second year and a Final Examination at the end of the fourth year.

Certificate of Proficiency in Oriental Learning.—The examination is to be taken two years after passing the Preliminary Examination for titles.

The *M.O.L.* is a research degree. The thesis should be submitted after a two years' course from the date of passing the Certificate of Proficiency Examination.

Sangita Bhushana Title.—It is a course of four years leading to a Preliminary Examination at the end of the second year and a Final Examination at the end of the fourth year.

Pandit's Training Certificate.—The course extends over a period of one year leading to an examination for the award of a certificate of training in methods of teaching Tamil or Samskrit.

Benares Hindu University

Introductory : Character of the University

The objects of the Benares Hindu University, which is a teaching and residential University, are :—

- (i) to promote the study of the Hindu Shastras and of Sanskrit literature generally as a means of preserving and popularizing for the benefit of the Hindus in particular and of the world at large in general, the best thought and culture of the Hindus, and all that was good and great in the ancient civilization of India ;
- (ii) to promote learning and research generally in arts and science in all branches ;
- (iii) to advance and diffuse such scientific, technical and professional knowledge, combined with the necessary practical training, as is best calculated to help in promoting indigenous industries and in developing the material resources of the country; and
- (iv) to promote the building up of character in youth by making religion and ethics an integral part of education.

The University is an All-India institution and is open to persons of all castes and creeds, and so are its free studentships, stipends, general scholarships of merit and fellowships. It is denominational only to the extent of making special provision for imparting instruction in Hindu Theology and Religion and in making instruction in Hindu Religion compulsory in the case of Hindu students. The University was incorporated in 1915 and as there was already a fully equipped College in existence, the Central Hindu College, Benares, the work of the University began in 1916. The University has since been removed to a magnificent site of 1,300 acres in which have been laid out the various buildings. .

The University consists of twelve constituent Colleges : The College of Arts, College of Science, College of Technology, College of Theology, College of Oriental Learning, The Ayurvedic College, The Engineering College, The Department of

Mining and Metallurgy, The Women's College, The Teacher's Training College, The Law College, and the Institute of Agricultural Research. Besides these Colleges, the University has a School Board which looks after the management of its three Schools: (1) Central Hindu School (for boys), (2) Central Hindu School for Girls, and (3) Ranvir Sanskrit Pathshala, which prepare students for the Admission and Praveshika examinations of the University.

Constitution of the University

In addition to the Officers, the authorities of the University are: (1) The Court which is the supreme governing body; (2) The Council which is the Executive body of the Court; (3) The Senate which is the Academic body of the University; and (4) The Syndicate which is the Executive body of the Senate. The Faculties of the University are: Oriental Learning, Theology, Arts, Science (pure and applied), Technology, Law, and Medicine and Surgery (Ayurveda).

Residence and Cost of Living

The University Regulations require every student of the University to reside in a University Hostel or, if he is a student of a constituent college, in a College Hostel unless allowed by the Pro-Vice-Chancellor to reside with his parents or guardians under prescribed conditions. The majority of the students live in the hostels which are under the supervision of the Students' Residence Committee which deals with all questions relating to residence and social life in the hostels. There are at present seven Hostels on the University grounds accommodating nearly two thousand students. All the hostels are under the care and management of wardens and chief wardens. Special care is taken of the health of boarders and competent Medical Officers have been appointed for the purpose.

The cost of living including tuition fees varies from Rs. 35 to Rs. 50 according as students join Arts, Science or Engineering. Students of the Colleges of Oriental Learning and Theology and of the Ayurvedic College are charged no fees for lodging and light and for servants.

Budget

The estimated income for the year 1937-38 is Rs. 16,00,000 and the estimated expenditure for the year is the same.

Provident Fund

Every employee of the University receiving a salary of Rs. 15 or more per mensem is required to subscribe to the Provident Fund at the rate of $6\frac{1}{4}$ per cent. and the University contributes at the rate of $3\frac{1}{8}$ per cent.

Women's Education

There is a separate college for women which offers instruction up to the B.A. standard in English, Sanskrit, Hindi, History, Logic, Philosophy, Economics, Civics, Domestic Science and Music.

The students have to reside in the Khatau Makanji Hostel which contains one hundred seats.

Students' Information Bureau and its Activities

None exists at present.

Provision for Safeguarding Health, Medical Inspection, Discipline, etc.

There are Medical Officers in the University who reside in quarters assigned to them. They are not only required to attend to the medical needs of the residents in the University area but are also required to undertake the medical examination of the boarders of the University once a year.

The University maintains extensive grounds covering 300 acres of land furnishing ample facilities for football, hockey, cricket, tennis and other games. The gymnasiums are equipped with all necessary apparatus and a big stadium offers facilities for general Tract Athletics and other sports.

Admission to the University, Courses of Study, Degrees and Examinations

The University is, subject to Regulations, open to persons of all classes, creeds and castes, but provision is made for religious instruction (which is compulsory for Hindu students) and examination in the Hindu Religion only. Women are eligible for admission to University examinations and degrees.

The University offers in Arts, the Degrees of B.A. (Pass and Honours), M.A., and D.LITT., and in Science, the Degrees of B.Sc., M.Sc., and D.Sc. The Professional Examinations are B.Sc. (Engineering), B.Sc. (Mining), B.Sc. (Metallurgy), B.Sc. (Industrial Chemistry), B.Sc. (Glass Tech.), M.Sc. (Glass Tech.), B.PHARM., M.Sc. (Agricultural Botany) and Examinations for Diplomas in Mechanical and Electrical Engineering,

Soap Manufacture, Metal Enamelling, Pottery and Porcelain, LL.B., LL.M., LL.D. and B.T. In the Faculty of Oriental Learning, the Shastri and Shastracharya Degrees are conferred by the University while in the Faculty of Theology, the degrees conferred are Smriti Ratna, Smriti Sagar, Dharmashastra and Dharmacharya.

Candidates who have passed the Admission Examination or an equivalent Examination are admitted to the Intermediate course of study in Arts and Science. Those who have passed the Praveshika or an equivalent examination are admitted to the Intermediate (Madhyama) courses in the Faculties of Oriental Learning and Theology. The Admission Examination in the case of candidates for admission to the courses of study in Arts and Science consists of papers on (1) English, (2) Mathematics, (3) 'History with Elementary Civics' or 'Geography', and any two of the following subjects:—Sanskrit, another Classical Language, a Modern Indian Language, a Modern European Language, Elementary Physics and Chemistry, Botany, Drawing, Manual Training, Agriculture, Surveying, and Commerce. Women candidates can offer (1) English, (2) 'History with Elementary Civics' or 'Geography', (3) A Modern Indian Language, and any two of the following subjects:—Sanskrit, Mathematics, any other Classical Language, a Modern European Language, Elementary Physics and Chemistry, Botany, Drawing, Music, Manual Training, Agriculture, Surveying, Commerce and Domestic Science.

In the case of candidates for admission to the courses and degrees in the Faculties of Oriental Learning and Theology, the examination consists of (1) Sanskrit, (2) Modern Indian Language, (3) a further course in Sanskrit Grammar and Literature, (4) Mathematics, (5) 'History with Elementary Civics' or 'Geography', (6) Elementary Logic and, if chosen, one of the following:—English, Drawing, Manual Training, Agriculture or Surveying.

Intermediate Examination in Arts and Science.—The course of study extends over two academic years and a candidate for the examination is required to offer for his examination (1) English (4 papers), (2) Composition in a Modern Indian Language (1 paper), and three subjects confined to one of the following groups:—Group A. Sanskrit (3 papers), and any two of the following subjects:—another Classical Language (3 papers), a Modern European Language (3 papers), Mathematics (3 papers), History (2 papers), Logic (2 papers), Psychology (2 papers), Drawing, Manual Training, Elementary Economics (2 papers), a Modern Indian Language and Literature (2 papers), Civics (2 papers), Music, Painting and Domestic Science (the last three subjects for women candidates only)

or Group B. Either Physics (2 papers), Chemistry (2 papers), and Mathematics (3 papers) or Physics (2 papers), Chemistry (2 papers) and Biology (2 papers). There is in addition a practical examination in Physics, Chemistry, Biology and women candidates can take Domestic Science in place of Physics or Chemistry.

B.A. (Pass).—A candidate for this examination must study for a period of two years in the University after passing the Intermediate Examination in Arts or Science. The subjects of the examination are the following:—

I. Compulsory subjects :

- (i) English.
- (ii) Sanskrit.
- (iii) Composition in a Modern Indian Language.

II. Optional subjects :

(iv) Any one of the following subjects :—

- (a) Any other Classical Language (Persian, Arabic or Pali).
- (b) A Modern European Language.
- (c) Philosophy.
- (d) Mathematics.
- (e) History.
- (f) Economics.
- (g) Politics.
- (h) A Modern Indian Language.
- (i) Music.
- (j) Painting.
- (k) Domestic Science.

For women candidates only.

Provided that a candidate who has passed the Previous Examination in Sanskrit or has passed the Admission Examination or any examination accepted as equivalent thereto or has passed the Intermediate Examination with Sanskrit, as one of his subjects may take up any one of the optional subjects in lieu of Sanskrit.

B.A. (Honours).—A candidate may obtain Honours in any subject if he passes in the First Class in that subject as well as in a more advanced course in that subject prescribed for the purpose provided he obtains at least 45 per cent. marks in the aggregate of the remaining subjects.

Composition in a Modern Indian Language shall not count as an independent subject for this purpose.

M.A.—The course of study extends over two years and is open to graduates of this or any other University recognized for the purpose.

A candidate may be examined in any one of the following subjects :—

- (1) Sanskrit.
- (2) English.
- (3) Pali.
- (4) Any other Classical Language.
- (5) Philosophy.
- (6) History.
- (7) Ancient Indian History and Culture.
- (8) Economics.
- (9) Politics.
- (10) Mathematics.
- (11) A Modern Indian Language and Literature.

Doctor of Letters.—This degree is conferred after the approval of the candidate's thesis and, if necessary, after a written and oral examination. It must be taken two years after his graduation as a Master of Arts or as a Master of Science in a subject prescribed for the M.A. Examination of the Benares Hindu University. Masters of Arts or Science of other Universities have to be resident members of the University for two years.

Courses of Study and Degrees in the Faculty of Oriental Learning

Madhyama Pariksha.—The course of study extends over a period of three years. Candidates are examined in Sanskrit Language, a Modern Indian Language and any one of the following subjects : Advanced Sanskrit Grammar and Literature, a School of Indian Philosophy, Hindu Law and Jurisprudence, Hindu Astronomy and Mathematics and Ayurvedic System of Medicine including elementary knowledge of Chemistry, Botany, Physics and Anatomy, etc.

Degree of Shastri.—This is a three years' course after passing the Madhyama Pariksha. Candidates are examined in Sanskrit Language and Literature, a Modern Indian Language and Literature and one of the following subjects :—Advanced course in the Vedas and Vedic Sanskrit, a School of Indian Philosophy, etc., Hindu Law and Jurisprudence, Ayurvedic System of Medicine, etc., History, Palæography and Epigraphy, Prakrit and Pali and English.

Degree of Shastracharya.—This is a thesis examination which may be taken up by the candidate two years after passing the Shastri Examination. As in all advanced examinations, there might also be an examination, written, oral or both.

Courses of Study and Degrees in the Faculty of Theology

Admission is restricted to Hindus.

The Madhyama Pariksha.—It is a course of study extending over three years including Sanskrit (Sruti, Smriti, Purana and Itihasa), Grihya Sutra, Elementary Jyotisha, Dasakarma Paddhati (Rituals and Ceremonies).

Degree of Smriti Ratna.—The course which extends over a period of three years consists of a study of the Vedas, Smritis, Puranas and Itihisas, Six Systems of Indian Philosophy, Nyaya, Purva Mimamsa, Sayana's Introduction to Rig-Veda Bhashya, Bhagavadgita with commentaries, Mitakshara.

Degree of Smriti Sagar.—This is open to candidates who have passed the Smriti Ratna Examination and pursued an extensive and advanced course of study in the subjects prescribed for the above examination for not less than two years.

Degree of Dharma Shastri.—This is more like an examination in Rituals of Hindu Religion and is a course spreading over three years and is open only to those who can study the same according to the accepted usage of the community. Besides the subjects prescribed for the Smriti Ratna Examination, a candidate must study the Brahmanas, Shrauta Sutras, Satapatha Brahmana and Shulva Sutra.

Degree of Dharmacharya.—This is a thesis examination (supplemented by an examination, if necessary, oral, written or both) conducted two years after the candidate has passed the Dharma Shastri Examination.

Diploma Examination in Paurohitya

In addition to the above courses there is a separate Diploma Examination in Paurohitya. The duration of the course is three years with a University examination at the end of each year. The course is open to candidates who have passed the Praveshika or an equivalent examination.

Courses of Study and Degrees in the Faculty of Science

(The Intermediate Examination in Arts and Science under the Faculty of Arts.)

B.Sc.—It is a two years' course after passing the Intermediate Examination in Arts and Science.

The subjects of examination are the following :—

Any one of the following groups :—

- | | | |
|--------------|------------|--------------|
| (a) Physics, | Chemistry, | Mathematics. |
| (b) Physics, | Chemistry, | Geology. |
| (c) Botany, | Chemistry, | Zoology. |
| (d) Botany, | Chemistry, | Geology. |
| (e) Zoology, | Chemistry, | Geology. |

Provided that no candidate is permitted to take group (a) or (b) unless he has passed his Intermediate Examination with Mathematics and group (c), (d) or (e) unless he has passed his Intermediate examination with Biology and in the case of a student who has passed the Intermediate Examination of any other University or Board of High School and Intermediate Education established by an Act of the Legislature, with Physics, Chemistry and Biology or Botany. Women candidates are allowed to offer Domestic Science in place of any one of the subjects in any one of the groups. A candidate may also offer English (Modern and Practical) as an extra subject.

B.Sc. (Honours).—A candidate may obtain Honours in any subject if he passes in the First Class in that subject as well as in a more advanced course in that subject prescribed for the purpose provided he obtains at least 45 per cent. marks in the aggregate of the remaining subjects.

M.Sc.—The course of study extends over two years.

A candidate may be examined in any one of the following subjects :—

- (1) Mathematics.
- (2) Chemistry.
- (3) Physics.
- (4) Zoology.
- (5) Geology.
- (6) Botany.

D.Sc.—This degree is conferred after the approval of the candidate's thesis and, if necessary, after a written and oral examination. It must be taken two years after his graduation as Master of Science. Masters of Science of other Universities have to be resident members of the University for two years.

Faculty of Technology : Courses of Study and Degrees leading to Professions

B.Sc. (Engineering—Mechanical and Electrical).—The minimum qualification for admission to the Degree Course in Engineering is I.Sc. with Physics, Chemistry and Mathematics.

The course of study and practical training covers in all five years, of which the fifth year is entirely devoted to practical training.

The candidates have to pass the following four University Examinations :—

I.Sc. (Eng.) Part I at the end of the 1st Year.

I.Sc. (Eng.) Part II at the end of the 2nd Year.

B.Sc. (Eng.) Part I at the end of the 3rd Year.

B.Sc. (Eng.) Part II at the end of the 4th Year.

The Degree of B.Sc. in Engineering is awarded to those students who produce evidence which will satisfy the Syndicate that they have spent not less than one year (250 working days) in practical work or research after passing B.Sc. (Eng.) Part II Examination.

The courses of studies and subjects of examinations are as follows :—

I.Sc. (Eng.) Part I.—Group I: Mathematics (2 papers); Group II: Engineering Chemistry (1 paper) and Engineering Metallurgy (1 paper); Group III: Building (1 paper) and Surveying (1 paper); Group IV: Electrical Engineering (2 papers) and Electrical Engineering Laboratory (Sessional Work); Group V: Applied Mechanics (1 paper) and Heat Engines (1 paper); Group VI: Practical Geometry (1 paper), Mechanical Drawing (1 paper), Mechanical Drawing and Practical Geometry (Sessional Work) and Workshop Practice (Sessional Work).

Minimum Pass Marks.—40 per cent. in each group of written papers, 60 per cent. in each subject of Sessional Work and 50 per cent. in aggregate for 3rd class, 60 per cent. for 2nd class and 70 per cent. for 1st class.

I.Sc. (Eng.) Part II.—Group I: Mathematics (2 papers); Group II: Heat Engines (2 papers); Group III: Applied Mechanics (2 papers) and Laboratory (Sessional Work); Group IV: Electrical Engineering (2 papers) and Electrical Engineering Laboratory (Sessional Work); Group V: Practical Geometry (1 paper), Mechanical Drawing (1 paper), Mechanical Drawing and Practical Geometry (Sessional Work) and Workshop Practice (Sessional Work).

Minimum Pass Marks.—40 per cent. in each group of written papers, 60 per cent. in each subject of Sessional Work, 50 per cent. in aggregate for 3rd class, 60 per cent. for 2nd class and 70 per cent. for 1st class.

B.Sc. (Eng.) Part I.—Group I: Strength of Materials (1 paper), Theory of Structures (1 paper) and Structural Design (Sessional Work); Group II: Theory of Machines

(1 paper), Hydraulics (1 paper) and Mechanical Drawing (Sessional Work); Group III: Heat Engines (2 papers) and Engine Design (Sessional Work); Group IV: Electrical Engineering (3 papers), Design of Electrical Machines (Sessional Work), Design of Electrical Installations (Sessional Work) and Laboratories (Sessional Work).

Minimum Pass Marks.—40 per cent. in each group of written papers, 60 per cent. in each subject of Sessional Work, 50 per cent. in aggregate for 3rd class, 60 per cent. for 2nd class, and 70 per cent. for 1st class.

B.Sc. (Eng.) Part II.—Group I: Properties of Materials (1 paper), Theory of Structures (1 paper) and Structural Design (Sessional Work); Group II: Hydraulics (1 paper), Hydro-Electric Technology (1 paper) and Machine and Engine Design (Sessional Work); Group III: Heat Engines (1 paper), Electrical Engineering (2 papers) and Design of Electrical Installation (Sessional Work); Group IV: Business Method (1 paper), Workshop Management (1 paper) and Craftsmanship of Approved Extramural Practice (Sessional Work).

Minimum Pass Marks.—60 per cent. for Sessional Work, 40 per cent. per group, 50 per cent. on the aggregate for 3rd class, 60 per cent. for 2nd class and 70 per cent. for 1st class.

B.Sc. (Mining) and B.Sc. (Metallurgy).—The Department of Mining and Metallurgy offers a four year course leading to the Degree of B.Sc. in Mining and a four year course leading to the Degree of B.Sc. in Metallurgy to students who have passed the Intermediate Examination, with Physics and Chemistry, of an Indian University or Board of Intermediate Education established by an Act of the Legislature.

An outline of the courses is given below :

1st Year—(Common to Mining and Metallurgy).

Mathematics.
Applied Mechanics, Part I.
Heat Engines, Part I.
Practical Solid Geometry.
Engineering Drawing, Part I.
Applied Electricity, Part I.
Metallurgy, Part I.

2nd Year—(Common to Mining and Metallurgy).

Geology and Mineralogy.
Mining, Part I.
Surveying, Part I.
Applied Mechanics, Part II.
Heat Engines, Part II.
Engineering Drawing, Part II.

3rd & 4th Year—Mining

Mining, Part II.
 Surveying, Part II.
 Mining Geology.
 Applied Electricity, Part II.
 Assaying.
 Economics of Mining.
 Mining Design.
 Thesis.

3rd & 4th Year—Metallurgy

Metallurgy, Part II.
 Metallurgical Analysis.
 Physical and Metallurgical Chemistry.
 Applied Electricity, Part II.
 Fuels & Refractory Materials.
 Metallography & Pyrometry.
 Mechanical Testing and Heat Treatment.
 Thesis.

B.SC. DEGREE IN MINING.**B.SC. DEGREE IN METALLURGY.**

Preference is given to candidates who have passed the Intermediate Examination with Mathematics also. Candidates who have passed the Intermediate Examination without Mathematics, will, if admitted, be required to undergo a preparatory course in the subject after admission and to pass a Departmental Examination in the subject in November.

EQUIPMENT AND ORGANIZATION

The courses, both theoretical and practical, are of an advanced character. The laboratories of the Department are well equipped with instruments, apparatus, machinery, models, maps, charts, specimens, etc. There is also an excellent departmental library and a reading room well supplied with journals. A good deal of the teaching is done with the help of lantern slides of which there is a large and up-to-date collection and which is being constantly added to. The Department is working in close association with the Engineering College of the University, where training in Mechanical and Electrical Engineering subjects, is given to the Mining and Metallurgy students during their First, Second, Third and Fourth year courses by the expert staff there.

EXCURSIONS AND PRACTICAL TRAINING

A very large proportion of the time of the Mining and Metallurgy students at the University is spent in the laboratories, the workshops and the drawing office. A number of excursions to places of Geological, Mining and Metallurgical interest are arranged by the Department every year and conducted by the members of the staff. And further, students, after the first year, devote a few months every year to practical training at the mines or metallurgical works, so that most of them receive about six months' practical training under actual mines or

works conditions by the time they appear at the Final examination. Permission for such training has been generously given in the past by the managers of even some of the largest and up-to-date coal mines, iron mines, manganese mines, gold mines, silver and lead mines, copper mines, petroleum mines, mica mines, etc., and also by most of the metallurgical works in the country.

GOVERNMENT RECOGNITION

The B.Sc. Degree in Mining of the Benares Hindu University has been recognized by the Government of India for the purposes of Regulations 34, 35, 38 and 39 of the Indian Coal Mines Regulations, 1926. In virtue of this recognition, Mining graduates of the University are entitled to two years' exemption from practical underground training required of candidates appearing at the Government First Class Colliery Managership Examination, one year's exemption at the Second Class Managership Examination, one and a half years' exemption at the Surveyor's Certificate Examination, and two years' exemption at the Sirdarship Examination.

The courses begin on the 9th July. The last date for application for admission is the 20th June. The Prospectus of the Department is available from the Head of the Department on payment of Rs. 1-8-0.

B.Sc. (Industrial Chemistry).—The duration of the course is two years and candidates who have passed the I.Sc. Examination with Physics, Chemistry and Mathematics are eligible for admission. The subjects for the examination are Chemistry, Industrial Chemistry and General and Chemical Engineering.

M.Sc. (Industrial Chemistry).—This is a two years' post-graduate course open to graduates in Industrial Chemistry. The duration is only one year for such candidates as have passed the M.Sc. Examination with Chemistry. The subjects for study are oils and soaps or ceramics.

Bachelor of Pharmacy.—The duration of the course is three years and is open to candidates who have passed the I.Sc. Examination with Physics and Chemistry. There is a University Examination at the end of each year. The subjects for study are: Pharmaceutical Chemistry, Pharmacy, Pharmacognosy, Pharmaceutical Economics and German.

Bachelor of Science (Glass Technology).—This is a three years' course with a University Examination at the end of each academic year and is open to such candidates as have passed the I.Sc. Examination with Physics, Chemistry and Mathematics. The following are the subjects for each University Examination :—

(1) *Intermediate Examination in Glass Technology :*

Subjects : (1) Glass Technology, (2) Chemistry, (3) Geology and Mineralogy, (4) Theory of Machines and Machine Drawing and (5) German.

(2) *Bachelor of Science Examination in Glass Technology, Part I :*

Subjects : (1) Glass Technology, (2) Chemistry (Physical and Inorganic), (3) Fuel Technology, (4) Refractions, (5) General Principles of Engineering, (6) Industrial Economics and (7) German.

(3) *Bachelor of Science Examination in Glass Technology, Part II :*

Subjects : (1) Glass Technology, (2) Glass Engineering and Process Work, (3) Refractory Materials, (4) Physical Chemistry of Silicates, (5) Fuel Technology, (6) Furnace Design Construction and Pyrometry and (7) Industrial Economics.

Master of Science in Glass Technology.—This is a purely research degree open to graduates in Glass Technology.

Master of Science in Agricultural Botany.—The duration of the course is two years and is open to graduates in Science with Botany, or graduates in Agriculture. The subjects for study are : Agricultural Plant Physiology, Genetics and Plant Breeding, Farm Crops and Plant Pathology. Candidates for the examination are required to submit a Thesis as part fulfilment of their course.

Diploma Courses.—In addition to the above degree courses in the Faculty of Technology, the following Diploma Examinations are also held :—

- (1) Diploma Examination in Soap Manufacture.
- (2) Diploma Examination in Pottery and Porcelain.
- (3) Diploma in Metal Enamelling.
- (4) Diploma in Pharmacy.
- (5) Certificate Examination in Glass Technology.

Particulars of these courses can be had on application.

LAW

LL.B.—The course of study extends over two years and is open to graduates of this or any other University recognized by the Syndicate. There are two examinations, one at the end of the first year's course of study called the Previous Examination and the other the Final Examination held at the end of the second year of study. For the Previous Examination a candidate is expected to have studied Constitutional Law of England and India, Jurisprudence, Roman Law, the Law of

Contracts and Torts, the Law relating to Companies and Corporations, the Law of Crimes and Criminal Procedure and the Law of Evidence. The subjects for the Final Examination are:—Principles of Equity including the Law relating to Trusts and Specific Relief, the Law relating to Transfer of Property and the Law of Easements, Hindu Law, Muhammadan Law, the Law of Civil Procedure and Limitation, the Law relating to Land Tenures, Rent and Revenue, the Law relating to Companies and Corporations.

LL.M.—The Master's Examination in Law is a two years' course. The subjects for the examination are as follows:—

- (1) Hindu Law—Ancient and Modern.
- (2) Roman Law with its History.
- (3) Comparative Jurisprudence.
- (4) Constitutional Law.
- (5) } Any two of the following subjects:—
- (6) }
 - (a) Principles of Equity including Law relating to Trusts and Specific Relief.
 - (b) The Law of Contracts.
 - (c) Private International Law.
 - (d) Public International Law.
 - (e) The Law relating to Transfer of Property including Wills.
 - (f) Muhammadan Law.

Note.—In regard to an optional subject, while a candidate is required to have a competent knowledge of the subject, he will be required to possess a detailed knowledge of one of its branches to be selected by him. The examination in Hindu Law and in Muhammadan Law is to comprise questions having special reference to the original authorities or translations thereof.

LL.D.—This is an examination chiefly by a thesis to be supplemented, if necessary, by an examination, oral, written or both. A candidate for this examination must have passed his LL.M. Examination at least one year before appearing for it.

TEACHING

B.T.—The course of study is open to graduates of this or any other University and extends over a period of one year. The courses of study and the scheme of examination are as follows: Principles of Teaching, History of Education, Methods of Teaching, School Management and Hygiene, in each of which there will be one paper, provision also being made for Practical Teaching, Criticism Lessons and Demonstration Lessons. In addition to the compulsory course, students may specialize in the Methods of Teaching in one of the following special subjects:—English, Physics and Chemistry, Geography, History and Mathematics.

AYURVEDACHARYA IN MEDICINE AND SURGERY

Ayurvedacharya.—The duration of the course is six years during which the following examinations are held :

1. *The First Professional Examination*.—Subjects : Hygiene, Chemistry, Physics, Zoology and Botany.

2. *The Second Professional Examination*.—Subjects : Anatomy, Physiology, Materia Medica and Pharmacy.

3. *The Third and Final Professional Examination—Part A*.—Subjects : Obstetrics, Gynæcology, Diseases of Children, Medical Jurisprudence, Toxicology and Mental Diseases.

4. *The Third and Final Professional Examination—Part B*.—Subjects : Diagnosis and Treatment of Diseases, Surgery and Pathology.

For the practical training of students a Hospital with accommodation for one hundred patients has been provided. Candidates who have passed the Admission or equivalent Examination with Sanskrit or the Praveshika Examination with English are eligible for admission.

Recognition of Degrees and Diplomas of other Universities

Ordinarily the Entrance Examinations, Intermediate and Degree Examinations in Arts and Science of any Indian University established by an Act of the Legislature for the time being in force are recognized.

Bombay University

Introductory : Character of the University

This University was established in 1857 ; but until the passing of the Indian Universities Act of 1904, the Bombay University, in common with the others, was limited to the function of examining candidates and arranging for the courses of study which led up to their degrees. Under the Act of 1904, it acquired the right of organizing teaching, arranging for University extension lectures and of publishing such works as were necessary for the direct educational work it was to carry on. By the Act of 1928, the constitution of the University was considerably changed. By reducing the proportion of the nominated to the elected members in the Senate, and by throwing open the door of the Senate to the representatives of a larger variety of interests, the new Act has ensured the independence of the University for all practical purposes and made the University a more popular and representative institution than it ever was in the past. Under the new Act, the executive functions of the University are carried on by the Syndicate, and most of the academic work is looked after by the Academic Council.

Chiefly owing to lack of funds, the University was not able to undertake any new activities until 1912 when a liberal offer from the Government of India made it possible immediately to launch out in new directions. The Government of India offered to the University a non-recurring grant of five lakhs of rupees and a recurring grant of Rs. 45,000 for the purpose of developing its activities as a teaching body. As a result in 1913-14, Sir Alfred Hopkinson of the Manchester University was invited to India to advise as to possible and suitable lines of development, and in 1914, post-graduate lectures on the basis of the needs of the M.A. students were held for the first time. Since 1918-19, the scheme was somewhat modified and placed on Inter-Collegiate lines. The various colleges in Bombay arranged a considerable amount of post-graduate teaching which was thrown open to qualified students of other colleges who were interested in the subjects or were working for the M.A. degree of the University. The University supplemented these by arranging for a limited number of courses on its own account to deal with matters in which it seemed essential to provide training, but which were not adequately covered by the courses provided by the colleges.

In 1922, a Committee was appointed to revise the scheme of post-graduate studies in the light of the experience gained with regard to its working since its inauguration. The Committee submitted its report in March 1923 recommending that all post-graduate work should be undertaken under a centralized scheme by the University in co-operation with its Colleges and that the work, so far as Bombay was concerned, should be done as far as possible in the University buildings. As a result of the Committee's deliberations a revised set of regulations relating to post-graduate studies was adopted by the Senate in August 1924. The revised scheme was tried for a couple of years, but found unsatisfactory. Therefore, in December 1926, the Syndicate appointed a committee to consider the question in all its aspects and to draw up a comprehensive scheme of post-graduate teaching. The scheme prepared by this committee was laid before the Senate in July 1927. As there was a divergence of opinion among the members of the Senate in essentials, the Senate appointed a committee of its own to examine the scheme and while the report of the committee was under the consideration of the Senate, the new University Act was passed and the whole question was, therefore, left to be solved by the new Syndicate and by the Board of Post-Graduate Studies which was newly created by the Act. Now, the Board of Post-Graduate Studies practically control the whole of post-graduate instruction and research in the University, including what is done in this direction in the colleges affiliated to the University and other post-graduate institutions.

In essentials, the University remains a University, affiliating Colleges carrying on teaching work, but University Departments of Economics and Sociology have been opened with provision for both teaching as well as guidance in research. A Department of Chemical Technology has also been instituted and this Department began regular work from August 1, 1934.

One of the main ideas underlying the new Act is that the University should directly conduct post-graduate teaching and research in all branches of learning, and with this view the Act provides for the recognition of teachers in Colleges as University teachers for post-graduate instruction and research. The need for the undertaking of direct post-graduate teaching by the University has been always emphasized. But owing to lack of funds, the indirect control by the University of post-graduate teaching in the affiliated Colleges by confining such teaching to teachers recognized by the University is all that is possible at present. Accordingly, the Syndicate, at the beginning of the Academic year 1932-33, recognized, on the recommendation of the Board of Post-Graduate Studies, a limited number of Professors from the affiliated Colleges as being

competent to undertake Post-Graduate instruction and Research in various subjects as University Teachers. Every candidate for a post-graduate degree in Arts or Science is required to attach himself to a recognized University Teacher in the subject of his studies and work under him for the prescribed period so as to become eligible to appear for the examination for the Post-Graduate degree. Besides, post-graduate work in the University has been reorganized on the basis of co-ordination between Colleges, with a view to avoid multiplication of teaching work in one and the same subject. For the purpose of such co-ordination all the affiliated Colleges have been classified into six groups, *viz.*, (1) Bombay, (2) Poona, (3) Southern Maratha Country, (4) Gujarat, (5) Kathiawar, and (6) Sind.

The number of affiliated Colleges is 42. Of the affiliated Colleges 23 are for degrees in Arts and Science, 1 in Science, 2 for degrees in Commerce, 4 in Education and 1 in Agriculture, and there are 2 Medical, 2 Engineering and 7 Law Colleges. In addition to these affiliated Colleges, the University maintains its own institutions, *viz.*, the School of Economics and Sociology and the University Department of Chemical Technology. To have effective control over post-graduate activities at the Poona centre, the Board of Post-Graduate Studies have appointed a central committee consisting of the Heads of institutions in Poona connected with post-graduate teaching and research. A similar committee consisting of the Principals of Arts Colleges entitled to send up candidates for degree examinations and the Heads of the University Departments of Economics and Sociology has recently been appointed at the Bombay Centre.

Scholarships and Medals

A large number of Endowed Scholarships and Medals is awarded by the University for distinguished proficiency in the several examinations and each of the affiliated Colleges also awards its own Scholarships and Medals. The University Endowment Fund for Scholarship, Prizes and Medals amounts to Rs. 47,76,800 in Government Securities and Port Trust and Municipal Bonds.

Library, Laboratories, etc.

The University Library, which is under the control of the Library Committee is open to Fellows of the University, Principals and Professors of Colleges affiliated to the University of Bombay, the University Staff, Graduates of the University, students of affiliated Colleges and such other persons as are admitted by a special order. The Library has 59,507 volumes of which 4,326 volumes were added during the years 1937-38. The University Departments in Economics and Sociology also maintain a library of their own which is growing substantially every year and is becoming a useful centre of research in these subjects.

There are various Hospitals and Laboratories recognized by the University for purposes of practical work in Medicine and Science.

Provision for Research

There are eight post-graduate research scholarships in the Department of Economics and Sociology, and the University also undertakes the publication of the results of researches. In addition there are four endowed scholarships for research work of which three are tenable in India and one is tenable in a foreign country. The Bombay University Economics Series has been published as well as Lectures on Gujarati Literature by Prof. N. B. Divatia, Diwan Bahadur K. H. Dhruva, Diwan Bahadur K. M. Jhaveri and Prof. R. V. Pathak, History of Gujarat by Prof. M. S. Commissariat and Pali Text Series by Prof. N. K. Bhagwat, and also Dr. Mackichan's translations of the introduction to two German Books, Dr. Garbe's *Bhagavadgita* and Roth's *Nirukta*.

The University also makes grants of varying amounts in aid of the cost of publication of books by various authors.

Publication and Extension Work

The University has spent a large sum of money during the last few years on the publication of books and by way of grants

to authors to meet the expenses of publication. Distinguished scholars from Europe and elsewhere have been invited to deliver lectures on subjects directly connected with University studies.

University Journal

The University conducts a Journal having five issues in a year commencing with July and devoted to (a) History, Economics and Sociology, (b) Science, (c) Arts and Law in the cyclic order. The Journal will normally contain original contributions, but extracts from theses submitted for the post-graduate examinations of the University will also be published in the Journal. The annual subscription is Rs. 12.

Military Training

Military training is not compulsory in the University. Students are encouraged to enrol themselves in the University Training Corps and the number enrolled during the year 1937-38 was over 818. The question of introducing a course of military studies in the curriculum is under consideration.

Associations in the University

The Colleges in the University are scattered over the whole of the Bombay Presidency and it is not therefore practicable to have a Central Association or Associations for the benefit of all University students. Most of the Colleges maintain societies of their own such as Debating Unions, Literary Societies, Historical Societies, Dramatic Societies, College Gymkhanas, and similar associations or societies.

Residence and Cost of Living

Most of the Colleges affiliated to the University provide residential accommodation for a fair proportion of their students. The approximate cost of living is Rs. 50 per month.

Budget : Provident Fund

The total budget expenditure for the year 1939-40 has been estimated to be Rs. 12,71,853.

A Provident Fund has been started and subscription to the Fund at the rate of $6\frac{1}{4}$ per cent. on the monthly salary is obligatory on every whole-time officer, teacher or servant appointed after the 31st March 1925, to a substantive appointment carrying a monthly salary of Rs. 30 or upwards. The University makes a contribution at the rate of $6\frac{1}{4}$ per cent.

on the salary of subscriber at the end of each month and compound interest at the rate of $4\frac{1}{2}$ per cent. per annum is allowed on the amount standing to the credit of each depositor. On quitting the service of the University, a depositor is entitled to draw out the whole amount standing to his credit in the Fund, provided he has been in the service of the University for at least three years and has been permitted to resign his appointment.

Women's Education

Women are admitted to all the affiliated Colleges on equal terms with men-students.

Foreign Universities' Information Bureau

During the year 1938-39 the Bureau received 1,873 enquiries in writing regarding the various courses of studies abroad as against 1,985 in the previous year and 1,185 enquiries by personal visits as against 1,903 in the previous year. The number of documents containing the prospectuses and regulations relating to Institutions in the United Kingdom, America and Germany issued from the Office of the Bureau totalled 2,998 as against 2,767 in the previous year and the number of students who applied for them was 1,711 as against 1,705 in the year 1937-38.

Provision for Safeguarding Health, Medical Inspection, Discipline, etc.

The Syndicate sanctioned in 1928, as an experiment, a tentative scheme for the introduction of compulsory physical training in three Arts Colleges in Poona and for the purpose allotted Rs. 12,070. The scheme worked satisfactorily. The Senate resolved in 1930 to sanction an annual expenditure of Rs. 11,000 for two years for carrying out a scheme for the physical training of College students. In pursuance of this scheme a Director of Physical Training was appointed and the University held a medical inspection of all the students in its affiliated Colleges with a view to test their capacity to undergo a system of compulsory physical training. As in the meantime, the Senate resolved that physical training of students must be under the control of Principals of Colleges, the consideration of the scheme has been postponed. But a Students' Welfare Committee has been appointed to look after the medical inspection, physical training, hygiene, dietetics, etc. of University students. There is provision for outdoor games like cricket, football, tennis, hockey, etc., in most of the affiliated Colleges, and a large number of students take advantage of the facilities offered in this respect.

Inter-Collegiate Sports and Athletic Competitions

With a view to popularize all sorts of outdoor games among students it was deemed necessary to control and manage Inter-Collegiate Tournaments and Athletic Sports. Having resolved on this, the Syndicate appointed a Sports Board composed of the Principals of the affiliated Colleges in Bombay and of others interested in this activity of the University whose duty is to organize and manage, on behalf of the University, all Inter-Collegiate Tournaments and Athletic Sports, to begin with, in the City of Bombay.

Having found from experience the necessity of extending the activities of the Board of Sports to the other colleges affiliated to the University, the Syndicate have now altered the constitution of the Board and have appointed Local Committees at Poona, Dharwar, Ahmedabad and Karachi in addition to the one at Bombay. Each of these Local Committees will be in charge of Inter-Collegiate Sports and Tournaments pertaining to the Colleges within its jurisdiction and the Board of Sports will be responsible for 'Varsity and Inter-Varsity Sports and Tournaments.

The Senate has sanctioned a budget grant of Rs. 10,000 towards the expenses of Inter-Collegiate Sports and the Board will distribute this sum among the Local Committees in proportion to the amounts contributed by the Local Committees.

In addition to this amount the Senate has also sanctioned Rs. 2,500 towards the expenses in connection with the Inter-University Cricket Tournament.

Admission to the University, Courses of Study, Examinations and Degrees

ADMISSION TO THE UNIVERSITY

Admission to a course of study in the University for the Bachelor's degree in Engineering and Medicine is granted only to those who have passed the Intermediate Science Examination of this University or any other equivalent examination of recognized Universities in a specified group of subjects. Admission to courses of study for other Bachelor's degrees is granted to those who have passed the First Year Arts Certificate Examination in a College affiliated to the University or the Intermediate Arts or Science Examination of a recognized University. Admission to the courses of study for higher degrees is granted, under certain conditions, to graduates of this or of any other recognized University.

COURSES OF STUDY AND EXAMINATIONS

I. ARTS

The University offers in Arts, B.A. (Pass and Honours), M.A. and D.LITT. degrees; in Science, B.Sc., M.Sc. and D.Sc. degrees; in Commerce, B.COM. and M.COM. degrees; in Teaching, B.T. and M.ED. degrees; in Agriculture, Bachelor's and Master's degrees; in Engineering, B.E. (Civil, Mechanical and Electrical) and M. E. (Civil, Mechanical and Electrical) degrees; in Law, LL.B. and LL.M. degrees; and in Medicine the degrees of M.B.B.S., M.D., M.S., Bachelor of Hygiene, Doctor of Hygiene and the Diploma in Ophthalmology and the Ph.D. degree in Arts, Science, Technology and Medicine.

(i) *Intermediate Examination*.—The course of study for this examination extends over two academic years during the first of which candidates are examined by affiliated Colleges in English, a Second Language, Composition, Indian Administration and Mathematics, or World History or Geography and can only proceed to the Intermediate class, if they are certified by their Principals to have carried out satisfactorily the work prescribed by the University for the first two terms in Arts. At the Intermediate Examination held by the University at the end of the second year, candidates are examined in English (two papers of three hours each), a Second Language and Composition (two papers), Economics and Civics (one paper), and Mathematics or Logic (two papers of three hours each). The minimum for a pass is 30 per cent. of the full marks in each head. Candidates who obtain 60 per cent. in the aggregate are placed in the First Class and those who obtain 45 per cent. in the Second Class.

(ii) *B.A. (Pass and Honours)*.—The course of study for B.A. (Pass) examination extends over two academic years subsequent to passing the Intermediate Arts Examination and that for B.A. (Honours), over the same period. Candidates are examined in (1) English Language and Literature, with Composition, and (2) one of the following six groups: (a) Languages, (b) Mathematics, (c) History and Economics, (d) Mental and Moral Philosophy, (e) Physics and Chemistry, and (f) Botany and Zoology.

For the Pass Examination, besides the three papers in Compulsory English, there are two papers in Optional English and two in each of the other languages—Latin, Greek, Sanskrit, Pali, Ardha-Magadhi, Avesta-Pahlavi, Persian, Arabic, Hebrew, German, French and Portuguese. In Mathematics, History and Economics, and Philosophy, there are four papers in each

of the subjects, while in each of the two subjects of groups (e) and (f) there are two papers and two practicals. The minimum for a pass is 30 per cent. of the full marks in (i) Compulsory English and (ii) the Optional group, and 30 per cent. in each of the other subjects. In groups (e) and (f), candidates are also required to obtain a minimum of 30 per cent. in all the practical examinations of the group taken together and in group (a) candidates must obtain at least 25 per cent. of the full marks assigned to each language of the group.

For the Honours Examination, there are eight papers in English and Mathematics, seven papers in History and Economics and Philosophy, and seven papers in the Languages group. For the Honours Examination the languages are grouped thus :—

- (A) Latin, Greek, English, German, French, Portuguese.
- (B) Sanskrit, Pali, Ardha-Magadhi, Avesta-Pahlavi, Marathi, Gujarati, Sindhi, Kannada.
- (C) Hebrew, Arabic, Persian, Avesta-Pahlavi, Sindhi, Urdu.

A candidate for Honours may take seven papers (four Pass and three Honours) in any one of these languages or may take five papers in any one language (two Pass and three Honours), and two Pass in any other language, belonging to the same group. The Honours Examination in groups (e) and (f) is identical with the Subsidiary B.Sc. Examination in each subject of the group. The minimum for a pass is 30 per cent. in all the papers in Compulsory English taken together and in the four optional papers taken together and 40 per cent. in all the papers of each subject taken together, provided that if a candidate offers more than one language, he must obtain a minimum of 25 per cent. in each language. In groups (e) and (f) candidates are required to obtain also 30 per cent. in the papers and 40 per cent. in the practical examinations in each subject of the group taken together. Candidates who obtain 60 per cent. in the aggregate in all the Honours papers are placed in the First Class and those obtaining not less than 40 per cent. in the Second Class. Those obtaining less than 40 per cent. are, subject to certain conditions, declared to have passed the Pass examination.

(iii) *Master of Arts (M.A.)*.—The course of study extends over two years subsequent to passing the B.A. Examination. A candidate is required to study and be examined in *one* of the following branches: Languages, History, Philosophy, Mathematics, Ancient Indian Culture. The examination

consists of eight papers in each subject. A thesis may be offered in lieu of the whole examination in the subject of History and Philosophy or in lieu of the four Principal papers in Sanskrit, Pali, Ardha-Magadhi, Persian or Arabic subject to certain conditions. The minimum for a pass in Mathematics is either 40 per cent. in the aggregate or 25 per cent. in each paper and $37\frac{1}{2}$ per cent. in the aggregate, and in other subjects, it is one-fourth of the full marks in each paper and three-eighths in the aggregate. In Languages a candidate must obtain 25 per cent. in each of the eight papers, 30 per cent. in the total of two papers in his Subordinate language and 40 per cent. in the total of the six papers in the Principal language. Candidates who obtain 65 per cent. in the aggregate are placed in the First Class and those who obtain 50 per cent. in the Second Class.

II. SCIENCE

(i) *Intermediate Examination*.—The conditions of admission to this examination are similar to those for the Intermediate Examination in Arts except that the subjects for the First Year are English, Composition or a paper in French or German, Physics, Chemistry, Biology and Mathematics and a candidate is required to study and be examined in English Prose (one paper) (a) Composition in English or in a Modern Indian Language or (b) a paper in French or German (one paper) and Physics (two papers and a practical), Chemistry (two papers and a practical), and Mathematics (two papers) or Geology or Biology (two papers and a practical). For a pass, a candidate must obtain 33 per cent. of the total marks in Mathematics, 33 per cent. in each paper and in each practical examination in other subjects and 30 per cent. in each of the languages. Candidates who obtain 60 per cent. in the aggregate are placed in the First Class and those obtaining 45 per cent. in the Second Class.

(ii) *Bachelor of Science (B.Sc.)*.—The course extends over two years subsequent to passing the Intermediate Examination in Science. Candidates may take any two of the following subjects: Mathematics, Physics, Chemistry, Botany, Geology, Zoology, Animal Physiology, Anatomy and Embryology, Microbiology and Experimental Psychology. Of the selected subjects, one will be a principal subject and the other subsidiary. At the examination, papers are set as follows:—

Subject	As a Subsidiary Subject	As a Principal Subject
Mathematics	1 papers of three hours each	8 papers of three hours each
Physics	2 papers and 2 practical examinations*	4 papers and 4 practical examinations
Chemistry	2 papers and 2 days' practical examination*	4 papers and 3 days' practical examination
Botany	2 papers and 2 practical examinations*	4 papers and 4 practical examinations
Geology	2 papers and 2 practical examinations	4 papers and 3 practical examinations
Zoology	2 papers and 2 practical examinations*	4 papers and 4 practical examinations
Animal Physiology	2 papers and 2 practical examinations	3 papers, 3 practical examinations and an oral examination
Anatomy and Embryology	2 papers and 2 practical examinations	3 papers, 3 practical examinations and an oral examination
Microbiology	2 papers, 2 practical examinations and an oral examination	3 papers, 3 practical examinations and an oral examination
Experimental Psychology	(as a principal subject only)	3 papers and 3 practical examinations

* Same as for the B.A. (HONS.) Examination.

For a pass, candidates must obtain in each subject 33 per cent. in the papers taken together, and in the practical examination taken together, or in Mathematics in all the papers taken together. Successful candidates who obtain 60 per cent. in their principal subject and 45 per cent. in the subsidiary subject are placed in the First Class and those who obtain 48 per cent. in the principal subject and 40 per cent. in the subsidiary subject are placed in the Second Class. Successful candidates who obtain 48 per cent. of the marks in the principal and the subsidiary subjects taken together are placed in the Second Class if they obtain 45 per cent. in the principal subject, and those who obtain 60 per cent. of the total marks in the principal and subsidiary subject taken together are placed in the First Class, if they obtain 55 per cent. in the principal subject. A candidate who secures 66 per cent. in the principal subject is declared to have passed with distinction.

(iii) *Master of Science (M.Sc.)*.—Bachelors of Science of this or of certain other recognized Universities are admitted to the course of study for M.Sc. Degree extending over two years. Candidates must offer one of the following branches : Mathematics, Physics, Chemistry, Botany, Zoology, Geology and Animal Physiology.

The M.Sc. Degree may be taken by research alone or by written examination and practical (except in Mathematics) or by research and examination combined. A candidate may submit a thesis which may be accepted in lieu of the whole or a part of the examination.

Every candidate for the degree is required to satisfy the Examiners in a paper containing a passage or passages connected with the branch of Science taken by him, to be translated from French or German into English. The language examination must be passed before the presentation of the thesis, or in the case of candidates not offering a thesis, before the submission of the application for admission to the regular examination.

The examination in Mathematics is the same as at the M.A. Examination. There are five papers and four practical examinations in Physics, four papers and at least four days' practical examination in Chemistry, and three papers and at least three days' practical examination in each of the subjects Botany, Zoology and Geology.

Successful candidates are divided into those who pass and those who pass with distinction.

III. COMMERCE

(i) *Intermediate Examination*.—The course of study extends over two academic years subsequent to passing the Matriculation Examination, at the end of the first of which candidates are examined by Colleges in the subjects prescribed by the University for the first two terms in Commerce. At the Intermediate Examination, Candidates will be examined in English (two papers), Elements of Economics (one paper), Commerce (one paper), and Administration (one paper or Saksmanship and Publicity or Mathematics). For a pass, candidates must obtain 40 per cent. in each subject.

Successful candidates who obtain 60 per cent. in the aggregate are placed in the First Class and those who obtain 50 per cent. in the Second Class.

(ii) *Bachelor of Commerce (B.Com.)*.—The course extends over two years subsequent to passing the Intermediate Examination in Commerce of this University. Candidates will be examined in (1) English (one paper and an oral examination),

(2) Business Organization (one paper), (3) Mercantile and Industrial Law (one paper), (4) Trade and Statistics (one paper), (5) Indian Currency and Banking (one paper), (6) Modern Economic Development, and (7) one of the following special subjects (three papers): Advanced Accounting and Auditing, Advanced Banking, Actuarial Science, the Organization of the Indian Cotton Industry, Economics of Transport.

The minima for pass and class are the same as for the Intermediate Examination.

(iii) *Master of Commerce (M.Com.)*.—Bachelors of Commerce of this University only who are of at least two years' standing are allowed admission to the examination for the M.COM. Degree. The examination comprises two parts: Part I—a thesis on a problem relating to Indian Commerce, Industries and Finance, or Transport; Part II—a written examination in four subjects selected from the following: (1) Economics of Agriculture with special reference to India, (2) The Organization of Industries of India, (3) Corporation Finance, (4) The Organization of Markets, (5) Foreign Exchanges, and (6) International Banking. Exemption from the whole or a part of the written examination is granted under certain conditions and no candidate is admitted to Part II until his thesis has been accepted and approved as qualifying for Part I of the Examination.

One paper will be set in each of the subjects of the written examination. The minimum for a pass in Part III is 30 per cent. in each paper and 40 per cent. in the aggregate.

IV. TEACHING

Bachelor of Teaching.—Graduates of this or of any other recognized University who have (i) kept two terms (the first and the second) of lectures on the Theory and Practice of Education in a Training College affiliated to this University for the purposes of the B.T. Degree, and (ii) completed a course of practical work, extending over two school terms to the satisfaction of the Head of the Institution in which the candidate is studying. The examination is held in two parts: Part I—Written Examination and Part II—Practical Examination.

Part I of the Examination consists of written papers in the following subjects: The Principles of Education (one paper), the History of Education (one paper), the Practice of Education (one paper), Special Methods (one paper), and Educational Experiment (one paper).

In Part II of the Examination, candidates will be tested in their practical skill in class management and class teaching.

Each candidate will be required to give lessons in two special subjects selected by him under Part I.

To pass the Examination in either Part I or Part II, a candidate must obtain not less than 40 per cent. of the total number of marks for the said Part.

V. AGRICULTURE

(i) *Intermediate Examination*.—The course of study extends over two academic years after passing the Matriculation Examination except in the case of Bachelors of Science of this University with Chemistry and Botany, who will be exempted from this Examination. Candidates will be examined in (1) Agriculture (including Geology) (two papers and a practical examination), (2) Chemistry (two papers and a practical examination), (3) Botany (one paper and a practical examination), and (4) Mathematics and Elementary Physics (one paper and a practical examination). The minimum for a pass is 40 per cent. of the aggregate and 33 per cent. in each paper and in the practical examinations. Candidates who secure 60 per cent. of the aggregate will be placed in the First Class.

(ii) *Bachelor of Agriculture*.—The Course extends over two years subsequent to passing the Intermediate Examination in Agriculture, or subsequent to passing the B.Sc. Examination of this University with Chemistry and Botany. Candidates will be examined in the following subjects: (1) Agriculture (four papers and two practical examinations), (2) Chemistry of Agriculture (one paper and a practical examination), (3) Agricultural Botany and Horticulture (one paper and a practical examination), (4) Plant Pathology (one paper and a practical examination), (5) Agricultural Engineering (one paper and a practical examination), and one of the following special subjects (one paper and a practical examination):—(a) Intensive Study of Certain Crops, (b) Advanced Plant Breeding, (c) Advanced Agricultural Chemistry, (d) Advanced Animal Husbandry and Dairying, (e) Advanced Agricultural Economics, (f) Advanced Horticulture, and (g) Advanced Plant Pathology.

In order to pass, candidates must obtain 45 per cent. in the aggregate, 40 per cent. in Agriculture and the Optional subjects, and 33 per cent. in the remaining subjects. These percentages must be obtained separately in the theoretical and practical tests in each subject. Those who obtain 66 per cent. of the aggregate are placed in the First Class.

(iii) *Master of Agriculture*.—Each candidate for this Degree must be a Graduate or a Licentiate in Agriculture of this University of not less than 3 years' standing and must have been engaged in the practice of Agriculture or work of research

in connection with Agriculture for a period of at least 3 years after receiving the Degree of Bachelor or Licentiate in Agriculture. Each candidate must submit a report of work or research of an original character in the Agricultural field subsequent to his graduation and must, if the examiners so desire, submit himself to an oral examination.

VI. ENGINEERING

A candidate for the B.E. Degree must have passed the Intermediate Examination in Science of this or of any other recognized University in the group of Mathematics, Physics and Chemistry, or must have passed the Intermediate Arts Examination with Mathematics as the Optional subject and the B.A. Examination with Physics and Chemistry as the Optional group. Candidates will be required to pass three examinations: The First Examination in Engineering: the Second Examination in Engineering (Civil or Mechanical); and the B.E. Degree Examination (Civil or Mechanical).

(i) *The First Examination in Engineering.*—The course of study extends over one year and includes Mathematics, Mechanics, Heat Engines, Surveying, Drawing, Workshop Practice, Engineering Materials and Electrical Engineering. Candidates will be examined in all subjects except Workshop Practice. One paper will be set in each of the subjects of examination. The minimum for a pass is 45 per cent. of the aggregate, 33 per cent. in Mathematics, and 40 per cent. in each of the other subjects. Successful candidates who obtain 60 per cent. in the aggregate are placed in the First Class.

(ii) *The Second Examination in Engineering (Civil, Mechanical and Electrical:*

(a) *Civil.*—The course of study for this examination covers one year after passing the F.E. Examination and candidates will be required to study and be examined in Calculus, Strength of Materials, Building Construction, Civil Engineering, Surveying, Drawing and Design, and Geology. They must also complete a prescribed course in Materials Testing Laboratory. One paper will be set in each of the subjects of examination except Drawing, the examination in which is Practical, Oral and Sketching. In Geology and Surveying, there will also be a practical examination. In order to pass, a candidate must obtain 40 per cent. in each subject (in the written and practical examinations separately), and 45 per cent. in the aggregate. Those who obtain 60 per cent. in the aggregate are placed in the First Class.

(b) *Mechanical and Electrical.*—The duration of the course of study for this examination is one year after passing the F.E. Examination. Candidates will be examined in Strength

of Materials, Calculus, Prime Movers, Electrical Engineering, Drawing, Workshop Practice and Elements of Engineering Economics. The Examination in Drawing comprises Practical, Oral and Sketching and there will be a Practical Examination in Workshop Practice. One paper will be set in each of the other subjects and there will be a Practical Examination in Prime Movers. The minima for pass and class are the same as for the S.E. (Civil) Examination.

(iii) *B.E. Degree Examination (Civil Mechanical and Electrical)* :

(a) *Civil*.—Candidates who have passed the S.E. (Civil) Examination of this University (and kept at least two terms in a recognized School or College in Civil Engineering) are admitted to the B.E. (Civil) Examination. During the two terms, they are required to study the following subjects: Theory of Structures, Reinforced Concrete and Structural Design, Civil Engineering (Paper I), Civil Engineering (Paper II), Elements of Engineering, Technical Essay and Précis, Estimating (College Certificate only), and Drawing and Design. At the examination, one paper will be set in each of the subjects except Drawing. Candidates are further required to obtain a certificate in Estimating.

In order to pass a candidate must obtain 45 per cent. in the aggregate and 40 per cent. separately in the written, practical or oral examination in each subject. Successful candidates who secure 66 per cent. of the aggregate are placed in the First Class.

(b) *Mechanical*.—The conditions of admission to this examination are the same as for B.E. (Civil) Examination except that candidates should have passed the S.E. (Mechanical) Examination. Candidates are required to study and be examined in the following subjects: Strength of Materials (one paper), Prime Movers (two papers), Hydraulics and Hydraulic Machinery (one paper), Electrical Engineering (one paper), Drawing (Practical, Sketching and Oral), Workshop Appliances, Practice (one paper and a Practical Examination) and Technical Essay and Précis. The minima for pass and class are similar to those of B.E. (Civil) Examination.

(c) *Electrical*.—The conditions of admission to this Examination are the same as those for B.E. (Civil) Examination except that candidates should have passed the S.E. (Mechanical and Electrical) Examination. The candidates are required to study, and be examined in Strength of Materials, Prime Movers, Hydraulics and Hydraulic Machinery, Technical Essay and Précis, Electrical Installations and Power Supply, Traction and Radio-Communication, Electrical Engineering,

and Drawing and Design. The minima for pass and class are similar to those of B.E. (Civil) Examination.

(iv) *Master of Engineering (Civil, Mechanical or Electrical).*—The examination for this Degree is open to Licentiates or Bachelors of Engineering of this or of any other recognized University, who have practised as Civil, Mechanical or Electrical Engineers for at least three years after receiving their Degree. The Degree may be obtained in two ways: (i) by submitting, with due authentication, a report of Engineering work done by the candidate, or (ii) by submitting himself to an examination in one of the following subjects: (1) Building Materials and Construction and Structural Engineering, (2) Bridges and Railways, (3) Hydraulics and Irrigation, (4) Municipal Engineering and Town Planning, (5) Steam Engine and Turbine, Construction and Design, (6) Internal Combustion Engine, Construction and Design, (7) Machine Tools, Construction and Design, (8) Hydraulic Machinery, Constuction and Design, (9) Generation, Transmission and Distribution of Electrical Energy, (10) Electrical Power and Lighting, (11) Design of Electrical Machinery Apparatus and Instruments, or any other branch of Engineering approved by the Board of Studies.

VII. CHEMICAL TECHNOLOGY

PROFESSOR, READERS AND LECTURERS

R. T. Mody Professor of Chemical Technology and Head of Department.	K. Venkataraman, M.A. (Madras), M.Sc.Tech., Ph.D., D.Sc. (Manc.), F.I.C.
Reader in Chemical Engineering.	Dr. G. P. Kane, M.Sc., Ph.D., D.I.C.
Lecturer in Experimental Dyeing.	G. B. Jambuserwala, B.Sc. (Bom.), M.Sc.Tech. (Manc.).
Lecturer in Industrial and Tinctorial Chemistry.	T. N. Mehta, B.A., B.Sc. (Bom.), D.I.C., Ph.D. (Lond.), A.I.C.
Lecturer in Fuel Technology	M. R. Mandlekar, Ph.D. (Lond.), D.I.C.

PART-TIME LECTURERS

Industrial Administration	C. N. Vakil, M.A., M.Sc. (Econ.) (Lond.), F.R.E.S. (University Professor of Economics).
Mathematics	D. S. Agashe, B.A. (Cantab.) (St. Xavier's College).

Manufacture of Yarn and Cloth	D. F. Kapadia, B.A. (Bom.), M.Sc.Tech. (Manc.) (Victoria Jubilee Technical Institute).
Design Applied to Textile Printing.	C. R. Gerrard, A.R.C.A., R.O.I. (Director, Sir J. J. School of Art).

JUNIOR STAFF

Research Assistant in Optics (and part-time Lecturer in Colloids).	B. K. Vaidya, M.Sc., Ph.D. (Liverpool).
Technical Assistant in Dyeing and Printing.	S. R. Ramachandran, B.A. (Madras).
Demonstrator in Mechanical Engineering and Drawing (and part-time Lecturer in German).	P. K. Sathe, B.E. (Mech.) (Bom.).
Demonstrator in Chemical Engineering.	J. G. Kane, M.Sc. (Bom.), A.I.I.Sc.
Demonstrator in Industrial and Tinctorial Chemistry.	V. B. Thosar, B.A., M.Sc. (Bom.).
Analytical Assistant	G. K. Belekar, B.Sc., B.Sc.Tech.

WORKS STAFF

Dyehouse Assistant	.. M. N. Bhide.
Mechanic	.. A. B. Noronha.
Electrician	.. Dilbang Singh.

This Department has been instituted to provide technological training and facilities in research for those who intend to adopt an industrial career. Two courses extending over 2 years have been organised—Textile Chemistry and Chemical Engineering. Students who follow either of these courses successfully and pass the prescribed examination and in addition fulfil the specified conditions as to works practice are awarded the degree of B.Sc. (Tech.). The minimum qualification for admission is a B.Sc. of the University of Bombay in the second class with Chemistry as principal and physics as subsidiary, or other equivalent qualifications. Not more than 12 students for Textile Chemistry and 8 for Chemical Engineering are admitted annually.

The tuition fees for Graduates of Bombay University are Rs. 125 per term and for other students Rs. 200 per term.

Facilities are also provided for students working for the higher degrees of M.Sc. Tech. and Ph.D. in the Faculty of

Technology. Other qualified students intending to carry out research work within the purview of the Department are also admitted if accommodation is available. The fees for the former are Rs. 30 per term, those for the latter being fixed in individual cases subject to a minimum of Rs. 30 per term.

Scholarships and Fellowships

Four scholarships of Rs. 30 per mensem are awarded annually to students of the first and second years. There are eight research fellowships of Rs. 75 each per mensem for graduates of the Department who wish to carry out research for a higher degree. The following scholarships have also been endowed :—

The Byramji Ratanji Lentin Scholarship (about Rs. 570 per annum).—Awarded to the candidate who passes the B.Sc. Tech. examination of the University with the highest total of marks in the branch of Textile Chemistry on condition that he continues his studies for the M.Sc. Tech. Examination.

The Amelia, Wife of Dr. A. G. Viegas, Scholarship (about Rs. 166 per annum).—Awarded to the candidate who passes the B.Sc. Tech. Examination of the University with the highest number of marks in Chemical Engineering and continues his studies for the M.Sc. Tech. Examination.

The Chaturbhuj Jivandas Research Fellowship (about Rs. 1,529 per annum).—Awarded to a candidate who has passed the M.Sc. Tech. Examination of the University and who is doing research on an approved subject in the Department of Chemical Technology tenable for one year in the first instance and renewable at the discretion of the Syndicate.

Equipment.—The equipment includes a large scale bleaching, dyeing, printing and finishing plant capable of dealing with cloth upto 36" wide. Smaller machines are also provided for dealing with the bleaching and dyeing of hanks, cops and cheeses, and for the mercerising of hanks. The Chemical Engineering Laboratory is equipped on the unit system and is provided with machines for the following processes :—Disintegrating, wet and dry grinding and mixing, filtration, evaporation, extraction and distillation and for chemical reactions such as sulphonation, nitration, reduction and alkali fusion. Small plant is provided for experimental work on the flow of liquids and transference of heat.

Separate laboratories are provided for Experimental Dyeing, Tintorial and Technical Chemistry, Fuel and Optical work.

There is also a drawing office and a workshop equipped with modern machine tools.

Library.—A special library dealing with the various branches of chemical technology has been set up within the Department; a special grant of Rs. 20,000 and an annual grant of Rs. 5,000 having been voted for this purpose. 65 journals are at present being received either by gift or subscription; the back volumes of the most important of these journals have also been obtained.

Facilities for Research.—The Department is fully equipped for the conduct of research on all the common chemical industries. A research laboratory for the accommodation of eight students, an experimental dyeing laboratory, a dyehouse carrying a complete range of semi-scale plant for all processes from singeing to finishing and a very well-equipped optical laboratory are available, in which any problem in the chemical technology of textiles can be investigated. The technical chemistry and fuel laboratories provide facilities and space for several workers in these subjects. The chemical engineering laboratories, containing unit plant of every type, offer opportunities for carrying out semi-scale work on non-dangerous chemicals and for the trying out of works processes. Most of the necessary apparatus and plant may be fabricated in the departmental workshop.

One of the main objects of the Department is to form a link between science and industry. While its primary function is to impart advanced training in textile chemistry and chemical engineering to suitable candidates in order to equip them to occupy responsible positions in industry, it also acts as a central research and analytical laboratory for the benefit of the industries of the Presidency, and is endeavouring to co-operate with mills and factories in investigating any problem that may arise in the course of their work.

COURSES OF STUDY FOR B.SC. (TECH.)

FIRST YEAR

Textile Chemistry.—German. Chemical Engineering (Introductory). General Chemical Technology. Industrial Organisation and Industrial Relations. Colloids. Descriptive Engineering, Fuels. Plant employed in the Dyestuff Industry. General Technology of Oils, Fats and Waxes. Manufacture of Yarn and Cloth. Chemistry of Intermediates and Dyes (Introductory).

Practical Work.—Engineering Drawing, Workshop Practice. Fuel Laboratory. Technical Chemistry Laboratory. Experimental Dyeing.

Chemical Engineering.—German. Chemical Engineering (Introductory). General Chemical Technology. Industrial

Organisation and Industrial Relations. Colloids. Descriptive Engineering. Fuels. Plant employed in the Dyestuff Industry. General Technology of Oils, Fats and Waxes. Mathematics. Principles of General Engineering.

Practical Work.—Engineering Drawing. Workshop Practice. Fuel Laboratory. Technical Chemistry Laboratory. Chemical Engineering Laboratory.

SECOND YEAR

Textile Chemistry.—Construction of Works. Costing and Estimating. Chemistry of the Colouring Matters. Chemistry of Textile Fibres and Dyeing (Advanced). Technology of Dyeing and Printing. Technology of Bleaching, Mercerising and Finishing. Design applied to Textile Printing.

Practical Work.—Technical Chemistry Laboratory. Dye-house. Experimental Dyeing Laboratory. Practical Microscopy.

Chemical Engineering.—Construction of Works. Costing and Estimating. Advanced Chemical Engineering.

Practical Work.—Drawing Office. Chemical Engineering Laboratory. Workshop Practice.

VIII. LAW

(i) *Bachelor of Laws (LL.B.).*—The course of study is open to candidates who have passed the Intermediate Arts, Science or Commerce Examination of this University or an equivalent examination of another University or Board of Intermediate Education, and have thereafter kept two terms in a Law College affiliated to this University. Candidates will be required to pass two examinations, the First LL.B. Examination held at the end of the first year, and the Second LL.B. Examination held at the end of the second year.

For the First Examination, candidates are required to study and be examined in the following subjects: Roman Law and Broom's Legal Maxims (selected portions), Jurisprudence, Constitutional Law, English and Indian (General Principles), Torts, Crimes and Criminal Procedure, General English, consisting of (1) an essay and precis-writing, and (2) two modern text-books in prose to be prescribed by the Academic Council on the recommendation of the Board of Studies in Law. One paper will be set in each of these subjects.

For the Second LL.B. Examination, candidates must study and be examined in the following subjects:

Group A

Hindu Law, Muhammadan Law and the Indian Succession Act Equity with special reference to Trusts and Specific Relief.

Group B

The Law of Evidence, Civil Procedure and Limitation; The Law of Property, Easements and Land Tenures; The Law of Contracts, including Partnership, Sale of Goods; Negotiable Instruments and General Principles of Mercantile Law; Company Law and the Law of Insolvency. Candidates may take Groups A and B together or separately. One paper will be set in each of these subjects.

In order to pass either of the Examinations, a candidate must obtain one-third of the full marks in each paper and one-half of the aggregate. Candidates who obtain two-thirds of the total marks obtainable will be placed in the First Division.

(ii) *Master of Laws (LL.B.)*.—Admission to the courses of study for this Degree is granted to Law Graduates of this or of certain other recognized Universities and the course extends over two academic years. Every candidate for the Degree of LL.M. is required (1) to register himself as a post-graduate student of the University, (2) to get himself as enrolled as a regular student of a Law College affiliated to the University and (3) to report himself daily to the Principal of the College. Candidates are required to study and be examined in any one of the following four branches:

- Branch I .. Jurisprudence, Roman Law, International Law (Public), International Law (Private), Principles of Legislation, and Constitutional Law (British and Indian).
- Branch II .. Hindu Law, Muhammadan Law, the Law of Wills, the Law of Marriage and Succession in British India.
- Branch III .. Real Property, Principles of Equity with special reference to the Law of Trusts and Specific Relief, the Law of Easements and Prescription, and Customary and Statute Law relating to Land Tenure in British India.
- Branch IV .. The Law of Contracts in General, the Law of Agency, Partnerships and Companies, Mercantile Law, Maritime Law, the Law of Torts, and the Law of Crimes.

The examination in each branch consists of six papers. To pass the examination, candidates must obtain 50 per cent. in each of the papers. Those who obtain 66 per cent. of the aggregate are placed in the First Class.

IX. MEDICINE

(i) *Degrees of Bachelor of Medicine and Bachelor of Surgery (M.B.B.S.)*.—For admission to a course of study for these Degrees, a candidate must have passed the Intermediate Examination in Science of this University in the group of Physics, Chemistry and Biology or an equivalent examination of any other recognized University. Candidates for these degrees are required to pass three examinations:—(i) The First M.B.B.S. Examination, (ii) The Second M.B.B.S. Examination, and (iii) The Third M.B.B.S. Examination.

(a) *The First M.B.B.S. Examination*.—Before presenting themselves for this examination, candidates must have attended complete courses in (i) Human Anatomy and Embryology, (ii) Physiology, (iii) Organic Chemistry and Bio-Physics. They will be examined in Anatomy including Embryology, Descriptive and Practical, and Physiology including Histology and Chemical and Experimental Physiology and in Organic Chemistry and Bio-Physics. The examination consists of two written papers and a Practical Examination or an oral test or both in each subject. For a pass, a candidate must obtain in each subject 50 per cent. in the practical test, 40 per cent. in the written test and 50 per cent. in the written and practical tests put together. Those who obtain 66 per cent. in the aggregate are placed in the First Class.

(b) *The Second M.B.B.S. Examination*.—Candidates will be examined in the following subjects: Materia Medica, Pharmacology and Practical Pharmacy. The examination consists of one written paper and one practical or oral examination in each subject. The passing standard is the same as at the First M.B.B.S. Examination.

(c) *The Third M.B.B.S. Examination*.—Before presenting himself for this examination, each candidate must have attended the course in Medicine, Surgery, Midwifery and Diseases of Women, Ophthalmology, Pathology, Forensic Medicine and Preventive Medicine. He must also have received systematic and clinical instruction in Diseases of the Ear, Nose and Throat, Disease of the Skin, Radiology, Dentistry, Tuberculosis, Venereal Diseases and Anæsthetics. He must further have attended the prescribed Hospital Practice.

Candidates are examined in (i) the Principles and Practice of Medicine and Therapeutics, including Forensic and Preventive Medicine, Skin Diseases and Anatomy and Physiology

as applied to Medicine, (ii) the Principles and Practice of Surgery, including Ophthalmology, Diseases of the Ear, Nose and Throat, and Anatomy and Physiology as applied to Surgery, and (iii) Midwifery and Gynaecology.

The subjects of examination are divided into two groups which may be taken together or separately.

The examination consists of written papers, an oral and practical and a clinical examination in each subject. For a pass, a candidate must obtain 50 per cent. in the aggregate of the Clinical, Practical and Oral tests, 40 per cent. in the Written and 50 per cent. in the Written and Clinical, Oral and Practical taken together. Those who obtain 66 per cent. of the aggregate are placed in the First Class.

(ii) *Degree of Bachelor of Hygiene*.*—Candidates who have passed not less than a year previously the M.B.B.S. Examination of this or any other recognized University, or who have taken the Degree of L.M. & S. of this University only, are admitted to this examination provided they have (a) attended courses of practical laboratory instruction in Chemistry, Bacteriology, Animal Parasitology and the Pathology of those diseases of animals that are transferable to man; (b) been diligently engaged in acquiring a practical knowledge of the duties of Public Health and Administration under the supervision of an approved Health Officer, and (c) attended practice in a Hospital for infectious diseases.

The examination is held in two parts both of which may be passed at the same time or separately. Part I has reference to the general principles of Sanitary Science and consists of two papers and a practical examination in the laboratory work and a *viva voce* examination. Part II has reference to State Medicine and applications of Pathology and Sanitary Science and consists of two papers and a practical examination in and reporting on subjects connected with Out-door Sanitary Work and a *viva voce* examination.

Soon after the conclusion of the examination, the Examiners will report whether the candidates have passed or failed.

(iii) *Degree of Doctor of Medicine (M.D.)*.—The Examination for this Degree is open to Bachelors of Medicine and Bachelors of Surgery of this or of any other recognized University and to Licentiates of Medicine and Surgery of this

* In future, there will be an examination for the Diploma in Public Health instead of an examination for the degree of Bachelor of Hygiene.

University only, who have been engaged in continuous practice of the Medical profession for at least five years one of which must be spent in the post-graduate study of the particular branch in which he offers the examination, at a recognized Hospital or Institute. The period may be reduced under special conditions.

Candidates will be examined in one of the following Branches: Branch I—comprising (a) Medicine, including Mental Diseases and Medical Applied Anatomy (one paper), (b) Tropical Medicine (one paper), (c) Pathology including Bacteriology (one paper), (d) an essay on one of the two subjects in Medicine (one paper), and a clinical, an oral and a practical examination; Branch II—Pathology comprising (a) Pathology including Bacteriology (two papers), (b) Medicine (one paper), (c) an essay on one of the two subjects in Pathology including Bacteriology (one paper), (d) a laboratory examination including an oral, a practical and a *post mortem* examination; Branch III—comprising (a) Midwifery including the Surgical Anatomy of the Pelvis (one paper), (b) Diseases of Women and Children, including Antenatal Diseases (one paper), (c) one paper in Pathology including Bacteriology, (d) an essay on one of the two subjects in Midwifery and Diseases of Women, (e) a clinical, an oral and a practical examination. A candidate may submit a thesis embodying the results of his own independent research in the branch in which he appears. The thesis may exempt him from a part or the whole of the written examination only.

The Examiners will report whether the candidates have failed or passed or passed with distinction.

(iv) *Degree of Master of Surgery*.—The conditions of admission to this examination are the same as for the M.D. Examination. Candidates will be examined in Surgery (two papers), Pathology including Bacteriology and Surgical Anatomy (one paper), an essay on one of the two subjects in Surgery including the History of Surgery (one paper). There will also be a Clinical Examination with operations on the cadaver, and an oral and practical examination with examination of Pathological specimens and X-ray Skiagrams. The Examiners will report whether a candidate has passed or failed or has passed with distinction.

A thesis may be submitted on the same conditions as at the M.D. Examination.

(v) *Degree of Doctor of Hygiene*.—The examination for this Degree is open to candidates who have passed at least two years previously the examination for the Degree of Bachelor of Hygiene of this University or an equivalent examination of any

other recognized University. Further each candidate must have attended outdoor and indoor work of a Medical Officer of Health for one year under the supervision of an approved Health Officer.

The examination is conducted as follows:—(i) Public Health—three papers and a practical and an oral examination; (ii) Sanitary Laws of England and India—one paper and an oral examination. The scope of this examination is fuller than that of the Degree of Bachelor of Hygiene, and candidates must show competent knowledge of Sanitary Science in all its branches.

(vi) *Diploma in Ophthalmology*.—The examination for this Diploma is open to Graduates in Medicine and Surgery of this or of any other recognized University who have been engaged for at least one year in the Post-Graduate Study of Ophthalmology at a recognized Hospital or Institution. Further, candidates must produce certificates of having attended (a) the Clinical Practice of a recognized Ophthalmic Hospital for at least twelve months, and (b) courses of study in Optics, Anatomy, Physiology of the Eye, Pathology, Bacteriology and Ophthalmic Operative Surgery.

The examination is partly written and partly *viva voce*. There are four papers in the written examination. The Examiners will report whether candidates have failed or passed.

Calcutta University

Introductory (Historical) and Character of the University

In July 1854, the Court of Directors sent out a Despatch to the Governor-General of India in Council, directing the organization of Universities of Calcutta, Madras and Bombay. In pursuance of that Despatch, the University of Calcutta was founded on the 24th January, 1857. As regards its constitution, the University adopted, in the first instance, the form, government and regulations of the University of London, and gradually, as necessity arose, changed and adapted them to the requirements of its own students.

The University of Calcutta was incorporated by an Act of the Legislative Council (Act No. II of 1857) for the purpose of ascertaining by means of examination the persons who had acquired proficiency in the different branches of Literature, Science and Art, and of rewarding them by academical degrees.

A supplementary Act was passed in 1860 (Act No. XLVII of 1860) giving the power of conferring Degrees other than those provided for in the former Act.

An additional Act was passed in 1884 (to amend Act No. XXI of 1875, which authorized the University of Calcutta to grant University Degrees) giving the University the power of conferring the Degrees of Doctor in the Faculty of Law upon any person, on the ground of his eminent position and attainments, without requiring him to undergo any examination. The first honorary Degree of D.L. granted by the University was conferred upon His Majesty the King-Emperor late Edward VII (then H.R.H. the Prince of Wales) at a convocation held on 3rd January 1875.

In January 1902, His Excellency the Governor-General of India in Council appointed a Commission "to inquire into the condition and prospects of the Universities established in British India; to consider and report upon any proposals which have been, or may be, made for improving their constitution and working and to recommend to the Governor-General in Council such measures as may tend to elevate the standard of University teaching, and to promote the advancement of Learning." The Commission submitted their Report on the 9th of June 1902. An Act amending the Law relating

to the Universities in British India (Act VIII of 1904), passed by the Governor-General of India in Council, received the assent of the Governor-General on the 24th of March 1904, and it came into force on the 1st of September 1904. Act VIII of 1904 was amended by Act II of 1905, Act XI of 1911 and Act VII of 1921. Under Act II of 1857, the University was only an examining body. Under Section 3 of Act VIII of 1904, the University has been empowered to make "provision for the instruction of students, to appoint University Professors and Lecturers, to hold and manage educational endowments, to erect, equip and maintain University Libraries, Laboratories and Museums, to make regulations relating to the residence and conduct of students, and to do all acts consistent with the Act of Incorporation to this Act, which tend to the promotion of study and research."

Constitution of the University

The University authorities are:—

- (1) *The Chancellor* (Governor of Bengal for the time being).
- (2) *The Vice-Chancellor* who is appointed by the Government of Bengal from among the Fellows.
- (3) *The Ex-Officio* Fellows.
- (4) The Ordinary Fellows.

The Senate.—The Chancellor, Vice-Chancellor and Fellows constitute the Senate which is the Governing Body of the University and has the powers to make and alter Bye-laws and Regulations subject to the approval of the Government of Bengal. The Senate is divided into five Faculties, namely, Arts, Science, Law, Medicine and Engineering.

The Syndicate.—The executive government of the University is vested in the Syndicate, which consists of the Vice-Chancellor as Chairman, the Director of Public Instruction, Bengal, for the time being, as *ex-officio* Member, and fifteen Fellows who are elected for a period of one year partly by the Senate and partly by the Faculties as follows:—Four, by the Senate; four, by the Faculty of Arts; two, by the Faculty of Science; two, by the Faculty of Law; two, by the Faculty of Medicine; one, by the Faculty of Engineering. Of the fifteen Members, at least seven shall be either Heads of, or Professors in, Colleges affiliated to the University, and of these Syndics, at least, two shall be elected by the Senate, at least five by the various Faculties as follows:—three by the Faculty of Arts; one by the Faculty of Science; one by the Faculty of Medicine.

The Councils of Post-graduate Teaching.—Post-Graduate Teaching in Calcutta is conducted only in the name and under the control of the University. For this purpose, two councils have been constituted, namely, the Council of Post-Graduate Teaching in Arts and the Council of Post-Graduate Teaching in Science.

Library, Museums, Laboratories, etc.

The University Library is under the management of the Library Executive Committee, subject to the general control of the Syndicate. It is for the use of Resident Fellows, Registered Graduates, Research Scholars, Readers, Professors, Lecturers and Students of Post-Graduate and Under-Graduate classes of this University, who are entitled to take out books from the Library. Every facility is given to students and research scholars to utilize the Library for the purpose of study and research from 7 A.M. to 7 P.M. daily excepting Sundays and authorized holidays. Other persons may also use the Library with the permission of the Library Committee on payment of a small fee of Rs. 2-8-0 for every six months and a deposit of Rs. 10 only, but they are not allowed to take out books from the Library for home use. The Central and other Libraries of the University contain over 2,06,000 volumes, including pamphlets and periodicals and a fairly large collection of Bengali, Sanskrit and Tibetan Manuscripts and Rotograph copies of Persian and Arabic Manuscripts.

Besides this Library, there are other Libraries attached to the University, *viz.*, Law College Library and Libraries of the different Departments of Science. The Departmental Science Libraries, numbering seven, are controlled directly by the Central Library while the Law College Library has its own Committee.

There are Laboratories attached to each department of the University College of Science and also Museums attached to the Departments of Anthropology, Commerce and Ancient Indian History and Culture.

The Museum attached to the Department of Ancient Indian History and Culture is named "Asutosh Museum of Fine Arts" after the late Sir Asutosh Mookerjee. The object of this Museum is to collect and preserve specimens representing different phases of Indian Arts, special emphasis being given to Bengal Arts. A scheme of exploration of the different regions of Bengal, under the auspices of the Museum, has been initiated. The Museum has been recently presented with the Art Collections of late Mr. Puran Chand Nahar, worth about Rs. 40,000, by his worthy son, Mr. Bijay Singh Nahar, of Calcutta. The Art collections of Mr. Biren Roy, Puri, has also been purchased for the Museum at the cost of Rs. 6,000.

Scholarships and Medals

A large number of Scholarships, Medals and Prizes are awarded every year. For the encouragement of Post-Graduate study in Arts and Science, there are twelve University scholarships of Rs. 32 per month each which are awarded to the students who have done best at the B.A., B.Sc. or B.Com. Examination. Special Scholarships are awarded for study outside India. The University offers scholarships of Rs. 75 each per mensem to carry on research.

Provision for Research

There is a large Post-Graduate Department which also helps candidates desirous of attaining Research Degree. A large number of Fellowships and Research Scholarships are awarded by the University to encourage original research.

University Extension Lectures

With a view to promoting a desire for original investigation and research among the advanced students of the University and members of the outside public interested in education, eminent scholars from India and abroad are, from time to time, invited by the University to deliver courses of lectures on subjects in which they have specialized. These extension lectures are organized in addition to the lectures by the Special University Readers, who are appointed under Chapter X of the Regulations with the sanction of the Government, the aim of these two kinds of lectures being almost identical. These lectures, after delivery, are printed and published by the University.

University Publications

The University has an up-to-date Press of its own and it undertakes the publication of specialized lectures delivered by the University Professors, Lecturers and Readers, theses of

successful candidates for Doctorate degrees, research scholarships and prizes and results of research work carried on by University Professors, Lecturers and Research Assistants, besides a number of periodicals, annuals and serials. A large number of standard works on Indian Culture, Language and Literature, Art and Iconography, History and Sociology (including Ancient Indian History and Culture), Philosophy and Religion, Economics, Politics, Law, Mathematics and Science has also been published. Descriptive catalogue of these publications may be obtained from the Registrar.

Military Training

Military Training in the Calcutta Battalion, University Training Corps, is carried out on the same line as that followed in a British Infantry Battalion as far as possible.

The same arms are not provided for U.T. Corps as for regular units, *i.e.*, the Corps has not so far been issued with such arms as the Machine Gun, Lewis Gun, Bombs, etc., but training in tactics—Arms Drill, Ceremonial Drill and Bayonet Training—is carried out, also Musketry Course is fired annually.

Officers receive instruction and practice in tactical exercises, drilling, etc., as for the British Officer at a British Infantry Battalion.

Residence and Cost of Living

Under Chapter XXIV of the University Regulations the following classes of lodgings are approved :—

- (a) Collegiate Hostels.
- (b) Non-Collegiate Hostels under external management.
- (c) Messes, attached or unattached.
- (d) Private Lodgings.

Licenses to Hostels under class (a) are granted by the Syndicate, while licenses to remaining three classes of lodgings are granted by the Students' Residence Committee—a subordinate body under the Syndicate, which consists of six members appointed annually from among the Fellows of the Senate. Students who do not live with their parents or other *bona-fide* guardians approved by the Principals, have to reside in either of the four classes of lodgings mentioned above. The cost of living or messing and seat rent varies in different Hostels and Messes. The messing charge is about Rs. 9 to Rs. 15 per month including establishment. Seat rent varies from Rs. 6 to Rs. 10 per month including electric charges and medical attendance. Admission to the Hostels or Messes is understood to be for the full session of 10 months.

University Provident Fund

Detailed rules have been framed for the "Calcutta University Provident Fund," to which the provisions of the Provident Fund Act have been extended by the Government of India. Membership which is compulsory for all new entrants is open to all whole-time teachers, officers and assistants. Each member contributes one-twelfth of his monthly salary and the Fund is supplemented by an equal amount from the University. For employees who have joined from 1-6-38, the rate will be 6½ per cent.

Women's Education

The following Institutions impart instruction to the women students only :—

Bethune College, Calcutta.
Loreto House, Calcutta.
Victoria Institution, Calcutta.
St. Mary's Convent, Shillong.
St. Helen's College, Kurseong.
Gokhale Memorial Girls' College, Calcutta.
South Calcutta Girls' College, Calcutta.
Lady Brabourne College, Calcutta.

The following Institutions have made special arrangements for imparting instruction to the women students separately :—

Vidyasagar College, Calcutta.

Asutosh College, Calcutta.

Scottish Churches College, Calcutta (for B.T. only).

Gurucharan College, Silchar.

In the Calcutta Medical College and other institutions, lady students are allowed to prosecute their studies if they so desire.

Students' Information Bureau and its Activities

In paragraph 89 of the Report of the Committee on Indian Students, 1921-22, it was recommended that in place of the Provincial Advisory Committee, each Indian University should establish a bureau specially staffed and equipped for the purpose.—

- (a) of supplying students wishing to pursue their education abroad with all the information, advice and assistance which they may require ;
- (b) of supplying the foreign University authorities with information regarding the students which will enable them to make their selection from the applications forwarded.

This recommendation of the Committee has been accepted both by the Government of India and the Secretary of State.

1. In Resolution No. 2108 Edn., dated the 2nd July 1924, the Government of Bengal has sanctioned the establishment of a University Bureau at Dacca in place of the Local Provincial Advisory Committee. The Calcutta University have established a Bureau in Calcutta, the constitution of which is as follows :—

- 1. The Vice-Chancellor of the Calcutta University—*President*.
- 2. The Director of Public Instruction, Bengal.
- 3-7. One representative of each of the Faculties of Arts, Science, Law, Medicine and Engineering (the representatives being persons with experience of foreign Universities).
- 8. One representative of the Executive Committee of the Council of Post-Graduate Teaching in Science.
- 9. One representative of the Executive Committee of the Council of Post-Graduate Teaching in Arts.
- 10-12. Three members appointed by the Syndicate (not necessarily members of the Senate), two of whom shall be teachers with experience of foreign Universities.

2. There is a part-time paid Secretary annually appointed by the Syndicate on the recommendation of the Bureau on an honorarium of Rs. 500 per annum, such Secretary being, whenever possible, a person with experience of a foreign University.

3. The Bureau is empowered to appoint correspondents in different parts of the Province to whom information might be supplied for the purpose of residents in the districts concerned.

4. In addition to the grant made to the Advisory Committee in Calcutta, which is, according to the new arrangement, to be transferred to the University, Government also have to transfer the Library of the existing Committee to the University.

5. The Bureau is to offer advice to any student who desires to go abroad for his studies and to furnish foreign Universities with information regarding the qualifications of the student.

The Government of Bengal have sanctioned the above scheme for the establishment of the Bureau in Calcutta. The Bureau is called "The University Students' Information Bureau", Calcutta.

Students' Welfare Scheme

A special Committee, consisting of prominent medical men, principals of colleges and others interested in health welfare work, called the Students' Welfare Committee, is appointed annually by the Senate to report on the state of health of the students attending the colleges in Calcutta, to consider all questions regarding the health and physical instruction of the students and to recommend to the Senate steps which should be taken to improve the health of the student population as a whole.

The work of the Committee can broadly be divided into three sub-heads :—

- (1) Medical Examination.
- (2) After-Care Work.
- (3) Physical Education.

To enable the Committee to carry out this work the University spends about Rs. 32,000 per annum over the Students' Welfare Scheme. There is an office and a medical staff attached to the Committee.

I. *Medical Examination.*—The medical staff attached to the Committee—five medical practitioners examine the health of all first year students in Calcutta Colleges every year. Health Examination of school students is also undertaken. Each

student examined is supplied with a copy of the findings immediately after his health examination. Further shortly after the completion of the examination, a report on health of the students is forwarded to the institution concerned. This report contains lists of students who are found to be defective, with the defects and recommendations for their correction and improvement stated against their names and roll numbers. The Committee publishes an annual report on the health of the students. A lady medical examiner has been specially appointed to examine the health of lady students and to keep under observation those who are suffering from grave defects.

II. *After-Care Work*.—Two After-Care officers have been appointed to follow up and to keep under observation students suffering from grave defects. An eye clinic is attached to the Department for the convenience of students.

A Students' Infirmary, consisting of 10 beds, is maintained by arrangement with the Hospital authorities at the Carmichael Medical College Hospitals, Belgachia, for treatment of students free of all costs.

The Secretary re-examines all cases found to be suffering from respiratory and circulatory diseases and extreme cases of malnutrition and keeps them under observation. Arrangements are made with firms to supply students with glasses at concession rate. Needy students are provided with glasses free of all costs. Arrangements are also made for treatment of dental affections at concession rates for students. Illustrated lectures on health matters are delivered in the different colleges periodically and health literature and pamphlets are widely distributed to students.

III. *Physical Education*.—The committee maintains a University organizer of Physical Education. He visits the different colleges with a view to survey the facilities for physical education of students and keeps himself in touch with the various organizations in the University and in the colleges now in existence for organizing games and sports. Further he gives instruction to students on proper methods for physical culture suited to their needs and also coaches students for participation in games and athletics.

The department runs a well-fitted playing ground where special arrangements are made to coach students in Cricket, Tennis, Hockey and Athletics. To popularise physical activities among the students the committee organises Proficiency Tests in Athletics, Gymnastics and Swimming and awards Certificates and Badges to candidates successfully passing the minimum standard.

The Calcutta University Rowing Club has been re-organized and a separate Board of Management has been appointed to control its activities.

Teachers' Training Department

On account of paucity of arrangements for the training of teachers for High Schools in Bengal, and particularly to meet the needs for specialised training in teaching subjects under the revised Matriculation Regulations, the University has opened a Teachers' Training Department under its own supervision. Arrangements have been made for the following courses for the present:—(i) General Training course for Teachers, (ii) Training Course for Geography Teachers, (iii) Training Course for Science Teachers, (iv) Vacation Course. Regular examinations are held at the end of the training courses and certificates are granted to successful candidates. The Department also organises lectures by eminent educationists, of general and public interest, on education and allied topics.

Appointments and Information Board

Appointments and Information Board was established by the Senate on the 23rd January 1937, to work out the scheme prepared by Dr. Syamaprasad Mookerjee, former Vice-Chancellor of the University. The functions of the Board are as follows:—

- (1) to select apprentices for practical training, both technical and non-technical, in firms and industrial concerns;
- (2) to recommend to firms names of suitable candidates for appointments when requested;
- (3) to remain generally in touch with employers, to collect statistics regarding possible openings and supply information to the graduates and under-graduates as to the careers open to them;
- (4) to advise students preparing for various Service Examinations, to supply them with particulars of such examinations, and if necessary to organise their training.

It is now a practice with almost all the leading business houses of the City, to ask the Board to recommend names of suitable candidates in connection with the vacancies which may occur. A Register is maintained by the Board for enlisting names of Calcutta University graduates with details of their qualifications. No fees are charged from candidates for having their names registered with the Board.

The Board also organises 'Career Lectures' dealing with various industries, which are delivered by prominent businessmen, both Indian and European, of the City. The Board also regularly circulates to all the affiliated colleges of the University, recruitment notifications issued by the Federal Public Service Commission and other Institutions. The Board has a permanent Secretary with a staff.

Admission to the University, Courses of Study, Examinations and Degrees

ADMISSION TO THE UNIVERSITY

A candidate seeking admission to the University must have passed the Matriculation Examination conducted by the University or an examination accepted as equivalent thereto. The University confers in Arts the Degrees of B.A. (Pass and Honours), M.A. and Ph.D.; in Science, B.Sc. (Pass and Honours), M.Sc. and D.Sc. The Professional Degrees are B.Com., B.T., B.L., M.L., D.L., M.B., M.D., M.S., M.O., D.Sc. (Public Health), B.E., B.Met. (Metallurgy) and B.E. (Arch.). In addition to the above, the following Diplomas are also granted: Diploma of Public Health, Diploma in Ophthalmic Medicine and Surgery, Licentiate in Teaching and Diploma in Spoken English. Provision is made, under conditions, for admission as non-collegiate students of Teachers, Laboratory Assistants, Demonstrators and Librarians of affiliated Colleges. Lady candidates can appear at the University examinations without studying in an affiliated College.

The Revised Regulations for the Matriculation Examination will come into force from the examination of 1940.

The following are the fundamental points on which the Revised Regulations differ from the old:—

In the new Regulations—

- (i) *Vernacular* has been made the *medium* of instruction and examination in all subjects excepting in English. Hitherto, since the establishment of the University, English had been the medium.
- (ii) History (of India and England) and Geography have been made compulsory subjects.
- (iii) Provision has been made for the study of science subjects, *e.g.*, (a) Elementary Scientific Knowledge (this subject will be an Additional subject only for the first 3 years after these regulations come into operation, after which it will be a compulsory subject), and (b) Elements of Physics and Chemistry,

- (c) Elements of Biology—which have been included in the list of Additional subjects for the examination.
- (iv) An *alternative course* of study has been provided for *Girl Students*—which includes such subjects as, (a) Arithmetic and Domestic Science including Domestic Hygiene (in place of Mathematics, if so desired) in the compulsory papers, (b) Sewing and Needlework, (c) Music, (d) Drawing and Painting including an appreciation of Fine Arts, in the additional paper.
- (v) The minima of marks for the 1st and 2nd Divisions have been raised to 60 per cent. and 50 per cent. respectively.
- (vi) The age rule for admission to the examination has been abolished.

Besides these, every school recognized by the University as competent to send up candidates for the Matriculation Examination must provide for physical instruction to all pupils unless exempted by the Syndicate for any special reason, and shall be required to impart training, for a prescribed period, in at least one of the following subjects:—

Agriculture and Gardening, Carpentry, Smithery, Book-Keeping, Spinning and Weaving, Tailoring and Sewing, Music, Basket-making, Telegraphy, Needlework, Drawing and Painting including an appreciation of Fine Arts, Cookery, and such other subjects as may, from time to time, be prescribed by the Syndicate.

A candidate for the Matriculation Examination under the Revised Matriculation Regulations will be examined in:—

(1) A major Vernacular Language (*viz.*, Bengali, Urdu, Assamese or Hindi) (two papers); (2) English (two papers and a half); (3) Geography (half paper); (4) History of India and England (one paper); (5) Mathematics (one paper); (6) a Classical Language or an Indian Vernacular recognized by the Syndicate other than the Vernacular of the candidate already taken up or a Modern European Language (one paper); (7) Elementary Scientific Knowledge (one paper); and (8) any one of the following:—Elements of Physics and Chemistry, Mensuration and Surveying, Elementary Mechanics, Elementary Hygiene, Elements of Biology, Additional Mathematics, Business Method and Correspondence, Commercial Geography, Elements of Public Administration in India (one paper). (For the first three years after the regulations come into operation “*Elementary Scientific Knowledge*” will not be a compulsory subject but will be included as a subject in this list.) If the Vernacular of the candidate is other than a *Major Vernacular*,

he shall take up in lieu of the two papers allotted for the Major Vernacular two papers on any two out of the list of subjects mentioned above in (8) with Additional English added to the list.

For the Girl Candidates the list of subjects is as follows :—

(1) A Major Vernacular Language (*viz.*, Bengali, Urdu, Assamese or Hindi) (two papers); (2) English (two papers and a half); (3) Geography (half paper); (4) History of India and England (one paper); (5) Mathematics or Arithmetic and Domestic Science including Domestic Hygiene (one paper); and (6) at least two but not more than three of the following subjects :—

A Classical Language or a Modern European Language or an Indian Vernacular recognized by the University other than the one already taken up by her; Elementary Scientific Knowledge; Elements of Physics and Chemistry; Elementary Mechanics; Elementary Hygiene (only for those who take up Mathematics); Elements of Biology; Additional Mathematics; Business Method and Correspondence; Commercial Geography; Elements of Public Administration in India; Sewing and Needlework; Music; Drawing and Painting including an appreciation of Fine Arts. (*N.B.*—So long as Elementary Scientific Knowledge is not made a compulsory subject for boys, the girl candidates will have to take up at least one but not more than two out of the above list.) Girls whose Vernacular is not one of the Major Vernaculars shall take up at least three, but not more than four out of the list in (6) mentioned above. (*N.B.*—So long as Elementary Scientific Knowledge is not made a compulsory subject for boys, such girls will have to take up at least two but not more than three subjects out of the list.)

Each paper is of 100 marks and a half paper is of 50 marks and a candidate must obtain 36 per cent. of the total marks in Vernacular and English and 30 per cent. of the total marks in each of the other subjects and 36 per cent. of the total marks in the aggregate of all the compulsory papers, in order to pass the Matriculation Examination. Marks in excess of 30 obtained in an optional subject shall be added to the aggregate of marks obtained in the compulsory papers and shall be taken into account for determining the candidate's division and place in the pass list. A candidate who obtains 60 per cent. of the marks in the aggregate shall be placed in the First Division, and those who obtain 50 per cent. shall be in the Second Division, and other successful candidates in the Third Division.

COURSES OF STUDY AND DEGREES

ARTS

Intermediate Examination.—The course of study extends over a period of two years. The subjects and scheme of examination are as follows: English (three papers), one of the Vernacular languages (one paper) and three of the following (two papers each) of which two at least must be from Group A:—

Group A.—(1) One of the *Classical Languages, (2) History, (3) Logic, (4) Mathematics, (5) Elements of Civics and Economics, (6) Commercial Geography, and (7) Commercial Arithmetic and Elements of Book-Keeping.

Group B.—(1) Physics, (2) Chemistry, (3) Geography, (4) Physiology, (5) Botany, (6) Zoology, (7) Geology, (8) Anthropology, (9) Biology and (10) Psychology.

(Practical examination in subjects in Group B has been introduced with effect from the examination of 1939.)

Candidates may also be examined, if they so desire, in an additional subject included under Group A, provided they have not already taken the subject. In this optional subject there will be two papers.

The minima for a pass are as follows:—English 36 per cent., Vernacular or in the alternative paper, 36 per cent. and 30 per cent. in each of the remaining subjects excepting that in each of the subjects in Group B, the pass marks in the two *theoretical* papers is 40 and in the *practical* papers 20, and 36 per cent. of the aggregate. Those who obtain 50 per cent. or more of the aggregate are placed in the First Division while those who obtain 40 per cent. in the Second Division.

Bachelor of Arts (Pass and Honours).—The course of study extends over a period of two years.

Every candidate is examined in the following subjects:—

1. English—Three papers for Pass. Six Hons. papers.
2. Vernacular—one Pass paper.

3 and 4. *Two* of the following subjects, one of which at least must belong to Group A:—

French, German, Italian, Syriac, Bengali, Hindi and Urdu—three Pass papers and six Honours papers in each of these subjects and Assamese—three Pass papers only in this subject.

II. History.

III. Political Economy and Political Philosophy.

IV. Mental and Moral Philosophy.

V. Mathematics.

VI. Linguistics.

(The syllabus of Mathematics in the Honours Course includes study of Astronomy. Practical training has been introduced in the course of studies in Astronomy.)

Three Pass papers and Six Honours papers in each of the subjects.

No candidate will be allowed to take up Mental and Moral Philosophy unless he has passed the Intermediate Examination in Logic and no candidate will be allowed to take up this subject along with Psychology.

Group B

I. Physics.

II. Chemistry.

III. Physiology.

IV. Botany.

V. Zoology.

VI. Anthropology.

VII. Psychology.

VIII. Geography.

In the Pass course, two Theoretical papers and one Practical paper and in the Honours course four Theoretical papers and two Practical papers in each of these subjects.

No candidate will be allowed to take up any subject in Group B or Mathematics, who has not taken up the corresponding subject at the Intermediate Examination. If, however, a candidate has passed the Intermediate Examination taking up Physiology, Biology or Physics, he may take up Psychology.

The maximum number of marks for each paper is 100.

1. A candidate must obtain in order to pass in the Pass course—

In English	100	marks
Vernacular or paper alternative to it				33	„
Any subject in Group A		100	„
Any subject in Group B in the					
Theoretical papers		60	„
In the Practical papers		40	„

2. A candidate must obtain in order to pass in the Honours course—

In English	180 marks

Candidates obtaining 360 marks are placed in the Second Class and those obtaining 480 marks in the First Class.

Degree of Doctor of Philosophy.—A Master of Arts who has been placed either in the First or in the Second class at the M.A. Examination may be a candidate for the degree three years after the M.A. Degree. This is an examination by thesis, supplemented, if necessary, by an examination written, oral, or in subjects which admit of it, by a practical examination. On the approval of the Syndicate the Degree of Doctor of Philosophy is conferred.

Diploma in Spoken English.—This is open to all Masters of Arts and Science, Bachelors of Arts and Science as well as Bachelors of Teaching and Licentiates in Teaching who have received training in elocution for a period of not less than one year under a teacher recognized for the purpose. Candidates are required to undergo a written examination to test the candidate's knowledge of the elements of Phonetics with special reference to the pronunciation of English words and an Oral examination to test the candidate's power of elocution and his ability to carry on an ordinary conversation in English. To obtain a pass, a candidate must get 30 marks in the Written examination and 200 marks in the Oral examination. Candidates obtaining 300 marks in the aggregate are placed in the First Class.

SCIENCE

Intermediate Examination in Science.—The course of study extends over two years after passing the Matriculation examination. The subjects of study and the scheme of examination are as follows :—(1) English (three papers), (2) a Vernacular Language (one paper), (3) Chemistry (two papers), (4) Mathematics or Physics (two papers), and (5) any one of the following (two papers): Mathematics (if not already taken), Physics (if not already taken), Botany, Zoology, Geology, Geography, Physiology, Biology, Anthropology and Psychology. Candidates may take an additional subject (two papers), if they so desire, included under 5, provided they have not already taken the subject, or French or German.

(Practical examination in Science subjects has been introduced with effect from the examination of 1930.)

For a pass, a candidate must obtain 36 per cent. in English, 36 per cent. in the Vernacular or the alternative paper in English, 30 per cent. in each of the compulsory subjects taken up, and 34 per cent. in the aggregate. A candidate is placed in the First Division if he obtains 50 per cent. and the candidate who obtains 40 per cent. is placed in the Second Division.

Bachelor of Science (Pass and Honours).—The course of study extends over two years after the Intermediate Examination and candidates are allowed to study and be examined in any three of the following subjects :—(1) Mathematics, (2) Physics, (3) Chemistry, (4) Botany, (5) Geology, (6) Zoology, (7) Physiology, (8) Psychology, (9) Anthropology, and (10) Geography. No student will be permitted to take Mathematics or Geography if he has not taken it up for the Intermediate Examination. No student will be permitted to take up Physics or Chemistry unless he has taken up both Mathematics and Physics at the Intermediate Examination and no student can take up Psychology if he has not taken up Psychology or Physiology or Biology or Physics at the Intermediate Examination. No student will be allowed to take up Botany if he has not passed the I.Sc. Examination in Botany or Biology. In the Pass course, there are three papers in each subject, of which except in Mathematics, two are theoretical papers and one is practical paper. For a pass a candidate must obtain $33\frac{1}{3}$ per cent. in Mathematics, and 30 per cent. in the theoretical papers of any other subject and 40 per cent. in the practical papers. The number of papers set for the Honours course is six in Mathematics and four theoretical and two practical in the other subjects. Practical training has been introduced in the course of studies in Astronomy which is included as a subject of study in the syllabus of Mathematics in the Honours course.

To obtain Honours, a candidate must obtain 30 per cent. of marks in Mathematics and 27 per cent. in the theoretical papers and 36 per cent. in practical papers in any other subject.

Master of Science.—It is a two years course after the B.Sc. Examination, and the subjects of study and the scheme of examination are :—One of the following : (1) Pure Mathematics (8 papers), (2) Applied Mathematics, (3) Chemistry, (4) Applied Chemistry, (5) Physics, (6) Applied Physics, (7) Botany, (8) Physiology, (9) Zoology and Comparative Anatomy, (10) Geology, (11) Psychology, and (12) Anthropology. Distribution of papers and marks in these subjects is the same as noted in respect of these subjects for the *Master of Arts*.

Doctor of Science.—A Master of Science who has been placed either in the First or in the Second Class of the M.Sc. Examination may be a candidate for the degree three years after the M.Sc. Degree. This is an examination by thesis, supplemented, if necessary, by an examination, written, oral or practical. On the approval of the Syndicate, the Degree of Doctor of Science is conferred.

In certain cases exemption is granted from the Written examination.

TEACHERS' TRAINING CERTIFICATE EXAMINATIONS

These Examinations are held in (A) General, (B) Science, and (C) Geography.

(A) *General*.—A candidate who has passed the Intermediate Examination and served as a Teacher for at least two years, or who has graduated in any Faculty with Honours or distinction, or has obtained the Master's Degree is eligible for admission to the Examination provided he has undergone Teachers' Training Course for at least three months under the University. The subjects of study for this Examination are :—(1) General Principles of Education (one paper), (2) Educational Psychology (one paper), (3) Education in Bengal and Assam (one paper), and (4) and (5) Methods of Teaching two of the prescribed school subjects (one paper each). There is also a practical and oral examination. Candidates are also required to prepare Lesson Notes and do tutorial work.

(B) *Science*.—A candidate who has passed the B.Sc. Examination one year previously and has undergone Teachers' Training Course for at least three months under the University is eligible for admission to the examination. The subject of study for this examination are :—(1) Principles of Education and Methods of Teaching Science (one paper), (2) Astronomy, Geology, Physics and Chemistry (one paper), (3) Botany, Zoology, Physiology (one paper). There are also Practical Examinations in these subjects excepting in Astronomy. Candidates are also required to prepare Lesson Notes and do tutorial work.

(C) *Geography*.—A candidate who has passed the Degree Examination and has served as a teacher for at least one year, or a candidate who is a Graduate and has passed the Intermediate Examination with Geography, is eligible for admission to the Examination provided he has undergone Teachers' Training Course in Geography under the University for at least three months. The subjects of study are :—(1) Principles of

Education and Methods of Teaching Geography (one paper), (2) (a) Mathematical Geography and Climatology and (b) Physiography, Geomorphology and Biogeography (one paper), (3) (a) Human Geography and Commercial Geography and (b) Regional Geography and Map-making (one paper). There is also a Practical and Oral Examination. Candidates are also required to prepare Lesson Notes and do tutorial work.

LAW

Bachelor of Law.—It is a three years' course and graduates in Arts, Science, Commerce, Medicine and Engineering are eligible for admission to this course of study and have to pass in succession (1) Preliminary Examination, (2) an Intermediate Examination, and (3) a Final Examination. In all these examinations, there may, in addition to the written examination, be an oral test. The subjects of study and the scheme of examination are as follows:—*Preliminary Examination*: (1) Jurisprudence (one paper), (2) Roman Law (one paper), (3) Hindu Law (one paper), and (4) Constitutional Law (one paper). *The Intermediate Examination*: (1) Muhammadan Law and Law relating to persons (one paper), (2) The Law relating to Property, including Law of Transfer, *inter vivos* (one paper), (3) and (4) Principles of English Law of Real Property and Law of Intestate and Testamentary Succession (one paper), and (5) The Law of Contracts and Torts (one paper). *The Final Examination*: (1) The Law relating to Property, including the Law of Land Tenures, Land Revenue and Prescription (one paper), (2) The Principles of Equity, including the Law of Trusts (one paper), (3) The Law of Evidence and the General Principles of Civil Procedure and Limitation (one paper), and (4) The Law of Crimes and the General Principles of Criminal Procedure (one paper).

In order to pass the Preliminary, Intermediate or Final Examination, a candidate must obtain 30 per cent. in each paper and 50 per cent. in the aggregate. A candidate obtaining 67 per cent. will be placed in the First Division.

Master of Law.—The subjects of study and the scheme of examination are as follows:—A candidate will be examined in the following subjects besides an oral test, if the examiners think it necessary: (1) Hindu Law or Muhammadan Law (one paper), (2) Jurisprudence and Principles of Legislation (one paper), (3) Principles and History of Roman Law (one paper), (4) Private International Law (one paper), (5) and (6) Any two of the following subjects (two papers): (a) Principles of Equity, (b) The Law relating to the Transfer of Immovable Property and the Law of Prescription, (c) The Law relating to Wills, (d) The Law of Contracts and Torts, (e) Principles and History of the Law of Real and Personal Property, (f) Principles and

This is an examination by thesis, which may be supplemented by an examination, written, oral, or both, according as the Board of Examiners appointed to report on the merits of the thesis may think fit. If the Syndicate, upon the report, consider the candidate worthy of the Degree of Doctor of Law, the candidate is admitted to the Degree.

MEDICINE

Preliminary Scientific Examination for the Degree of M.B.—Any under-graduate of the University may be admitted to this examination provided he has fulfilled the following conditions:—

(a) That he has passed the Intermediate Examination with Physics, Chemistry and Mathematics.

(b) That he has completed, since passing the Intermediate Examination with Physics, Chemistry and Mathematics, a regular course of study, theoretical and practical, in the subjects for the examination for one academical year in a College affiliated to the University for this purpose.

The following are the subjects a candidate is required to study, and be examined in:—Inorganic Chemistry, Organic Chemistry, Physics, Botany and Zoology (one paper each).

The Scheme of Examination is as follows:—

Subjects	Written	Oral	Practical	Total	Passing Marks	Passing Marks in Practical
Chemistry (Inorganic)	200	100	100	400	160	40
Chemistry (Organic)	200	100	100	400	160	40
Physics ..	200	100	100	400	160	40
Botany ..	200	100	100	400	160	40
Zoology ..	200	100	100	400	160	40

First M.B. Examination.—The course of study is open to students who have passed the Preliminary Scientific M.B. Examination or the B.Sc. Examination in Physics, Chemistry, Botany and Zoology, and attended a regular course of study, theoretical and practical, in the subjects of the examination for not less than two years at a College of Medicine affiliated

to the University up to the standard of the First M.B. Examination.

Every candidate is examined in the following subjects :—
Anatomy and Physiology.

The Scheme of Examination is as follows :—

Subjects	Written	Oral	Practical	Total	Passing Marks	Passing Marks in W. & O.	Passing Marks in Practical
Anatomy ..	500	200	300	1,000	500	280	150

Second M.B. Examination.—The examination is open to those who have passed the First M.B. Examination and completed a regular course of study, theoretical and practical, in the subjects of the examination for not less than a year, at a College of Medicine affiliated to the University up to the standard for the Second M.B. Examination.

The following are the subjects of study and examination :—
(1) Pharmacology and Materia Medica, including Pharmacological Chemistry and Pharmacy. (2) Elementary Bacteriology and Pathology.

The Scheme of Examination is as follows :—

Subjects	Written	Oral	Practical	Total	Passing Marks	Passing Marks in W. & O.	Passing Marks in Practical
Pharmacology and Materia Medica ..	500	200	300	1,000	500	280	150
Elementary Bacteriology and Pathology ..	500	200	300	1,000	500	280	150

Third M.B. Examination.—The course of study is open to those who have passed the Second Examination in M.B. and have completed a regular study, theoretical and practical, in the subjects of the examination for not less than a year at a College of Medicine affiliated to the University up to the standard of the Third M.B. Examination.

Every candidate is examined in the following subjects :— (1) Forensic Medicine, (2) Hygiene and Public Health; the examination shall be written, oral and practical. Three hours shall be allowed for each paper in each subject.

The examination in Forensic Medicine consists of (a) one theoretical paper, (b) an oral examination, (c) a practical examination, to include examination of the dead body on points of Medico-legal importance as arising out of, or as illustrated by, the conditions observable in the dead body, the actual methods of *post-mortem* examination for Medico-legal purposes, the putting up of materials for Medico-legal chemical analysis and the writing of Medico-legal *post-mortem* reports.

The Scheme of Examination is as follows :—

Subjects	Written	Oral and Practical	Total	Pass	Written Pass	Oral and Practical Pass
Forensic Medicine ..	500	500	1,000	500	200	250
Hygiene and Public Health	500	500	1,000	500	200	250

Final M.B. Examination.—The course of study is open to those who have passed the Third M.B. Examination and have completed a regular course of study, theoretical and practical, in the subjects of the examination in a College of Medicine affiliated to the University up to the standard of the Final M.B. Examination.

A candidate is required to study and be examined in the following :—(1) Medicine, including Applied Anatomy and Physiology, Clinical Pathology and Therapeutics; (2) Surgery including Applied Anatomy and Physiology and Clinical Pathology, Ophthalmology, Diseases of the Ear, Throat and Nose, Radiology, Orthopædics and Venereal Diseases; (3) Midwifery and Diseases of Women.

The examination in Medicine consists of—

(a) Two theoretical papers, an average of at least half an hour being allowed to answer each question.

(b) An oral examination, including an examination on pathological specimens, secretions, the testing of urine, clinical microscopy and prescription-writing.

(c) A clinical examination, at least one hour being allowed to the candidate for the examination of, and report on his principal case. The examination of secretions, the testing of urine, clinical microscopy and prescription-writing should form a part of this examination.

The examination in Surgery consists of—

(a) Two theoretical papers, an average of at least half an hour being allowed to answer each question.

(b) A clinical examination, at least half an hour being allowed to the candidate for the examination of, and report on his principal case.

(c) An oral examination in which questions on the use of surgical instruments and appliances, on the application of splints and bandages and on museum specimens illustrating surgical pathology, interpretation of X-ray records and pathological slides shall form a special part.

(d) Operations on the dead body.

The examination in Midwifery and Diseases of Women consists of—

(a) Two theoretical papers, an average of at least half an hour being allowed to answer each question.

(b) An oral examination including questions on specimens, models and instruments and appliances.

(c) A practical examination on Obstetrics and Gynaecological operations on the manikin and a clinical examination, whenever possible.

The full marks of each subject and minimum marks required for passing are as follows :—

Subjects	Written	Oral	Practical	Total	Passing Marks	Passing Marks in W. & O.	Passing Marks in Practical
Medicine ..	500	200	300	1,000	500	280	150
Surgery ..	500	200	300	1,000	500	280	150
Midwifery ..	500	200	300	1,000	500	280	150

Revised M.B. Course.—The M.B. Course has recently been thoroughly revised and it is expected that the first admission to the course under the revised regulations will be from 1940.

A set of Transitory Regulations have been formulated for meeting those cases of students under the Old Regulations who would elect to transfer to the courses of studies under the New Regulations.

Under the new rules the whole course consists of three stages—(i) Pre-clinical (First M.B. Examination), (ii) Post-clinical (Final M.B. Examination) and (iii) Instruction after Final M.B. Qualifications for admission to the course are either (a) a pass at the Intermediate Examination in Science with Mathematics, Physics, Chemistry and Biology or (b) after

passing the Intermediate Examination in Science with Physics, Chemistry and Mathematics, prosecution of a course of study for six months in Biology, or in Zoology and Botany.

The Pre-clinical course consists of not less than two years' course of study, theoretical and practical, in the following subjects:—(i) Organic and Physical Chemistry, (ii) Anatomy, (iii) Physiology, (iv) Pharmacology (Materia Medica, Practical Pharmacy and Toxicology), and (v) Elementary Pathology and Bacteriology. The examination shall be Written, Oral and Practical. In assessing the marks the Examiners are to take into account duly attested records of work done by the candidate. The Post-clinical course of study (Final M.B. Exam.) consists of two parts covering a total period of not less than 3 years. The two parts consist of as follows:—Part I—(a) Medicine (including Applied Anatomy and Physiology, Clinical Pathology and Therapeutics, Diseases of children, Tuberculosis, Skin Diseases and Infectious Diseases and Psychopathology); (b) Pathology, Bacteriology and Parasitology; (c) Pharmacology and Therapeutics; (d) Public Health and Hygiene; (e) Forensic and State Medicine. In this part of the course practical instruction on the conduct of necropsies with a certificate of having acted as *post-mortem* clerk in at least 10 cases is necessary. The course also includes (i) a medical clinical clerkship for a period of nine months, of which six months must be spent in the hospital wards, one month of ward-clerking being spent as an intern-clerk in residence in hospital or close by, and three months in the Out-patient Department, (ii) a clinical clerkship for one month in a children's ward or hospital or in an Out-patient Department. Part II—(a) Surgery (including Applied Anatomy and Physiology, Clinical Pathology, Ophthalmology, Diseases of Ear, Nose and Throat, Radiology, Orthopædics and Venereal Diseases, Dental Diseases and Surgical Diseases of Infancy and Childhood), and (b) Obstetrics and Gynæcology including Infant Hygiene. The course in Surgery includes a surgical Dressership for a period of nine months, of which six months must be spent in the hospital wards—one month of surgical ward-dressing being spent as an intern-clerk in residence in hospital or close by, and three months in Out-patient Department. The courses in Obstetrics and Gynæcology including Infant Hygiene includes attendance on the practice of a maternity hospital or the maternity wards of a general hospital for a period of at least three months. Of this period not less than one month should be spent as a resident pupil in a maternity hospital or maternity ward of a general hospital.

In Medicine, Surgery and Obstetrics and Gynæcology including Infant Hygiene, the examination will consist of one theoretical paper in each, an Oral Examination, a Practical

Examination and a Clinical Examination. The examination in Pathology will consist of one Theoretical paper, a Practical examination and an Oral examination. The examination in Pharmacology, Therapeutics, Public Health and Hygiene and Forensic and State Medicine will consist of one Theoretical and one Oral examination in each.

The course of instruction after passing the Post-clinical Examination in Part I and Part II consists in attendance at Practical clinical instruction for a period of six months in the wards of a hospital specially recognised for the purpose. A part not exceeding one month of the post-clinical period should be spent in a hospital for special diseases.

Diploma in Public Health.—The course is open to any Bachelor of Medicine or Licentiate in Medicine and Surgery on production of certificates of having subsequent to passing the M.B. or L.M.S. Examination—

- (i) attended, during a period of not less than six months, approved courses of instruction in (a) Bacteriology including Immunology and Serology, Filterable Viruses and the Rickettsias, Medical Entomology, Protozoology and Helminthology especially in their relation to diseases of man and to those diseases of the lower animals transmissible to man—this course to last at least 200 hours; (b) Public Health, Chemistry and Physiology (Biochemistry and Biophysics) applied to Public Health—this course to last at least 160 hours;
- (ii) been diligently engaged for at least six months in acquiring practical knowledge of the duties, routine and special, of public health administration under the supervision of a recognised Medical Officer of Health of a town or sanitary area of not less than fifty thousand inhabitants, who shall certify that the candidate has received from this officer or from other competent Medical Officer during not less than three hours on each of 60 working days, instruction in these duties (a candidate who produces evidence that he has been in independent sanitary charge of a town or district may under very special circumstances be exempted from this rule);
- (iii) attended for three months in the clinical practice of a recognized hospital for infectious diseases and has received therein instruction in the methods of administration (at least 30 days' attendance of not less than two hours each shall be required);

- (iv) received, during not less than 80 hours, at an institution or from teachers approved by the University, instructions in the following subjects :—

The Principles of Public Health and Sanitation.
Epidemiology and Vital Statistics.
Sanitary Law and Administration.
Sanitary Construction and Planning.

- (v) completed two years' continuous practice of the medical profession which may include the period of training specified above. Provided that a candidate may appear in Part I (but not in Part II) of the examination on the completion of a year of practice. Provided also that a candidate may not appear in Part II until he has passed in Part I of the Examination.

The subjects of study and the scheme of examination are as follows :—

PART I

(a) Microbiology including Bacteriology, Immunology and Serology, Filterable Viruses and the Rickettsias, Medical Entomology, Protozoology and Helminthology (one paper).

(b) Public Health, Chemistry and Physiology (Bio-Chemistry and Bio-Physics) applied to Public Health (one paper).

PART II

(c) Hygiene and Sanitation including Sanitary Engineering (one paper).

(d) Epidemiology and Infectious Diseases (one paper).

(e) Sanitary Law, Vital Statistics and Public Health Administration (one paper).

The examination may be written, oral and practical and shall include Food Inspection and Sanitary Inspection of factories, schools, premises or areas.

In order to pass the examination a candidate must obtain 50 per cent. in each paper of both the parts.

Diploma in Ophthalmic Medicine and Surgery.—The examination shall be held annually. It shall be divided into two parts, Part I and Part II. The course of study is open to any Bachelor of Medicine or Licentiate in Medicine and Surgery.

Doctor of Medicine, Master of Surgery, Master of Obstetrics.—These are examinations by theses supplemented by written, oral and practical examinations. They are open to such Bachelors of Medicine as fulfil certain specified conditions.

Doctor of Science (Public Health).—This is an examination by thesis supplemented by written examination. The candidate may be required to undergo an oral and practical examination at the discretion of the examiners. It is open to any Bachelor of Medicine or Licentiate in Medicine and Surgery who obtains a Diploma in Public Health or passes an examination equivalent to it and fulfils certain other specified conditions.

ENGINEERING

1. *Intermediate Examination in Engineering.*—It is a two years' course. The subjects of study and the scheme of examination are as follows:—SECTION A: Mathematics, Chemistry and Physics and two practical tests in Chemistry and Physics. SECTION B: Mathematics and Applied Science, Mechanical and Electrical Engineering, Civil Engineering (Materials of Construction, Details of Construction), Estimating, Surveying and Drawing. There are four papers and two practical tests in Section A and nine papers and five practical tests in Section B. The minimum marks for a pass is thirty-three and one-third per cent. in each group and fifty per cent. in the aggregate.

2. *Degree of Bachelor of Engineering.*—It is a two years' course after the Intermediate Examination in Engineering. Candidates may choose any one of the following branches of Engineering: Civil, Mechanical, Electrical, Mining.

Civil Engineering.—

Part I.—Mathematics, Geology and Mineralogy, Applied Mechanics and Graphics, Technical Chemistry, Estimating, Prime Movers, Electrical Engineering.

Part II.—Roads and Railways, Irrigation and Public Health, Engineering, Applied Mechanics, Hydraulics, Geodesy, Structural Design. Attested Designs for Engineering Works and Buildings, Principles of Architectural Design.

Mechanical Engineering.—

Part I.—Mathematics, Science—Technical Chemistry, Applied Physics.

Part II.—Group I: Theory of Mechanics, Heat Engines, Hydraulics and Hydraulic Machinery, Machine and Engine Design (paper). Group II: Strength and Elasticity of Materials, Metallurgy, Theory of Structures, Structural Design. Group III: Workshop (Sessional Work), Works Management and Accounts. Group IV: Mechanical Engineering Laboratories, Machine and Engine Design (Sessional), Structural Design (Sessional).

Aeronautics.—(Alternative subject in the course of studies for the B.E. Examination in Mechanical Engineering.)

Mining Engineering.—

Part I.—Mathematics, Science, Geology and Mineralogy, Applied Physics; Technical Chemistry.

Part II.—Group I: Applied Mechanics and Hydraulics, Mining I, Mining II. Group II: Mechanical Engineering (including Laboratory work) and Electrical Engineering (including Laboratory work). Group III: Attested Designs for Engineering works and Buildings and practical drawing.

Electrical Engineering.—

Part I.—Mathematics, Science—Technical Chemistry, Applied Physics.

Part II.—Group I: Electrical Engineering. Group II: Heat Engines, Hydraulics, Applied Mathematics, Modern Systems of Works Management and Accounts. Group III: Drawing and Design. Group IV: Mechanical Engineering (Laboratory, Sessional) and Electrical Engineering (Laboratory, Sessional). Group V: Electrical Engineering, Design (Sessional).

In order to pass, a candidate has to obtain thirty-three and one third per cent. in each group of subjects and fifty per cent. of the aggregate. Sixty-six per cent. of the marks in Professional Section is required for a First Class.

Degree of Bachelor of Metallurgy.—It is a three years' course after passing the I.Sc. Examination with Physics, Chemistry and Mathematics, or a two years' course after passing the B.Sc. Examination with Physics, Chemistry and Mathematics. The subjects of study and the scheme of examination are as follows:—SECTION A: same as Section A of Intermediate Examination in Engineering; SECTION B: Group I: Mechanical Engineering including theories of steam and internal combustion engines and strength of materials (Theoretical and Practical), Electrical Engineering (Theoretical, Laboratory and Sessional), Drawing (Theoretical, Practical and Sessional); Group II: Physical Chemistry (Theoretical and Practical), Geology and Mineralogy (Theoretical and Practical), Dressing of Minerals and Refractory Materials; Group III: Fuels, General Metallurgy and Iron-founding, Foundry and Pattern-making, Chemical Analysis and Calorimetry (Practical). Final Examination—Group I: Metallurgy of Iron and Steel, Furnace Design and Drawing (Sessional and Practical); Group II: Metallurgy of Non-Ferrous Metals, Electro-Metallurgy, Metallurgical Analysis and Assaying (Theoretical and Practical); Group III: Metallography, Heat Treatment and Pyrometry (Theoretical, Practical and Sessional), Mechanical Working and Testing of Metals. The pass marks for Section B

and Final Examinations are one-third in each group of subjects and forty per cent. of the aggregate in each section.

Intermediate Examination in Architecture.—Two years' course after passing undergraduate course or one year's course after passing the B.Sc. Examination with Mathematics, and Physics and Chemistry or Geology or Chemistry, Physics or Geology in which case a candidate shall be excused from appearing in those subjects in Section A of the Examination in which he appeared at his B.Sc. Examination, but he shall not be declared to have passed in Section B of the examination unless he has qualified himself in the remaining subjects of Section A. The subjects of study and scheme of examination are as follows :—

Section A—Group I : Mathematics ; Group II : Freehand and Geometrical Drawing ; Group III : Physics and Chemistry (Theoretical and Practical).

Section B—Group I : Architectural Theory ; Group II : Electrical Engineering (Theory and Laboratory) and Architectural Design ; Group III : Construction ; Group IV : Surveying (Theoretical and Practical) and Estimating. The pass marks in each section shall be one-third in each group and half of the aggregate.

Degree of Bachelor of Architecture.—Two years' course after passing the Intermediate Examination in Architecture. The subjects of study and scheme of examination are as follows :

Section A—Group I : History of Indian Architecture and Iconography, Indian Order Composition, Modelling (Session work only) ; Group II : Applied Mechanics, Reinforced Concrete ; Group III : Hygiene and Sanitation.

Section B—Group I : Building Construction (Paper and Sessional Drawing) ; Lighting and Heating, Professional Practice ; Group II : History of Indian Architecture and Iconography, Indian Order Composition ; Group III : Architectural Design (Paper, Note-Books and Attested Design). The pass marks for each section shall be one-third in each group of subjects and half of the aggregate.

Doctor of Science (Engineering).—This is an examination by thesis which may be supplemented by an examination, written, practical, oral or all. If the thesis is approved, the candidates are admitted to the Degree of Doctor of Science (Engineering).

MILITARY STUDIES

Two grades of certificates will be issued for examination in Military studies : (i) Junior and (ii) Senior. The examinations are open only to Members of the University Training Corps. No one who has not passed the Junior Certificate

Examination at least two years previously shall be eligible for admission to the Senior Certificate Examination. Both the examinations are divided into two parts—theoretical and practical, each carrying 100 marks. The theoretical portion shall include: *for the Junior Examination*, (i) Military Hygiene and Camp Sanitation, (ii) Map Reading and Field Sketching, (iii) Discipline and *esprit de corps*, (iv) History of the Army in India, (v) Badges and Symbols of Rank of the Fighting Forces, (vi) Characteristics of Infantry Weapons, and (vii) Organisation of the Army in India; *for the Senior Course*, (i) Selected Campaigns of the Great War, (ii) Organisation and Administration of an Infantry Unit in Peace and War. (iii) Rolls of the Armed Forces of the Empire, (iv) Characteristics of Military Weapons, (v) Imperial Military Geography with special reference to India and (vi) Duties in aid of Civil Power. The practical portion shall be based on drill with and without arms, weapon training and tactical training, and shall be divided into: (i) General Training, (ii) Weapon Training and (iii) Collective Training. Each candidate in order to be successful must pass the practical and theoretical portions separately and obtain at least 30 per cent. in each. Candidates obtaining 60 per cent. or over shall be declared to have passed with distinction. Credit of the marks obtained in excess of 60 is allowed to be added to this aggregate of the marks obtained by the candidates appearing at the I.A., I.Sc., B.A., B.Sc., B.COM., I.E., or B.E. examinations provided certain conditions are fulfilled.

Dacca University

Introductory : Character of the University

The University of Dacca owes its origin to three factors : first, the desire of the Muslims of Eastern Bengal to stimulate the educational progress of their community ; secondly, the desire of the Government of India to create a new type of residential and teaching University in India as opposed to the prevailing affiliating type ; and thirdly, the desire of the Government to relieve the congestion of the University of Calcutta. Though the movement in favour of a separate University for Eastern Bengal began so early as 1912 and the Committee appointed to frame a scheme reported in the course of the year, the outbreak of War in 1914 led to a postponement and the appointment of the Calcutta University Commission was utilized to subject the proposals of the Committee to the scrutiny of the Commission. The Commission reported strongly in favour of the establishment of a University in Dacca and endorsed the proposal that the University should be a unitary University as opposed to a federal or affiliating University, and that it should be a teaching and residential University. Before its inception there were two Colleges in Dacca affiliated to the University of Calcutta. With the creation of the University in July 1921, these were converted into Intermediate Colleges and all higher teaching beyond the Intermediate stage within the area was undertaken by the University. At the same time three Halls of residence were founded. The Dacca University was also the first University to place Intermediate classes outside the University in special institutions called Intermediate Colleges.

In one respect the University has a characteristic feature ; special representation on University bodies is given to the Muslim community and a Hall, the Salimullah Muslim Hall, is specially provided for Muslim students.

The University is unitary in character and the whole of the teaching is centrally organized. The University has also made a new departure in initiating a Tutorial system for all categories of students. The Tutorial classes are intended to counteract the inevitable evils of the examination room and by encouraging originality and individual effort to ensure as far as possible that each student will learn something of intellectual production as well as of reproduction, so that when he enters the world,

he will not find himself for the first time confronted with intellectual problems to which he has not been taught the answers beforehand.

Further, the University authorities have throughout recognized that in addition to providing facilities for higher teaching and for the advancement of learning and research, they should ensure that residence in the University provides for its alumni a valuable preparation for life and for public service. With this purpose in view they have organized three residential units in Halls under the control of Provosts and have fostered the development of corporate student life in each Hall by the formation of Student Unions and Athletic Clubs.

- Research Assistants in Agricultural Chemistry* : P. K. De, M.Sc. (Dac.), Ph.D. (Lond.); J. N. Chakraborty, M.Sc. (Dac.).
- Physiology** .. A Part-time Lecturer in Physiology will be appointed.
Lecturer : Madhab Chandra Nath, D.Sc. (Dac.).
Demonstrator in Physiology : Tajendra Nath Sen, M.B. (Cal.).
- Botany** .. *Lecturers* : Nirmal Kumar Chatterjee, Ph.D. (Allahabad); Nani Lal and Pal, M.Sc.
- Colloid Chemistry** .. *Lecturer* : Tarapada Banerjee, D.Sc. (Dac.) (until further orders).
Demonstrator in Soil Science : Sudhir Kumar Bhattacharyya, M.Sc. (Dac.).
- Education** .. *Reader and Head of the Department* : K. D. Ghosh, M.A. (Oxon.), Bar-at-Law.
Recognized Teachers : J. C. Guha, M.A., B.L., B.T., T.D. (Lond.); H. C. Banerji, M.A., B.T.; S. N. Q. Z. Ali, B.A., B.T.; Md. Solman Chaudhury, M.Sc., B.T.; Abdul Moktader, M.Sc., B.T.; S. C. Chatterji, Passed Final Examination of Government School of Arts, Calcutta; P. Ganguli, B.A., Diploma in Physical Education, Trained in Scouting and First-Aid; and Dr. T. P. Bose, B.Sc., M.B.
- Law** .. *Professor and Head of the Department* : Prof. J. N. Das Gupta, M.A., D.L. (Cal.).
Lecturers Class I : Amulya Kumar Datta Gupta, M.A., B.L. (Cal.); and Nirmal Chandra Pal, M.A., B.L. (Cal.).
Part-time Lecturers : S. C. Majumdar, B.L. (Cal.); Md. Ibrahim, B.L. (Cal.); Sultanuddin Ahmed, M.A., B.L. (Dac.).

Constitution of the University

The principal governing bodies of the University are:—

- (1) The Court which is a large body of *ex-officio*, elected and

nominated members and which has the power of passing new Statutes, subject to the final approval of the Chancellor, and cancelling new Ordinances, made by the Executive Council. It also has the power of reviewing and passing resolutions on the annual budget and report. Further, it has the power to pass any resolution making such recommendations as it thinks fit relating to the University Act, Statutes, Ordinances and Regulations and to the management of the University generally. (2) The Executive Council, which is the Executive Body of the University, regulates and determines all matters concerning the University in accordance with the Act, Statutes and Ordinances, and in particular, controls the finances of the University. (3) The Academic Council is the Academic Body of the University and has the general control and is responsible for the maintenance of standards of instruction, education and examination within the University.

The subsidiary bodies are:—(1) The Faculties of Arts, Science and Law, each of which is in charge of the teaching and the courses of study and research work in subjects assigned to it. Each faculty comprises the related departments of teaching and the Head of every such department is the Professor of that department or, if there is no Professor, the Reader. The Head of the Department is responsible to the Dean of Faculty for the organization of the teaching in that department; (2) Board of Residence, Health and Discipline; this Board is entrusted with matters relating to the residence, health and discipline of students; (3) Committees of Courses of Study: English, Sanskrit, Bengali, Arabic and Islamic Studies, Persian and Urdu, Philosophy, History, Economics, Political Science, Education, Mathematics, Commerce, Chemistry including Physiology and Botany, Physics, and Law. (4) Board of Co-ordination: this consists of the Vice-Chancellor, the Deans of the Faculties and the Registrar and its function is to organize the teaching of the University and, in particular, to co-ordinate the work and time-tables of the various faculties and to assign lecture rooms, laboratories and other rooms of the faculties.

The Officers of the University are: the Chancellor, the Vice-Chancellor, the Treasurer, the Provosts, the Registrar, the Deans of the Faculties, the Proctor, the Librarian and the Medical Officer. The Vice-Chancellor is the principal Executive and Academic Officer of the University.

Scholarships and Medals

There are : (1) five research studentships each of the value of Rs. 50 per month, tenable for one year in the first instance but renewable for a second year, subject to good conduct and receipt of a satisfactory report from the Head of the Department concerned on the work undertaken by the student ; one of these studentships is specially meant for the Chemistry Department. If in any session no student belonging either to the Muslim community or to the backward classes obtains a Research studentship under the ordinary conditions, in any Department other than the Oriental Studies Departments, one Research Studentship for each of these communities is instituted, provided candidates who have obtained first class either in the Honours or Master's Degree Examination or have shown definite aptitude for research prior to their being recommended for research studentships, are forthcoming ; (2) twenty-one post-graduate scholarships varying in value from Rs. 20 to Rs. 40 per month and tenable for one year only, three of which are reserved for Muslim students, three for students of backward communities

and two for women students ; (3) three special Government Law Scholarships tenable for two years reserved for Muslims and members of backward classes in Eastern Bengal ; (4) Senior Under-graduate Scholarships and Stipends ; twenty-eight scholarships varying in value from Rs. 5 to Rs. 15 per month and varying also in tenability from one to three years.

There are also a number of stipends from an annual donation of Rs. 1,800 made by the Hon'ble Nawab Bahadur of Dacca, and from the proceeds of a special endowment of about Rs. 16,000 called the Nawab Nawab Ali Chowdhuri Trust Fund for Muslim students. Several prizes and medals are also awarded on the results of the different University examinations. There are also special allotments at the disposal of the Provosts of the three Halls for the grant of Entrance scholarships and stipends to the students of their respective Halls. A sum of Rs. 600 is provided for stipends reserved for the students of backward classes of the University. A sum of Rs. 1,000 is provided for stipends reserved for women students.

Library, Museums and Laboratories

The University Library contains 79,514 volumes and above 21,000 manuscripts, and the total estimated expenditure on the additions since the foundation of the University is over Rs. 2 lakhs. Each Department of Study has its own library for the use of Honours and M.A. students. There is also a Poor Students' Section of the general library. Besides, each residential Hall has a small Library of its own.

The Manuscript Section of the Library which was started in September 1925 now contains a valuable collection of Sanskrit and Bengali Manuscripts. Some very important acquisitions have been made on Purana, Itihasa, Kavya, Nataka, Jyotisha, Tantra as also a Bengali translation of the Mahabharata. A detailed catalogue of the collections is under preparation and the Manuscripts are being utilized by Research workers, both in and outside the Dacca University. There is also an Oriental Text Publication Committee.

Another Committee was appointed during the session 1928-29 for the collection of Arabic, Persian, Urdu and Punthi manuscripts. The Committee has already made a fair collection of rare and valuable manuscripts.

There are six laboratories, viz., the Physical Laboratory, the Chemical Laboratory, the Psychological Laboratory, the Physiological Laboratory and the Botanical Laboratory, and the Laboratory for Agricultural Chemistry. All these are well equipped and are fit for advanced practical work.

There is a Students' Museum in connection with the advanced study of Indian History. In 1922, a capital grant of

Rs. 1,000 was sanctioned by the Executive Council for a collection of historical objects for teaching purposes. Accordingly, electro-types of 15 old coins of Greek and Scythian rulers of N.-W. India and 10 old coins of Siladitya were purchased from the Lucknow Museum and a large number of casts of the old coins of ancient Hindu Kings such as Chandragupta I, Samudragupta, Chandragupta II, Kumaragupta, Skandagupta, Prakasaditya, Nora Baladitya, Kumaragupta II, Vishnu, Sasanka, and also of the ancient States of Ayodhya, Avanti, Kosala, Taxila, Malava and other States have been purchased from the Archaeological Section of the Indian Museum, Calcutta. Besides, a considerable number of photographs of ancient sculpture and architecture have been procured. These have been kept in the Dacca Museum to which the students of the University have full access and to which the University makes an annual grant.

Provision for Research

The number of research students during 1938-39 was 20. Research work has been carried on actively in all departments by teachers and students.

Publication and Extension Work

The University arranges every year for the delivery of a number of popular lectures which are open to the public without fee.

The following public lectures were delivered during the session 1938-39 :—

University Training Corps

The Secretary of State for India has sanctioned a corps of two platoons for this University which had been started with effect from July 1928, and the Government have made provision for the necessary funds. It has been styled by the Military Authorities as the 12th (Dacca) Coy. Khan Bahadur Captain M. Hassan, M.A., D.Phil. (Oxon.), Bar-at-Law, Professor and Head of the Department of English, is the Officer Commanding, and Major H. E. Colbeck, The Border Regiment, is the Adjutant of the Corps. Lieutenant B. P. Sen, Chief Accountant of the University, is the next in command. Regular parades are being held and it is reported by the authorities that the Corps has already made satisfactory progress in military tactics.

Associations in the University

There are twelve Associations in the University, *viz.*, the English Association, the Arabic and Islamic Studies Association, the Persian and Urdu Association, the Sanskrit Association, the Bengali Association, the Economic Association, the Philosophical Society, the Historical Association, the Law Association, the Physical Society, the Mathematical Society and the Science Colloquium for Chemistry. Papers are read and Lectures are delivered before these Associations at intervals.

There is also a University Students' Union of which all students of the University and some teachers are members. The affairs of the Union are controlled by a Committee consisting of a President, a Vice-President, a Secretary and three students and one teacher-representative from each Hall and one teacher nominated by the Vice-Chancellor.

Each Hall carries on its corporate activities through a Hall Union and different societies of its own.

Dacca University Studies

The University publishes a journal called "Dacca University Studies" which contains contributions by the Staff and students of the University. The publication of the journal has been entrusted to a Council and ordinarily two issues of the journal are published each session.

Cost of Living

The actual cost of living in a Hall may roughly be estimated at Rs. 10 or Rs. 12 for food in addition to class fee and seat rent. The seat rent varies from Rs. 2 to Rs. 4 and this includes the cost of light, water, medical attendance, medicine and servants. An under-graduate student can live in a Hall and

pay for his class fees with a total sum of Rs. 20 to Rs. 22 per mensem. The Provosts of Dacca and Jagannath Halls are empowered to permit twenty poor and deserving students to reside in these Halls free of seat rent, preference being given to students belonging to scheduled castes. The Provost of Salimullah Muslim Hall is also empowered to permit 20 poor and deserving students to reside in the Hall free of seat rent and to allot 10 per cent. of the seats in the Hall extension as rent free.

Budget : Revenue Receipts and Expenditure

The following figures show the total revenue receipts and expenditure during 1937-38 and 1938-39 and the estimated receipts and expenditure for 1939-40.

Year	Receipts		Expenditure	
	Rs.	A. P.	Rs.	A. P.

1938-39 (actuals) ..	10,91,162	7 11	10,07,482	7 8
1939-40 (estimate) ..	9,82,500	0 0	9,94,310	0 0

Provident Fund

According to Statute 20 relating to the Dacca University Provident Fund, all persons appointed to a permanent post in the service of the University of which the pay is not less than Rs. 25 per mensem, except those holding pensionable posts under Government and menials, are required to subscribe to the Provident Fund $8\frac{1}{3}$ per cent. of their salary every month, and the University contributes an equal amount every month. The rate of subscription will be $6\frac{1}{4}$ per cent. in the case of those who are appointed in and after 1939-40.

Women's Education

There is a women students' residence. The total number of women students in the various classes during the session 1938-39 was 73 and a number of them resided in the Women Students' Residence. Miss Charupama Bose is the Lady Superintendent. Further, a Common Room for women students has been provided within the University Buildings, and this has been suitably furnished.

Students' Information Bureau and its Activities

There is a University Students' Information Bureau which supplies students who desire to go abroad for studies with advice and information relating to foreign Universities and the required qualifications of the students. The Bureau consists of the Vice-Chancellor (President), the Commissioner of the

Dacca Division, the Collector of Dacca, the Provosts of the three Halls, two members of the teaching staff with experience of foreign Universities appointed by the Academic Council, Principals of the different Intermediate Colleges and the Dacca School of Engineering and the Superintendent of the Dacca Medical School. Dr. M. I. Borah, M.A., Ph.D. (Lond.), is the Secretary of the Bureau.

Provision for Safeguarding Health, Medical Inspection, etc.

All students are entitled to free medical attendance by the Medical Officer. Every under-graduate is medically examined on admission to the University and required to take part regularly in physical drill and gymnastics or pursue such course of physical training prescribed by the Medical Officer as may be suited to his requirements under the supervision of a Physical Director and two Physical Instructors.

Admission to University, Courses of Study, Degrees and Examinations

The University offers in Arts the B.A. Degree (Pass and Honours) and the Master's Degree; in Science, the B.Sc. Degree (Pass and Honours) and the Master's Degree. The Professional Degrees are Bachelor of Teaching, Master of Teaching, Bachelor of Commerce, Bachelor of Law, Master of Law; The Doctor's Degrees are: Ph.D., D.Sc., D.Litt. and D.L.

ADMISSION TO COURSES OF STUDY

Admission to a course of study for a Bachelor's Degree is granted only to those who have passed the Intermediate Examination of an Indian University or of a Board of Secondary and Intermediate Education, or who possess an equivalent qualification. For the higher Degrees, admission is given, under conditions, to graduates of recognized Indian and Foreign Universities. Special provision is made for admission of teachers as "external candidates" to the examinations for the following degrees: B.A. (Pass), M.Sc. (in Mathematics only) and M.A.

COURSES OF STUDY AND DEGREES

ARTS

(1) *B.A. (Pass)*.—The course of study extends over two academic years and a candidate for the Degree must pass a prescribed test in English Composition and is required to offer a Modern Indian Language and *three* other subjects to be taken from the following in prescribed combinations:—(i) Islamic Studies, (ii) Arabic, (iii) Persian, (iv) Urdu, (v) Sanskrit, (vi) Bengali, (vii) English, (viii) History, (ix) Philosophy,

(x) Economics, (xi) Political Science, (xii) Mathematics, (xiii) Commerce. The examination consists of one paper in the candidate's Modern Indian Language and *three* papers, each of three hours' duration in each of the other selected subjects. The minimum for a pass is 36 per cent. of the aggregate and 33 per cent. in any one subject. For distinction a candidate must pass in all subjects at the same examination and obtain 60 per cent. of the aggregate and 40 per cent. in each subject. The University Test in English Composition forms a part of the B.A. Ordinary Examination.

Candidates who fail in one subject only or one subject and the University Test in English Composition, but obtain in the aggregate sufficient marks for a pass, are permitted to enter for that subject only or that subject and the University Test in English Composition as the case may be at the next examination; but if they fail a second time, they are required to enter again for the whole examination.

(2) *B.A. (Honours)*.—The course of study extends over three academic years. A candidate for Honours has to pass a prescribed test in English Composition and is required to select **ONE** of the following subjects as his Principal Subject and **Two** others as Subsidiary Subjects from a prescribed list of subjects allowed as subsidiary in the case of each Principal Subject: (i) Islamic Studies, (ii) Arabic, (iii) Persian and Urdu, (iv) Sanskrit, (v) Bengali, (vi) English Language and Literature, (vii) History, (viii) Philosophy, (ix) Economics, (x) Political Science and (xi) Mathematics. The examination consists of eight papers of four hours each on the principal subject and three papers, each of three hours' duration, on each of the subsidiary subjects.

Candidates for an Honours Degree in Philosophy have to pass a Practical examination in Psychology.

There is a *viva voce* examination for all Honours Schools. In order to qualify for Honours, not less than 33 per cent. must be obtained in each subsidiary subject and not less than 40 per cent. of the total marks in the principal subject. Candidates obtaining 60, 45 and 36 per cent. of the total marks are placed respectively in the First, Second and Third Class.

Candidates who fail to obtain Honours may be granted the Ordinary Degree if they secure a minimum of 33 per cent. of the total marks in the principal subject and a minimum of 33 per cent. of marks in each subsidiary subject.

(3) *M.A.*—For Ordinary Bachelors of Arts and Bachelors of Arts with Honours of other approved Universities having a two years' Honours course, the course of study extends over two academic years. Such graduates are permitted at their

option to take the M.A. Examination in two parts, *viz.*, Part I examination not earlier than at the end of the first year of their admission and the Part II examination not earlier than at the end of their second year. Each part of the examination comprises four papers each of four hours' duration in all subjects except in Philosophy and Economics in which subjects the Part I examination comprises three papers and Part II examination five papers. The papers are selected by the Head of the Department concerned. For Bachelors of Arts with Honours of this University or of a University having a three years' Honours course and Masters of Arts of any approved University in the subject in which they present themselves in this University, the course extends over one year only and they qualify themselves for the M.A. Degree by passing in the Final Examination, comprising four papers (in Economics five papers) each of four hours' duration. Bachelors of Commerce are admitted to M.A. (in Economics) under special conditions.

The subjects of study and examination are: (i) Arabic, (ii) Islamic Studies, (iii) Persian and Urdu, (iv) Sanskrit, (v) Bengali, (vi) English Language and Literature, (vii) History, (viii) Philosophy, (ix) Economics, and (x) Mathematics. 100 marks are allotted to each paper. Candidates obtaining 60, 45 and 36 per cent. of the total marks are placed respectively in the First, Second and Third Classes. If any candidate obtains less than 25 per cent. of the marks in any paper, these marks are not counted.

There is a *viva voce* examination for all candidates for the M.A. Examination.

There are two alternate courses of study, Course A and Course B, for the degree of Master of Arts. Course A consists of 8 papers each of 4 hours' duration and extends over a period of two years. This course is open to candidates who have obtained the ordinary degree of Bachelor of Arts of this or of any approved University.

Course B consists of 4 papers each of 4 hours' duration and extends over a period of one year. This course is open to Bachelors of Arts with Honours of this University or of a recognized University having a three years' Honours course.

(4) *Doctor of Philosophy (Ph.D.)*.—The degree of Doctor of Philosophy (Ph.D.) may be conferred upon (i) persons who have taken the M.A. degree of this University and who are of not less than two years' standing and (ii) persons who have taken the degree of M.A. in an approved University and are of not less than two years' standing. A person who has taken the M.A. Degree in the Third class either in this University or in an approved University shall not be admitted as a candidate for the degree of Doctor of Philosophy of this University except

with the special permission of the Academic Council given on the recommendation of the Faculty of Arts.

(5) *Doctor of Literature (D.Litt.)*.—A candidate for the degree of Doctor of Literature (D.LITT.) must have previously obtained the degree of Master of Arts or the degree of Doctor of Philosophy in the Faculty of Arts in this University or the equivalent of the PH.D. degree of any recognised University.

Provided that a teacher in actual service of the University possessing either an M.A. or PH.D. degree of another University may be permitted to supplicate for the D.LITT. degree with the special permission of the Academic Council given after report from the Faculty of Arts.

SCIENCE

(1) *B.Sc. (Pass)*.—The course of study extends over two academic years. Candidates for this Degree have to attend a course of instruction in English Composition and produce a certificate of satisfactory progress from the Head of the Department of English and they must take up any of the following three Groups :—

GROUP A	GROUP B	GROUP C
Physics	Physics	Physics
Chemistry	Chemistry	Chemistry
Mathematics	Physiology	Botany

The examination consists of three papers in Mathematics and two papers and a six hours' practical examination in each of the other subjects.

The minimum for a pass is 36 per cent. of the aggregate, 33 per cent. in Mathematics, and 40 per cent. in the practical and 30 per cent. in the theoretical examination in Physics, Chemistry, Botany and Physiology. For distinction a candidate must pass in all subjects at the same examination and obtain 60 per cent. of the aggregate and 40 per cent. in each subject.

Candidates, failing in one subject but obtaining pass marks on the whole, can appear for that subject alone at the next examination only.

(2) *B.Sc. (Honours)*.—The course of study extends over three academic years. Every candidate has to attend a course of instruction in English Composition and produce a certificate of satisfactory progress from the Head of the Department of English and has to take up one of the three subjects : (i) Physics, (ii) Chemistry, and (iii) Mathematics, as his Honours subject and two others as subsidiary subjects. The examination in the Honours subjects consists of five theoretical papers

and three days' practical examination in Physics, four theoretical papers and four days' practical examination in Chemistry, and eight papers in Mathematics. The examination in the subsidiary subjects is the same as for the B.Sc. (Pass) in those subjects and may be taken at the end of the second year. Candidates must pass in a *viva voce* examination in their Honours subject.

Besides, there is a combined Honours course in Mathematics and Physics with no subsidiary subjects. This course consists of (a) fourteen theoretical papers in Mathematics and Physics, (b) a practical examination in Physics, constituting one paper, and (c) a *viva voce* examination.

The examination consists of two parts—Part I and Part II. Part I consists of a number of theoretical papers to be determined from time to time by the Academic Council and Part II of the remaining theoretical papers, a practical examination in Physics and a *viva voce* examination.

A student of the Honours course may take his examination in Part I at the end of his second academic year.

Honours results are published in three classes. Candidates obtaining 60, 45 and 36 per cent. of the total marks are placed respectively in the First, Second and Third Class. Candidates for the combined Honours course in Mathematics and Physics are required to obtain not less than 60, 45 and 36 per cent. of the total marks in the entire examination in order to be placed respectively in the First, Second and Third Class.

Candidates who fail to obtain Honours are allowed the ordinary Degree if their performance reaches the prescribed standard.

Master of Science (M.Sc.).—For ordinary Bachelors of Science and Bachelors of Science with Honours of other approved Universities having a two years' Honours course, the course of study extends over two academic years. For Bachelors of Science with Honours of this University or of a University having a three years' Honours course and Masters of Science of any approved University in the subject in which they present themselves in this University, the course extends over one year only. The examination for the M.Sc. Degree consists of two parts. Part I may be taken at the end of the first academic year or on subsequent occasions either alone or together with the M.Sc. Examination Part II which may be taken at the end of the second academic year and after. No candidate is admitted to the M.Sc. Degree who has not passed both the Part I and Part II Examinations. The subjects of examination are Physics, Chemistry and Mathematics.

The M.Sc. Examination Part I in Physics consists of three theoretical papers each of four hours' duration and each carrying 100 marks and a two days' practical examination and a *viva voce* examination carrying 150 and 50 marks respectively.

The M.Sc. Examination Part I in Chemistry consists of two theoretical papers each of four hours' duration and each carrying 100 marks, and a four days' practical examination and a *viva voce* examination carrying 75 and 25 marks respectively.

The M.Sc. Examination Part I in Mathematics consists of four papers carrying 100 marks each of four hours' duration.

In the M.Sc. Examination Part I the minimum pass marks are 30 per cent. of the total marks in the theoretical and 40 per cent. of the total marks in practical examination including *viva voce* examination in Physics and in Chemistry and 36 per cent. of the total marks in Mathematics. If a candidate obtains less than 25 per cent. of the marks in any theoretical paper, such marks are not counted.

The M.Sc. Examination Part II in Physics and in Chemistry consists of three theoretical papers each of four hours' duration and each carrying 100 marks and a four days' practical examination to which 150 marks are allotted and a *viva voce* examination to which 50 marks are allotted.

The M.Sc. Examination Part II in Mathematics consists of five papers each of four hours' duration carrying 100 marks each and a *viva voce* examination carrying 100 marks.

No candidate is allowed to pass the M.Sc. Examination Part II in Physics or in Chemistry who does not obtain 30 per cent. of the total marks in the theoretical papers and 40 per cent. of the total marks in the practical examination including a *viva voce* examination, provided that if a candidate obtains less than 25 per cent. of the marks in any theoretical paper, such marks are not counted.

Candidates obtaining 60, 45 and 36 per cent. of the total marks are placed in the First, Second and Third Classes respectively.

(4) *Doctor of Science (D.Sc.)*.—This degree may be conferred upon first and second class Masters of Science of any approved University who are at least of three years' standing, and first class B.Sc.'s with Honours of this University who are at least of four years' standing. Third class M.Sc.'s may be admitted with special permission. Every candidate must submit a thesis regarded by the examiners as forming a distinct contribution to the advancement of learning. Any candidate who has not taken one of the degrees of this University

qualifying for D.Sc. has to pursue researches embodying his thesis in this University for two years. Candidates may be required to submit to a *viva voce* examination on the thesis.

(5) *Doctor of Philosophy (Ph.D.)*.—This degree may be conferred upon (1) persons who have taken in this University or in an approved University having a three years' Honours course, a first class B.Sc. Honours degree, or a first class B.A. Honours degree in Mathematics, and are of not less than two years' standing; (2) persons who have taken an M.Sc. degree or an M.A. degree in Mathematics, in this University or in an approved University and are of not less than two years' standing; and (3) persons who have taken a second class B.Sc. Honours degree, or a second class B.A. Honours degree in Mathematics in this University or in an approved University having a three years' Honours course and are of not less than three years' standing.

Provided that a person who has taken the M.A. degree in Mathematics or the M.Sc. degree, in the third class, shall not be admitted as a candidate for the degree of Doctor of Philosophy except with the special permission of the Academic Council given on the recommendation of the Faculty of Science.

The degree shall not be conferred on the candidate unless at least an epitome of the thesis has been actually published, mentioning that it substantially contains the work, approved for the Doctorate degree of the University and a printed copy or copies be presented to the University Library.

FACULTY OF AGRICULTURE"

A Faculty of Agriculture has been started with effect from the beginning of the session 1939-40. The course of studies to be followed by students accepted for training would be as follows :—

- (a) A two years' course of specialised pure science in the University of Dacca.
- (b) Students successfully completing this course would be given the ordinary B.Sc. Degree and then proceed to the Institute at Manipur for their practical training in Agriculture or Animal Husbandry. After successfully completing the practical course and passing an examination they will be awarded the Degree of Bachelor in Agriculture or Animal Husbandry.

Students who have passed the I.Sc. Examination with Chemistry, Physics, Botany and Mathematics are eligible for admission. Only twenty-two students will be admitted each session. The monthly tuition fee while at the University will be at the rate of Rs. 8 a month for twelve months of the session.

PROPOSED FACULTY OF MEDICINE

Satisfactory progress has also been made in regard to the proposed Faculty of Medicine. Government appointed a Committee to examine the whole project. This Committee met in Dacca in February 1939 and having considered the question in its general aspects and examined the probable sites for the construction of laboratories and hospitals, appointed two Sub-Committees to draw up detailed plans and estimates on the basis of the general principle approved by them. The Sub-Committee consisting of Calcutta members and including the Surgeon-General and the Principals of the two Medical Colleges in Calcutta held several sittings and have almost completed their work. It is hoped that the Report of the Committee will be in the hands of the Government during the Current session (1939-40).

COURSES OF STUDY AND DEGREES LEADING TO PROFESSIONS TEACHING

(1) *Bachelor of Teaching (B.T.)*.—The course of study extends over one academic year. Every candidate has to give, under proper supervision, a course or courses of lessons in one or more of the special subjects prescribed for the L.T. Examination. The subjects of study and examination are the same as for the L.T. Examination with two additional subjects, viz., Educational Measurements and General English. There may be a *viva voce* examination for any candidate and in the award of the Degree, the Examiners consider the official record of work of each student.

The minimum for a pass is 35 per cent. in each subject. The aggregate is 820 marks and the minimum for a First Class is 492 and for a Second Class, 328.

(2) *Master of Teaching (M.T.)*.—Bachelors of Teaching of Dacca or of any approved University are admitted to the M.T. course extending over two academic years. But third class B.T.'s are admitted only with the special permission of the Academic Council. Every candidate for the degree has to submit a thesis forming a distinct contribution to the advancement of learning and should pursue researches under proper supervision for at least two years, provided that a B.T. of any other approved University shall be required to have resided in this University for 180 days during his period of supervision. All candidates must further submit themselves to an examination (*viva voce*, written or both).

COMMERCE

Bachelor of Commerce (B.Com.).—The course extends over two academic years, but for M.A.'s in Economics, it extends over one year only. Every candidate has to pass the prescribed

test in English Composition and is required to study and be examined in the following subjects :—(i) Elements of Economics, (ii) Economic Geography, (iii) Business Organization, (iv) Trade and Transport, (v) Modern Economic Development, (vi) Commercial Law, (vii) Banking and Currency, (viii) Advanced Accounting and Auditing. Three papers are set in Advanced Accounting and Auditing and one paper in each of the other subjects.

The minimum for a pass is 40 per cent. of the aggregate and 30 per cent. in each paper. 60 per cent. of the aggregate entitles a candidate to a First Class.

LAW

(1) *Bachelor of Law (B.L.)*.—The course of study extends over three academic years except for Masters of Arts or Science of any approved University or Bachelors of Arts or Science with Honours of this University, who may take the whole course in two years.

There are two examinations, the Preliminary and the Final. The Preliminary Examination embraces the following papers, all of which are compulsory :—

Jurisprudence	1 paper
Roman Law	1 paper
Hindu Law	1 paper
Muhammadian Law and Law of Persons	1 paper			
Constitutional Law and History of English Law	1 paper

The Final Examination embraces the following papers, all of which are compulsory :—

Law of Real Property, Equity and Trusts	..	1 paper
Law of Transfer and Succession	..	1 paper
Land Laws of Bengal	..	1 paper
Law of Crimes	..	1 paper
Law of Evidence and Civil Procedure	1 paper	

The minimum marks for a pass are 50 per cent. of the aggregate and 30 per cent. in each paper. Candidates obtaining 66 per cent. of the aggregate are placed in the First Class.

(2) *Master of Law (M.L.)*.—This Degree may be taken by Bachelors of Law of Dacca or of any approved University. The course of study or research extends over two academic years. The subjects of examination come under seven groups, viz., (i) Jurisprudence, (ii) Hindu Law or Muhammadian Law, (iii) Roman Law, (iv) Private International Law, (v) and (vi) to be selected from a list of ten subjects, and (vii) Library

Examination. The examination consists of nine papers, two on each of the first two groups and one on each of the remaining groups.

The Examination Committee may exempt a student from appearing for examination in any subject if he submits a dissertation of sufficient merit on such subject.

(3) *Doctor of Law (D.L.)*.—This Degree is conferred on Masters of Law of at least three years' standing who submit work carried out by themselves in this University and deemed as a distinct contribution to the advancement of knowledge in Law. Any candidate other than a Master of Law of this University has to pursue his researches in this University for at least two academic years. Candidates may be asked to submit to a *viva voce* and Library Examination on the subject of their dissertation.

Delhi University

Introductory : Character of the University

The University of Delhi owes its existence to the Report submitted by a Commission of educational experts presided over by Dr. Sadler (now Sir Michael E. Sadler, K.C.S.I.), Vice-Chancellor of the University of Leeds, appointed to report on the utility of, and to suggest improvements in, the constitution of the University of Calcutta. Though this Committee was nominally appointed only with reference to the needs and requirements of the Calcutta University, it was anticipated that its report would have a far-reaching effect, in that its recommendations might be adopted by the other Universities of India which were all cast in the same mould as the Calcutta University. The Sadler Commission recommended that the Calcutta University, and the other Universities of India instituted on the model of the London University as purely federal and examining bodies, should be reorganized, and that the Universities in India should, in future, be of a unitary and residential type.

Following this recommendation, the University of the Punjab commenced to consider reshaping its character, and as the Delhi Colleges were then affiliated to that University, the Government of India felt the necessity of providing an independent University for the students of its Capital City. The Delhi University Act (Act VIII of 1922) was the result.

It was brought into force from the 1st May 1922, by a notification published in the *Gazette of India* dated 11th March 1922. The Governor-General of India in exercise of the powers conferred on him by the Transitory Provisions of the Act appointed Dr. (now Sir) Hari Singh Gour, Kt., M.A., D.Litt., D.C.L., LL.D., M.L.A., Barrister-at-Law of Nagpur, as the First Vice-Chancellor of the newly constituted University and issued a notification appointing a Provisional Executive Council.

The Provisional Executive Council met frequently in the months of May and June, and completed the temporary organization of the University. The Vice-Chancellor prepared draft Ordinances and Regulations which were laid before it and in parts passed after amendment. The rest were considered to be of no immediate urgency and were left to be dealt with by the respective permanent bodies concerned.

The three existing men's Colleges in Delhi were first recognized as Colleges of the University, viz., St. Stephen's College, Hindu College and Ramjas College, their teaching staffs were accorded recognition in accordance with the terms of the Government of India Notification, as teachers of the University; the Faculties of Arts and Science were instituted; Readers were appointed and on 12th June 1922, an Academic Council was formed.

This Academic Council met constantly during term-time throughout the year. In order to secure adequate deliberation on its own projected courses and regulations, it adopted provisionally those in force in the University of the Punjab, which body also kindly undertook to conduct the examination of Delhi University students for the year 1923. The University has now its own courses of study and conducts its own examinations.

By the middle of February 1923 the Court was constituted. By the end of March the permanent Executive Council was formed. Thus by the end of summer of 1923, the University was fully organized. In May 1924, the Faculty of Law was instituted.

The original idea of the Delhi University was the establishment and incorporation of a unitary, teaching and residential University at Delhi. It was intended to provide for a local University on the model recommended, in the case of Dacca, by the Calcutta University Commission. But the University of Delhi, as it exists now, can hardly be called a purely unitary University inasmuch as it recognizes several constituent Colleges in which instruction is provided under conditions prescribed in the Statutes and in which provision is made for the residence of students. Although it has been freed from the inevitable defects of a purely affiliating institution, yet at the same time it has given its constituent colleges ample scope to develop their resources in co-operation with each other and with the University itself. Since 1933 when the University was housed in the Old Viceregal Lodge, and plots of land in the Estate were ear-marked for the constituent Colleges, the idea of a federal university has gradually taken shape, and it is now the intention of the Government of India and of the authorities of the University, that the University should be transformed into one of the Federal type, in which each constituent College should be prepared to forego some measure of its autonomy in order to share in, and contribute to, the life and government of the University as a whole.

Teachers employed by each College are 'recognized' by the University.

A recognized teacher can impart instruction only in such subjects and to such classes as the Executive Council of the University on the recommendation of the Committee of Selection permits. All recognized teaching in connection with the courses of study is conducted under the control of the University. The courses of study and the courses of reading are prescribed by Ordinances and Regulations respectively.

The jurisdiction of the University is restricted to a radius of ten miles from the Convocation Hall.

Upto 30th April 1927 and for such period as the Governor-General in Council may direct,* the Matriculation is the Admission Examination, but the idea is to make the Intermediate the Admission Examination.

Upto 30th April 1927 and for such further period as the Governor-General in Council may direct, the constituent Colleges of the University are allowed to maintain classes for the purpose of preparing students for the Intermediate Examination of the University. The following are the constituent Colleges of the University :—

- | | | |
|--------------------------------|----|------------------------------------|
| 1. St. Stephen's College | .. | Teaching up to the M.A. |
| 2. Hindu College | .. | Do. do. |
| 3. Ramjas College | .. | Do. do. |
| 4. Anglo-Arabic College | .. | Teaching up to the B.A.
(Pass). |
| 5. Commercial College | .. | Do. do. |
| 6. Indraprastha Girls' College | .. | Do. do. |
| 7. Ramjas Inter. College | .. | Teaching up to the Inter. |

Prior to the commencement of the Delhi University Act the first three Colleges were affiliated to the University of the Punjab. The last three Colleges were under Section 4 (9) of the Act recognized by the University as Intermediate Colleges for a period ending with 20th April 1927, which has since been extended. The Anglo-Arabic College was allowed to open B.A. classes in October 1929, the Commercial College in 1932 and the Indraprastha Girls' College in 1937. The teaching staff of the constituent Colleges is recognised by the University.

Constitution of the University

The constitution of the University is defined by the Act and the Statutes. The Vice-Chancellor is the principal executive and academic officer of the University.

The following are the authorities of the University :—

1. The Court.
2. The Executive Council.
3. The Academic Council.
4. The Faculties of Arts, Science and Law.

The constitution and the terms of office of the members of the Court, the Executive Council, the Academic Council and the Faculties are prescribed by Statutes.

The Court consists of about 100 members. Its powers are :—

- (i) to make, amend or repeal Statutes,
- (ii) to consider and cancel Ordinances, and
- (iii) to consider and pass resolutions on the annual report, the annual accounts and the financial estimates.

The Executive Council is the executive body of the University. It consists of about twenty-one members and exercises among others the following powers :—

1. The control and administration of the property and funds of the University.
2. The institution of professorships, lectureships and other teaching posts as may be proposed by the Academic Council.
3. The appointment and recognition of teachers on the recommendation of the Committee of Selection.
4. The appointment of all examiners after considering the recommendations of the Academic Council.
5. The appointment of the officers (other than the Chancellor, Pro-Chancellor, Vice-Chancellor, Rector, and the Treasurer), the clerical staff and the servants of the University.
6. The arrangements for the holding of, and the publication of the results of, the University Examinations.
7. The making of Ordinances.

The Academic Council is the academic body of the University and subject to the provisions of the Act, the Statutes and the Ordinances, has the control and general regulation of, and is responsible for the maintenance of, standards of instruction, education and examination within the University. It advises the Executive Council, on all academic matters.

Each Faculty, subject to the control of the Academic Council, has charge of the teaching and the courses of study and the research work in such subjects as may be assigned to it by the Ordinances.

Each Faculty constitutes Committees of Courses and Studies in such subjects as are assigned to it. The Committees make recommendations for—

1. The courses of study, curricula and syllabuses.
2. The appointment of examiners.

2. Tulsanrani Harichand Puranchand Khatri Scholarship of Rs. 12-8-0 per month awarded for one year to the best Hindu Khatri student who stands first in the Faculty of Arts or Science Examination.

There are the following Medals and Prizes :—

Medals—

1. M. Makhan Lal Gold Medal of Rs. 100 is awarded to the best Hindu lady candidate in the University every year.

2. M. Bhola Nath Gold Medal of Rs. 100 is awarded every year to the best Hindu candidate in the B.A. Examination provided he knows Sanskrit.

3. L. Jageshar Nath Gold Medal of Rs. 100 is awarded every year to the best candidate in Law.

4. Rai Bahadur Brijmohanlal Saheb Memorial Gold Medal is awarded to the candidate who passes the Examination for the degree of Bachelor of Arts or Science of the University of Delhi with the highest percentage of marks.

5. Pt. Raghubar Dayal Gold Medal of Rs. 50 is awarded to the best candidate in Sanskrit at the M.A. or B.A. (Hons.) Examination.

6. Ravi Kanta Devi Gold Medal is awarded annually to the lady candidate who passes the Intermediate Examination of the University with the highest percentage of marks.

Prizes—

1. There is a prize called the Rector's Prize of the value of Rs. 150 awarded annually to the best under-graduate student in the form of books, instruments or apparatus for the encouragement of general knowledge and ability, on the result of an examination or test conducted by a Board of Examiners.

2. Hiralal Bhargava Prize of the value of Rs. 40 awarded annually to the best Bhargava student.

Library, Museums, Laboratories

There is a Library containing over 24,338 books. Besides, each College has its own Library which is generally sufficient for under-graduate students. About Rs. 21,853 was spent in 1937-38 on the purchase of books. The Law section of the Library is well-stocked with up-to-date books and a fairly complete set of Law Reports, Indian and English.

The University took charge of Science (Physics and Chemistry) teaching for the degree classes in November 1923. The Laboratories are located in spacious buildings in the Old Viceregal Lodge and are fairly well equipped for B.Sc. teaching.

Provision for Research

The University Fellowship in Economics or Political Science of the value of Rs. 150 per mensem was instituted for the encouragement of research work. It is awarded for two or more years under prescribed conditions.

Military Training

The University Training Corps was formed in 1924. It is the 9th (Delhi) Battalion of the 11/14 Punjab Regiment.

Students and members of the teaching staff are eligible for enrolment and remain in the Corps so long as they continue to be students or teachers of the University and conform to the requirements of the Corps.

In December 1938, the Battalion had 10 officers, 4 under-officer and 324 other ranks.

The Corps has its annual camp in September and October each year.

Associations in the University

A University Athletic Association has been formed to develop and conduct games and athletic and aquatic sports in the University. It also conducts the University Tournaments open to Colleges. Besides, the Constituent Colleges have a number of Societies, Clubs and Unions for social and intellectual intercourse.

Residence and Cost of Living

Residence of students is provided by the different Constituent Colleges and the University Law Hall under conditions prescribed by Ordinances. The cost of living ranges from Rs. 15 to Rs. 30 per mensem.

Budget : Provident Fund

The actual income and expenditure for 1937-38 and the budget estimates for 1939-40 were as follows:—

Year	Actual Income	Actual Expenditure

	Budget Estimate	
	Income	Expenditure
1939-40 ..	Rs. 1,89,885	Rs. 2,03,743

Every employee of the University holding a substantive appointment and receiving a salary of Rs. 30 per mensem or more is required to join the University Provident Fund as a subscriber. Subscriptions to the Provident Fund are deducted

monthly from the pay bill of each subscriber at the rate of 8 per cent. of his monthly pay. The University makes on behalf of each subscriber a monthly contribution to the Fund at the rate of 12 per cent. of the pay on which the amount of the subscription is calculated.

Women's Education

There is a college for women students called the Indraprastha Girls' College. Owing, however, to the special conditions of Purdha obtaining in Delhi, provision has been made for permitting women students to appear in the examinations of the University without undergoing a regular course of study in a College or the University, under conditions determined by Ordinances.

The Indraprastha Girls' College teaches only upto the B.A. Pass standard (Arts subjects only). But some of the men's Colleges (St. Stephen's and Hindu) have made provision for the admission of women students to their Intermediate (Science) and Degree classes; and there are at present several women students studying in Degree and Post-Graduate classes in these Colleges.

There is a special scholarship of the value of Rs. 10 per month *plus* tuition fee for women students who prosecute their studies for a degree after passing the Intermediate Examination.

Students' Information Bureau and its Activities

The University does not maintain a Students' Information Bureau.

Provision for Safeguarding Health, Medical Inspection, Discipline, etc.

There is a Board which looks after the residence, health and discipline of students.

Admission to the University, Courses of Study, Examinations and Degrees

The University offers in Arts, the degree of B.A. (Pass and Honours), and M.A.; in Science, the degree of B.Sc. (Pass); and in Law, the degrees of LL.B., LL.M. and LL.D.

ADMISSION TO THE UNIVERSITY

It is intended that as soon as Intermediate Colleges are organized separately, admission to the University should be confined to those who have passed the Intermediate Examination of an approved University or Board, but till this question is

finally decided by the Government of India, Intermediate instruction will be provided also in the constituent degree Colleges of the University and during this period, therefore, students who have passed the Matriculation Examination of recognized Universities or Boards or equivalent examinations, are deemed eligible for admission to the University.

COURSES OF STUDY AND EXAMINATIONS

ARTS

Intermediate Examination.—The course is one of two years' duration after passing the Matriculation Examination of any University or a recognised Board. Every candidate is required to take four subjects only in either of the two following groups :—

GROUP A (General)

Compulsory Subjects—

1. English.
2. A Classical Language (Sanskrit, Arabic or Persian) or in the case of women candidates one of the Indian Vernaculars, Hindi, Urdu, Bengali or Punjabi. (These shall be regarded as elective subjects for those students who have not passed in any of the languages in the Matriculation or equivalent examination.)

Elective Subjects (two, or in the case of candidates who do not offer a second language, three of the following) :—

1. Mathematics.
2. Physics (including Mathematics) (including a Practical test).
3. Chemistry (including a Practical test).
4. Philosophy.
5. History.
6. Economics.
7. Physiology and Hygiene (in the case of women candidates only).

Provided that the combination of Mathematics, Physics and Chemistry shall not be permissible as a group in the Faculty of Arts.

GROUP B (Special)

Compulsory Subjects—

1. English.
2. Economics.
3. Commerce.

Elective Subjects (one of the following) :—

1. Mathematics.
2. History.

3. Philosophy.
4. A second language (Sanskrit, Arabic, Persian, Hindi, Urdu, Bengali or Punjabi).
5. Regional and Commercial Geography.

In addition to the four subjects in Group A or B there is an additional paper in Hindi, Urdu, Bengali or Punjabi which may be taken by any candidate.

The number of papers in each subject is two.

The minimum number of marks required for a pass is 33 per cent. in each subject and in paper (b) of English, and candidates obtaining 390 marks or more in the aggregate are placed in the First Division, and those obtaining not less than 290, in the Second Division, the aggregate maximum marks being 650.

Provision is made for candidates who have passed this examination and wish to qualify for admission to the Medical College to appear subsequently for additional test in those subjects which complete the group of subjects prescribed for admission to the Medical Colleges.

Any person who has passed an Oriental Titles Examination in Arabic, Sanskrit or Persian of the Panjab University or a Diploma Examination in any of these languages of an Indian University incorporated by any law for the time being in force, may be admitted to the Intermediate Examination in English only, if he has previously passed the Matriculation Examination and thereafter pursued a regular course of study in English for two years in a College recognized by the University. He may be admitted to the B.A. (Pass) Examination if he has passed the Intermediate Examination or the English test for that Examination.

Bachelor of Arts (Pass).—The course extends over two years subsequent to passing the Intermediate Examination. Every candidate is required to study and be examined in *English with a vernacular** (three papers) and two other subjects arranged in any one of the following groups :—

- (i) History and Economics.
- (ii) History and Philosophy.
- (iii) History and a Classical Language (Sanskrit, Arabic or Persian).
- (iv) Economics and Philosophy.
- (v) Philosophy and a Classical Language (Sanskrit, Arabic or Persian).

* Candidates whose vernacular is other than Urdu, Hindi, Punjabi or Bengali, are required to take an additional special paper in English instead of the vernacular.

- (vi) Mathematics and Economics.
- (vii) Economics and a Classical Language (Sanskrit, Arabic or Persian).
- (viii) Mathematics and Philosophy.
- (ix) Mathematics and a Classical Language (Sanskrit, Arabic or Persian).
- (x) Economics and Commerce.
- (xi) History and Commerce.
- (xii) Mathematics and Commerce.

The minimum for a pass is 40 per cent. in English with a vernacular, 33 per cent. in the other subjects and 40 per cent. in the aggregate. Candidates who obtain 65 per cent. or more are placed in the First Division and those who obtain 50 per cent. or more in the Second Division.

Bachelor of Arts (Honours Course).—The course extends over two years after passing the Intermediate Examination. Honours Courses have been instituted in the following subjects : English, Mathematics, Economics, History, Sanskrit, Persian and Philosophy.

An Honours Course in a subject consists of :—

(a) One main subject (6 papers in English, Mathematics and Economics and 5 papers in each of the other subjects).

(b) One subsidiary subject of 2 papers.

(In the case of Mathematics and Economics the subsidiary subject consists of one paper only).

(c) A qualifying test in English in the case of Honours Courses in History, Economics, Philosophy, Sanskrit, Persian and Mathematics (2 papers in the case of Mathematics and one paper in all other cases).

(d) A qualifying test in the Vernacular (one paper) (except in Mathematics Honours Course for which it is optional).

Admission to the Honours Courses is made in each case by an Admission Committee appointed for the purpose.

No student who has not secured at least a second class in his Intermediate Examination is ordinarily admitted to an Honours Course.

A student seeking admission to an Honours Course in a subject shall normally have secured 55 per cent. marks in that subject in his Intermediate Examination.

If a student is found unsuitable for the Honours Course he may be sent back to the Pass Course before the end of the first year.

The Qualifying Test in English and in the Vernacular may be taken at a Preliminary Examination held in the month of October immediately preceding the Final Examination.

The minimum number of marks required to pass the Examination in an Honours Course is 40 per cent. in the aggregate of the main subject ; but if a candidate obtains less than 25 per cent. in any paper, his marks in that paper do not count towards the necessary aggregate.

For the Qualifying Test in English and in Vernacular 33 per cent. of marks is required to pass the examination.

Any student who has passed the Main Subject and in the Qualifying Tests but has failed in the Subsidiary Subject only, obtaining not less than 25 per cent. of marks may be admitted, if he applies within the prescribed time, to an examination in that subject only in October next, or if he fails to pass or fails to appear then, at the annual examination immediately after that, on payment on each occasion, of the same fees as are prescribed for the B.A. Honours Course Examination, and if he passes in the Subsidiary Subject, he shall be declared to have passed the B.A. Honours Course Examination of the year in which he passes in the Subsidiary Subject. If no application is made within the prescribed time he may be granted a Pass Degree.

A Pass Degree shall be granted to a candidate who has passed in the Qualifying Tests and in the Subsidiary Subject ; but has failed in the Main Subject provided that he has secured not less than 33 per cent. of the total marks in that subject.

Master of Arts.—The course of study extends over two years ; but a candidate who has already taken the M.A. Degree in one subject may be permitted to take the examination one year after his passing the M.A. Examination. Also a candidate may be allowed credit for attendance and work at another University, provided he has pursued a regular course of study for one year in this University. A candidate for the M.A. Degree is required to study and be examined in *one* of the following subjects :—1. Languages (English, Arabic, Sanskrit or Persian), 2. History, 3. Economics, 4. Mathematics and (5) Mental and Moral Philosophy.

Subject to the provision made for a dissertation or a thesis in lieu of one or more papers in certain subjects there will be six papers of three hours each in all subjects. The minimum number of marks for a pass is 45 per cent. in the aggregate, but if a candidate obtains less than 25 per cent. in any paper, his marks in that paper will not be credited to his aggregate. To pass the Examination in English, a candidate must obtain 40 per cent. or more in the Essay paper. Candidates who obtain 65 per cent. or more are placed in the First Class, and

those who obtain not less than 50 per cent. in the Second Class, and others in the Third Class.

For the M.A. Examination in Sanskrit, Arabic and Persian, option has been provided for presenting a dissertation on some subject connected with Paper III of the Course. The dissertation may take the form of an exercise in critical editing.

For the M.A. Examination in History, provision has been made for the presentation of a thesis, under conditions prescribed in the Ordinances, in lieu of three written papers.

SCIENCE

Intermediate Examination.—The course of study extends over two years after passing the Matriculation Examination of a recognized University or Board.

Every candidate is required to take four subjects in either of the two following groups :—

GROUP A (Non-Medical)

- (a) English.
- (b) Mathematics.
- (c) Physics (including Mathematics) (including a practical test).
- (d) Chemistry (including a practical test).

GROUP B (Medical Students' Group)

- (a) English.
- (b) Physics (including Mathematics) (including a practical test).
- (c) Chemistry (including a practical test).
- (d) Biology (including a practical test).

The number of papers in each subject is *two*.

The minimum for a pass is 33 per cent. in each subject and in paper (b) of English, and 25 per cent. in the practical test ; and candidates who obtain 360 marks or more are placed in the First Division and those who obtain 270 marks or more are placed in the Second Division, the aggregate maximum marks being 600.

Bachelor of Science.—The course extends over two years after passing the Intermediate Examination in Science. A candidate is required to study and be examined in English (two papers of three hours each) and *one* of the following groups :
1. Mathematics and Physics, 2. Physics and Chemistry,
3. Mathematics and Chemistry (four papers of three hours

in each group and a practical examination in the Science subjects). No candidate is allowed to offer any Science subject unless he has taken the corresponding subject in the Intermediate Examination and no candidate is allowed to take Physics and Chemistry, unless he has taken Mathematics in the Intermediate Examination.

The minimum number of marks for a pass is 33 per cent. in English and 40 per cent. in each of the Science subjects and in the Practical tests and 40 per cent in the aggregate. Candidates who obtain 290 marks are placed in the First Division and those who obtain 210 marks or more in the Second Division, the aggregate maximum marks being 500.

Lucknow University

Introductory : Character of the University

The University is designed to be a unitary, teaching and residential University and this aim has been carried out by the University maintaining two colleges, formerly affiliated to the Allahabad University, *viz.*, the Canning College and the King George's Medical College, the former of which was transferred by the Canning College Act of 1922 and the latter along with the Hospital was incorporated in March 1921 in the Lucknow University. Provision is made, however, for recognition of colleges not maintained by the University and at present, there are two such colleges, the Isabella Thoburn College and the Mahila Vidyalaya College. These Colleges form the Women's Department of the University.

In addition to the regular teaching in connection with the University course provision is also made for tutorial and other supplementary instruction in Colleges and Halls under the control of the University.

Arrangements are made for delivery of a number of popular lectures in the course of the year such as General extension Lectures, Lectures organized by the Vice-Chancellor, Lectures delivered under the "Help the Villagers' Scheme," and Lectures organised under the auspices of the Lucknow University Union.

Military Training

The Lucknow University Training Corps is the B. Company of the 3rd (United Provinces Battalion) University Training Corps, I.T.F., and is made up of four platoons at the Canning College. The normal strength of the B. Company has four King's Commissioned Officers and 148 N.C.O.'s and men. Students and members of the teaching staff of the Lucknow University are eligible for enrolment in the B. Company and members normally remain in the Corps so long as they continue to be students or teachers of the University. Every member undertakes on enrolment to complete 78 hours of training during the first six months after enrolment. Every member also undertakes to attend at least three parades every week during term-time and to attend camp annually (which is compulsory) for a period not exceeding 15 days. Advanced training is also imparted to those of over one year's service in the Corps. Members are provided, free of charge, with complete uniforms, equipment and arms. An annual camp for the Battalion is held.

Associations in the University

There is a University Union. All students enrolled in the Faculties of Arts, Science, Commerce and Law are *ipso facto* members of the Union. The Union holds debates, maintains a Library, Reading and Writing Rooms and Refreshment Room and is intended to promote corporate and social life generally. In addition to the Union, there are various other associations such as Sociological Association, Jnan Vardhini Sabha, General Literary Association, Political Science Parliament, Historical Society, Literary Society of the Persian Department, Lujnatal Adab of the Oriental Department, Clinical Society, Athletic Association, Old Boys' Association, Administrative Staff Association, etc.

Residence and Cost of Living

Every student of the University has to reside in a College or Hall or under conditions prescribed by the Statutes and Ordinances. There is a Residence, Health and Discipline Board which looks after the conditions of life, both of resident and non-resident students, the latter being those who while living with parents or guardians are attached to a College or Hall. In the year 1939 there were 514 resident students.

Budget : Provident Fund

There is a Provident Fund to which subscription is paid by a member drawing at least Rs. 40 per mensem, at the rate of 8 per cent. of his salary, the University contributing at the rate

of 12 per cent. in the case of employees drawing not more than Rs. 500 per mensem and 10 per cent. in the case of employees drawing not more than Rs. 1,000 but above Rs. 500 per mensem and 8 per cent. in the case of employees drawing more than Rs. 1,000 per mensem. The interest on both of these contributions accrues to the account of the subscriber.

Women's Education

There is a separate College for women where they can study for B.A. and B.Sc. Examinations and also for Diploma in Teaching. There were 86 students during 1938-39.

There is also a separate Hostel for women students.

Provision for Safeguarding Health, Medical Inspection, Discipline, etc.

Before admission to a Hostel every student has to produce a certificate from the Medical Officer of the University or from a registered Medical Practitioner that he is physically fit for residence and every student of the University is physically examined at least once a year by the Medical Officer. Dispensaries and Medical Officers are attached to the Hostel and College.

There is a whole-time Director of Physical Instruction to look after the physical training of students. A system of compulsory physical training for all resident students has been introduced from the session 1936-37 under the expert supervision of the Director.

Breaches of Hostel Regulations are dealt with by the Warden, of College Regulations by the Principal, of University Regulations by the Proctor who is expected to attend to the misbehaviour or improper conduct elsewhere than within the compounds of the College and Hostels.

Madras University

Introductory : Character of the University

The University of Madras was founded under the Act of Incorporation XXVII of 1857. This Act was in operation until 1904 when as a result of the Commission appointed by the Government of India in 1902 to examine the working of the Universities under that system, the Indian University Act No. VIII of 1904 was passed with the intention of reorganizing the Universities in India and of enlarging their functions in the matters of University Teaching and of supervision over affiliated colleges. This Act again was superseded by the Madras University Act No. VII of 1923 which was passed to reorganize the University with a view to establishing a teaching and residential University at Madras while enabling the University to continue to exercise due control over the quality of the teaching given by colleges which are to constitute the University or are affiliated to it. This Act has since been amended by the Amended Act XII of 1929, which has since been modified by the Government of India (Adaptation of Indian Laws) Orders, 1937 and 1940.

The University is federal in character and is in the main an examining body, though it has undertaken teaching and research in Economics, Indian History, Politics, Philosophy, Mathematics, Statistics, Botany, Biochemistry and Zoology as well as in Sanskrit, Islamic and Dravidian Languages and in Indian Music.

There are 15 Constituent Colleges, *i.e.*, colleges within the University area. Of these, six prepare candidates for Degrees in Arts and Science, four in Teaching, one in Law, two in Medicine, one in Engineering, and one in Veterinary Science. Besides, there are 31 Affiliated Colleges of which 30 prepare candidates for Intermediate courses and for Degrees in Arts and Science, and one in Agriculture. Provision is also made to confer Degrees and Titles in Oriental Learning. There are 21 Institutions preparing candidates for Oriental Titles.

Extension Work

The University arranges for a number of ordinary University Lectures, Vacation Lectures and certain Special Lectures.

University Extension Boards, constituted at Madras, Trichinopoly, Madura, Ernakulam, Coimbatore and Mangalore arrange special extension and popular lectures for the benefit of the public.

Honorary Readers, appointed annually by the Syndicate, deliver lectures in their subjects which are of the Honours or Research standard.

Besides, there are about a dozen endowments made specifically for the purpose of inviting experts to deliver courses of lectures on topics connected with Medicine, Engineering, Agriculture, Politics, Constitutional Law, Indian Philosophy, Aesthetics, Ancient Indian Culture, History, Economics and Sanskrit.

Teachers of the University also deliver advanced courses of lectures in their subjects.

Military Training

There is a University Training Corps to give Military Training to undergraduates and graduates of the University. The Syndicate sanctions an annual contribution of Rs. 4,744 to the funds of the Corps and also pays a grant of about Rs. 3,200 towards the expenses of the Annual U.T.C. camp mess to the colleges.

Budget : Provident Fund

The Budget Estimate of the University for each year (April to March) is placed before the Senate for its consideration and adoption at its Annual Meeting in March of every year.

A Provident Fund has been instituted for the benefit of the permanent teachers and servants (other than the menial establishment) of the University with effect from April 1929, to which the members subscribe $6\frac{1}{4}$ per cent. of their monthly salary and the University pays an equal contribution.

Women's Education

There are 8 constituent and affiliated colleges for the education of women under Arts and Teaching Faculties, 6 recognized or affiliated up to the B.A. standard, and 2 recognized in the Faculty of Teaching. Women students are also admitted in other colleges.

Students' Information Bureau, and its Activities

The Students' Advisory Committee has been replaced by the University Students' Information Bureau.

The main functions of the Bureau are :—

(1) To furnish information and advice to Indians proceeding to England and other foreign countries for further studies.

(2) To circulate to Colleges and other institutions in India the educational, financial and social information collected by the Bureau in London.

(3) To communicate with the Central Bureau on behalf of students before they start, or on behalf of their parents when they are in England.

(4) To help prospective candidates for the Indian Civil Service to assess their ability and to enable them to compute their chance of success at the examination, and to advise them in general.

Secretary.—Mr. R. N. Selvam, M.A.

Provision for Safeguarding Health, Medical Inspection, etc.

Provision has been made in the Regulations for inspection by qualified Medical Officers of students in the Junior Intermediate and Junior B.A. classes and for introduction of compulsory Physical Education in the Intermediate course.

Admission to the University, Courses of Studies, Degrees and Examinations

Degrees, Titles and Diplomas.—The University offers in Arts the Degrees of B.A. (Pass and Honours), M.A., M.LITT., and D.LITT., in Science the Degrees of B.Sc. (Pass and Honours), M.Sc. and D.Sc. The Professional Degrees are: L.T., B.ED., M.ED., B.L., M.L., LL.D., M.B. & B.S., B.S.Sc., M.D., M.S., D.G.O., B.Sc. (Pharmacy), B.E. & B.Sc. (Agriculture), and B.V.Sc. Holders of Professional Degrees have also been made eligible for the Research Degrees. There are also Diplomas in Economics, in Politics and Public Administration, in Modern European Languages (French and German), in Geography, in Indian Music and in Librarianship. Under Oriental Studies, the Degrees and Titles conferred are B.O.L. and M.O.L., Siromani, Vidvan, Munshi-i-Fazil, Afzal-ul-Ulama, Adib-i-Fazil, Tabib-i-Kamil, Afzal-ul-Atibba, Malpan and Soppar. Under Fine Arts, the Degree and Title conferred are B.MUS. (Bachelor of Music) and Sangita Siromani.

ADMISSION TO COURSES OF STUDY IN THE UNIVERSITY

Candidates for admission to the University should have passed the S.S.L.C. Examination of a recognized Board and declared eligible for University Courses or the Matriculation Examination of this or of any other recognized University.

For the purpose of admission to courses of study in this University, the Intermediate Examinations of other Indian

Universities and of duly constituted Boards of Secondary and Intermediate Education and Degree Examinations of other Indian Universities will be recognized as equivalent to the corresponding examinations of this University, subject to the following conditions :—

- (1) That the normal length of the course prescribed leading to the examination sought to be recognized shall not be less than that for the corresponding examination of this University ;
- (2) that, in cases of applications other than those specified in the Regulations governing admission of candidates holding the Diploma of L.M.P. to the M.B.B.S. course, the course of study for the examination sought to be recognized shall have been pursued in a University or in a college recognized by a University, provided that it shall be competent for the Syndicate in special cases to waive the above condition ; and
- (3) that in the case of admission to a professional course the restriction of subjects, if any, imposed on candidates of this University shall be applicable to candidates who have passed examinations of other Universities or Bodies.

Provision is also made, for admission, under certain conditions, of *bona-fide* teachers to Matriculation, Intermediate, B.A., M.A., B.Sc. (Honours) and L.T. Degree Examinations.

The Science subjects now form subjects of study for the B.Sc. (Hons.) Degree Course.

The minimum for a pass is 40 per cent. in Part I, English and in Part II, 40 per cent. of the total marks, and 30 per cent. in each of the three divisions of the examination. Candidates

getting 60 per cent. or more are placed in the First Class, those getting not less than 50 per cent. are placed in the Second Class and those getting not less than 40 per cent. in the Third Class. Candidates who have failed in the B.A. (Hons.) Examination but who obtain $33\frac{1}{3}$ per cent. in the total and 25 per cent. in each division of the examination are recommended for the B.A. Degree.

(4) *Master of Arts (M.A.)*.—A Bachelor of Arts of this University (whether in Arts or Science subjects) who has passed the B.A. Degree Examination under the Old, New or Transitory Regulations, may, after an interval of two years from the date of qualifying for that Degree, appear for the M.A. Degree Examination, on the production of a certificate of attendance at a college after undergoing two years post-graduate course.

The course of studies, syllabuses, subjects, scheme of marks and time-tables, marks qualifying for a pass and divisions of the subjects for the examination for the Degree of Master of Arts, shall be the same in all Branches as for the Final Examination for the Degree of Bachelor of Arts (Honours) conducted in the year in the subjects in the corresponding Branch.

Provision has been made to permit Bachelors of Arts of other Universities to appear for the M.A. Degree Examination after taking a Post-Graduate course for two years in a College attached to this University.

Provision has also been made (1) for Bachelors of Arts who had put in post-graduate attendance in colleges prior to 1937-38 to appear for the M.A. Degree Examination without any further attendance, and (2) for Bachelors of Arts (Honours) or Masters of Arts in one subject to qualify in a different branch of subject after undergoing the prescribed course for two academic years in a college of this University.

(5) *Degree of Master of Letters (M.Litt.)*.—A candidate for the M.LITT. Degree is required to have graduated in an Arts subject, and to work in a College recognized by or affiliated to this University under a teacher previously approved by the Syndicate for a period of two years or one year respectively, in the case of (1) a Bachelor of Arts or Bachelor of Music and (2) Bachelor of Arts (Hons.) or Master of Arts or Licentiate in Teaching in an Arts subject.

Provision has been made to permit those who have submitted their theses for the PH.D. Degree (since abolished) but were not awarded the degree, to submit theses for the M.LITT. Degree, without registration and further study, till the end of the academic year 1941-42.

(6) *Degree of Doctor of Letters (D.Litt.)*.—A candidate for the D.LITT. Degree should be a B.A. (HONS.) or M.A. or M.LITT., and may submit his thesis five years after having taken the B.A. (HONS.) or M.A. Degree, and three years after having taken the M.LITT. Degree.

SCIENCE

(1) *The Intermediate Examination*.—The Intermediate Examination leading to the B.Sc. Degree courses is the same as in the Faculty of Arts, but candidates should have passed the examination in the Science subjects.

(2) *Bachelor of Science (B.Sc.)*.—After passing the Intermediate Examination, a candidate must prosecute his studies for a period of two years. The subjects of study and the scheme of examination are as follows :—Part I (which may be taken at the end of the first year of study or at the end of the second year) : Any one of the following languages :—

(i) English ; (ii) Classical : Sanskrit, Greek, Latin, Arabic, Persian, Hebrew, Syriac ; (iii) Modern : (a) Foreign—French, German ; (b) Indian—Tamil, Telugu, Malayalam, Kannada, Urdu, Marathi, Oriya, Hindi, Bengali, Burmese, Sinhalese.

Part I : English (2 papers)—(1) Composition, (2) Prose ; Indian Languages (2 papers)—(1) Translation, (2) Composition ; Other Languages (2 papers)—(1) Translation, (2) Prescribed text-books.

Part II : any three of the following to be selected by the candidate of which one shall be main and the other two subsidiary subjects or Home Science :

Mathematics (4 papers), Physics (4 written and 1 practical) Chemistry (3 written and 1 Practical), Botany (2 written and 2 practical), Zoology (2 written and 2 practical), Geology (2 written and 2 practical), Physiology (2 written and 2 practical), Home Science (6 written and 4 practical). Electrical Engineering and Mechanical Engineering can be taken only as subsidiary subjects with Physics as main subject. In all the subsidiary subjects there shall be a written examination (2 papers) and a practical examination (except in the case of Mathematics). In order to obtain a pass, the minimum required is 35 per cent. of the total marks in Part I and 30 per cent. of the marks allotted to each subsidiary subject and 35 per cent. in the total for the main subject and 35 per cent. of the total number of marks in Part II ; except in the case of Home Science, where the minimum required is 30 per cent. in each of the three divisions and 35 per cent. in the total. To obtain distinction in Part I, a candidate must obtain 60

per cent. of the total marks. Successful candidates in Part II will be arranged in three classes; the First, consisting of those who obtain not less than 60 per cent., the Second, of those who obtain not less than 50 per cent., and the Third, the remainder.

Provision has been made for candidates who have passed the B.A. Degree or B.A. (Hons.) Preliminary or B.Sc. (Hons.) Part I Examination to qualify for the B.Sc. Degree under certain conditions.

Provision has also been made for Bachelors of Science of this University to qualify again for the degree in an additional subject after one year's course in a College.

(3) *Bachelor of Science (B.Sc.) Honours*.—The course extends over three years after the Intermediate Examination. Graduates in Science seeking to study for Honours need study only for a period of two years; they are also exempted from Part I of the Examination and the examination in the subsidiary subjects. The subjects of study and the scheme of examination are as follows:—Part I: English or French or German: (1) Prose, and (2) Composition on additional set books in the case of English and (1) Translation and (2) Prescribed Text-books in the case of French or German. Candidates obtaining 40 per cent. of the total marks are declared to have passed in this Part while those who obtain not less than 60 per cent. are declared to have passed with distinction. Part II: (i) Mathematics (8 papers), or one of the following as main subject—(ii) Physics (6 written and 4 practical); (iii) Chemistry (5 written and 4 practical); (iv) Botany (5 written and 4 practical); (v) Zoology (5 written and 4 practical); (vi) Geology (5 written and 4 practical); (vii) Physiology (5 written and 4 practical); and any one of the following (other than the subject taken as the main subject) as a subsidiary subject—(1) Mathematics, (2) Physics, (3) Chemistry, (4) Botany, (5) Zoology, (6) Geology, (7) Physiology. The examination in the subsidiary subjects shall be the same as for the B.A. and B.Sc. Degrees. The other Regulations regarding the examination and the conferring of the degrees are the same as for the B.A. (Hons.).

A Bachelor of Science or a Bachelor of Arts in Science subject may qualify for B.Sc. (Hons.) Degree after a two years' course in a College. Such students are exempted from the examination in Part I English and in the Subsidiary Subjects in which they have already passed; while students who have passed examinations of other Universities recognized by the Syndicate as equivalent to the B.Sc. or B.A. Degree Examination of this University should appear for and pass in the Main and Subsidiary subjects in this University.

Provision has been made for Bachelors of Arts in Science subjects or Bachelors of Science (Honours) to qualify in an additional Science Branch under certain conditions.

(4) *Master of Science (M.Sc.)*.—A candidate for the Degree is required to have graduated in Science and to work in a College or Research Institute under a Professor, or any other person previously approved by the Syndicate, for a period of two years or one year respectively, in the case of (1) Bachelors of Arts and Science, or (2) Bachelors of Arts and Science (Honours) or M.A., or M.B. & B.S. or B.E., or B.Sc. (Ag.), or B.V.Sc., or L.T. in a Science subject and submit thereafter a thesis for approval.

Provision has been made to recognize on individual merits Research Institutes other than those managed by or attached to this University and Institutes or Departments attached to other universities (in cases where there are no facilities for the graduates of this University to conduct research in any Institute within the Madras University area) and the Teachers or Officers employed therein for the above purpose.

(5) *Doctor of Science (D.Sc.)*.—This is an examination by thesis, supplemented, when necessary, by an examination, written, oral or both. A candidate for this Degree must be a Master of Arts in a Science subject or B.Sc. (Hons.), or M.B. & B.S. or B.E., or B.Sc. (Ag.) or B.V.Sc., or L.T. in a Science subject, or M.Sc. A Master of Science may submit his thesis three years after having taken the Degree, and the other after a lapse of four years after taking the respective Degree.

Provision has been made for Bachelors of Arts in Science subjects and Bachelors of Science to proceed to the D.Sc. Degree direct seven years after having qualified for the B.A. or B.Sc. Degree of this University.

COURSES OF STUDIES AND DEGREES LEADING TO PROFESSIONS LAW

(1) *Bachelor of Laws (B.L.)*.—Graduates in Arts and Science of this or of any other recognized University are admitted to the course of study which extends over two years.

The First Examination in Law, to be held at the end of the first year, includes an examination in Jurisprudence (1 paper), Roman Law (1 paper), the Law of Contracts including Negotiable Instruments and Specific Relief (2 papers), the Law of Torts (1 paper) and Indian Constitutional Law (1 paper). Candidates are declared to have passed the examination if they obtain not less than $33\frac{1}{3}$ per cent. of the marks in Jurisprudence, Roman Law and Indian Constitutional Law taken together, $33\frac{1}{3}$ per cent. in Contracts and the Law of Torts taken

together, and not less than 40 per cent. of the total marks. Those who obtain not less than 60 per cent. are placed in the First Class, while those obtaining less than 60 per cent. and not less than 50 per cent. are placed in the Second Class, the remaining successful candidates in the Third Class.

Provision is made for pass in compartments (Divisions). A candidate should obtain 50 per cent. of the marks in the Division for a pass.

The final examination in Law (B.L.) is open to those who have passed the First Examination in Law and have studied for a further period of one year. The subjects of study and the scheme of examination are as follows: Law of Property, with special reference to the Transfer of Property Act, the Indian Trusts Act, the Indian Easements Act (2 papers), Hindu Law (1 paper), Muhammadan Law (1 paper), Principles of Land Tenures in the Madras Presidency (1 paper), the Law of Evidence (1 paper) and Criminal Law (Indian Penal Code) (1 paper).

The minimum for a pass is one-third of the marks in the Law of Property and Madras Land Tenures taken together, one-third of the marks in Hindu and Muhammadan Law taken together, and one-third of the marks in Criminal Law and the Law of Evidence taken together and not less than 40 per cent. of the total marks. Those who obtain not less than 60 per cent. are placed in the First Class, while those obtaining less than 60 per cent. and not less than 50 per cent. are placed in the Second Class, the remaining successful candidates in the Third Class.

Provision is made in the Regulations for pass in compartments (Divisions). A candidate should obtain 50 per cent. of the marks in the Division for a pass.

(2) *Master of Laws (M.L.)*.—No candidate will be admitted to the examination for the M.L. Degree unless he has passed not less than two years previously the examination for the B.L. Degree of this University or any other accepted Degree, and submits himself for examination in the following subjects: One of the following branches may be offered:

Branch I—Jurisprudence. •

Branch II—Constitutional Law and International Law.

Branch III—Crime and Tort.

Branch IV—Contracts including Mercantile Law.

Branch V—Hindu, Muhammadan and other Personal Laws.

Branch VI—Property. •

(5 papers in each Branch.)

Candidates who obtain not less than one-third of the marks in each paper and not less than 40 per cent. on the whole, are declared to have passed the examination. Those who obtain 60 per cent. or more of the aggregate are placed in the First Class, those obtaining less than 60 per cent. and not less than 50 per cent. are placed in the Second Class, the remaining successful candidates in the Third Class.

(3) *Doctor of Laws (LL.D.)*.—One year after passing the examination of M.L., a candidate may submit a thesis for the approval of the Syndicate. A character certificate should be sent with the thesis to the effect that in the opinion of the Referees, the candidate is a fit and proper person for receiving such a degree. There may further be an examination, oral, written or both.

MEDICINE

(1) *Bachelor of Medicine and Surgery (M.B. & B.S.)*.—The course of study extends over a period of five years after passing the Pre-Registration Examination. Candidates for admission must have passed the Intermediate Examination of this University or an accepted examination and must have subsequently studied for a period of six months in a college affiliated to or recognized by this University, the subjects of Inorganic Chemistry, Physics and Natural Science and passed the Pre-Registration Examination.

The scheme and subjects for the Pre-Registration Examination: One paper in each of the following:—Inorganic Chemistry, Physics and Natural Science (each according to a syllabus). There is also a practical examination in each subject. To pass the examination, a candidate must obtain 35 per cent. of the marks in the written and 35 per cent. of the marks in the practical tests in each of the three subjects. Those who get not less than fifty per cent. of the aggregate marks and pass the whole examination at one sitting on the first occasion of appearing therefor, are placed in the First Class. Candidates who pass in the First Class and who obtain not less than 60 per cent. of the marks in any subject will be declared to have passed with distinction in that subject. Candidates who fail but obtain 40 per cent. in each of the written and the practical parts in any subject are exempted from re-examination in that subject and candidates who fail in any subject are required to produce a certificate of further study which shall extend to the next succeeding examination.

The subjects of study and the scheme of examination for the First M.B. & B.S. Course are Organic Chemistry, Anatomy (including Elements of Human Embryology), and Physiology including Biophysics and Biochemistry. The examination

in each subject is written, practical and oral, and can be taken in two parts separately :—Part I comprising Organic Chemistry at the end of the first academic year and Part II comprising Anatomy, including the Elements of Human Embryology, and Physiology including Biophysics and Biochemistry after the completion of the two academic years of study. A candidate will be declared to have passed the examination, if he obtains not less than one-half of the marks in the written and oral examinations taken together and not less than one-half of the marks in the practical examination in each of the above subjects. Those who get not less than seventy per cent. of the aggregate number of marks are placed in the First Class.

The subjects of study and the scheme of examination for the Second M.B. & B.S. Course are :—Part I (a) Pharmacology, Part II (b) Hygiene and Preventive Medicine, (c) Pathology with Bacteriology, and (d) Ophthalmology. The examination in each subject will be written, practical and oral in (a), (b) and (c) and only written and oral in (d). A candidate will be declared to have passed the examination, if he obtains not less than one-half of the marks in the written and oral examinations taken together and not less than one-half of the marks in the practical examination in each of the subjects Pharmacology, Hygiene and Preventive Medicine and Pathology with Bacteriology, and not less than one-half of the marks in the written and oral examinations in Ophthalmology taken together. Those who obtain not less than seventy per cent. of the aggregate number of marks are placed in the First Class.

For the Final M.B. & B.S. Degree Course, the subjects of study and the scheme of examination are as follows :—The examination can be taken in two parts: Part I comprising Forensic Medicine. Part II comprising (a) Medicine including Therapeutics and Mental Diseases, (b) Surgery, and (c) Obstetrics and Gynæcology. The examination in each subject will be written and oral in the case of Part I, and written, clinical, practical and oral in each case of Part II. A candidate for Part I of the Final M.B.B.S. Degree Examination will be declared to have passed the examination if he obtains not less than one-half of the marks in the written and oral examinations taken together in the subject. A candidate for Part II will be declared to have passed the examination if he obtains : (a) (i) not less than one-half of the marks in the written and oral examinations in Medicine taken together, and (ii) not less than one-half of the marks in the clinical examination in that subject ; (b) (i) not less than one-half of the marks in the written, practical and oral examinations in Surgery taken together and, (ii) not less than one-half of the marks

in the clinical examination in that subject ; and (c) (i) not less than one-half of the marks in the written and oral examinations in Obstetrics and Gynæcology taken together, and (ii) not less than one-half of the marks in the clinical examination in that subject. Those who have either passed the whole examination at one time, or have passed each part separately on the first occasion of appearance therefor, obtaining not less than seventy per cent. of the marks in each Part, are placed in the First Class.

Candidates appearing for the Final M.B. & B.S. Degree Examination should complete Part II of the Examination in Medicine, Surgery, and Midwifery within a period which should not ordinarily exceed 24 months. Such candidates as do not pass all the parts of Part II within this period will be required to take the entire examination again.

(2) *Master of Surgery*.—The course of study extends over three, two or one year of practical work, according as the candidate is working in the Medical Profession, Medical Hospital or is a first class M.B.B.S. working in a hospital respectively. Candidates will be examined in Surgery (two papers) ; Surgical Anatomy and Pathology (1 paper) ; Operative Surgery and the Use of Instruments, and a Clinical and Oral Examination including the examination in Pathological Specimens. Those who are approved by the examiners will be declared to have passed the examination.

(3) *Doctor of Medicine*.—The course of study extends over the same period as that for the Degree of Master of Surgery. The subjects of study and the scheme of examination are as follows :—One of the following Branches of knowledge :

Branch I—Medicine : Medicine (1 paper), Medicine including Mental Diseases and Pathology (2 papers) and a Clinical and Oral Examination including an examination in Pathological Specimens.

Branch II—Midwifery including Diseases of Women and Children : Medicine (1 paper), Midwifery and Diseases of Women and Children including Pathology of these subjects (2 papers), an essay on one of two set subjects in Midwifery and Diseases of Women and a Clinical and Oral Examination in Midwifery and Diseases of Women and Children including an Examination in Pathological Specimens.

Branch III—Pathology : Medicine (one paper), Pathology (two papers) and a Practical and Oral Examination in Pathology.

Branch IV—Tropical Medicine : Medicine (1 paper), Tropical Medicine including the Pathology of Tropical Diseases

(2 papers), and a Clinical and Oral Examination including the examination of Pathological Specimens.

Candidates approved by the examiners will be declared to have passed.

Provision has also been made to enable candidates who have qualified for the M.B. & B.S. Degree of some other University recognized by the Medical Council of India and accepted by the Syndicate to appear for the M.S. or M.D. Degree Examination under certain conditions.

(4) *Bachelor of Sanitary Science*.—Candidates must be graduates in Medicine and Surgery of this University or hold corresponding degrees of other Universities or Licensing Bodies recognized for the purpose and the degree must be registered with the Madras Medical Council before the candidate is admitted to the examination. The course of study extends over a period of not less than twelve calendar months. The subjects of study and the scheme of examination are as follows:

Part I.—(1) Chemistry and Physics in relation to Public Health, Climatology and Meteorology, (2) Bacteriology, (3) Medical Entomology and Parasitology. The examination in each subject includes a written paper, practical examination and a *viva voce*. Candidates who obtain not less than one-half of the aggregate marks in each subject in Part I of the examination shall be declared to have passed.

Part II.—(1) Hygiene and Preventive Medicine and Public Health including Sanitary Engineering, (2) Epidemiology and Infectious Diseases, (3) Sanitary Law and Vital Statistics, (4) Public Health Administration. The examination in subjects (1) and (3) includes a written paper and a *viva voce*; that in (2) includes a written paper, a practical examination and a *viva voce*, and that in (4) consists of a practical examination only. Those who get not less than one-half of the aggregate marks in each subject in Part II of the examination shall be declared to have passed.

Candidates who pass both parts of the examination at the first sitting and who obtain not less than two-thirds of the aggregate marks of both the parts together shall be declared to have passed in the First Class; and those obtaining less than two-thirds of the aggregate marks and not less than fifty per cent. of the total marks shall be declared to have passed the examination in the Second Class. Candidates obtaining not less than seventy-five per cent. of the marks in any subject shall be declared to have passed with distinction in that subject.

(5) *Diploma in Midwifery (D.G.O.)*.—The course of study for the diploma extends over a period of one year after qualifying for a Medical degree (M.B.B.S. or L.M.S.) of this University

or of some other recognized University accepted as equivalent thereto. The students shall be examined in Midwifery, Gynæcology and Diseases of a new-born child; and the examination will be largely practical. Candidates obtaining not less than one-half of the marks in each of the examinations will be declared to have passed the examination.

(6) *Bachelor of Science in Pharmacy (B.Sc.) (Pharmacy).*—Candidates seeking admission to the course should have passed the Intermediate Examination of this or some other University with certain prescribed subjects. The course extends over a period of two academic years or six terms, and there will be a Preliminary Examination at the end of the second term and a Final Examination at the end of the second year. The subjects for the examination will be as follows :—

Preliminary: General Chemistry, Organic Chemistry and Botany (written, practical and oral in each), and Physiology (written and oral only).

Final: Pharmaceutical Chemistry and Pharmaceutics (written, practical and oral in each) and Practical Pharmacognosy (practical and oral only).

Candidates for the Preliminary Examination will be declared to have passed the examination, if they obtain not less than one-half of the marks in the practical part and not less than one-half of the marks in the written and oral parts taken together in the case of General Chemistry, Organic Chemistry and Botany, and not less than one-half of the marks in the written and oral parts taken together in the case of Physiology. Candidates for the Final Examination will be declared to have passed the examination if they obtain in Pharmaceutical Chemistry and in Pharmaceutics not less than one-half of the marks in the practical part and not less than one-half of the marks in the written and oral parts taken together, and in Practical Pharmacognosy not less than one-half of the marks in the practical and oral parts taken together.

ENGINEERING

Bachelor of Engineering.—The course extends over four years. Candidates for admission must have passed the Intermediate Examination. Subjects of study and the scheme of examination are as follows :—First Examination in Engineering, one paper in each of the following subjects: Mathematics I, Mathematics II, Physics, Chemistry, Applied Mechanics, Civil Engineering I, Civil Engineering II, Mechanical Engineering, Electrical Engineering, Surveying, Geometrical Drawing, Building Drawing and Machine-Drawing.

The Final Examination held at the end of the fourth year of study after the Intermediate Examination is divided into three Branches : Civil, Mechanical and Electrical Engineering. Candidates may appear in any Branch.

•*Subjects for Civil Branch.*—Candidates in the Civil Branch shall be examined in the subjects comprised under the following question papers :—1. Mathematics I. 2. Mathematics II. 3. Strength of Materials and Theory of Structures I. 4. Strength of Materials and Theory of Structures II. 5. Hydraulics. 6. Structural Engineering I. 7. Structural Engineering II. 8. Highway Engineering and Railway Engineering. 9. Civil Engineering—Drawing and Design I. 10. Irrigation Engineering and Dock and Harbour Engineering. 11. Sanitary Engineering. 12. Surveying. 13. Civil Engineering—Drawing and Design II. Candidates shall also submit their laboratory note-books, survey field books, drawings and designs.

Subjects for Mechanical Branch.—Candidates in the Mechanical Branch shall be examined in the subjects comprised under the following question papers :—1. Mathematics I. 2. Mathematics II. 3. Strength of Materials and Theory of Structures. 4. Theory of Machines. 5. Electrical Technology I. 6. Electrical Technology II. 7. Heat Engines I. 8. Heat Engines II. 9. Machine Drawing and Design I. 10. Fuels, Gas Plants and Boilers. 11. Hydraulic Machinery. 12. Workshop Practice and Machine Tools. 13. Machine Drawing and Design II. Candidates shall also submit their laboratory note-books, drawings and designs.

Subjects for Electrical Branch.—Candidates in the Electrical Branch shall be examined in the subjects comprised under the following question papers :—1. Mathematics I. 2. Mathematics II. 3. Strength of Materials and Theory of Structures. 4. Theory of Machines. 5. Electrical Technology I. 6. Electrical Technology II. 7. Heat Engines. 8. Principles of Electrical Machinery I. 9. Principles of Electrical Machinery II. 10. Electrical Measurements and Measuring Instruments. 11. Power Generation, Transmission and Utilization I. 12. Power Generation, Transmission and Utilization II. 13. Machine Drawing and Design. Candidates shall also submit their laboratory note-books, drawings and designs.

In the First as well as in the Final examinations, candidates obtaining not less than 33 per cent. in each of the divisions and not less than 50 per cent. of the aggregate marks will be declared to have passed the examination. In each examination the names of successful candidates are arranged in the order of proficiency as determined by the total marks obtained by each. Candidates obtaining not less than 66 per cent. of

the aggregate marks in the B.E. Degree Examination, shall be declared to have passed with Honours.

TEACHING

Licentiate in Teaching (L.T.).—Candidates seeking admission to this degree must be graduates; the course of study extends over one year. Degree or a degree of some other University accepted as equivalent thereto. They will be required to work in a college recognized by or affiliated to this University under a teacher previously approved by the Syndicate for a period of two years, and submit thereafter a thesis for approval.

AGRICULTURE

Bachelor of Science (Agriculture) .[B.Sc. (Ag.)].—After passing the Intermediate Examination a candidate must prosecute his studies for a period of three years at a College of Agriculture under the University and pass the prescribed examinations. The subjects of study comprising both Theoretical and Practical instruction are as follows:—Agriculture, Agricultural Botany, Agricultural Chemistry, Agricultural Zoology, Agricultural Engineering and Animal Hygiene. There are three examinations to be passed by candidates to qualify for the degree, each examination is held at the end of each year. Passing in First Class Examination is compulsory before a candidate is allowed to sit for the Second Examination.

The subjects for the three examinations are as follows:—

First Examination .. Agriculture, Botany, Chemistry and Zoology.

Second Examination .. Agriculture (Plant Husbandry), Agricultural Engineering, Agricultural Zoology and Animal Hygiene.

Final Examination .. Agriculture—Economics and Farm Management, Animal Husbandry, Agricultural Botany and Agricultural Chemistry.

The examination in each subject shall be both written and practical. The minimum marks for a pass are 40 per cent. of the marks in the subjects for each examination.

VETERINARY SCIENCE

Bachelor of Veterinary Science (B.V.Sc.).—After passing the Intermediate Examination a candidate must prosecute his studies for a period of five academic years at a College of

Veterinary Science attached to the University and pass the prescribed examinations. The subjects of study comprising both Theoretical and Practical instruction are as follows:—

Preliminary : (a) Biology ; (b) Chemistry.

Intermediate : (Part I)—(a) Physiology including Experimental Physiology, Biochemistry and Histology and Embryology ; (b) Bacteriology including Immunology.

(Part II) :—(a) Pathology, (b) Parasitology (Helminthology, Entomology and Protozoology).

Final : (a) Preventive Medicine including Clinical Medicine and Laboratory Technique ; (b) Meat and Milk Inspection ; (c) Animal Husbandry (Hygiene).

There are four examinations to be passed by candidates to qualify for the Degree ; the first three examinations are held at the end of each year and the Final at the end of the fifth year. Passing in the Preliminary Examination is compulsory before a candidate is allowed to sit for the Intermediate Examination. No candidate will be admitted to the Final Examination unless he has passed the Preliminary and Intermediate Examinations and has also obtained the Diploma in Veterinary Science awarded to the students of the Veterinary College by the Government of Madras or a Diploma recognized by the Syndicate as equivalent thereto. The examination in each subject shall be written, practical and oral. The minimum marks for a pass are 50 per cent. of the marks in the subjects for each examination.

*Part III—Optional Subjects.—*The examination shall be a written one and the scheme of examination and of marks shall be the same as for *any two* of the subjects prescribed for Certificates of Proficiency in Oriental Learning.

(6) *Master of Oriental Learning.*—Two years after taking the Degree of Bachelor of Oriental Learning a candidate may apply for this Examination. The thesis must be written in English for approval by the Syndicate. The thesis will be referred by the Syndicate to a Board of three Examiners, who may, at their discretion, ask the candidates to submit to a written examination or/and to an oral examination.

With regard to the Higher Degrees—M.A., M.LITT., M.Sc., M.L., M.ED., and M.O.L.—graduates of other Universities will not be eligible to appear for the examination or submit theses for the Degree, unless they have resided for two academic years, prior to the date of their application for examination, within the University limits or area, and have pursued a course of study or research (whichever is required) in the University or Constituent or Affiliated College thereof.

Mysore University

Introductory : Character of the University

The University of Mysore was the first University to be founded in the Indian States. The two State Colleges which had long stood affiliated to the Madras University formed the nucleus of the new University of Mysore. The establishment of the University received the sanction of His Highness the Maharaja of Mysore on the 22nd July 1916.

A regulation amending and consolidating the provisions of the Mysore University Regulation, V of 1916, as amended from time to time, received the assent of His Highness the Maharaja on the 6th day of January 1933, and came into force on the 1st day of July 1933.

The University aims at the unitary type, but there are two University Centres, Mysore and Bangalore, one with two and the other with three Constituent Colleges including a Medical College and an Engineering College.

Besides, there are 4 Intermediate Colleges, 2 for men at Mysore and Bangalore, and two for women, one at Bangalore and the other at Mysore, a Medical School and an Engineering School.

Scholarships and Medals

The University has received a large number of endowments ranging from Rs. 30,000 to Rs. 300 for the award of medals, prizes and scholarships. The total amount of endowments at present stands at about Rs. 4,30,000.

Besides the above, a large number of scholarships including Merit Scholarships, Backward Class Scholarships and Depressed Class Scholarships and Free-studentships are awarded.

The number of these special scholarships during 1938-39 was :

Merit	74
Backward Class	215
Depressed Class	67

Women students are free. 62 of them were awarded special scholarships.

Library, Museums, Laboratories, etc.

The University Library [Librarian : Dr. A. N. Narasimhia, M.A., L.T., Ph.D. (Lond.)] consists of 29,612 volumes as on 30th June 1936. The Library is open to members of the Senate of the University and other bodies, members of the Staff of the Constituent and Intermediate Colleges Registered Graduates, students studying for the M.A. and B.A. (Hons.) Degrees and undergraduates who have obtained the permission of the Principal of their college to borrow books from the University Library.

Oriental Library (Curator : Mr. M. S. Basavalingayya, M.A., B.L.). The Library contains a collection of very valuable old manuscripts and the results of the research carried on by the Library are published from time to time. By special permission, books can be borrowed by graduates and undergraduates studying in the University. Total number of books is 16,473. Manuscripts, 10,722.

Archæological Department [Director : Dr. M. H. Krishna, M.A., D.Litt. (Lond.), Professor of History, Mysore University]. The object of the Department is to carry out an archæological survey in the Mysore State for the purpose of discovering and studying ancient inscriptions, monuments, coins, historical sites and manuscripts. It publishes the texts of the inscriptions with translation and commentary as well as descriptive notes on monuments, ancient sites, coins and manuscripts found during the year in its Annual Reports, volumes of the *Epigraphia Carnatica* and their supplements and special monographs. An Archæological Museum was started in 1924 for the benefit of research scholars and students of the Mysore University. In 1928 the Department commenced the first of a

series of excavations at the ancient Chandravalli site near Chitaldrug. The Department is managed for the Mysore Government by the University of Mysore.

College Libraries.—Besides the above libraries, each Constituent and Intermediate College has got its own library for the use of the students.

The Central College, Bangalore, has one of the best equipped laboratories in India.

Research Scholarships

1. Post-graduate studentships of the value of Rs. 50 each per mensem may be awarded to selected graduates of the University to enable them to pursue courses of original investigation or research in their special subjects.

2. Research scholarships of the value of Rs. 50 each per mensem may be awarded to post-graduate students during the second year should the first year's work justify the continuance of research for a second year.

Publication and Extension Work

There is an Extension Lectures Committee which arranges an annual programme. During each year a number of lectures are delivered in different parts of the State.

The following lectures were delivered during the year 1938-39 :—

- (1) "Some Links in the Early History of Mysore," in English by Mr. S. V. Visvanath, at Mysore and Bangalore (4 lectures).
- (2) "A View of Civilization," in English, by Mr. P. Kodanda Rao, at Mysore and Bangalore (4 lectures).
- (3) "The Deeper Aspects of Education" and "The Old Religions and the New Psychology," in English, by Dr. G. H. Mees at Mysore and Bangalore respectively (2 lectures).
- (4) "Foreign Trade of Mysore," in Kannada, by Mr. V. Venkatachar, at Shimoga and Davangere (2 lectures).

- (14) "Civilization" and "Bhagavadgeeta," in English by Shree Purohit Swami, at Bangalore and Mysore (2 lectures).

The University encourages the publication of original works, particularly in Kannada. The Kannada Publication Committee arranges for the publication of monographs in Kannada in such subjects as Science, History, Geography, Philosophy, Literature, Political Economy, Education and Fine Arts so that teachers and others who know Kannada only may be able to continue their studies in the various branches of modern learning. The Standing Committee for publications other than Kannada considers the question of publications other than Kannada.

An English-Kannada Dictionary is under preparation by an Editorial Board with Mr. B. Venkatanaranappa, M.A., as Chairman and Chief Editor and the following as members :—

1. Mr. B. M. Srikantia.
2. Mr. A. R. Krishnasastri.
3. Mr. C. K. Venkataramayya.
4. Mr. D. V. Gundappa.
5. Mr. B. Puttaiya.
6. Mr. D. C. Subbarayappa.

The Dictionary is issued in parts of which four have already been issued. It is expected that the work will be completed by 1942.

So far, 39,000 Vocables have been rendered and the first four parts have been issued.

The Second Volume of the University Handbook of Kannada consisting of parts 4 and 5 is in the press.

The Half-Yearly Journal of the Departments of Arts and Sciences which was started in 1928-29 has been suspended and instead an annual volume of synopses of original articles contributed during the year by the members of the University staff is being published.

Besides the Abstract of studies the University has arrangements for issuing on behalf of each teaching department, a bulletin embodying the results of research or investigation carried on by its members. Each bulletin will be issued on the responsibility of the head of the department concerned. The issue will not necessarily be annual but after matter is received.

Associations in the University

The University has established Unions, one in each centre, which serve the purpose of well-equipped clubs with library, reading room, games and refreshment rooms. Membership of the Union is compulsory for all students. These Unions are modelled on the famous Unions of Oxford and Cambridge. Addresses are given during the year by public men, and debates on the Parliamentary model take place. Each of the constituent and intermediate colleges has also other associations interesting themselves in special branches of knowledge and lectures and debates are held regularly each year.

Cost of Residence

The average monthly charges for a boarder in the University Hostels are as under :—

	Rs.	A.	P.	
(1) Maharaja's College Hostel, Mysore	17	0	0	(including all charges).
(2) Central College Hostel, Bangalore	19	0	0	„
(3) Engineering College Hostel, Bangalore	23	0	0	„
(4) Medical College Hostel, Mysore .	14	0	0	„

Budget : Provident Fund

The employees of the University are subject to the State Pension benefits.

A provident fund has been instituted for the benefit of the employees who are not in pensionable service.

The University is entirely supported by the Government of His Highness the Maharaja of Mysore. The State grant for the year 1937-38 was Rs. 10,00,000 besides a special grant for

new buildings amounting to Rs. 70,416. The grant for ordinary expenditure for 1938-39 is Rs. 10,30,000 besides a special grant of Rs. 50,000 for buildings.

Women's Education

Women's education is free in the University. There are two institutions exclusively for women, the Maharani's College in Bangalore teaching up to the bachelor's degree course in Arts and Science and the Maharani's Intermediate College in Mysore having Intermediate Courses in Arts and Science.

Women students for the Honours degree in Arts and for the B.T. Degree are admitted in the Maharaja's College and those for a Degree in Science, Pass or Honours, are admitted into the Central College.

Women students for the M.B.B.S. Degree are admitted into the Medical College.

Students' Information Bureau and its Activities

The Registrar of the University is the Secretary.

The work of the Bureau consists mainly in collecting information about courses of study in England and answering enquiries.

Provision for Safeguarding Health, Medical Inspection Discipline, etc.

Every student in the University is medically examined in alternate years during his stay in the University. The examination is carried out by a Medical Officer who submits a report of the results of his inspection to the University. "Repeat" examinations in special cases are undertaken at intervals at the request of the College authorities. The results of the medical examinations are reported in individual forms and kept in the custody of the Medical Officer and the Principal.

Degrees and Diplomas

The University offers the Bachelor's Degree in Arts and Science, the Honours Degree in Arts and Science, the Master's Degree in Arts and Science, the B.E. (b) *Intermediate Examination in Science*.—The course of study for the Intermediate Examination in Science shall extend over a period of two years in the following subjects and the examination shall be held according to the following scheme :—

1. *English*.—Same as for the Intermediate Examination in Arts.
2. *Second Language*.—One of the following :—
Kannada, Urdu, Tamil, Telugu, French, Sanskrit, Persian, Arabic, Latin.
The course shall consist of the non-detailed study of prescribed texts.
The Examination shall comprise one paper on composition based on texts prescribed for non-detailed study common to I.A., and I.Sc. Or
Translation and texts common to I.A. and I.Sc. in the case of classical languages.
3. *Elementary Mathematics*.—For those who do not take for the optional subjects a group containing Mathematics. The examination shall comprise one paper.
4. *Optional Subjects*.—One of the following groups :—
(i) Physics, Chemistry, Mathematics.
(ii) Physics, Mathematics, Geology.
(iii) Botany, Zoology, Chemistry.
(iv) Botany, Geology, Chemistry.
(v) Geology, Zoology, Chemistry.
(vi) Botany, Zoology, Geology.
(vii) Physics, Mathematics, Economics.
(viii) Economics, Geology, Chemistry.

The examination shall comprise two papers in each division of the group excepting Mathematics, in which there shall be three papers, two of them being common with the Intermediate Examination in Arts.

Minima for Pass.

The following minima have been prescribed for a pass in the Intermediate in Arts and the Intermediate in Science Examinations :—

(i) The Intermediate Examination in Arts and the Intermediate Examination in Science shall be held in two parts : Part I comprising English and the Second Language ; Part II comprising the optional subjects selected.

(ii) Candidates for the Intermediate Examination shall present themselves for examination in both the parts except as provided hereinafter.

(iii) No candidate shall be declared to have passed the Intermediate Examination in Arts or the Intermediate Examination in Science unless he obtains not less than 40 per cent. of the total number of marks in English, 35 per cent. in the second language and 35 per cent. in the whole group of optional subjects, and also not less than 30 per cent. in each of the subjects of the optional group, and in the case of the Intermediate Examination in Science not less than 30 per cent. in Elementary Mathematics.

(iv) Candidates, failing to secure the above minima, but obtaining not less than 40 per cent. of the total maximum marks in either part, as well as the requisite minimum in each division of that part, will be permitted to appear for the other part at a subsequent examination held within two years of passing in the former part.

(v) A candidate who thus presents himself for examination in only one part shall be declared to have passed in that part also, if he obtains not less than 40 per cent. of the total maximum marks in the part, as well as the requisite minimum in each division of the part.

The results of the examination shall be declared in three classes as follows :—

- | | | |
|--------------|----|--|
| First Class | .. | Those who obtain not less than 60 per cent. of the aggregate marks in both the parts taken together. |
| Second Class | .. | Those who obtain less than 60 per cent. but not less than 50 per cent. |
| Third Class | .. | Other successful candidates. |

The names of the candidates who pass in the first and second classes shall be arranged in order of merit, and the names of those who pass in the third class shall be arranged in alphabetical order.

Candidates who present themselves for examination in Part I only or in Part II only and are declared to have passed shall not be classed.

B.A. DEGREE EXAMINATION

Courses of Study.

The course of study leading to the degree of Bachelor of Arts shall extend over two years after the Intermediate Examination, and shall comprise English, a Second Language and three of the following subjects :—English, Philosophy, a Classical Language, a Vernacular, Politics, Economics, Sociology, History, Education, Mathematics, Biology, Physics, Chemistry, Botany, Zoology,—which shall be taken in combinations approved by the Academic Council, from time to time.

Provided that not more than one of the last five subjects may be offered in any combination except when English is one of the optional subjects in the combination, in which case two may be offered.

The examination shall consist of two papers in English Composition, one paper in Second Language Composition or Translation and three papers in each of the three selected subjects.

The papers on English Composition shall be based on the non-detailed study of prescribed text-books.

The papers on Second Language Composition or Translation shall be based on prescribed text-books.

The Second Language shall be selected from Kannada, Urdu, Tamil, Telugu and French for Composition, and Sanskrit, Persian, Arabic and Latin for Translation.

Compartments.

The results of the B.A. Degree Examination shall be declared in three compartments :—

- (1) Compulsory English.
- (2) Second Language.
- (3) Optionals.

Provided that candidates for the B.A. Degree Examination present themselves for the complete examination when appearing for the first time.

Minima for Pass.

- | | | | | |
|------------------|----|----|----|------------------------|
| (1) First Class | .. | .. | .. | 60 per cent. |
| | | | | (in each compartment). |
| (2) Second Class | .. | .. | .. | 50 per cent. |
| | | | | (in each compartment). |

(3) Third Class :—

Compulsory English	35 per cent.
Second Language	35 per cent.
Optional Subjects	35 per cent. in each group and		40 per cent. on the aggregate.

Note.—A candidate is exempted from sitting for an examination in any group of his optional subjects, provided he has obtained not less than 60 per cent. of the maximum for that subject in an examination for the B.Sc. Degree held within two years previous to the date of the examination.

B.A. (HONS.) DEGREE EXAMINATION

Courses of Study.

The course of study leading to the degree of Bachelor of Arts (Hons.) shall extend over three years after the Intermediate Examination in Arts, and shall comprise English, a Second Language and one of the following as the major subject with a suitable minor subject and in the case of Mathematics one or more special subjects :—

English, Kannada, Sanskrit, Persian, Arabic, Philosophy, History, Politics, Economics, Mathematics.

The examination shall consist of two papers in English Composition, one paper on Second Language Composition or Translation, eight papers in the major subject, and four papers in the minor subject.

Provided that in the case of Mathematics there shall be seven papers in the major subject, three papers in the minor subject and two papers on the special subjects, and that in the case of Sanskrit there shall be nine papers in the major subject and three papers in the minor subject.

The papers on English Composition shall be based on the non-detailed study or prescribed text-books.

The paper on Second Language Composition or Translation shall be based on prescribed text-books.

The Second Language shall be selected from Kannada, Urdu, Tamil, Telugu and French for Composition and Sanskrit, Persian, Arabic and Latin for Translation.

Scheme of Examination.

The B.A. (Hons.) Degree Examination shall be taken in two parts :—

(a) The Preliminary Examination at the end of the second year comprising the following :—

- (1) English Composition.
- (2) Second Language Composition or Translation.
- (3) Optional Subjects—
 - (i) Arts other than Sanskrit and Mathematics—Minor Subjects : Four papers.
 - (ii) Mathematics and Sanskrit—Minor Subjects : Three papers.

(b) The Final Examination at the end of the third year consisting of the remaining subjects.

Minima for Pass and Publication of Results.

The classification in the B.A. Honours Examination shall be determined on the results of the Final Examination only a pass being declared in the Preliminary Examination.

The minimum marks required for a pass in the Preliminary Examination shall be as follows :—

1. Compulsory English	35 per cent.
2. Second Language	35 „
3. Minor Subject	35 „

The results of the Honours Examinations shall be declared in three classes as follows :—

1. First class—not less than 60 per cent. of the total.
2. Second class—not less than 50 per cent. of the total.
3. Third class—not less than 40 per cent. of the total.

Provided that no candidate shall be declared to have passed in Mathematics unless he shall have obtained not less than 35 per cent. of the aggregate marks in each group.* Candidates failing to obtain the requisite minimum for an Honours Degree but obtaining not less than 35 per cent. of the aggregate marks in the Final Examination and passing in the Preliminary Examination may, at the discretion of the Board of Examiners in the Major subject, be recommended for the Pass Degree.

A candidate for the Honours degree shall not appear for either the Preliminary or the Final Examination later than five academic years after admission to the First Year Honours class ; nor shall he be permitted to undergo the complete Final Examination for Honours more than once.

Those who fail at the Preliminary Examination in the Honours course will be allowed to proceed to the Final Year's course and permitted to take along with the Final Examination

* Group A—Compulsory Subjects. Group B—Special Subjects.

such part or parts of the Preliminary Examination as they may have failed in. Until such candidate passes in the Preliminary Examination, his results in the Final Examination shall not be declared.

B.SC. DEGREE EXAMINATION

Courses of Study.

The courses of study leading to the degree of Bachelor of Science shall extend over two years after the Intermediate Examination, and shall comprise English Composition, a Second Language and one of the following groups :—

- (i) Mathematics, Physics, Chemistry.
- (ii) Botany, Zoology, Geology.
- (iii) Botany, Zoology, Chemistry.
- (iv) Physics, Mathematics, Geology.
- (v) General Physiology, Chemistry, Zoology or Botany.
- (vi) Experimental Psychology, Mathematical Statistics, Child Psychology and Educational Psychology.
- (vii) Economics, Mathematical Statistics and Mathematical Economics, Sociology or Mathematics.
- (viii) Economics, Geology, Chemistry.

There shall be two papers in English Composition, one paper in Second Language Composition or Translation, and three papers in each of the three selected subjects.

The papers on English Composition shall be based on the non-detailed study of prescribed text-books.

The paper on Second Language Composition or Translation shall be based on prescribed text-books.

The Second Language shall be selected from Kannada, Urdu, Tamil, Telugu and French for Composition and Sanskrit, Persian, Arabic and Latin for Translation.

Compartment.

The results of the B.Sc. Degree Examination shall be declared in three compartments :—

- (1) Compulsory English.
- (2) Second Language.
- (3) Optional Subjects.

Provided that candidates for the B.Sc. Degree Examination present themselves for the complete examination when appearing for the first time.

Minima for Pass.

- | | | | |
|---------------------|-----|--------------------------------|------------------------|
| (1) First Class | .. | .. | 60 per cent. |
| | | | (in each compartment). |
| (2) Second Class | .. | .. | 50 per cent. |
| | | | (in each compartment). |
| (3) Third Class— | | | |
| Compulsory English | .. | .. | 35 per cent. |
| Second Language | ... | .. | 35 per cent. |
| Optional Subjects : | 35 | per cent. in each group and | |
| | | 40 per cent. on the aggregate. | |

Note.—A candidate is exempted from sitting for an examination in any group of his optional subjects, provided he has obtained not less than 60 per cent. of the maximum for that subject in an examination for the B.Sc. Degree held within two years previous to the date of the examination.

B.SC. (HONS.) DEGREE EXAMINATION

Courses of Study.

The course of study leading to the degree of Bachelor of Science (Hons.) shall extend over three years after the Intermediate Examination in Science, and shall comprise one of the following optional groups of subjects consisting of a major subject (with one or more special subjects) and a minor subject together with English and a Second Language :—

- (1) Mathematics (major) with two out of a prescribed list of special subjects and Physics as minor subject.
- (2) Physics (major) including Mathematical Physics and Chemical Physics with Mathematics as minor subject.
- (3) Chemistry (major) including Plant Chemistry or Colloid and Capillary Chemistry with Physics as minor subject.
- (4) Geology (major) with Chemistry as minor subject.
- (5) Zoology (major) with either Botany or Chemistry as minor subjects.
- (6) Botany (major) with either Zoology or Chemistry as minor subjects.
- (7) Experimental Psychology (major) with Child Psychology, Educational Psychology and Mathematical Statistics as minor subject.
- (8) Economics (major) with Advanced Statistics, Mathematical Economics and Social Measurements as minor subject.

The course of study in the First Year class shall, in groups 1 to 6, include in addition a course in German, which shall comprise elements of grammar and exercise in translation.

The examination shall consist of one paper in English Composition, one paper in Second Language Composition or Translation and twelve papers in the optional subjects.

The paper on English Composition shall be based on the non-detailed study of prescribed text-books.

The paper on Second Language Composition or Translation shall be based on prescribed text-books.

The Second Language shall be selected from Kannada, Urdu, Tamil, Telugu and French for Composition and Sanskrit, Persian, Arabic and Latin for Translation.

Scheme of Examination.

The B.Sc. (Hons.) Degree Examination shall be taken in two parts :—

(a) The Preliminary Examination at the end of the second year comprising the following :—

- (1) English Composition.
- (2) Second Language Composition or Translation.
- (3) Minor Subject :—
 - (i) Sciences—Three papers.
 - (ii) Economics (B.Sc.)—Four papers.
 - (iii) Experimental Psychology (B.Sc.)—Four papers.
 - (iv) Mathematics—Three papers.

(b) The Final Examination at the end of the third year consisting of the remaining subjects.

No candidate shall be admitted to the Final Examination for the B.Sc. Honours Degree in groups 1 to 6 *supra* unless he is certified by the college authorities to have satisfied them in a test in translating simple scientific passages in German.

Minima for Pass and Publication of Results.

The classification in the B.Sc. Honours Examination shall be determined on the results of the Final Examination (Major and Subsidiary subjects), only a pass being declared in the Preliminary Examination.

The minimum marks required for a pass in the Preliminary Examination shall be as follows :—

1. Compulsory English	35 per cent.
2. Second Language	35 per cent.
3. Minor Subject	35 per cent

The results of the Honours Examinations shall be declared in three classes, as follows :—

1. First Class—not less than 60 per cent. of the total.
- 2. Second Class—not less than 50 per cent. of the total.
3. Third Class—not less than 40 per cent. of the total.

Provided that no candidate shall be declared to have passed unless he shall have obtained not less than 35 per cent. of the aggregate marks in each group.*

Candidates failing to obtain the requisite minimum for an Honours Degree, but obtaining not less than 35 per cent. of the aggregate marks in the Final Examination and passing in the Preliminary Examination may, at the discretion of the Board of Examiners in the Major Subject, be recommended for the Pass Degree.

A candidate for the Honours degree shall not appear for either the Preliminary or the Final Examination later than five academic years after admission to the First Year Honours class nor shall a candidate be permitted to undergo the complete Final Examination for Honours more than once.

Those who fail at the Preliminary Examination in the Honours course will be allowed to proceed to the Final Year's course and permitted to take along with the Final Examination such part or parts of the Preliminary Examination as they may have failed in ; until such candidate passes in the Preliminary Examination, his results in the Final Examination shall not be declared. •

MASTER'S DEGREE EXAMINATION

Courses of Study.

(a) A candidate for the Degree of Master of Arts will be examined in *one* of the following subjects :—

English.	History.
Kannada.	Economics.
Sanskrit.	Philosophy.
Persian.	Mathematics.

(b) A candidate for the Degree of Master of Science will be examined in *one* of the following subjects :—

Mathematics.	Zoology.
Physics.	Geology.
Chemistry.	Psychology.
Botany.	Economics.

* Mathematics, Group A—Compulsory Subjects.
 Group B—Special Subjects.
 Science Subjects, Group A—Theory.
 Group B—Practice.

Scheme of Examination.

The examination for the Degree of Master of Arts shall consist of four papers and *viva voce* examination or a thesis and a *viva voce* examination: and the examination for the Degree of Master of Science shall consist of four papers and a *viva voce* examination, or two papers, a thesis and *viva voce* examination.

The written papers and the *viva voce* shall carry a maximum of 100 marks each, and the thesis shall carry a maximum of 400 marks in the case of the examination for the Master's Degree in Arts and 200 marks in the case of the examination for the Master's Degree in Science.

No candidate shall be declared to have passed the Master's Degree examination unless he shall have obtained not less than 40 per cent. of the marks in the thesis when a thesis is offered, 40 per cent. of the marks in the aggregate of the written papers, 40 per cent. of the marks in the *viva voce* examination, and 50 per cent. of the aggregate marks for the whole examination. Successful candidates who obtain 60 per cent. of the total marks shall be placed in the first class in order of merit, and the other successful candidates in the second class in alphabetical order.

Professional Courses of Study and Degrees

ENGINEERING

Courses of Study.

Bachelor of Engineering (B.E.).—The course extends over four years followed by a year of practical training. The first year will be a common course to all the Branches of Engineering.

First Year

Common course.—(1) Mathematics (Algebra, Trigonometry, Analytical Geometry and Elements of Differential and Integral Calculus), (2) Engineering Physics—Theory and Practice, (3) Engineering Chemistry—Theory and Practice, (4) Economics, (5) Building Materials, (6) Metallurgy and Elementary Mechanical Engineering, (7) Freehand, Model and Geometrical Drawing, (8) Surveying—Theory and Practice, (9) Workshop—Practice.

Second Year

(i) *Civil.*—(1) Mathematics (Differential and Integral Calculus and Applied Mathematics), (2) Applied Mechanics and Graphic Statics, (3) Hydraulics, (4) Applied Mechanics Laboratory, (5) Mechanical Engineering, (6) Electrical Engineering, (7) Workshop—Theory and Practice, (8) Machine Drawing,

(9) Building Construction, (10) Architecture, (11) Building Drawing and Estimating, (12) Geology—Theory and Practice, (13) Surveying—Theory and Practice.

•(ii) *Mechanical*.—(1) Mathematics (Differential and Integral Calculus and Applied Mathematics), (2) Applied Mechanics and Graphic Statics, (3) Hydraulics, (4) Applied Mechanics Laboratory, (5) Building Construction, (6) Building Drawing and Estimating, (7) Electrical Technology, (8) Surveying—Theory and Practice; (9) Theory and Design of Machines, (10) Heat Engines, (11) Workshop—Theory and Practice, (12) Machine Drawing, (13) Mechanical Laboratory.

(iii) *Electrical*.—(1) Mathematics (Differential and Integral Calculus and Applied Mathematics), (2) Applied Mechanics and Graphic Statics, (3) Hydraulics, (4) Applied Mechanics Laboratory, (5) Building Construction, (6) Building Drawing and Estimating, (7) Electrical Technology, (8) Surveying—Theory and Practice, (9) Theory and Design of Machines, (10) Heat Engines, (11) Workshop—Theory and Practice, (12) Machine Drawing, (13) Mechanical Laboratory.

Third Year

(i) *Civil*.—(1) Mathematics (Differential and Integral Calculus and Applied Mathematics), (2) Applied Mechanics and Graphic Statics, (3) Hydraulics, (4) Mechanical Engineering, (5) Electrical Engineering, (6) Building Construction, (7) Architecture, (8) Building Drawing and Estimating, (9) Geology—Theory and Practice, (10) Surveying—Theory and Practice, (11) Irrigation and Irrigation Drawing, (12) Water Supply and Sanitary Engineering, (13) Mechanical and Electrical Laboratory.

(ii) *Mechanical*.—(1) Mathematics (Differential and Integral Calculus and Applied Mathematics), (2) Applied Mechanics and Graphic Statics, (3) Hydraulics, (4) Building Construction, Electrical Technology, (6) Theory of Direct Current Machinery, (7) Theory and Design of Machines, (8) Heat Engines, (9) Workshop—Theory, (10) Workshop—Practice, (11) Machine Drawing, (12) Mechanical Laboratory, (13) Electrical Laboratory and Drawing.

(iii) *Electrical*.—(1) Mathematics (Differential and Integral Calculus and Applied Mathematics), (2) Applied Mechanics and Graphic Statics, (3) Hydraulics, (4) Heat Engines, (5) Theory and Design of Machines, (6) Building Construction, (7) Building Drawing, (8) Workshop—Practice, (9) Electrical Technology, (10) Theory of Direct Current Machinery, (11) Hydraulic Machinery, (12) Machine Drawing, (13) Electrical Drawing, (14) Mechanical Laboratory, (15) Electrical Laboratory.

Fourth Year

(i) *Civil*.—(1) Irrigation and Irrigation Drawing, (2) Railways, Tunnels and Harbours, (3) Roads and Bridges, and Bridge Drawing, (4) Water Supply and Sanitary Engineering, (5) Structural Design and Drawing, (6) Testing of Materials Laboratory, (7) Hydraulics Laboratory, (8) Estimating, Specification and Engineering Economics, (9) Surveying—Theory and Practice.

(ii) *Mechanical*.—(1) Heat Engines, (2) Hydraulic Engineering, (3) Power Plant Engineering and Drawing, (4) Mechanical Laboratory, (5) Workshop—Practice, (6) Theory and Design of Machines, (7) Estimating, Specification and Engineering Economics, (8) Machine Drawing, (9) Theory of Alternating Current Machinery, (10) Electrical Laboratory, (11) Structural Design.

(iii) *Electrical*.—(1) Theory of Alternating Current Machinery, (2) Generation and Hydro-Electric Engineering, (3) Transmission and Distribution, (4) Electrical Machine Design, Estimating, Specifications and Engineering Economics, (6) Traction and Utilisation, (7) Structural Design, (8) Mechanical Laboratory, (9) Electrical Laboratory, (10) Electrical Drawing.

Note.—Instruction in Photography and Physical Culture will be given as part of the course.

Examinations.

Candidates shall be required to pass three examinations, *viz.*, the First Examination in Engineering at the end of the first year, the Second Examination in Engineering at the end of the third year, and the Final Examination for the B.E. Degree at the end of the fourth year.

No candidate shall be permitted to appear for the First Examination in Engineering after having failed three times in the examination.

No candidate shall be declared to have passed any of the above examinations unless he obtains not less than 30 per cent. of the marks in each paper of the written examination, 30 per cent. of the marks in each oral or practical examination, 40 per cent. of the marks in each group and 50 per cent. of the total marks in the examination.

Successful candidates who obtain not less than 70 per cent. of the total marks shall be placed in the first class and their names shall be published in order of merit; the names of the other successful candidates shall be published in alphabetical order in the second class.

MEDICINE

The Pre-Medical Course.—The Pre-Medical Course extends over a period of six months, the subjects of study being Physics, Chemistry, Botany and Zoology.

Examination.

There shall be a Pre-Medical Examination at the end of the course. The examination shall comprise a written paper, a practical examination and a *viva voce* examination in each subject of study.

Candidates for the examination shall be required to produce certificates of (i) having undergone the prescribed course of study for six months in the Medical College in the subjects in which they appear, (ii) being not less than 18 years of age on the 1st January following the examination.

No candidate shall be permitted to appear for the Pre-Medical Examination after having failed three times in the examination.

No candidate shall be declared to have passed the examination unless he obtains in each subject not less than 35 per cent. of the marks in the written examination and 35 per cent. of the marks in the practical and the *viva voce* examination taken together and 50 per cent. of the aggregate marks in the examination.

Successful candidates who obtain not less than 70 per cent. of the maximum marks shall be placed in the first class and their names shall be published in order of merit. The names of the other successful candidates shall be published in alphabetical order in the second class.

BACHELOR OF MEDICINE AND BACHELOR OF SURGERY
(M.B.B.S.)

Courses of Study.

The course extends over five years.

Candidates for the degree shall be required to attend courses of study in the following subjects:—

*First Year**

Anatomy (including Embryology)—One course of lectures in Osteology and Dissection.

Physiology (including Practical Physiology and Bio-Chemistry)—One course of lectures in Physiology and one course of practical work.

Organic Chemistry.—A course of lectures with practical work.

Second Year

Anatomy (including Embryology).—One course of lectures with practical work.

Physiology (including Practical Physiology and Bio-Chemistry).—One course of lectures with practical work and a course of practical work.

Organic Chemistry.—One course of lectures with practical work.

Third Year

Pathology and Bacteriology.—One course of lectures with practical work.

Minor Surgery.—One course of lectures and practical work.

Materia Medica and Pharmacology.—One course of lectures with a practical course of instruction in pharmacy.

Medicine.—One course of lectures.

Surgery.—One course of lectures.

Hospital and Clinical Work.—Post-mortem for three months, out-patient department for three months, surgical wards for three months, medical wards for three months.

Fourth Year

Medicine.—One course of lectures.

Surgery and Surgical Pathology.—One course of lectures.

Venereal Diseases.—One course of lectures and practical work.

Midwifery, Gynæcology and Pædiatrics.—One course of lectures in midwifery and diseases of women and new-born children.

Ophthalmology.—One course of lectures.

Forensic Medicine.—One course of lectures.

Hygiene.—One course of lectures and one course of practical work.

Pathology and Bacteriology.—One course of lectures with practical work.

Hospital and Clinical Work.—Medical wards for 2½ months, surgical wards for 2½ months, maternity wards for 2 months, ophthalmic wards for 3 months.

Fifth Year

Operative Surgery.—One course of practical instruction.

Midwifery, Gynæcology and Pædiatrics.—A continuation course in midwifery and diseases of women and new-born children.

Mental Diseases.—One course of lectures and demonstrations.

Hospital and Clinical Work.—Out-patient department for 3 months, surgical wards for 3 months, medical wards for 3 months, maternity wards for 2 months.

Vaccination.—Ten demonstrations.

Fever Hospital.—One month.

Clinical Dental Surgery.—One course of twelve lectures with necessary demonstrations.

Anæsthetics.—Instruction in anæsthetics consisting of attendance at three lectures and the personal administration of anæsthetics in six cases.

Oto-rhino-laryngology.—One course of lectures and demonstration.

Examinations.

Candidates shall be required to pass three examinations namely, the First Examination at the end of the second year of the course, the Second Examination comprising three parts—Part I to be taken at the end of the third year, Parts II and III to be taken at the end of the fourth year, and the Final Examination to be taken at the end of the fifth year, it being permissible (a) for a candidate failing in Part I at the end of the third year to proceed to the fourth year course and appear for Part I again at the end of the fourth year, and (b) for a candidate failing in Part III of the Second Examination at the end of the fourth year to proceed to the fifth year course and appear for Part III of the Second Examination at the end of the fifth year.

Provided that a candidate who has already passed the Final Examination for the L.M.P. Diploma shall be permitted to appear for the First M.B.B.S. Examination at the end of a course of one academical year after passing the Pre-Medical Examination, the Second M.B.B.S. Examination at the end of a course of one academical year after passing the First M.B.B.S. Examination and the Final Examination at the end of a course of one academical year after passing the Second M.B.B.S. Examination.

No candidate shall be permitted to appear for the First Examination after having failed three times in the examination.

The Final Examination shall be held twice a year in December and in June respectively.

FIRST EXAMINATION

(a) Candidates for the First Examination shall be required to produce certificates of—

- (i) having passed the Pre-Medical Examination ;
- (ii) having subsequent to passing the Pre-Medical Examination undergone an approved course of studies in the Medical College for a period of not less than two years in Anatomy, Physiology, and Organic Chemistry ;
- (iii) having undergone a course of dissections extending over not less than 18 months and of having dissected the whole body at least once to the satisfaction of their teachers ;
- (iv) having undergone a practical course of Histology for at least three months ;
- (v) having undergone an approved course of Practical Physiology including Bio-Chemistry for a period of at least nine months.

(b) Candidates shall be examined in the following subjects :—

First M.B.B.S. Papers.

- (i) Anatomy (including Embryology).
- (ii) Physiology (including Practical Physiology and Bio-Chemistry).
- (iii) Organic Chemistry.

First M.B.B.S. Minima.

(c) No candidate shall be declared to have passed the examination, unless he obtains not less than 50 per cent. of the marks in the written examination and 50 per cent. in the practical and oral examination together in Anatomy and in Physiology, and 35 per cent. in the written examination and 35 per cent. in the practical and oral examination together in Organic Chemistry, and 50 per cent. in the total for that subject. Successful candidates who obtain 70 per cent. of the total number of marks shall be placed in the first class in order of merit. The other successful candidates shall be placed in the second class in alphabetical order.

A candidate who fails in the examination but obtains not less than 55 per cent. of the total maximum marks in any subject and also the minimum in each division of that subject shall be exempted from appearing for the examination in the subject again during the succeeding two years.

Names of successful candidates who have thus been exempted in one or more subjects shall be published in a separate list in alphabetical order.

(d) A candidate who fails in the examination shall, while appearing for the examination again in the subject or subjects in which he has not been exempted, be required to produce evidence of having attended a further course of studies in the second year classes for a period of not less than one academical year.

SECOND EXAMINATION

(a) Candidates for the Second Examination shall be required to produce certificates of—

- (i) having passed the First M.B.B.S. Examination ;
- (ii) having been engaged in medical studies in the Medical College subsequent to passing the First M.B.B.S. Examination as under :—

Pharmacology	1 year
Pathology including Bacteriology ..	2 years
Hygiene	1 year
Ophthalmology	1 year
Forensic Medicine	1 year

the period being one year in respect of each subject in the case of L.M.P. Diploma holders.

- (iii) having undergone a course of lectures and demonstration, in Pathology and Bacteriology ;
- (iv) having undergone a course of Practical Pathology (Chemical and Histological) for three months ;
- (v) having undergone a course of lectures and demonstrations in Hygiene ;
- (vi) having worked as clinical clerk for three months in the medical wards of the Krishnarajendra Hospital or the Victoria Hospital ;
- (vii) having worked as a clinical clerk for three months in the surgical wards of the Krishnarajendra Hospital or the Victoria Hospital ;
- (viii) having worked as a clinical clerk for three months in the out-patient department of the Krishnarajendra Hospital or the Victoria Hospital ;
- (ix) having acted as clerk for post-mortem examinations for three months and of having learnt the method of post-mortem examination ;

- (x) having attended a course of Minor Surgery ;
- (xi) having undergone a course of Materia Medica and Pharmacology ;
- (xii) having undergone a course of Practical Pharmacy ;
- (xiii) having attended a complete course of lectures in Forensic Medicine ;
- (xiv) having attended a complete course of lectures in Ophthalmology ;
- (xv) having worked as a clinical clerk in the Ophthalmic Department of the Krishnarajendra Hospital or in the Minto Ophthalmic Hospital for a period of three months and of having learnt refraction work and the use of the ophthalmoscope.

(b) The Second Examination shall be held in three parts :

Part I—at the end of the third year comprising Pharmacology.

Part II—at the end of the fourth year comprising Pathology including Bacteriology, and Hygiene.

Part III—at the end of the fourth year comprising Ophthalmology and Forensic Medicine.

Failure in Part I at the end of the third year shall not disqualify for promotion to the fourth year class.

Part III may be taken at the end of the fourth year or the fifth year, provided that failure in the part taken at the end of the fourth year shall not disqualify for promotion to the fifth year class.

Pass in Parts I and II shall be compulsory before proceeding to the fifth year class.

(c) No candidate shall be declared to have passed in Part I unless he obtains not less than 50 per cent. of the aggregate marks in the subject. Successful candidates who obtain 70 per cent. of the total marks shall be placed in the first class in order of merit and the other successful candidates in the second class in alphabetical order.

No candidate shall be declared to have passed in Part II unless he obtains not less than 50 per cent. of the aggregate marks in each subject. Successful candidates who obtain 70 per cent. of the total marks in the part shall be placed in the first class in order of merit and the other successful candidates in the second class in alphabetical order.

Nagpur University

Introductory : Character of the University

The first attempt to establish a University for these Provinces (Central Provinces and Berar) was made in the year 1914, when in the month of July, the Local Government appointed "The Central Provinces and Berar University Committee" to consider the question of the establishment of an independent University. It made its report in January 1915, embodying an elaborate scheme for a residential University with, however, power to affiliate external colleges. The Great War was then on and in view of its absorbing demands on the Administration, the consideration of the subject was put off. On the publication of the Sadler Commission's Report, a Committee was appointed in 1919 to formulate a fresh scheme after taking its recommendations into consideration. It soon submitted its report and action was taken upon it without loss of time. First planned in 1914-15, examined by several committees of educationists, official and non-official, the University scheme at last emerged out of this prolonged gestation in the form of a concrete Bill. It was introduced in the Legislative Council in the August Session of 1922, and passed into Law in March, 1923. The University was brought into existence on the 4th August 1923.

Except in the Department of Law, the University is, at present, only an examining body, though the Act makes due provisions for its being made both Unitary and Affiliating. The Law College is directly maintained by the University. The affiliated institutions include eleven Arts Colleges, a College of Science, an Agricultural College, a Training College, a Law College and a School of Engineering.

Of the eleven Arts Colleges, three, *viz.*, Morris College, Nagpur; Robertson College, Jubbulpore; and King Edward College, Amraoti, are maintained by the Local Government. The fourth, Hislop College, Nagpur, is maintained by the United Free Church Mission of Scotland. The remaining seven Colleges, *viz.*, City College, Nagpur, Hitkarni City College, Jubbulpore, the Central College for Women, Nagpur, Wasudeo Arts College, Wardha, the Rajkumar College, Raipur, Chhattisgarh College, Raipur, and Sitabai Arts College, Akola, are private institutions.

Morris and Hislop Colleges are affiliated upto the M.A. standard in Arts. Hislop College, in addition, teaches Science upto the Intermediate standard.

The College of Science is affiliated upto the D.Sc. standard in Physics, Chemistry and Mathematics, upto the M.Sc. standard in Zoology and Botany, and upto the B.Sc. standard in English.

Robertson College at Jubbulpore teaches upto the B.A. and the B.Sc. standards, and also upto the M.A. standard in Hindi. There is a commodious Hostel attached to it where most of the students live. There are also quarters for members of the staff within the extensive college grounds.

King Edward College, Amraoti, owes its origin to the desire of public-spirited citizens of Berar to perpetuate the memory of His Majesty King Edward VII by a special Berar Memorial in the form of a Collegiate institution to be called after him. The Government, however, later on decided to build the College out of State funds and the subscriptions were utilized to found scholarships for Berar students. The College teaches upto B.A. standard in Arts and upto the B.Sc. standard in Science. It has a fine Hostel and quarters for the staff.

The City College, Nagpur, was founded by the Nagpur Shikshana Mandal in 1932. The College was admitted to the privileges of the University with effect from 1st July, 1932, for a period of five years in respect of the courses of instruction in English, Economics, Philosophy, History, Sanskrit, Marathi upto the B.A. standard and in Civics, Mathematics and Hindi Composition upto the Intermediate standard. It is now admitted to the privileges of the University upto 30th June, 1942. For the present a part of the College building has been set apart for use as a hostel. The college has also been permitted to teach Marathi and Political Science upto the M.A. standard.

The Hitkarni City and Law Colleges, Jubbulpore, were founded by the Hitkarni Sabha, Jubbulpore, in the years 1933 and 1934 respectively. The Arts College was admitted to the privileges of the University in July 1933 for a period of five years and teaches upto the B.A. standard in English, History, Philosophy, Mathematics, Economics, Politics, Sanskrit and Hindi. With effect from 1935, arrangements have been made in the College to provide instruction in Persian and Urdu upto the B.A. standard. The Law College is affiliated upto the LL.B. standard.

The Central College for Women, Nagpur, has been admitted, for a period of five years with effect from July 1935, to the privileges of the University upto the B.A. standard in English, Philosophy, Economics, History, Politics, Marathi, Urdu,

Persian and Sanskrit, and upto the Intermediate standard in Geography, Home Science and Music. The College, which is the first for women in the Province, is managed by a Governing Body, which includes several distinguished citizens of Nagpur, including Lady Wylie, who is the President.

The Rajkumar College, Raipur, has been admitted with effect from 1st July 1936, to the privileges of the University in respect of the courses of instruction in English, Composition in a Modern Indian Language, Mathematics, History, Geography, Economics, Civics and Public Administration in India, Sanskrit and Hindi upto the Intermediate standard.

Wasudeo Arts College, Wardha, has been admitted to the privileges of the University upto 31st May 1943, in respect of the courses of instruction in English, Philosophy, History, Economics, Political Science, Sanskrit, Marathi and Mathematics upto the B.A. standard.

Spence Training College at Jubbulpore is a training college for teachers and has a large practising school attached to it. It prepares students for the B.T. degree and the Diploma of Teaching of the University.

The College of Agriculture at Nagpur was admitted to the privileges of the University in 1925. The first examination in Intermediate (Agriculture) was held in March 1927, and the first examination for the degree of B.Ag. in 1929. The College is both a teaching and a research institute and has very extensive experimental farms and botanical and horticultural gardens attached to it for practical training.

The Government School of Engineering at Nagpur was admitted to the privileges of the University in respect of the courses of instruction in Civil, Mechanical and Automobile Engineering upto the Diploma standard, with effect from 1st July 1936. The College prepares students for the two examinations for the Diploma in Engineering, *viz.*, the First and Final. The First Examination for the Diploma in Engineering was held for the first time in 1937.

All Colleges admitted to the privileges of the University are required to comply with the provisions of the College Code Ordinance which has come into force from 1st July, 1939.

Constitution of the University

The Court is the supreme governing body and has general powers to revise the acts of the Executive and Academic Councils. It consists, among others, of all members of the Executive and Academic Councils, five members of the Provincial Legislative Assembly elected by the non-official members of that Council, the Director of Public Instruction, thirty members elected by the Registered Graduates of the University, representatives elected by the Teachers of each of the connected Colleges (two from each), ten persons nominated by the Chancellor, two Headmasters of High Schools nominated by the Chancellor, one Inspector of Schools and one Inspectress of Schools nominated by the Chancellor. Besides these, every association or individual making a donation of not less than Rs. 10,000 and every association or individual making an annual contribution of Rs. 5,000 to the funds of the University, for a purpose approved by the Executive Council, is entitled to nominate one member to the Court. The Court makes all the statutes on the recommendation of the Executive Council and elects the Vice-Chancellor and the Treasurer from among the persons recommended by the Executive Council.

The Executive Council is the chief executive body and exercises control over the funds of the University, administers

and applies them to purposes permissible under the Act. Subject to certain limitations, it makes the ordinances and after report by a Special Examination Committee, publishes the examination results. The Executive Council consists of the Vice-Chancellor, the Treasurer, the Deans of the Faculties, five members elected by the Court, not more than four members elected by the Academic Council, three members nominated by the Local Government, and the member of Provincial Legislative Assembly representing the Registered Graduates' Constituency.

The Academic Council is the chief academic body. It constitutes Faculties and Departments of Study, prepares syllabuses and recommends ordinances embodying the conditions of admission to examinations and degrees of the University. It also appoints a General Examination Committee for recommending examiners for appointment to the Executive Council. It also constitutes a Special Examination Committee for checking the results as tabulated and Subject Examination Committees for moderating question papers.

At present there are the following Faculties: Arts, Science, Law, Education and Agriculture.

The Faculties recommended to the Academic Council on the recommendation of the Boards of Studies the syllabuses for the subjects included in them respectively. No ordinances relating to courses of study, standards of examination and other matters relevant to the academic side of the University are made by the Executive Council unless the opinion of the Faculty concerned has been obtained thereon. The Faculties constitute Boards of Studies for subjects included within their scope. These prepare the courses of study. They also submit to the Faculties their opinion on other technical matters relating to the subjects within their respective jurisdiction.

The University has also a statutory Finance Committee which has generally the power to examine receipts and expenditure, to allocate funds and to sanction expenditure. As the work of the University increased, certain other committees have been appointed by regulations. Among these are the Law College Committee, the Library Committee, the Students' Information Bureau, the Examinations Recognition Committee and the Sports Committee.

The University has an elaborate set of rules for the appointment of examiners, the conduct of examinations and the preparation of examination results. Stated briefly, the Boards of Studies recommended persons suitable to be appointed examiners in their respective subjects to the Faculties concerned. The lists are considered by each Faculty and submitted to the Academic Council, the latter body passing it on to

the General Examination Committee. The General Examination Committee selects persons to be appointed examiners by the Executive Council, with which the power of appointment finally rests. The statutes and ordinances contemplate two kinds of examiners; Internal, who are teachers in the University or in the connected Colleges, and External, who are not so connected. The External Examiners are appointed in November but the Internal Examiners are appointed about the middle of February, after the lectures to the classes preparing for examinations have concluded. The Subject Examination Committees meet eight or ten days before the examination commences and the question papers are then moderated. Every examiner makes as many copies of each paper as there are centres of examination (one for M.A. and M.Sc., three for B.A. and B.Sc., and Intermediate) and then a copy is sent to each Superintendent of Examinations to be typed and duplicated or printed in the morning immediately before the commencement of examination each day. At the Nagpur centre, the Registrar is in charge of the conduct of examination and at the other two centres, the Principals. The University appoints two tabulators who work independently. The results as prepared by them are compared and the mistakes, if any, are eliminated. They are then placed before the Registrar who checks and subjects the results to a further scrutiny. These are then considered by the Special Examination Committee and the publication is finally ordered by the Executive Council.

Library and Laboratories

Libraries:—Each College maintains its own library, which is sufficient for its needs. The University Library is housed in a spacious building which adjoins the Office and Convocation Hall. The total amount spent for purchasing books since 1924 is Rs. 1,57,196-3-7. The Library, at present, contains 33,803 volumes. In addition, there is a well-stocked Law Library for the Law College. It is up-to-date and has got a fairly complete set of Law Reports, Indian and English.

Laboratories.—The Laboratories of the connected institutions are fairly well fitted up for teaching Science subjects up to the standards for which they teach.

Provision for Research

There is at present no special provision made for organized research, but the University awards one Post-Graduate Scholarship in Science for carrying on research work at an approved institution.

Publication and Extension Work

There are no University publications of research papers, no research work being done under the direct management of the University at present. The University does, however, publish a Journal of Research called the *Nagpur University Journal*, beginning with the year 1935.

Military Training

The University Training Corps was instituted on 9th June 1928. The strength of the Corps on 31st March, 1939 is as follows :—

			All non-commissioned ranks
University College of Law, Nagpur	..		1
Morris College, Nagpur	58
Hislop College, Nagpur	35
College of Science, Nagpur	50
College of Agriculture, Nagpur	23
City College, Nagpur	14
Robertson College, Jubbulpore	53
Hitkarni City College, Jubbulpore		..	26
Spence Training College, Jubbulpore		..	Nil
King Edward College, Amraoti	38
Govt. Engineering School, Nagpur	..		19
TOTAL			317

A new building for accommodating the office and stores of the Corps was constructed by the University and was occupied in August 1934. The Ordinances provide for the inclusion of Military Science as an optional subject for the Intermediate (Arts), B.A. and B.Sc. Examinations, though on account of financial stringency, the Local Government has not been able to sanction any grants for instruction in Military Science.

Associations in the University

The connected colleges have their own debating and literary societies. Some of these are inter-collegiate, e.g., Nagpur Philosophical Society, Historical Society, Economic Society, etc. There is a University Union Society which is doing excellent work in providing recreation and a reading room for its members and in holding periodical debates on various subjects of public interest.

Residence and Cost of Living

It is difficult to make a general statement in the matter. The cost of boarding varies with the Hostel. The arrangements in all the hostels are in charge of the students themselves. Every college has a hostel. Besides, in Nagpur there is a hostel managed by the Y.M.C.A.

Budget : Provident Fund

The total income (exclusive of deposits) for the year 1938-39 was Rs. 2,19,546-15-9. As against this, there was an expenditure (exclusive of debt heads) of Rs. 2,18,212-3-0.

Every whole-time officer, teacher, or other servant of the University other than one whose services have been lent to the University by Government, permanently appointed to a substantive appointment, has as a condition of his service, to become a depositor in the University Provident Fund.

Subscription to the fund is 8 per cent. on the salaries of the depositors, deducted monthly from their salaries. Every month, the University makes, in the case of each subscriber, a contribution at the rate of 12 per cent., 8 per cent. in the case of new entrants, on his salary and this is placed to the credit of the depositor.

No subscriber is entitled to receive any contribution to his provident fund from the funds of the University if his services have been dispensed with for misconduct.

Compound interest reckoned half-yearly at $3\frac{1}{2}$ per cent. is allowed at present on the amount standing to the credit of every depositor on the 30th June and 31st December, respectively, in each year.

Women's Education

The Central College for Women, Nagpur, is the only institution admitted to the privileges of the University. The University has made a Statute, under which the Executive Council grants permission to women—who have not pursued a course of studies in the University or a College—to appear at the University examinations.

At the University Examinations held in March and April 1939, eighty women candidates passed the Intermediate Examination, and 33 passed the B.A. Examination and six passed the B.Sc. Examination.

A number of prizes, medals and scholarships are reserved exclusively for women.

Students' Information Bureau and its Activities

The University took over the work of the Students' Information Bureau from the Students' Advisory Committee on the 1st April 1926. It has since been rendering valuable help to the students of the University by dissemination of information regarding foreign Universities and by arranging for their admission at British Universities. Last year twelve applicants were offered admission at the British Universities.

Provision for Safeguarding Health, Medical Inspection, Discipline, etc.

An important step towards the promotion of the physical welfare of its students was taken by the University, when, on the Local Government agreeing to contribute half the cost of his salary, the University appointed a whole-time Director of Physical Education, with effect from 7th August 1935, for the organization and supervision of physical education in the University. Further details of the scheme of physical education were worked out and embodied in an Ordinance under which every male student prosecuting a course for the Intermediate (Arts and Science) Examination will be required to prosecute for at least one year a course of physical instruction in one of the approved items. The Ordinance also establishes a Board of Physical Welfare, with the Director of Physical Education as Secretary, for the purpose of organizing and co-ordinating the medical inspection, physical education, sports tournaments and other activities relating to the physical welfare of students. In order to enable the colleges to take full advantage of the scheme of physical education, the University has also appointed, for the first two years of the operation of the scheme, two physical instructors at Nagpur and one each at Jubbulpore and Amraoti.

Almost all the colleges connected with the University have good playing fields attached to them and ample opportunities are given to the students to take part in out-door games. Besides, the University holds annually a Sports Tournament in which all the Colleges take part. The most popular games are Tennis, Hockey and Football. Those qualified to express an opinion in this matter have said that the games seen on these occasions are of a fairly high order. During the year the University acquired about 18 acres of land, which is a combined gift of the Provincial Government and Mr. W. R. Puranik. His Excellency the Chancellor laid the Foundation Stone of the Sports Pavilion on December 5, 1937.

Courses of Study, Examinations and Degrees

The University confers the degrees of B.A., B.A. (HONS.), M.A., PH.D. and D.LITT. in Arts ; B.Sc., B.Sc. (HONS.), B.Sc. (TECH.), M.Sc. and D.Sc. in Science ; LL.B., LL.M. and LL.D. in Law ; B.T. and M.ED. in Education ; and B.Sc. (AGRIC.) and M.Sc. (AGRIC.) in Agriculture. Diplomas in Teaching and Engineering are also awarded. Examinations in Oriental Learning are being held from the year 1938. With effect from 1941, an examination for the Diploma in Co-operation will be held. Only Graduates in Arts of Nagpur University are eligible for the examination.

Admission to the University

Admission to the University is confined to students who have passed the High School Certificate Examination held under the C.P. High School Education Act of 1922 (also as applied to Berar) or any other recognized equivalent examination.

COURSES OF STUDY AND EXAMINATIONS IN THE FACULTY OF ARTS

Admission to Examinations.—For all examinations of the University, candidates must have prosecuted a regular course of studies in a college except as follows :—

(a) Teachers of recognized educational institutions in the Province may, under certain conditions, be admitted to the examinations in Arts and Science [except B.A. (HONS.) and B.Sc. (HONS.)].

(b) Women candidates who have not pursued a regular course of studies in a college or in the University may be admitted to an examination other than that for B.A. (HONS.) and B.Sc. (HONS.) under certain conditions.

(c) Candidates who have been admitted once to an examination in Arts, Science, Law and Agriculture, may be re-admitted to the examination, without joining a college.

(d) A B.A. of any recognized University may be admitted to the M.A. Examination, provided the subject taken by him for the M.A. Examination is one of the subjects taken by him at his B.A. Examination and not less than three years shall have elapsed since his graduation for the purpose of admission to the Final M.A. Examination. A similar rule is in force in respect of the B.Sc.'s for the purpose of admission to the M.Sc. Examination in Mathematics.

(e) A whole-time librarian or clerk of (a) the Nagpur University Library ; (b) a Library of a College connected with

the University ; or (c) a Library in the Central Provinces and Berar recognized by the Academic Council, may be admitted, under certain conditions, to the Intermediate (Arts and Science) Examination or the Examination for the B.A. (Pass), B.Sc. (Pass), M.A. or M.Sc. Degree.

From the examinations of 1941 non-collegiate candidates will not be admitted to any examination unless they have resided for a period of not less than two years in the Central Provinces and Berar prior to the date of submission of their Application Forms for admission to the examination.

Doctor of Science.—Candidates who have obtained the Master's Degree in Arts of this University with Mathematics as a subject of their examination, or a Master's Degree in Science are eligible to offer a thesis for the D.Sc. Degree provided three years have elapsed since the Master's Degree was taken. Every candidate must submit a Thesis based on the result of research on a subject prescribed for the M.Sc. Examination and conducive to the advancement of Science in general.

COURSES OF STUDY, EXAMINATIONS AND DEGREES LEADING TO PROFESSIONS

LAW

Bachelor of Laws (LL.B.).—The course extends over two academical years and is open only to Bachelors of Arts or Science of this or of any other recognized University. The B.COM.'s of certain Universities and the B.AG.'s of Nagpur University are also eligible for admission to the course. There are two examinations, the PREVIOUS and the FINAL EXAMINATIONS, at the end of the first and second years respectively. The following are the subjects for study and examination :—

Previous Examination.—1. Jurisprudence, 2. Constitutional Law, 3. Roman Law, 4. Law of Contracts, 5. Law of Evidence, 6. Criminal Law and Procedure, and 7. Law of Easements and Torts.

Final Examination.—1. Hindu Law, 2. Mahomedan Law, 3. The Law of Land Tenures, 4. Law relating to Property, 5. Civil Procedure, 6. Principles of Equity, 7. Law of Limitation and Minor Acts.

One paper is set in each of the seven subjects, both in the Previous and Final Examinations. Candidates who obtain 33 per cent. of the marks in each subject and 50 per cent. or more in the aggregate are qualified for a pass at each of the examinations ; those obtaining 60 per cent. or more of the aggregate marks obtainable at the two examinations taken together being placed in the First Class and other successful candidates in the Second Class.

Master of Laws (LL.M.).—The course is open to Law graduates of this University and of other recognized Universities. At least two years' study under the direction of an approved person is necessary. The Examination consists of Part I and Part II.

Every candidate for Part I of the Examination is examined in the following four subjects and every candidate for Part II of the Examination, in any two of them :—

Part I, which shall consist of the following four subjects *viz.* :—

- (i) Jurisprudence and Principles of Legislation ;
- (ii) Constitutional Law and History,—British and Indian ;
- (iii) Hindu Law, or Mahomedan Law ;
- (iv) Principles and History of Roman Law; and

Part II, for which any two of the following subjects may be chosen, *viz.*,

- (vi) Law of Crimes ;
- (vii) Principles of Equity, including Trusts and Specific Relief ;
- (viii) The Law relating to the Transfer of Immovable Property and the Law of Easements ;
- (ix) The Law relating to Wills and Administration ;
- (x) The Law of Torts ;
- (xi) The Law of Contracts ;
- (xii) Public International Law ;
- (xiii) Private International Law ;
- (xiv) Mercantile Law ;
- (xv) The Law relating to Land Tenures in British India ;
- (xvi) Principles and History of the Law of Real and Personal Property.

Doctor of Laws (LL.D.).—The examination is open to those who have obtained the Master's Degree in Law of this University or any recognized University. Three years' study under the directions of an approved person is necessary. Candidates should submit a Thesis composed on some branch of Law or on the History and Philosophy of Law and if so desired, submit themselves for an oral examination with reference to the subject-matter of the thesis.

AGRICULTURE

Intermediate Examination.—The course of study extends over two years subsequent to passing the High School Certificate Examination or any other recognized equivalent examination and candidates are required to study and be examined in (1) Agriculture, (2) Mathematics and Agricultural Engineering, (3) Chemistry, (4) Botany, (5) English.

In order to pass, a candidate must obtain 40 per cent. of the aggregate marks, besides the prescribed minimum for each subject and paper. Successful candidates obtaining 60 per cent. or more of the aggregate marks are placed in the First Division; those obtaining less than 60 per cent. but not less than 48 per cent. are placed in the Second Division; and all other successful candidates in the Third Division.

B.Sc. (Agr.) Examination.—Candidates who have passed the Intermediate Examination are eligible for admission to the course which extends over two academic years. The subjects for study and examination are : (1) Agriculture, (2) Chemistry, (3) Agricultural Botany and Plant Pathology.

In order to pass, a candidate must obtain in each subject and paper the minimum marks prescribed and in the aggregate not less than 40 per cent. of the total marks obtainable. Successful candidates who gain 60 per cent. or more of the aggregate marks shall be placed in the First Division; those who gain not less than 48 per cent. of the aggregate marks, in the Second Division; and the rest in the Third Division.

In both the Intermediate (Agr.) and B.Ag. Examinations, there are Practical Examinations in all subjects except English and students are required to pass them separately at the examinations.

TEACHING

Bachelor of Teaching (B.T.).—The course extends over one academic year subsequent to the taking of a degree of this or any recognized University. The Examination is in two parts, the First Part consisting of Principles of Education, History of Education, Methods of Teaching general subjects, Methods of Teaching particular subjects, School Organization and Hygiene; and the Second Part being mainly a practical test in Teaching. In addition to this, a candidate must have completed satisfactorily the following courses :—Physical Training, Pedagogical Drawing and English Phonetics. Five papers will be set in Part I, one on each of the subjects selected.

Candidates who obtain 60 per cent. or more in the first part and 80 per cent. or more in the second part are placed in the First Class; those obtaining 40 per cent. in the first part and 60 per cent. or more in the second part, in the Second Class; those obtaining 32 per cent. of the aggregate marks in the first part and 40 per cent. in the second part, in the Third Class.

M.Ed. (from 1940).—“1. (a) Any graduate in Arts or Science of a recognized University who has been admitted to the degree of Bachelor of Teaching of Nagpur University or to a degree recognized by Nagpur University as equivalent

thereto for the purpose of this Ordinance may, subject to the provisions of this Ordinance, offer himself as a candidate for the degree of Master of Education.

Provided that he shall have passed the examination for the degree of B.T. or its equivalent in the first or second division both in theory and in practice.

(b) In exceptional cases, a person not eligible under clause (a) of this paragraph may, on the recommendation of the Faculty of Education, be permitted by the Academic Council to offer himself as a candidate for the degree ; provided that

(i) he has passed in the first or second division the Examination for the M.A. or M.Sc. degree of the University or for the degree of another University recognized by the University as equivalent thereto, for the purpose of this Ordinance, and has been admitted to the degree ; and

(ii) he holds a Diploma or a certificate in Teaching, which, in the opinion of the Faculty of Education, is of a sufficiently high standard.

2. The examination shall consist of two parts as follows

Osmania University

Introductory

The Osmania University which was established by a Charter in 1918 is the first attempt in India to impart University Education through the vernacular, English being a compulsory second language. For over half a century, higher education in the State was controlled by the Madras University, but the results were so discouraging that in 1917, the Right Honourable Sir Akbar Hydari, Kt., P.C., B.A., LL.D., D.C.L. (Nawab Hydar Nawaz Jung Bahadur), then Secretary to His Exalted Highness' Government in the Educational Department, submitted a Memorandum to His Exalted Highness in which, after surveying the existing conditions and discussing the disadvantages of imparting knowledge through the medium of a foreign language, he recommended the inauguration of a University which should be both an examining and a teaching body and in addition to this should undertake to compile and translate books, using the Urdu language as the medium of instruction and examination. The standard of compulsory English is nearly the same as in other Universities, and enables the alumni of the Osmania University to keep in touch with the currents of thought in the English-speaking world and prevents them from being confined to the publications of the University. An important feature of the University is the Bureau of Translation with a large staff of qualified translators. The work attempted by the Bureau embraces the whole range of University studies including History, Geography, Philosophy, Economics, Mathematics, Physics, Chemistry, Botany, Zoology, Pedagogics, Law, Medicine, Engineering and Geology. All the books required for the Intermediate, B.A. and LL.B. Examinations have been translated and published. The Bureau is now actively engaged in the translation and publication of books required for the Faculties of Medicine and Engineering, and for Post-Graduate Studies in Arts and Science.

Constitution of the University

The constitution differs in some respects from that of the older Indian Universities. The Council is the highest governing body of the University, and practically performs most of

the functions of the Government in British Indian Universities. The Senate has the entire charge of the organization of instruction in the University, the constituent colleges, the curricula of the examinations, etc., and consists of not less than 40 and not more than 70 members. The Syndicate is the business Committee of the Senate and consists of not less than five and not more than seven members of the Senate. The Faculties which consist mainly of the Professional staff are the Academic Committees of the Senate entrusted with the framing of the curricula and arranging for examinations and other matters.

Character of the University

The University is of the unitary type. There are four institutions at Hyderabad, Aurangabad, Warangal and Gulbarga which are allowed to prepare and present candidates for the Intermediate Examination of the University besides the Women's College which has Intermediate, B.A., B.Sc., M.A., and M.Sc. classes. A College of Medicine was opened in July 1927, and an Engineering College and a College for the training of teachers in 1929.

Library, Museum, Laboratories, etc.

The University Library, which contains 20,725 English and 24,016 Oriental books, is being constantly augmented. There is a small Library attached to the Translation Bureau, containing 4,202 books. There are Seminar Libraries attached to each department of study. The Staff of the University has also access to the Government Asifia Library which is very rich in Arabic and Persian MSS., besides containing a large and valuable collection of State archives relating to the history of Central and Southern India known as the Daftar-i-Diwani and Daftar-i-Mal in the Finance Office.

The University College has well-equipped Physical, Chemical and Biological Laboratories.

NIZAMIAH OBSERVATORY

The Observatory which was established in 1908 by a *Firman* of His Exalted Highness the late Nizam, was transferred to the control of the Osmania University in 1919. The principal equipment consists of two equatorial telescopes, an 8-inch photographic and a 15-inch visual refractor (both presented by the late Nawab Zafar Jung Bahadur) together with a small transit instrument and Chronograph and some other miscellaneous apparatus. The Observatory is one of the institutions participating in the great international undertaking of the *carte de ciel* and has completed the measuring of the photographs in the section allotted to it, viz., Decl. -170° to -23° and is now engaged in the Catalogue of the section 36° to 39° . The 15-inch telescope, erected about ten years ago, is used for visual observations, especially, for observing systematically variable stars with faint minima. A good working library has been formed, consisting chiefly, of astronomical books and periodicals and standard publications of observatories received by way of exchange. The principal publications of the Nizamiah Observatory consist of ten volumes of the Hyderabad Astrographic Catalogue and a number of short papers in the leading Astronomical Journals. The Observatory is also equipped with two Milne Shaw Seismographs for recording earthquakes and the readings of the seismograms are forwarded to Oxford for inclusion in the International Seismological Summary. There is, in addition, a Meteorological Observatory as well as a pilot balloon station, the observations being taken in co-operation with the Meteorological Department of the Government of India.

Provision for Research

The University had under consideration proposals for instituting degrees based entirely on research. Ph.D. Degrees

have been instituted in the Faculties of Arts, Science and Theology. In the Departments of History, Philosophy, Persian, Urdu, Physics, Chemistry, Botany and Zoology, each candidate for the M.A. and M.Sc. Degrees has to submit a thesis based on original research. Research scholarships of the value of Rs. 75 per mensem have been sanctioned for original work in Telugu, Marathi, Kanarese, Arabic, Urdu, Philosophy, History, Physics, Chemistry and Muslim Theology. The Research Journal issued once a year publishes the results of the original work done by members of the staff and research students.

Associations in the University

The following are the Associations attached to the University :—

1. Osmania University Association.
2. Students' Union.
3. Historical Association.
4. Scientific Association.
5. Economic Association.
6. Law Society.
7. Urdu Association.
8. Kanarese Association.
9. Telugu Association.
10. Marathi Association.
11. Arabic Association.
12. Theology Association.

Residence and Cost of Living

The University aims at providing residential accommodation for its students. Two double-storeyed Hostels have been recently constructed providing accommodation for 300 students, while there is a temporary Hostel in which 100 students can live in comfort. These Hostels which are lighted with electricity and are provided with modern sanitary conveniences are now entirely full. In addition to the College fees, the boarders pay an inclusive charge of Rs. 19 per mensem, which covers dining hall establishment, light, water and other charges. No charge is made for rent, medical assistance or for medicines. Students of all communities live amicably together, as no Hostel is reserved for a particular community. Each Hostel is managed by a Warden.

Publication and Extension Work

Nearly 400 volumes have been translated and published on subjects of study in the University.

A sum of Rs. 5,000 has been provided in the Budget for lectures by distinguished European and Indian scholars. A number of extension lectures are also delivered by members of the University Staff on scientific and literary subjects.

The Dairat-ul-Maarif

The Dairat-ul-Maarif was founded by the late Nawab Imadul Mulk Bahadur (Syed Husain Bilgrami, C.S.I.) and the late Mulla Abdul Qayyum Sahib in 1886 for the publication of rare books in Arabic. It commenced its work in 1890 with a grant of Rs. 500 per mensem from His Exalted Highness' Government. Subsequently in 1920, an endowment of one lakh of rupees was made over to the Institution and in 1922,

His Exalted Highness was graciously pleased to sanction an additional grant of Rs. 4 lakhs and this total endowment of Rs. 5 lakhs brings an annual income of Rs. 30,000.

The Institution was placed under the control of the University on the death of Nawab Imadul Mulk Bahadur on the 7th May 1926 (24th Zikadah 1344 Hijri). The Rt. Hon'ble Sir Akbar Hydari, President, Executive Council, is now the Chairman of the Executive Committee, with whom the management rests, and Nawab Mahdi Yar Jung Bahadur is the Secretary. This Committee is helped by a Literary Committee which assists it in selecting books for publication, etc.; the staff consists of a Superintendent and six Arabic Scholars who edit the Texts and correct proofs. They are helped in their work by the noted European Orientalist, Mr. Krenkew, who secures for the Institution copies of rare books in the British Museum and other European Libraries, besides correcting Texts, reading proofs, etc. The total number of Arabic books published by this Institution is 114 but some of them are in four to twelve volumes. Its publications are in great demand not only in India but in Egypt, Arabia, Afghanistan and Europe.

Women's Education

Women are admitted as private students to the Intermediate and B.A. Examinations in all subjects and to the M.A. Examinations in Arabic, Persian and Urdu only. The University maintains a Women's College which has 86 students on its rolls.

Students' Information Bureau

The University has no Students' Information Bureau, its functions devolving on the Director of Public Instruction and the Committee for European Scholarships. The Adviser for Hyderabad students in England is Mr. B. C. McEwen, B.Sc. (Lond.).

Provision for Safeguarding Health, Discipline, etc.

A fully qualified Medical Officer is in medical charge of the Hostels; he also conducts periodical medical examinations of the students. The Principals of Colleges are supreme in matters of discipline and have power to rusticate or otherwise punish the students.

Courses of Study, Examinations and Degrees

The University offers in the Faculties of Arts and Theology the Degrees of B.A. and M.A., in the Faculty of Science the Degrees of B.Sc., and M.Sc., in the Faculty of Law the Degree

of LL.B., in the Faculty of Medicine the Degree of M.B.B.S., in the Faculty of Engineering the Degree of B.E., and in the Faculty of Education the Diploma in Education.

Special provision is made for the following classes of persons for admission to the Intermediate and B.A. Examinations of the University as private candidates :—

1. Inspecting Officers of the State Educational Department and whole-time teachers employed in Educational institutions, of three years' standing.
2. Assistants serving in a University College.

Division of Papers to be decided later on.

(3) Theology or Morals.

The pass percentage is the same as in the B.A. Examination.

Master of Science (M.Sc.).—The course extends over two years and is open to graduates in Science. A candidate may offer one of the following subjects, provided he has studied it as his main subject for B.Sc. Examination. There will be two Examinations, the Previous and the Final.

1. *Chemistry.*

In the Previous M.Sc. Examination in Chemistry there will be six papers on the following :—

- (1) General and Inorganic Chemistry.
- (2) Organic Chemistry.
- (3) Physical Chemistry.
- (4) Practical including Mineral Analysis.
- (5) Organic Analysis and Organic Preparations.
- (6) Physico-Chemical Measurements.

In the Final M.Sc. Examination in Chemistry there will be two papers on a selected subject, *viz.*, Physical, Inorganic or Organic Chemistry besides a thesis based on original research.

2. *Physics.*

In the Previous M.Sc. Examination in Physics there will be the following papers :—

- (1) General Physics and Sound.
- (2) Optics (Geometrical and Physical).
- (3) Heat including Thermodynamics.
- (4) Practical Examination in Heat, Sound and Properties of Matter.
- (5) Practical Examination in Optics.

In the Final M.Sc. Examination in Physics there will be the following papers :—

		Marks
1st Paper	Classical Electricity and Magnetism ..	100
2nd „	Modern Electricity	100
3rd „	Special subjects :—	
	Any one of the following : ..	100
	(a) Spectroscopy (including Quantum Theory).	
	(b) X-rays.	
	(c) Wireless Telegraphy and Telephony.	
	(d) Photo-Electricity and Television.	
4th „	Practical Examination in Electricity ..	100
5th „	Report on practical work intensively carried out by the candidate with a view to verify and supplement the available data on some special problem of Physics	100
	TOTAL	500

3. *Zoology.*

In the Previous Examination in Zoology there will be the following papers and practical examinations :—

- (1) Non-Chordata : *Protozoa—Sipunculoidea.*
- (2) Non-Chordata : *Polyzoa—Mollusca.*
- (3) Essays on some subjects of Non-Chordata.
- (4) Practical : *Protozoa—Sipunculoidea.*
- (5) Practical : *Polyzoa—Mollusca.*

In the Final Examination in Zoology there will be the following papers and practical examinations :—

- (1) Chordata : *Hemichordata—Amphibia.*
- (2) Chordata : *Reptilia, Aves and Mammalia.*
- (3) General principles of Biology, Cytology and Histology.
- (4) Practical : *Hemichordata —Amphibia.*
- (5) Practical : *Reptilia—Mammalia.*

Or

Thesis Group—

- (1) Special subject-matter of the thesis.
- (2) Thesis including *viva voce*.
- (3) General principles of Biology, Histology and Cytology.
- (4) Practical examinations on subject-matter of the thesis.

*Or**Special Group—*

- (1) Fauna of Hyderabad State with reference to Special group. "
- (2) General paper on Special group.
- (3) General Biology, Cytology and Histology.
- (4) Two practical on the Special group.

4. *Botany.*

In the Previous Examination in Botany there will be the following papers :—

Paper I Thallophyta.

„ II Bryophyta and Pteridophyta.

„ III Gymnosperms and General Histology.

In the Final Examination in Botany there will be the following papers :—

Paper I General Biology.

„ II Angiosperms.

„ III Physiology and Ecology.

Or

Paper I General Biology.

„ II Special Group.

„ III A Thesis based on the special subject.

The pass percentage is the same as in the M.A. Examination, but candidates have to pass separately in the Practical and Theoretical portions and to secure at least 25 per cent. in each paper, otherwise they are deemed to have failed.

Doctor of Philosophy in Science (Ph.D. in Science).—A candidate who has obtained the degree of Master of Science in the 1st or 2nd class of this or any other recognised University are allowed to offer a thesis, based on the original research, for the Ph.D. Degree provided he has made research in this University for a period of three years after passing his M.Sc. Degree Examination.

THEOLOGY

The Matriculation Examination.—The course extends over three years as in the Arts Faculty. Private candidates are also

admitted on the same conditions as in the Arts Faculty. The subjects for study and examination are:—

(1) English—(two papers), (2) History and Geography—(two papers), (3) Elementary Mathematics—(two papers), (4) Science—(one paper), (5) Arabic—(two papers), (6) Aqaid (Dogmatics)—(one paper), (7) Fiqah (Muslim Law)—(one paper).

The Rules for passing the examination are the same as for the Faculty of Arts.

The Intermediate Examination.—The subjects for study and examination are: (1) English—(three papers as in the Arts Faculty), (2) Arabic—(two papers as in the Arts Faculty), (3) Fiqah-wa-Usul-i-Fiqah (Muslim Law)—(2 papers), (4) Tafsir, Hadis-wa-Usul-i-Hadis (Qoranic Exegesis and Traditions)—(two papers), (5) Aqaid, including Mabadi-i-Hikmat (Dogmatics and Elements of Philosophy)—(one paper).

The marks for a pass and classification of successful candidates are the same as for the Intermediate Examination in Arts.

For the purpose of the Compartment System, the examination is divided into three groups:—

1. English.
2. Arabic.
3. Theological Subjects.
 - (Fiqah-wa-Usul-i-Fiqah, Tafsir, Hadis-wa-Usul-i-Hadis and Aqaid.)

A candidate who fails in any one of these groups and passes in the other two, shall be allowed to appear at a subsequent examination only in the group in which he failed, provided that the marks obtained by him in that group in the previous examination do not fall short of 25 per cent. For passing in group (3) under this system he shall obtain 33 per cent. in each of the subjects of this group and at least 35 per cent. in the aggregate.

Bachelor of Arts (B.A.).—The course of study extends over two years subsequent to passing the Intermediate Examination. The subjects for study and examination are: (1) English—(four papers as in the Faculty of Arts), (2) Arabic—(three papers as in the Faculty of Arts), (3) Fiqah and Usul-i-Fiqah (Muslim Law)—(two papers), (4) Any one of the following:—

- (a) Tafsir (Qoranic Exegesis).
 - (b) Hadis-wa-Usul-i-Hadis (Traditions).
 - (c) Kalam and Usul-i-Din (Dialectics)
- (two papers in each).

To obtain a pass, 33 per cent. of the marks are required in each subject and classes are arranged on the same basis as at the B.A. Examination in the Arts Faculty.

Master of Arts (M.A.).—The course of study extends over two years subsequent to graduation, the examination being held at the end of each year. The subjects for study and examination are :

One of the following :—(1) *Fiqah-wa-Usul-i-Fiqah* (Muslim Law), (2) *Kalam-wa-Aqaid* (Dialectics), (3) *Tafsir* (Qoranic Exegesis), and (4) *Hadis*, including *Sirat* (Traditions). There are eight papers in each subject.

There are four papers in each subject for the previous examination. For the Final Examination there are two papers and students are required to submit a thesis based on research and to undergo a *viva voce* Examination.

The marks for a pass and classification of successful candidates are the same as for the M.A. Examination in Arts.

Doctor of Philosophy in Theology (Ph.D. in Theology).—A candidate who has obtained the Degree of Master of Arts in the 1st or 2nd class of this or any other recognised University are allowed to offer a thesis, based on the original research, for the Ph.D. Degree provided he has made research in this University for a period of three years after passing his M.A. Degree Examination.

Professional Courses of Study and Examinations

LAW

Bachelor of Laws (LL.B.).—The course of study extends over two years subsequent to graduation. During the first year, a candidate is required to study the following subjects and will be examined in them at the end of the year :—

1. Criminal Law and Procedure.
2. Torts and Easements.
3. Evidence.
4. Contracts.
5. Roman Law.
6. Constitutional Law.

There are six papers set at the examination, one for each of the above-mentioned subjects.

40 per cent. of the marks must be obtained for a pass in each paper. Those who obtain 60 per cent. or more are placed in the First Class and those who obtain 45 per cent. in the Second Class.

After passing the above examination, a candidate for the Degree is required to study during the second year the following subjects and be examined therein :—

1. Hindu Law.
2. Muhammadan Law (including Usul-i-Fiqah).
3. Civil Procedure and Law relating to Civil Courts in His Exalted Highness the Nizam's Dominions; Limitation (excluding schedules).
4. Trusts and Specific Relief.
5. Jurisprudence and International Law.
6. Transfer of Property, Land Tenures including *Atiyyat* (grants of land).

There are six papers set at the examination, one for each subject.

The minimum for a pass and the classification of successful candidates are the same as for the Previous Examination.

MEDICINE

The Degree of M.B.B.S.—The course of study extends over five years. Students who have passed the Intermediate Examination with Physics, Chemistry (Organic and Inorganic), Botany and Zoology are eligible for admission to the course. They are required to pass three examinations called the First, Second and Final M.B.B.S. Examinations respectively, and to pass each examination 50 per cent. of marks are to be obtained separately in the written and oral tests in each subject. Successful candidates obtaining not less than 75% of the aggregate number of marks are placed in the First Division and the rest in the second.

Each of the first two M.B.B.S. examinations shall consist of two subjects and candidates shall be required to pass in both at the same time; whereas the Final or Third M.B.B.S. Examination shall consist of two groups of two subjects each, and candidates shall be required to pass at least in both subjects of any one group at the same time.

First M.B.B.S. Examination

The First M.B.B.S. Examination shall be held in the following subjects after a course of study extending over two academic years :—

- (a) Human Anatomy and Embryology.
- (b) Physiology including Bio-Chemistry.

Second M.B.B.S. Examination

The Second M.B.B.S. Examination shall be held in the following subjects after a course of study extending over one

academic year after the passing of the First M.B.B.S. Examination :—

- (a) Materia Medica and Pharmacology.
- (b) Hygiene.
- (c) Forensic Medicine.

Final M.B.B.S. Examination

The Final M.B.B.S. Examination shall be held in the following subjects after a course of study extending over two years after passing the Second M.B.B.S. Examination :—

Group I.—

- (a) Medicine and Clinical Medicine including Therapeutics and special subjects.
- (b) Pathology and Bacteriology.

Group II.—

- (a) Surgery and Clinical Surgery.
- (b) Ophthalmology, and Oto-rhino-laryngology.
- (c) Obstetrics, Gynæcology and Diseases of Infancy.

ENGINEERING

B.E. Examination.—The course extends over four years of which three years shall be spent in the College and the fourth chiefly in works. There will be two Examinations, the Part I Examination will be held at the end of the second year and the Part II or the Final Examination after the completion of the three years' College Course. Civil Engineer students shall be attached for one year to P.W. Divisions and Mechanical Engineer students shall spend the final year in a recognized Engineering Workshop.

Candidates seeking admission to the College for the B.E. Degree will be required :—

- (a) to be not under 17 or above 21 years of age ;
- (b) to produce a health certificate as to fitness for outdoor work ;
- (c) to have passed the Intermediate Examination of a recognized University with Mathematics, Physics and Chemistry as Optional subjects ;
- (d) to produce a testimonial of good character and to possess a satisfactory knowledge of the Urdu Language.

The subjects for the Examinations will be as follows :—

The Panjab University

Introductory : Character of the University

The University was established in 1882, being the fourth in India. The Indian Universities' Act of 1904 made certain changes, as in the case of the other Universities, and the territorial limits of the University were defined as including the Panjab, North-West Frontier Provinces, British Baluchistan and Kashmir.

The University was for a long time an examining body of candidates sent up for its examinations from the affiliated Colleges. But since 1919, several measures have been taken to introduce teaching under the control and direct operation of the University. At present, not only is the Honours teaching in every subject directly under the control of the University, but Colleges—the Oriental, Law and the Hailey College of Commerce—are administered by the University. Some attempt has been made at co-ordination of the teaching in the Colleges at Lahore.

The following are the several institutions affiliated for the different examinations of the University and their respective Principals; but a special feature is the recognition of Intermediate Colleges with a four-year course, two of which lead up to the Matriculation Examination and the other two to the Intermediate Examination.

Constitution of the University

The authorities of the University are : the Senate and the Syndicate (which correspond to the Court and the Executive Council of the newer Universities) and the Faculties.

There is also an Academic Council whose duties are : (1) to deal with University teaching and to make proposals for the initiation of fresh developments ; (2) to prescribe, subject to the approval of the Senate, and upon the recommendations of the Boards of Studies and the Faculties, the Courses of Reading, the Syllabuses and the outline of tests in each paper for all the examinations in the Arts and Science Faculties other than the Bachelor of Teaching and the Matriculation and School Leaving Certificate Examination ; (3) to approve or reject any subject proposed for a thesis for the Doctorate Degree in the Oriental, Arts and Science Faculties ; (4) to recognize the examinations of recognized Universities as equivalent to the corresponding examinations of the University of the Panjab, excepting the M. & S.L.C. Examination ; (5) to recommend to the Syndicate the creation of University teaching posts ; (6) to advise upon all proposals put before the Syndicate for the creation or abolition of University teaching posts ; (7) to advise the Syndicate on proposals of new expenditure on University

teaching ; (8) to recommend to the Syndicate the making of grants to a department or Colleges contributing to University teaching ; (9) to frame general rules for admission to classes under University teaching ; (10) to frame general rules dealing with the principles and methods of examination and for the appointment of examiners but not to take part in the selection or appointment of the same ; (11) to make proposals for distribution of new grants by the Government to the University and to the Colleges for the development of higher teaching ; (12) to have general control in the management of the University Library ; (13) to propose rules for the award of Studentships, Scholarships, etc., and to award them in accordance with such rules ; and (14) to promote research within the University. Not only are its recommendations accepted by the Syndicate, but the Syndicate has frequently on its own initiative invited and accepted its opinion on academic matters not strictly within its constitutional purview. The policy of giving the teacher in purely academic matters an increasingly determining voice has been both consolidated and extended.

The Academic Council has appointed a Standing Committee to advise it on various topics, to frame issues and resolutions arising out of the agenda for consideration by the Council, and to scrutinise and express its opinion on applications of various types received and disposed of by it. The Committee has no final power, but it facilitates the scrutiny and disposal of work.

Scholarships and Medals

Medals are awarded on the results of the University examinations for proficiency in the different subjects and scholarships are awarded for proficiency in the different subjects and in order of merit, and there are several scholarships awarded by reason of poverty and on the basis of communal distinction..

Library, Museums, Laboratories, etc.

The total number of volumes including manuscripts in the Library on 18th July 1939, was 97,228 : (1) Books 86,105, (2) MSS. 11,123 upto 18th July 1939. A sum of Rs. 14,532 was spent on the purchase of books and MSS. during the year ending 30th September 1938. About Rs. 6,831 during the year ending 30th September 1938, were spent on periodicals.

Provision for Research

There are eight Studentships for research whose capital value is more than a lakh and a half Rupees and these are awarded to students who have distinguished themselves in the Master's Examination, for the purpose of investigation and research. A good deal of critical and research work is done by the University and College teachers.

Publication and Extension Work

During the year 1938-39 the Oriental Publications Fund received Rs. 1,760-15-2 by sales and received a grant of Rs. 3,000 from the University. A number of important works have been published under the auspices of the University, e.g., A Critical Edition of the *Mahaveera Charitam* edited by the late Pandit Todarmal; Yaska's *Niruktam* by Dr. Lakshman

Sarup and the *Sundarananda* of Asvaghosha edited by Mr. E. M. Johnston, M.A.

In order to bring the University in direct contact with the educated community in the Province, a scheme of University Extension Lectures has been inaugurated. According to this scheme, public lectures of a popular kind by prominent educationists are delivered every year in important mofussil towns. By this extension of its activities the University is playing an important part in the cultural development of the Province.

Military Training

There is a University Training Corps, the strength of which on 1st January 1939 was 21 officers and 657 other ranks. The Corps is divided into detachments according to the Colleges in Lahore.

Residence and Cost of Living

Under the regulations, every undergraduate student at a Lahore College is required to live in a college or in a Hostel recognized by the University or with his guardian. There are ten recognized hostels in addition to the hostels affiliated to Colleges. There is a Students' Residence Committee which supervises the residential life of the students of the University.

Budget

The Revenue and Expenditure for the year ending 31st March 1939, deducting investments matured and advances refunded, were Rs. 17,24,048 and Rs. 16,12,539 respectively. During the year 1938-39 a Government Grant of Rs. 2,91,416 was received.

Women's Education

There are eight Colleges—Kinnaird College for Women, Lahore, Lahore College for Women, Lahore, Lady Hardinge Medical College, New Delhi, Stratford Government College for Women, Amritsar, Lady MacLagan Training College for Women, Lahore, Government Intermediate College for Women, Lyallpur, Women's Christian Medical College, Ludhiana, and Islamia College for Girls, Lahore—exclusively for women. The Kinnaird College is affiliated as far as the B.A. Degree in English, Mathematics, History, Geography, Philosophy, Economics, Sanskrit, Persian, Astronomy, Political Science, Urdu, Hindi and Panjabi. Lahore College for Women is also affiliated upto the B.A. standard in English, Mathematics, History, Philosophy, Chemistry, Sanskrit, Persian, Arabic, Urdu, Hindi and Panjabi.

Lady Hardinge Medical College is affiliated to the Panjab University for the Intermediate Science Examination and the M.B.B.S. Degree Examination. Stratford College for Women is affiliated upto the B.A. standard in English, Persian, Sanskrit, History, Mathematics, Philosophy, Urdu, Hindi and Panjabi. Lady MacLagan Training College for Women, Lahore, is affiliated to the University for the Degree of Bachelor of Teaching. Government Intermediate College for Women, Lyallpur, is affiliated upto the Intermediate standard in English, Mathematics, History, Geography, Persian, Biology, Urdu, Hindi and Panjabi. Women's Christian Medical College, Ludhiana, is affiliated to the Panjab University for the First Professional M.B.B.S. Examination for the M.B.B.S. Degree. Islamia College for Girls, Lahore, is affiliated upto the B.A. standard in English, Mathematics, History, Philosophy, Arabic, Persian and Urdu. Lady students seeking for higher degrees other than those mentioned above are permitted to join the men's colleges.

Students' Information Bureau and its Activities

Secretary : Professor Madan Gopal Singh, M.A. (Oxon.).

There is a Foreign Information Bureau instituted for the purpose of advising students who are desirous of prosecuting their studies abroad. The number of students who corresponded during the year ending September 30th, 1938, for information and advice has been considerably heavier than in the previous year. There is also a Library attached to the Bureau, and it has been much improved and extended of late.

The work of the Bureau has considerably increased and students and their parents in increasing numbers have personally sought the assistance of the Bureau, not only in regard to the courses of study and training abroad, but also regarding personal and private matters about which they felt they needed guidance. The work of the Bureau is not limited to purely secretarial lines, but it includes constant touch with the student community.

Provision for Safeguarding Health, Medical Inspection, Discipline, etc.

Most of the Colleges arrange for the annual medical inspection of the students on their rolls.

The University has appointed visitors to inspect lodgings intended for students in Lahore and encourages recognition of private hostels by financial assistance on giving limited control to the University over these lodgings.

The University has instituted a proctorial system for observing the behaviour of the students outside the college walls and each college affiliated to the University has appointed Proctors and Pro-Proctors to see that the rules framed by the Committee of Proctors with the approval of the University are observed.

The University has appointed a Director of Physical Training who co-ordinates instruction in Physical Training among the various Colleges affiliated to the University. He also acts as Secretary to the Panjab University Sports Tournament Committee. The object is to create among the University students a taste for Physical Training and to meet this object an attempt has been made to introduce and standardize Medico-Physical Examination in all Colleges.

With effect from June 1932 Physical Training has been made compulsory for Intermediate students (except those who are members of the University Training Corps) who are required to produce a certificate of having attended not less than 50 periods of Physical Training in the first year class in accordance with the rules framed by the Syndicate from time to time, before they are considered eligible to appear in the Intermediate Examination.

There is a Sports Tournament Committee which arranges Annual Tournaments between the various Colleges affiliated to the University. The winning teams are awarded cups, shields and prizes. It is financed by the University.

Courses of Study, Examinations and Degrees

The University offers the degrees of B.A. (Pass and Honours), M.A., Ph.D., D.Litt. and B.T. in Arts; B.Sc. (Pass and Honours), M.Sc., M.Sc. Tech., Ph.D. and D.Sc. in Science; LL.B., LL.M., and LL.D. in Law; M.B.B.S., M.S., and M.D. in Medicine; B.D.S. in Dentistry; B.Sc., and M.Sc. in Agriculture; B.Sc. in Engineering; B.O.L., M.O.L., Ph.D. and D.O.L. in Oriental Learning and the Degree of Bachelor of Commerce in Commerce. There is also provision for the award by the University of Diplomas in Literary titles in Oriental Languages.

ADMISSION TO THE UNIVERSITY

Admission to the University is open to students who have passed the Matriculation Examination of this University or an examination recognized as equivalent to it.

ARTS

Intermediate Examination.—The course extends over two academical years subsequent to passing the Matriculation

Examination or any other examination recognized for the purpose, a candidate being required to study and be examined in four of the following subjects :—1. English (2 papers), 2. A Classical Language [Sanskrit, Arabic, Hebrew, Greek, Latin or Persian, *or* in the case of candidates who have not passed the Matriculation Examination in a Classical Language, French or German as an alternative to a Classical Language at their option, *or* in the case of female candidates French, German or one of the Modern Indian Languages recognized by the University, *or* in the case of European candidates or Indian Students in the Lawrence College, Ghora Gali, Urdu or Hindi or Panjabi (2 papers)], and *two* of the following : Mathematics (2 papers), Physics (2 papers and a practical examination), Chemistry (2 papers and a practical examination), Philosophy (2 papers), History (2 papers), Geography (2 papers), Economics (2 papers), Biology (Botany and Zoology) (2 papers and a practical examination), Geology (2 papers and a practical examination), Agriculture (2 papers), Home Science, Music and Art (to be taken by female candidates only) ; Chemistry can be taken only by a candidate who has taken Physics or Agriculture as one of his elective subjects.

In addition to the above subjects a candidate may take an additional paper (carrying 50 marks) in a Modern Indian Language recognized by the University, or in French or German if the same has not already been taken as a fixed subject, while any candidate who is a member of the University Training Corps or of the Panjab Rifles A.F.(I.) and has attended 66 per cent. of the parades held, may take Military Science (practical test only) as an additional optional subject carrying 50 marks in place of a Modern Indian Language or French or German.

Marks allotted to each subject except the additional paper in a Modern Indian Language or in French or in German and in Military Science are 150.

The minimum for a pass is 33 per cent. in each subject and 25 per cent. in the practical examination in case of a science subject. Candidates obtaining 65 per cent. or more of the aggregate number of marks are placed in the First Division, and those obtaining not less than 50 per cent. in the Second Division.

Any student who obtains 40 per cent. of the aggregate number of marks but fails in one subject only obtaining not less than 25 per cent. in that subject is admitted to an examination in that subject only after about six months or if he fails to pass or present himself for the examination then, at the next annual examination and if he passes in that subject in either

of these examinations he is deemed to have passed the Intermediate Examination.

The candidate to whom this concession is granted is allowed to read for the Degree of Bachelor in a College provided he joins on or before the last date prescribed for admission to the third year class but is not eligible to a scholarship on passing the Intermediate Examination.

Bachelor of Arts (Pass and Honours).—The course of study extends over two years after the Intermediate Examination in Arts and Science Faculty of the Panjab University or other equivalent examination of any other recognized University and the subjects for study and examination are: English (three papers) and *two* of the following subjects:—(1) A Classical Language (Sanskrit, Arabic, Hebrew, Greek, or Latin or Persian or French or German) (two papers), (2) Mathematics, Course A (two papers), (3) Mathematics, Course B (two papers), (4) History (two papers), (5) Political Economy (two papers), (6) Philosophy (two papers), (7) Physics, Chemistry, Geology, Botany or Zoology (two papers) and a practical examination, and (8) Astronomy with Optics and Spherical Trigonometry (two papers and a practical examination), (9) Political Science (two papers), (10) Geography [two papers and a practical paper (map work)], (11) Home Science, (12) Music, (13) Art (to be taken by female candidates only).

In addition to the above three subjects a candidate has the option of taking an additional paper (carrying 50 marks) in a Modern Indian Language recognized by the University while any candidate, who is a member of the University Training Corps or of the Panjab Rifles A.F. (I.) and has attended 66 per cent. of the parades held, has the option of taking Military Science (one paper and a practical test) carrying 50 marks in place of a Modern Indian Language.

No candidate can take Physics or Chemistry who has not taken the corresponding subject in the Intermediate Arts and no one can take (8) unless with (2), (3) or (7).

Marks allotted to each subject except to the additional paper in a Modern Indian Language and the Military Science are 150 .

40 per cent. in English, in one other subject and in the aggregate of Pass papers, and 33 per cent. in the third subject qualifies a student for an Ordinary Pass. In Science subjects this percentage is required in both the practical and the written examinations. 40 per cent. is the minimum number of marks required to pass in Additional paper in a Modern Indian Language, and in Military Science. Those obtaining 65 per cent.

or more of the aggregate number of marks in the Pass papers are placed in the First Class and those obtaining not less than 50 per cent. in the Second Class.

Any student who obtains 45 per cent. of the aggregate number of marks but fails in one subject only obtaining not less than 25 per cent. in that subject is admitted to an examination in that subject only after about 6 months or if he fails to pass or present himself for the examination then, at the next annual examination, and if he passes in that subject in either of these examinations, he is deemed to have passed the B.A. Examination, but is not eligible for a scholarship or for Honours.

In the case of students sitting for the Honours Examination 3 Honours papers of the total value of 200 marks are set in addition to the Pass papers in each of the subjects approved for Honours. A candidate can take Honours in one of the subjects taken up by him for the Pass Course, namely, English, History, Mathematics, Economics, Philosophy (General Philosophy or Psychology), Sanskrit, Arabic, Persian, Physics and Geology provided that Honours papers in Mathematics can only be taken up by candidates who take up both A and B Courses of Mathematics as their elective subjects for the B.A. Pass Course. Unless a candidate passes the whole examination in all three subjects and obtains 50 per cent. in the Pass papers in the subject in which he seeks Honours, his Honours papers shall not be examined. To obtain Honours, a candidate must obtain at least 45 per cent. in the Honours papers taken together.

The marks gained in the Honours papers are not added to the total gained in the Pass Examination.

Master of Arts.—The Degree can be obtained by graduates in Arts, Science, Agriculture or Commerce of this or other recognized Universities and the following are the subjects for study and examination of which only *one* may be selected by a candidate: 1. A Language (English, Sanskrit, Arabic, Persian, Hebrew, Greek or Latin). 2. History. 3. Political Economy. 4. Mathematics. 5. Mental and Moral Philosophy. 6. Psychology. 7. Political Science. Except in Economics six papers of three hours each are set in each of the subjects, each paper carrying 100 marks. In economics there shall be four papers of three hours each, each carrying 100 marks, and either a thesis (including *viva voce*) carrying 200 marks or an approved alternative of two papers carrying the same number of marks. In order to pass, a candidate must obtain 40 per cent. of the marks in each paper except the Essay paper in English in which 45 per cent. are to be obtained and 45 per cent. in the aggregate. Candidates who secure 65 per cent. or more

in the aggregate are placed in the First Division and those obtaining 55 per cent. are placed in the Second Division.

Degree of Doctor of Philosophy (Ph.D.) in the Arts Faculty.—The Degree is open to one who has obtained the Master's Degree of the Panjab or of any other recognized University in the subject other than Mathematics with which his thesis is connected and has pursued an advanced course of study bearing upon the subject selected by him for the degree for three years. Every candidate must submit a thesis on the subject previously accepted by the Academic Council showing an evidence of original work. Further, if desired by the examiners, he must submit himself for an oral or written examination on the subject of his thesis and cognate subjects.

Doctor of Literature (D. Litt.).—The Degree is open to one who has passed six years previously the examination for the Degree of Master of Arts and has already made substantial published contributions to learning. Every candidate must submit his work containing an original and substantial contribution to some branch of learning. Candidates who give evidence of research and ability satisfactory to the Board of Examiners and fulfil the prescribed conditions are admitted to the Degree of Doctor of Literature. If the Board of Examiners consider that the candidate is not worthy of the Degree of Doctor of Literature, but that his work is of a standard equivalent to that required for the Degree of Doctor of Philosophy, they may recommend him to the Syndicate for the grant of the Degree of Doctor of Philosophy.

SCIENCE

Intermediate Examination.—The course extends over two academical years subsequent to the Matriculation or any other Examination recognized for the purpose.

For candidates taking the Non-Medical Students' Group, English is the only fixed subject while Physics, Chemistry, Mathematics, Biology, Physiology, Geology and Agriculture are the elective subjects out of which a candidate has to take any three, provided that Biology and Physiology, and Biology and Agriculture together are not allowed in any group of subjects, and provided that candidates taking Mathematics as one of the elective subjects are not allowed to attempt the Mathematics questions in the Physics paper.

The following subjects comprise the Medical Students' Group: 1. English, 2. Physics, 3. Chemistry, and 4. Biology.

There are two papers in each subject and a practical examination in the case of a Science subject.

In addition to the above subjects, a candidate (for either group), may take an additional paper (carrying 50 marks) in a Modern Indian Language recognized by the University or in French or in German, while any candidate, who is a member of the University Training Corps or of the Panjab Rifles A.F. (I.) and has attended 66 per cent. of the parades held, may take Military Science (Practical test only) as an additional subject carrying 50 marks in place of a Modern Indian Language or French or German.

Marks allotted to each subject except the additional paper in a Modern Indian Language or in French or in German and in Military Science are 150.

The minimum for a pass is 33 per cent. in each subject and 25 per cent. in the practical examination. Candidates obtaining 65 per cent. or more of the aggregate number of marks are placed in the First Division and those obtaining not less than 50 per cent. in the Second Division. Any student who obtains 40 per cent. of the aggregate number of marks but fails in one subject only obtaining not less than 25 per cent. in that subject is admitted to an examination in that subject only after about six months, or if he fails to pass or present himself for the examination then, at the next annual examination, and if he passes in that subject in either of these examinations he is deemed to have passed the Intermediate Examination.

The candidate to whom this concession is granted, is allowed to read for the degree of Bachelor in a College provided he joins on or before the last date prescribed for admission to the third year class but is not eligible to a scholarship on passing the Intermediate Examination.

Bachelor of Science (Pass and Honours).—The course extends over two academical years subsequent to Intermediate Examination in Arts or Science, or the First Examination in Agriculture of this or other equivalent examination of any other recognized University and except in the case of candidates who have passed the First Examination in Agriculture, every candidate is required to study and be examined in the following subjects:—1. English (two papers) and one of the following Groups: 1. Physics and Chemistry. 2. Botany and Zoology. 3. Geology and Physics. 4. Zoology and Physiology. 5. Geology and Chemistry. 6. Chemistry and Technical Chemistry. 7. Physics and Astronomy. 8. Zoology and Chemistry. 9. Physiology and Chemistry. 10. Botany and Chemistry. 11. Botany and Physics. 12. Zoology and Physics. 13. Physiology and Human Anatomy. 14. Zoology and Human Anatomy. Every candidate who has passed the First Examination in Agriculture is required to take up English and any two

subjects out of (a) Botany, (b) Zoology, (c) Geology, (d) Mathematics, (e) Physics, and (f) Chemistry, provided that such a candidate when desirous of taking Mathematics or Physics or Chemistry must :—

- (i) attend at least two-thirds of the extra lectures arranged in Mathematics, or in the case of Physics and Chemistry at least twenty extra practicals and two-thirds of the extra lectures arranged in the subject concerned, and
- (ii) appear in and pass in the subject concerned in the supplementary F.Sc. Examination in September or in the next annual examination.

Two papers are set in each group and there is also a practical examination. Candidates must choose only the group of subjects they have chosen for the Intermediate Examination with certain exceptions. Provided that they cannot take up Astronomy unless they have also taken up Mathematics in the Intermediate Examination.

In addition to the above subjects a candidate may take up additional papers in a Modern Indian Language recognized by the University, while any candidate, who is a member of the University Training Corps or of the Panjab Rifles A.F. (I.) and has attended 66 per cent. of the parades held, has the option of taking Military Science (a written paper and a practical test) as an additional optional subject in place of a Modern Indian Language. It is not necessary for the candidate to have qualified in the Military Science in the Intermediate Examination. 150 marks are allotted to each subject except a Modern Indian Language or the Military Science which carries 50 marks.

In order to pass a candidate must obtain 33 per cent. in English and 40 per cent. in each Science subject and in the aggregate of the pass papers. In each Science subject this pass percentage is required in the written examination and in the aggregate but only 33 per cent. in the practical examination. 40 per cent. is the minimum for passing in Additional papers in a Modern Indian Language or Military Science both written and practical. Those obtaining 65 per cent. or more of the aggregate number of marks in the Pass papers are placed in the First Division and those obtaining not less than 50 per cent. in the Second Division. Marks obtained in a Modern Indian Language or Military Science are not counted for purposes of Division but a separate certificate of having qualified in the subject is granted to candidates successful in the subject.

Any student who obtains 45 per cent. of the aggregate number of marks but fails in one subject only obtaining not

less than 25 per cent. in that subject is admitted to an examination in that subject only after about 6 months or if he fails to pass or present himself for the examination then, at the next annual examination, and if he passes in that subject in either of these examinations, he is deemed to have passed the B.Sc. Examination, but is not eligible for a scholarship or for Honours.

Similarly a candidate who fails only in one practical but obtains not less than 25 per cent. in that practical and not less than 40 per cent. in the aggregate of that subject and in the aggregate of all the subjects is admitted to an examination in that subject only after about 6 months or if he fails to pass or present himself for the examination, then at the next annual examination, and if he passes he is deemed to have passed the B.Sc. Examination but is not eligible for a scholarship or for Honours.

Honours.—Honours is allowed in Physics and Geology only. A candidate has also the option of taking the three English papers meant for the B.A. candidate and further to take up Honours in English as well; the total number of marks for Honours papers being 200. To obtain Honours, a candidate should secure at least 45 per cent. in the Honours papers taken together and 50 per cent. in the Pass papers in the subject in which he seeks Honours.

Marks obtained in the Honours papers are not added to the total gained in the Pass Examination.

Master of Science.—The course is open to graduates in Science or Agriculture or Arts (with Physics or Chemistry as one of their subjects in the B.A.) of this University or other recognized Universities, and one of the following subjects should be selected for study and examination:—1. Physics, 2. Geology, 3. Physiology. There will be five papers of three hours each in every subject and a practical test. In order to pass, a candidate must obtain 33 per cent. in each paper and in the practical and 45 per cent. in the aggregate. 700 marks in total are allotted to each subject. 65 per cent. or more of the aggregate qualifies one for a First Class and 55 per cent. for a Second Class.

Degree of Doctor of Philosophy (Ph.D.) in the Science Faculty.—The Degree is open to one who has obtained the Degree of Master of Science in the Faculty of Science or the Faculty of Agriculture, or of Master of Arts in Mathematics of the University of the Panjab or of any other recognized University or being a graduate of the University of the Panjab has passed any other equivalent examination in the subject with which his thesis is connected and has pursued an advanced

course of study bearing upon the subject selected by him for the Degree for three years after passing his examination for the Degree of Master, or if he has passed the Degree of Master from any other recognized University (a) that he has for three years carried on research work under approved supervision in an institution affiliated to this University ; and (b) that in the case of Science subjects his examination for the Degree of Master included some research work. The candidate must submit a thesis showing ability in original research on a subject previously accepted by the Academic Council. Further if desired by the Examiners he must submit himself for an oral or written Examination on the subject of his thesis and cognate subjects.

Doctor of Science (D.Sc.).—The Degree is open to one who has passed six years previously the examination for the Degree of Master of Science and has already made substantial published contributions to Science. Every candidate must submit his work containing an original and substantial contribution to some branch of learning. Candidates who give evidence of research and ability satisfactory to the Board of Examiners and fulfil the prescribed conditions are admitted to the Degree of Doctor of Science. If the Board of Examiners consider that the candidate is not worthy of the Degree of Doctor of Science, but that his work is of a standard equivalent to that required for the Degree of Doctor of Philosophy, they may recommend him to the Syndicate for the grant of the Degree of Doctor of Philosophy.

ORIENTAL

Any student who obtains 45 per cent. of the aggregate number of marks but fails in one subject only obtaining not less than 25 per cent. in that subject is admitted to an examination in that subject only after about six months or if he fails to pass or present himself for the examination then, at the next annual examination, and if he passes in that subject, in either of these examinations, he is deemed to have passed the First Examination in Agriculture. The candidate to whom this concession is granted must continue to read in a college and is allowed to read for the Degree of Bachelor of Science (Agri.) but is not eligible for a scholarship on passing the First Examination.

Final Examination.—The examination consists of 2 parts, and is open to any student who (1) has been enrolled during the academic year preceding the examination for Part I, and 2 academic years preceding the examination for Part II, in a college affiliated to the University in the Faculty of Agriculture, (2) in the case of Part I has passed not less than one academic year previously the First Examination in Agriculture or the B.Sc. of the Panjab University having taken Physics, Chemistry, and Biology in the Intermediate Science Examination and in the case of Part II has passed not less than one academic year previously the Part I examination, and (3) has attained a sufficient standard of merit in examinations held by the College in the qualifying subjects, i.e., Agricultural Engineering and Elementary Veterinary Science. The following are the subjects for study and examination : 1. English (2 papers) (150 marks), 2. any two of the following to be taken as principal subjects : Agriculture and Economics (3 papers and practical in Agriculture) (400 marks), Chemistry and Agricultural Chemistry (2 papers and practical) (300 marks), Botany and Applied Botany (2 papers and practical) (300 marks), Agricultural Zoology—Entomology (2 papers and practical) (300 marks) and two subsidiary subjects (one paper and practical in each) (150 marks each) which shall be the two other subjects in the above list and which have not been offered as the principal subjects. One written paper and the connected practical of each of the two principal subjects and of one subsidiary subject from Part I while English and the remaining portions of the two principal subjects, both written and practical and of the second subsidiary subject form Part II of the examination.

Any candidate who is a member of the Panjab University Training Corps and has attended 66 per cent. of the parades held has the option of taking Military Science as an additional optional subject carrying 50 marks with Part II of the examination.

The minimum number of marks required to pass this examination is 40 per cent. in each subject both in the written and practical portions of the examination and 45 per cent. in the aggregate. Candidates who obtain 65 per cent. or more in the aggregate are placed in the First Division, those obtaining not less than 50 per cent. in the Second Division. The marks obtained in Military Science are not added to the total.

Any student who obtains 45 per cent. of the aggregate number of marks in either Part I or Part II as the case may be but fails in one subject only obtaining not less than 25 per cent. in that subject is admitted to an examination in that subject only after about six months or if he fails to pass or present himself for the examination then, at the next annual examination, and if he passes in that subject in either of these examinations he is declared to have passed the Bachelor of Science (Agriculture) Examination but is ineligible for a scholarship.

Master of Science (Agriculture).—The examination is open to any candidate who has passed not less than 2 years previously the B.Sc. in Agriculture or the general B.Sc. Examination with Honours in Chemistry, Botany or Zoology or the M.Sc. Examination with the necessary qualifications of the Panjab University.

A candidate is required to present a thesis being the result of an original research in some science applied to Agriculture, and which has been conducted under the direction of a teacher approved by the Board of Studies in Agriculture and further to undergo a written, oral and practical examination on the special branch of the subject chosen for research. The following are the subjects permitted for the Degree: 1. Crop Husbandry, 2. Dairying (including Animal Breeding and Animal Feeding), 3. Agricultural Economics, 4. Genetics and Biometry, 5. Mycology and Agricultural Mycology, 6. Plant Physiology, 7. Horticulture (including Fruit Preservation), 8. Chemistry and Agricultural Chemistry, 9. Zoology and Agricultural Zoology, 10. Bacteriology and Agricultural Bacteriology.

The minimum for a pass is 45 per cent., the total number of marks being 700. Those who obtain 65 per cent. or more of the aggregate are placed in the First Division and those obtaining not less than 55 per cent. in the Second Division.

TEACHING

Bachelor of Teaching.—The course extends over one academic year subsequent to graduation in this or any other recognized University in any Faculty other than Oriental. The examination is open also to any graduate of the University of the Panjab or of Delhi who has undergone the course of training in the S.A.V. Class and after passing the S.A.V. Examination has worked as a teacher for not less than 18 months and is serving as a teacher in a school either in the Panjab or in the Province of Delhi. The following are the subjects for study and examination : 1. The Psychological Basis of Education (100 marks). 2. School Organization and Management (100 marks). 3. Methods of Teaching (General) (100 marks). 4. Methods of Teaching (Selected subjects) (100 marks). 5. History of Education (100 marks). 6. Practical Skill in Teaching (100 marks). The examination is conducted by means of written papers and by a practical examination in the Practice of Teaching.

The minimum for a pass is 40 per cent. of the marks in the Practice of Teaching and 33 per cent. in each other subject and 40 per cent. in the aggregate. A candidate who gains 396 marks is placed in the First Division and those obtaining not less than 318 marks are placed in the Second Division, the aggregate number of marks being 600.

A candidate who fails in only one subject and passes in the Practical Test, may be permitted to appear in the subject in which he fails about the end of September of the same year, or, if he fails to pass or present himself for the examination then, at the next University examination in April on payment of a fee of thirty rupees on each occasion, and if he passes in that subject in either of these examinations, he shall be deemed to have passed the examination for the Degree of Bachelor of Teaching.

COMMERCE

Bachelor of Commerce.—The course extends over three academical years and is open to students who have passed not less than 3 years previously the Intermediate Examination in either the Arts or Science Faculty of the Panjab University or of Delhi University or if a resident of the Panjab, the Intermediate Examination in either the Arts or Science Faculty of the Aligarh Muslim University or of the Benares Hindu University.

The following are the subjects for study and examination :

1. Commercial Law and Industrial and Commercial Organization. 2. Economic Development of India, Great

Britain and Japan. One of the following Groups : GROUP I—Trade and Transport : (a) Trade and Transport, (b) Accounting, Banking and Currency, or GROUP II—Banking : (a) Advanced Banking, and Currency and Co-operation, Public Finance and Insurance, (b) Accounting and General Trade, or GROUP III—Accountancy : (a) Advanced Accountancy and Auditing, (b) Banking and Currency and General Trade. Each subject carries 200 marks. In addition to the above an additional Optional paper in Shorthand (50 marks) ; the minimum speed for pass in this being 80 words per minute.

Besides the above subjects the examination, for which shall be held at the end of the 3rd year of the course there shall be a preliminary examination in English at the end of the second year of the course.

The minimum for a pass is 40 per cent. in each subject. 65 per cent. or more of the aggregate in the Pass papers qualifies one for the First Division and not less than 50 per cent. for the Second Division.

Any student who obtains 45 per cent. of the aggregate number of marks but fails in one subject only obtaining not less than 25 per cent. in that subject, is admitted to an examination in that subject only after about six months or if he fails to pass or present himself then, at the next annual examination, and if he passes in that subject in either of these examinations, he is deemed to have passed the Bachelor of Commerce Examination.

Diploma in Commerce.—The Examination is open to a student who has passed the Matriculation Examination of the Panjab University or any other examination recognized as equivalent thereto by the Syndicate or by the Government of India under the Registered Accountants Rules, and, has been enrolled in a College affiliated to the University of the Panjab in the Faculty of Commerce during the three academic years preceding the Examination.

The Examination is held in the second half of April on the date fixed by the Syndicate. Every candidate is required to take up the following subjects : 1. Accountancy, 2. Commercial Arithmetic, 3. English and Commercial Correspondence, 4. Elementary Principles of Commercial Law, and 5. General Commercial Knowledge.

English is the medium of examination in all subjects. The minimum number of marks required to pass this examination is 40 per cent. in each subject. Candidates who gain 65 per cent. of the aggregate number of marks or more are placed in

the First Division ; those who gain not less than 50 per cent., in the Second Division ; and all below, in the Third Division.

ENGINEERING

The First Examination in Engineering.—The course extends over one academic year subsequent to passing the Intermediate Science or Intermediate Arts Examination (with Mathematics, Physics and Chemistry as elective subject) of the University of the Panjab or any other examination recognized for purposes of admission to the Faculty of Engineering. The following are the subjects for study and examination :—

Group A.—Mathematics and Mechanics, *Group B.*—Engineering Drawing and Design and Practical Geometry, *Group C.*—Physics and Chemistry : (a) Physics and Electrical Engineering, (b) Applied Chemistry and Chemical Engineering, *Group D.*—Surveying. In each group, there are 2 papers of 100 marks each. 33 Per cent. of marks in each group and 40 per cent. in the aggregate qualifies a candidate to pass the examination. Any student who obtains 45 per cent. of the aggregate number of marks but fails in one group only obtaining not less than 25 per cent. of the marks in that group, is admitted to an examination in that group only after about 4 months or if he fails to pass or to present himself in the examination then, at the next annual examination, and if he passes in that group in either of those examinations, he is deemed to have passed in the First Examination in Engineering. Candidates to whom this concession is granted are allowed to read for the Second Examination in Engineering.

The Second Examination in Engineering.—The course extends over one academic year after passing the First Examination in Engineering, or any other examination recognized as equivalent thereto, the following being the subjects for study and examination :—

Group A.—Pure and Applied Mathematics, *Group B.*—Engineering Design and Drawing, Strength of Materials and Theory of Structures, *Group C.*—Heat Engines and Hydraulics, and Mechanism (3 papers), and *Group D.*—Electrical Engineering, Direct and Alternating Current. In each group, there are 2 papers of 100 marks each except *Group C.* 40 Per cent. of marks in each group and 50 per cent. in the aggregate qualifies a candidate to pass the examination.

Any student who obtains 55 per cent. of the aggregate number of marks but fails in one group only obtaining not less than 25 per cent. of the marks in that group, is admitted to an examination in that group only at the end of about four months or if he fails to pass or to present himself then, at the

next annual examination, and if he passes in that group in either of those examinations, he is deemed to have passed the Second Examination in Engineering.

Candidates to whom this concession is granted are allowed to read for the Final Examination in Engineering.

The Final Examination in Engineering.—The course extends over one academic year after passing the Second Examination in Engineering and consists of three branches : (a) Civil Engineering, (b) Mechanical Engineering and (c) Electrical Engineering, the subjects for study and examination of the three branches being :

(a) *For Civil Engineering :—*

Group A.—Mathematics (two papers), *Group B.*—Irrigation, Water-supply, and Drainage Engineering, and Hydraulics (two papers), *Group C.*—Strength of Materials and Theory of Structures (two papers), *Group D.*—Building construction, and Sanitary Engineering, and Road, Railway and Miscellaneous Engineering and Earthworks (two papers), *Group E.*—Surveying and Science [Geology and Mineralogy and Chemistry (and Bacteriology) of Water, Sewage, Atmosphere, and of Engineering and Building Materials] (two papers), *Group F.*—Engineering Drawing and Design, Specification, Estimating, Measurements, Quantities and Accounts. (This will be marked on the course work done during the year.)

(b) *For Mechanical Engineering :—*

Group A.—Mathematics (2 papers), *Group B.*—Mechanism and Hydraulics (2 papers), *Group C.*—Strength of Materials and Theory of Structures (2 papers), *Group D.*—Economics of Engineering (2 papers), *Group E.*—Heat Engines (one paper and examination of practical work), *Group F.*—Engineering Drawing and Design (to be marked on the course work done during the year).

(c) *For Electrical Engineering :—*

Group A.—Mathematics (2 papers), *Group B.*—Theory of Electrical Machinery (2 papers), *Group C.*—Electrical Generation, Transmission and Distribution (2 papers), *Group D.*—Electrical Traction, Telegraphy, Telephony and Radio Communications (2 papers), *Group E.*—Heat Engines, Strength of Materials and Theory of Structures (2 papers) and *Group F.*—Engineering Drawing and Design (to be marked on the course work done during the year).

Every candidate is required to take up the subjects prescribed for one of the two branches.

Marks allotted to each paper or the practical work are 100, whereas those allotted to course work are 200.

The minimum for pass is 40 per cent. in each group and 50 per cent. in the aggregate.

Candidates who obtain 40 per cent. of the marks or more in each group and 50 per cent. or more in the aggregate are placed in the Second Division, those who obtain 40 per cent. or more in each group and 60 per cent. or more in the aggregate are placed in the First Division, and those who obtain 40 per cent. or more in each group and 70 per cent. or more in the aggregate are declared to have passed with Honours.

Any student who obtains 55 per cent. of the aggregate number of marks but fails in one group only obtaining not less than 25 per cent. of the marks in that group, is admitted to an examination in that group only after about four months or if he fails to pass or present himself for the examination then, at the next annual examination, and if he passes in either of those examinations he is deemed to have passed the Final Examination in Engineering.

In addition to and subsequent to passing the examination, before being admitted to the Degree of Bachelor of Science in Engineering, a candidate in the Civil Engineering Branch shall be required to carry out practical designs, specifications, quantities and estimates, a civil engineering project, and surveys, under the direction and supervision of the Principal of the affiliated Engineering College in which he is enrolled. The period of this practical work shall occupy at least five months and not more than seven months. The candidate will work under the direction of the Principal and will receive supervision, guidance and help for his work from the Principal and Staff of the College, similar to that which a junior engineer may expect to receive from the engineer under whom he may be working. The work done by the candidate shall be examined by University Examiners. No marks will be awarded, but, to pass, the candidate shall be required to acquit himself, to the satisfaction of the Examiners, in the work he submits, to such a standard as might be expected of the work of a competent junior engineer beginning his career. The period actually occupied by a candidate on the practical work subject of this Regulation, as certified by the Principal, will be deemed to be and count as "approved practical training".

In addition to passing the Final Examination, a candidate is required to have spent two years undergoing approved Practical Training in a recognized workshop, or on recognized engineering works and on producing certificates of having undergone such a period of approved practical training and

made satisfactory progress therein and having attained a full age of 22 years, the successful candidate is admitted to the Degree of Bachelor of Science in Engineering.

Patna University

Introductory : Character of the University

The Patna University was established by Act XVI of 1917. The intention of this legislation was to create ultimately a central teaching University at Patna, but owing to certain difficulties the idea of having a teaching University has been given up and the Act has been amended accordingly.

Officers and Staff of the University

CHANCELLOR

His Excellency Sir Maurice Garnier Hallet, K.C.S.I., C.I.E.,
I.C.S., Governor of Bihar.

VICE-CHANCELLOR

Dr. Sachchidananda Sinha, D.Litt., Barrister-at-Law, M.L.A.
(from 23-8-1936).

REGISTRAR

Mr. Jamuna Prasad, M.A. (Cal.), B.A., M.Sc. (Cantab.)
(from 24-7-1938).

ASSISTANT REGISTRAR

Khan Bahadur Mirza Akhtar Hosain, M.A. (Ald.).

DEANS

Arts	.. Mr. J. S. Armour.
Science	.. Mr. A. S. Khan.
Law	.. The Hon'ble Sir Arthur Trevor Harries, Kt., Chief Justice.
Education	.. Mr. T. R. Spiller.
Engineering	.. Mr. J. Tullis.
Medicine	.. Lt.-Col. G. H. Mahony.

UNIVERSITY READERS

1931-32	.. Dr. G. J. Fowler, F.I.C. (Sukhraj Ray Reader in Natural Science)—The Bio-Chemistry of Nitrogen Conservation; Sir Jadunath Sarkar, Kt., M.A., C.I.E. (University Reader in History)—Bihar and Orissa during the Fall of the Mughal Empire.
---------	--

1932-33	Mr. H. R. Batheja, B.A. (Oxon.), M.A. (Bom.) (Banaili Reader in Indian Economics)—Indian Banking; Mr. W. G. Lacey, I.C.S. (University Reader)—Some Aspects of the Census Operations of 1931; Rai Bahadur Sukhdeo Bihari Misra (Ramdin Reader in Hindi)—Contribution of Hindi Literature to Indian History.
1933-34	Dr. James Mackintosh, K.C., LL.D.
1935-36	Mr. J. B. Auden—The Earthquake ; Mr. J. A. Chapman—Shakespeare.

The receipts for the year 1936 were Rs. 3,00,116-10-6 while the expenditure was Rs. 2,73,421-11-6.

There is a Provident Fund since 1918 to which only the whole-time servants of the University can contribute. The rate of subscription is $9\frac{3}{4}$ per cent. per mensem on the salary of the depositor and an equal amount is contributed by the University and placed to the credit of the depositor.

Women's Education

Female candidates are admitted to the I.A. and B.A. examinations without studying in an affiliated College.

Provision for Safeguarding Health, Medical Inspection, Discipline, etc.

The University, as at present constituted, does not control the residence, health, or discipline of the students directly. The power of control in these matters is vested in the Principals of Colleges through the Governing Bodies of the Colleges.

Courses of Study, Examinations and Degrees

Admission to the courses of study in the University is open to those who have passed the Matriculation examination of the University or any other examination recognized as equivalent thereto.

The University offers the Degrees of B.A. (Pass and Honours), M.A. and Ph.D. in Arts; B.Sc. (Pass and Honours), M.Sc. and D.Sc. in Science; the Professional degrees conferred are:—B.L., M.L. and LL.D. in Law; Master of Education in Teaching; B.C.E. in Civil Engineering; and M.B.B.S., Master of Surgery and Doctor of Medicine in Medicine.

Diplomas are also awarded in Teaching and Music.

COURSES OF STUDY

ARTS

Intermediate Examination.—The course of study extends over two years subsequent to the admission to the University, and a candidate is required to study and be examined in the following subjects:—

- (1) English (three papers).
- (2) Composition in Vernacular Language (one paper).
- (3), (4) and (5) *Three* of the following subjects of which two at least must be taken from Group A:—

GROUP A

1. A selected Language, 2. History, 3. Logic, 4. Mathematics, 5. Elementary Economics and Public Administration, 6. Domestic Science, 7. Geography and 8. Education.

GROUP B

1. Physics, 2. Chemistry, 3. Elementary Physics and Chemistry, 4. Physiology, 5. Botany, 6. Zoology, and 7. Geology, Mineralogy and Biology.

The minimum for a pass is thirty-six per cent. in English and in the Vernacular, and thirty per cent. in the remaining

subjects and thirty-four per cent. in the aggregate. A candidate who obtains not less than sixty per cent. is placed in the First Division, and in the Second Division if he obtains not less than fifty per cent.

Bachelor of Arts (B.A.) (Pass and Honours).—The course extends over two years subsequent to the Intermediate examination. A candidate for the Degree is required to study and be examined in 1. English (three papers), 2. Composition in a Vernacular (one paper), 3 and 4. Two subjects (three papers each) to be selected from the following, one at least being taken from Group A :—

GROUP A

1. A Language, 2. History, 3. Economics, 4. Political Science, 5. Philosophy or Experimental Psychology, and 6. Mathematics.

GROUP B

1. Physiology, 2. Botany, 3. Zoology, 4. Physics, 5. Chemistry, and 6. Geography.

A candidate for Honours is required to offer three more papers in one of the subjects other than Vernacular Composition.

The minimum for a pass is thirty-three and one-third per cent. in each subject and thirty-six per cent. in the aggregate. 50 Per cent. in the aggregate entitles to a distinction in the Pass Course.

To qualify for Honours in the subject selected a candidate must obtain forty per cent. in that subject. Sixty per cent. in the subject entitles a candidate to secure a First Class.

Master of Arts (M.A.)—A candidate for this Degree should have studied for two years subsequent to graduation under a University Professor or in a college recognized for the purpose. One of the following subjects may be selected for study and examination :—

1. English, 2. A Classical Language, 3. Vernacular, 4. Comparative Philosophy, 5. Mental and Moral Philosophy, 6. History, 7. Ethnology, 8. Archæology, 9. Economics and Political Science, 10. Mathematics, and 11. Experimental Psychology.

There are eight papers of four hours each at the examination and the minimum for a pass is thirty-six per cent. in the aggregate. But marks less than twenty-five per cent. in any paper are not included in the aggregate. Candidates obtaining sixty per cent. of the total are placed in the First Class, and in the Second Class if they obtain fifty per cent.

Doctor of Philosophy (Ph.D.).—A Master of Arts who has obtained a first or a second class may apply for the Degree after three years from the time of his taking Master's Degree. He is required to submit a thesis embodying the result of his research and is further required to submit himself to a written examination at which two papers of three hours each are set, one upon the subject of his thesis and the other upon the subject of the candidate's study; and also to an oral or practical test with reference to his thesis.

SCIENCE

Intermediate Examination.—The course extends over two years subsequent to the Matriculation examination. A candidate is required to study and be examined in the following subjects :—

1. English (three papers), 2. Composition in a Vernacular (one paper), 3. Chemistry (two papers and a practical examination), 4. Mathematics or Physics (two papers in each and a practical examination in Physics), 5. one of the following two papers in each and a practical examination except in Mathematics :—(i) Botany, (ii) Geology and Mineralogy, (iii) Zoology, (iv) Physiology, (v) General Biology, (vi) Mathematics and (vii) Physics (if not already selected). The minimum for a pass and classification of successful candidates are the same as in Arts, except that each successful candidate must pass in the practical examination, the percentage for a pass being 40.

Bachelor of Science (B.Sc.) (Pass and Honours).—The course extends over two years subsequent to the Intermediate examination. A candidate is required to study and be examined in three of the following subjects :—

1. Mathematics, 2. Physics, 3. Chemistry, 4. Botany, 5. Geology and Mineralogy, 6. Zoology, and 7. Physiology.

There are two papers and a practical examination in each of these subjects except Mathematics in which there will be only three papers.

Honours may be obtained by taking in addition to the Pass papers in two of the subjects, four theoretical papers, and two practical examinations in one of the Science subjects or six papers in Mathematics. The minimum for a Pass and Honours is the same as for the B.A. Pass and Honours respectively, except that each successful candidate must pass in the practical examination, the percentage for a pass being 40.

Master of Science (M.Sc.).—This Degree may be taken after two years of study subsequent to graduation in Science. A candidate is required to offer one of the following subjects :—

1. Mathematics, 2. Chemistry, 3. Physics, 4. Botany, 5. Physiology, 6. Geology and Mineralogy, 7. Zoology and Comparative Anatomy.

Eight papers of four hours each are set in Mathematics, and four papers of four hours each, in each of the other subjects with a practical examination.

The minimum for a pass is the same as for the M.A. examination.

Doctor of Science (D.Sc.).—The rules and regulations are the same as for the Doctorate in Philosophy.

PROFESSIONAL COURSES OF STUDY AND EXAMINATIONS

LAW

Bachelor of Law (B.L.).—The course of study is open to graduates and extends over two years.

The subjects for study are as follows:—

Law Examination Part I.—(1) Jurisprudence and the Elements of Roman Law, (2) Constitutional Law of England and of India, (3) The Law of Crimes and the general principles of Criminal Procedure and of the Law of Evidence relating thereto, (4) Hindu Law including all legislative enactments relating thereto, (5) The Law of Contracts and the Law of Torts.

Law Examination, Part II.—(1) The Law relating to Property including the Law of Land Tenures, Land Revenue and Prescription, (2) The Principles of Equity including the Law of Trusts and the Law relating to Specific Relief, (3) The Law of Pleadings and the general principles of Civil Procedure and the Law of Evidence, (4) (a) The Law of Transfer *inter vivos*, (b) The Principles of Intestate and Testamentary Succession (exclusive of the Hindu and the Muhammadan Laws of Intestate Succession), (c) The general principles of the Law of Limitation, (5) (a) Muhammadan Law with all legislative enactments relating thereto, (b) Other Acts specified.

To pass the Law Examination Part I a candidate must obtain 33 per cent. in each paper and 50 per cent. of the aggregate. Candidates obtaining 66 $\frac{2}{3}$ per cent. are placed in the First Class.

In order to pass the Law Examination Part II a candidate must obtain 33 per cent. in each paper and, 50 per cent. of the aggregate. To obtain a First Class the candidate must obtain 66 $\frac{2}{3}$ per cent. of the marks of the Law examinations Parts I and II put together.

Master of Law (M.L.).—Candidates for this must be graduates who have held the Degree of Bachelor of Law. The subjects for study are :—1. Hindu Law or Muhammadan Law, 2. Jurisprudence and Principles of Legislation, 3. Principles and History of Roman Law, 4. Private International Law, 5 and 6. any two of the following subjects, namely : (i) Principles of Equity, (ii) The Law relating to the Transfer of Immovable Property and the Law of Prescription, (iii) The Law relating to Wills, (iv) The Law of Contracts and Torts, (v) Principles, and History of the Law of Real and Personal Property, (vi) Principles and History of the Law of Evidence, (vii) History of English Law. Six papers, each of three hours' duration, shall be set to each candidate, one on each of the six subjects. There is also a *viva voce* examination.

In order to pass, a candidate must obtain 50 per cent. in each paper and those who obtain $66\frac{2}{3}$ of the aggregate are ranked in the First Class.

Degree of Doctor of Law.—One year after passing the examination of M.L., a candidate may present a thesis containing his research. If the thesis is approved, the candidate is required to submit to a written examination, consisting of two papers, one upon the special subject mentioned by the candidate and the other on the subject of the thesis. There is also an oral examination. Upon the recommendation of the Syndicate the Degree is conferred.

EDUCATION

Diploma in Education Examination.—The course of study extends over one year after passing the Bachelor's Degree examination in Arts or Science, besides a course of practical training in a school. The subjects and the scheme of examination are as follows :—1. History of Educational Practice, 2. Principles of Education, 3. Methods of Teaching, 4. Hygiene of the School Child, and 5. Practical Training.

In each Theoretical subject, there is one paper.

In order to pass, a candidate must obtain thirty-six per cent. of the marks in each of the above subjects and 40 per cent. in the practical examination. Candidates obtaining 60 per cent. of the marks shall be declared to have attained distinction.

Master of Education Examination.—The examination is open to candidates one year after passing the Diploma in Education examination.

Any candidate who has passed the Bachelor of Education examination under the regulations which were in force during

the years from 1928 to 1934 may be admitted to the Master of Education examination as a non-collegiate student on the recommendation of the Principal of the Patna Training College.

- (i) Philosophy of Education.
- (ii) Educational Psychology.
- (iii) Methods of teaching a special subject.
- (iv) History of Education.
- (v) Intensive study of a special educational problem.
- (vi) Educational measurements.
- (vii) Practical work.

In the theoretical portion of the examination there shall be six papers each of four hours' duration carrying 100 marks, namely, one paper in each of the subjects (i) to (vi) mentioned above.

In order to pass the Master of Education examination a candidate must obtain 216 marks in the aggregate of the six theoretical papers and 80 marks in the practical examination. If in any theoretical paper a candidate obtains less than 25 marks those marks shall not be included in his aggregate. Candidates who obtain 400 marks shall be placed in the Second Class and candidates who obtain 480 marks shall be placed in the First Class.

CIVIL ENGINEERING

Intermediate Examination in Civil Engineering.—The examination is open to registered undergraduates of the University, two years after passing the Intermediate examination in Science or other equivalent examination. The course of study extends over two years. In order to qualify for his examination the candidates must obtain 60 per cent. of marks awarded for Field Work (Surveying) and other practical work in workshops during two sessions preceding the examination.

The subjects for study and examination are as follows :—

<i>Group I</i> Mathematics	Two papers of 3 hours each.
<i>Group II</i> Building Materials and Construction	One paper of 3 hours.
Surveying	One paper of 3 hours.
<i>Group III</i> Elementary Mechanical Engineering	One paper of 3 hours.
Elementary Electrical Engineering	One paper of 3 hours.

<i>Group IV</i>	Graphic Statics and Applied Mechanics	One paper of 4 hours.
	Estimating	One paper of 4 hours.
<i>Group V</i>	Laboratory Records ..	Sessional work.
	Mechanical Drawing ..	Sessional work.
<i>Group VI</i>	Field Surveys ..	Sessional work.
	Building Drawing ..	Sessional work.

Each paper carries 100 marks. Minimum for a pass is 33 per cent. in each group, and 40 per cent. in the aggregate; 60 per cent. to get First Division and 50 per cent. to get Second Division.

Bachelor of Civil Engineering Examination.—The examination may be taken two years after passing the Intermediate examination in Civil Engineering and after a further regular course of study extending over two years.

In order to qualify for this examination a candidate must obtain 60 per cent. of marks awarded for Field Work (Surveying) for his particular Engineering project and for other practical work in workshops, etc. The subjects for study and examination are as follows:—

<i>Group I</i>	Strength and Elasticity of Materials	Three hours.
	Theory of Structures ..	Three hours.
<i>Group II</i>	Water Supply and Sani- tary Engineering	Three hours.
	Irrigation and Hydraulics	Three hours.
<i>Group III</i>	Roads, Railways and Bridges	Three hours.
	Estimating	Four hours.
<i>Group IV</i>	Business Method ..	Three hours.
	Economics of Engineering	Three hours.
<i>Group V</i>	Structural Design ..	Sessional work.
	Laboratory Records ..	Sessional work.
<i>Group VI</i>	Field Surveys ..	Sessional work.
	Civil Engineering Project	Sessional work.

There is one paper in each of the subjects under each group and carries 100 marks.

The minimum marks for a pass are 40 per cent. in each group and 50 per cent. in the aggregate; 840 marks in the

aggregate entitle a candidate to First Class and, 720 marks to Second Class.

Before a successful candidate is admitted to the degree of Bachelor of Civil Engineering he has to produce evidence of a further practical training for one year to the satisfaction of the University.

MEDICINE

First M.B.B.S. Examination.—The examination may be taken six months after passing the I.Sc. examination. A candidate is required to study and be examined in the following subjects:—1. Botany, 2. Zoology. In order to pass a candidate must secure 40 per cent. of the maximum marks in each part of each subject.

Second M.B.B.S. Examination, Part I.—The examination may be taken at least one year after passing the First M.B.B.S. examination. A candidate is required to study and be examined in the following subjects: (1) Materia Medica and Practical Pharmacy, (2) Organic Chemistry. In order to pass a candidate must secure at least 40 per cent. of the maximum marks in each part of each subject and 50 per cent. in the aggregate of each subject.

Second M.B.B.S. Examination, Part II.—The examination may be taken at least two years after passing the First M.B.B.S. examination. A candidate is required to study and be examined in the following subjects:—1. Human Anatomy (including Embryology), Descriptive and Practical, 2. Human Physiology (including Histology) and Chemical and Experimental Physiology. In order to pass a candidate must secure at least 40 per cent. of the maximum marks in each part of each subject and 50 per cent. in the aggregate of each subject.

Final M.B.B.S. Examination, Part I.—The examination may be taken at least two years after passing both parts of the Second M.B.B.S. examination. A candidate is required to study and be examined in the following subjects:—1. Pathology and Bacteriology, 2. Forensic Medicine and Toxicology, 3. Hygiene and Public Health, 4. Pharmacology and Therapeutics. In order to pass, a candidate must secure at least 40 per cent. and 50 per cent. in the aggregate of each subject of the maximum marks in each part of each subject. A candidate who passes in all subjects at one time and secures 75 per cent. of the maximum marks in any subject shall be declared to have passed with Honours in that subject.

Final M.B.B.S. Examination, Part II.—The examination may be taken at least three years, after passing both parts of the second M.B.B.S. examination. A candidate is required to

study and be examined in the following subjects :—1. Medicine (two papers), 2. Surgery, 3. Obstetric Medicine, 4. Ophthalmology and Diseases of Ear, Nose and Throat. In order to pass a candidate must secure 50 per cent. of the maximum marks in each part of each subject of the examination. A candidate who passes in all subjects at one time and secures 75 per cent. of the maximum marks in any subject shall be declared to have passed with Honours in that subject.

Master of Surgery (M.S.).—Any registered candidate who has passed the M.B.B.S. examination not less than three academical years previously may be examined for the Degree of M.S. in the following branches :—

- I. General Surgery including Gynæcology.
- II. Ophthalmology.
- III. Laryngology, Rhinology and Otolology.

Provided that candidates who have obtained Honours in Surgery at the M.B.B.S. examination may be permitted to sit for the M.S. examination after two years have elapsed since they passed the Final M.B.B.S. examination.

Provided also that a similar concession shall be made in the case of a candidate who produces evidence that he has devoted, subsequent to his graduation, at least one year in practical study or hospital work in the special subject in which he wishes to present a thesis.

The subjects in which a thesis may be presented are :—

- (i) Surgery,
- (ii) Ophthalmology,
- (iii) Gynæcology, and
- (iv) Anatomy including Operative Anatomy.

The examination for the Degree of M.S. shall consist of :—

BRANCH I

- (a) Two papers in Surgery (including Gynæcology) one of which may be a case for commentary or an essay on one or two subjects selected from General Surgery and Gynæcology.
- (b) One paper in Surgical Pathology.
- (c) One paper in Surgical Anatomy.
- (d) A clinical examination.
- (e) Operations on the dead body.
- (f) An oral examination.

BRANCH II

- (a) One paper in General Surgery.
- (b) One paper in Ophthalmology.
- (c) One paper in the Anatomy and Physiology of the Eye including Physiological Optics.
- (d) One paper in the Pathology of the Eye.
- (e) A clinical examination.
- (f) Operations on the dead body.
- (g) An oral examination.

BRANCH III

- (a) One paper in General Surgery.
- (b) One paper in Laryngology, Ontology and Rhinology.
- (c) One paper in the Anatomy and Physiology of the Ear, Nose and Throat.
- (d) One paper in the Pathology of the Ear, Nose and Throat.
- (e) A clinical examination.
- (f) Operations on the dead body.
- (g) An oral examination.

Doctor of Medicine M.D.—Any registered candidate who has passed the M.B.B.S. examination not less than three academical years previously may be examined for the Degree of M.D. in the following branches :—

Branch I.—General Medicine including Mental Diseases.

„ II.—Obstetric Medicine and Diseases of Women and Children.

„ III.—Pathology.

„ IV.—Tropical Medicine.

Provided that candidates who have obtained Honours in Medicine at the M.B.B.S. examination may be permitted to sit for the M.D. examination after two years have elapsed since they passed the Final M.B.B.S. examination.

Provided also that a similar concession shall be made in the case of a candidate who produces evidence that he has devoted, subsequent to his graduation, at least one year in practical study or hospital work in the special subject in which he wishes to present a thesis.

The subjects in which a thesis may be presented are :—

- (i) Physiology.
- (ii) Pathology.
- (iii) Bacteriology.
- (iv) Therapeutics.
- (v) Medicine.
- (vi) Forensic Medicine.
- (vii) Mental Diseases.
- (viii) Toxicology.
- (ix) State Medicine.
- (x) Obstetrics.

The examination for the Degree of M.D. shall consist of :—

BRANCH I

- (a) Medicine—*One paper.*
- (b) Medicine including Mental Diseases and Pathology—*Two papers.*
- (c) A clinical and oral examination including an examination in Pathological Specimens.

BRANCH II

- (a) Medicine—*One paper.*
- (b) Obstetric Medicine and Diseases of Women and Children including the Pathology of these subjects—*Two papers.*
- (c) A clinical and oral examination in Obstetric Medicine and Diseases of Women and Children including an examination in Pathological Specimens.

BRANCH III

- (a) Medicine—*One paper.*
- (b) Pathology—*Two papers.*
- (c) A clinical and oral examination in Pathology.

BRANCH IV

- (a) Medicine—*One paper.*
- (b) Tropical Medicine including the Pathology of Tropical Diseases—*Two papers.*
- (c) A clinical and oral examination including an examination in Pathological Specimens.

University of Rangoon

Introductory : Character of the University

The University of Rangoon was incorporated in December 1920 by the University of Rangoon Act 1920 (modified by an amendment Act of 1924) as a Teaching and Residential University, when Government College, Rangoon, and Judson College, Rangoon, which had been affiliated to the University of Calcutta, were incorporated as Constituent Colleges of the University.

The University Act has since been amended by the University of Rangoon Act (Amendment Act), 1939, which came into force with effect from 15th June 1939.

The University now comprises five Constituent Colleges, namely :—

- (1) University College.
- (2) Judson College,
- (3) Teachers' Training College, (situated with the main University Buildings, Convocation Hall, University Library, University Gymnasium, Sanatorium, Students' Union, etc., on the University Estate), and
- (4) Medical College which stands near the Rangoon General Hospital and a large Maternity Hospital in the city.
- (5) Agricultural College, Mandalay.

It was intended that the University should be unitary in character ; the two colleges first named above were left free by the Act to amalgamate within five years of the passing of the Act. As this amalgamation has not been brought about, the University falls short of the unitary ideal but preserves a residential unitary character.

An Intermediate College has been opened at Mandalay by Government and is managed by the University. Special temporary Regulations have been made to enable students from Mandalay to appear for the Intermediate Examinations of the University.

The University appoints certain members of the teaching staff of the Constituent Colleges to the office of Professor of the University. These officers are paid honoraria by the University at the rate of Rs. 300 per mensem which has now been

reduced to Rs. 200 per mensem for future appointments. Their duties as Professors are prescribed in the Regulations of the University. They are in charge of the teaching and organization of the departments with which they are concerned. Other teachers in the Constituent Colleges are designated lecturers, assistant lecturers, tutors and demonstrators.

The University authorities are :—

The Chancellor,
The Vice-Chancellor,
The Council,
The Senate,
The Executive Committee of the Council,
The Standing Committee of the Senate.

The Council consists of about 70 members and exercises its functions by means of an Executive Committee of 16 members. The Council is the supreme authority of the University and has power to reject any Act or Resolution of the Senate (the academic authority) in excess of the powers of the latter authority.

The Senate consists of :—

The Chancellor,
The Director of Public Instruction, Burma,
The Principals of Constituent Colleges,
The Professors,
Ten members of the Council,
and not less than 10 Lecturers in Constituent Colleges,
One member elected by the Public Service Commission,
One member elected by the Patamabyan examination
Committee.

Its executive duties are discharged by the Standing Committee of the Senate.

1. Mathematics.
2. Chemistry.
3. Physics.
4. Zoology.
5. Botany.
6. Geology.

(ii) During the Second Year, students take the subjects chosen under sections (a) and (c) and except when Mathematics has been chosen under section (c) one of the subjects chosen under section (b) as a subsidiary subject. The examinations in the supplemental and subsidiary subjects must be taken at the end of the Second Year of the course, provided that, with special permission, the examinations in the supplemental and subsidiary subjects may be taken at the end of the First Year.

(iii) During the Third Year, students shall take the subjects chosen under section (c) above and in addition the supplemental and subsidiary subjects, if the examinations in these subjects have not already been passed.

M.Sc. Degree Course.—The course for the Degree of M.Sc. shall be in continuation of the Honours course for the Degree of B.Sc. and shall be of not less than one year's duration. The minimum standard for admission to the course shall be Second Class B.Sc. Honours standard. The course and examination to be taken on the completion of the course shall be in one of the following subjects :—

- (1) (a) Pure Mathematics, or (b) Applied Mathematics or (c) Pure and Applied Mathematics.
- (2) Chemistry.
- (3) Physics.

- (4) Zoology.
- (5) Botany.
- (6) Geology.

* A Pass B.Sc. graduate or a Third Class Honours graduate desiring to proceed to the M.Sc. Degree Course must first pass at the end of a course ordinarily of two years' duration, a University Qualifying Examination, which shall consist of the B.Sc. Honours Degree Examination papers in the subject in which he desires to proceed to the M.Sc. Degree.

Note.—If, but only if, in doing so, he has fulfilled all the relevant University requirements for the B.Sc. Honours Degree, he shall be awarded the B.Sc. Degree.

But on the special recommendation of the Professor of the subject concerned and with the approval of the Standing Committee of the Senate the Qualifying Examination may be taken at the end of a course of only one year's duration and a graduate of another University who has already taken an equivalent course may be allowed to take the Qualifying Examination without attending the Qualifying Course.

No candidate shall be allowed to undergo more than once the complete Qualifying Examination.

Successful candidates in the Qualifying Examination shall not be ranked in classes except as provided for in the note above.

ENGINEERING

Degree of Bachelor of Science in Engineering.—A candidate is required to study for a period of four years after passing the Intermediate Examination of this University in Mathematics, Physics and Chemistry.

First Examination in Engineering.—The course extends over one year. The following courses of study lead to the examination :—(1) Heat Engines (1 paper); (2) Electro-technology (1 paper); (3) Machine Drawing (1 paper); (4) Geometrical Drawing (1 paper); (5) Pure Mathematics (1 paper); (6) Applied Mathematics (1 paper).

Second Examination in Engineering.—The course extends over one year and is open to candidates who have passed the First Examination in Engineering. The following courses of study lead to the examination : Pure Mathematics (two papers), Mechanics (2 papers), (3) Mechanism (1 paper), (4) Machine Drawing (1 paper), (5) Heat Engines and Electro-technology (1 paper each).

Final Examination in Engineering (Pass Course).—The course extends over two years and is open to candidates who have passed the Second Examination in Engineering. The following courses of study lead to the examination :—(1) Strength, Elasticity and Strength of Materials (2 papers); Hydraulics (1 paper); and either (1) Theory of Structures (2 papers); Surveying and Geodesy (2 papers); (2) Geology, Civil Engineering Design and Drawing (1 paper); or (1) Heat Engines and Thermodynamics (2 papers); Electro-technology (2 papers); (2) Industrial Chemistry (1 paper); Mechanical and Electrical Design (1 paper).

There is a *viva voce* Examination.

A candidate is required to show a knowledge of the practical application of engineering principles, materials and processes to engineering work.

Final Examination in Engineering (Honours Course).—The course extends over two years and is open to candidates who have passed the Second Examination in Engineering. The following courses of study lead to the Examination:—(1) Strength, Elasticity and Testing of Materials (2 papers); (2) Geology, including the identification of the common rock-forming materials (1 paper); (3) Theory of Structures (2 papers); (4) Hydraulics and Hydraulic Machines (2 papers); (5) An Essay on an Engineering subject (1 paper).

There is a *viva voce* Examination.

In addition a candidate is required to submit, not later than the first day of the Final Examination, complete drawings, quantities and specifications of an engineering project selected by the Professor of Engineering and prepared by the candidate during the academic year immediately preceding the Examination.

Diploma in Engineering.—Candidates for the Diploma in Engineering shall be required to have satisfied the regulations for Matriculation in the University. They shall attend approved courses of study during not less than four sessions provided that candidates who (1) have passed the Intermediate Examination of the University and in that examination have taken the subjects of Mathematics, Physics and Chemistry; (2) have not passed the Intermediate Examination of the University but have attained pass marks in that examination in the subjects, Mathematics, Physics and Chemistry and are declared by the Standing Committee to have passed the First Examination for the Diploma in Engineering; (3) have passed, in a manner approved by the Standing Committee of the Senate, the examination of a Technical Institute approved by the Standing Committee for the purpose, may be exempted by the Standing Committee from attendance for the first two years of the course.

First Examination in Diploma in Engineering.—The course extends over two sessions and the subjects for the examination are:—(1) Mathematics (2 papers), (2) Physics (2 papers and a practical examination), (3) Chemistry (2 papers and a practical examination), (4) English Composition.

Second Examination in Diploma in Engineering.—The Second Examination shall be held in March at the end of the

first session of study subsequent to passing or exemption from the First Examination. The subjects for the examination are : (1) Heat Engines (1 paper) ; (2) Electro-technology (1 paper) ; (3) Building Construction (1 paper) ; (4) Geometrical Drawing (1 paper) ; (5) Pure Mathematics (1 paper) ; (6) Applied Mathematics (1 paper).

Final Examination in Diploma in Engineering.—The Final Examination shall be held in March at the end of the first session after passing the Second Examination. The subjects for examination are :—(1) Strength of Materials, Mechanism and Theory of Machines (2 papers), (2) Hydraulics and Hydraulic Engines (1 paper), (3) Electro-technology (2 papers), (4) Heat Engines (2 papers), (5) Machine Design (1 paper).

FORESTRY

Degree of Bachelor of Science in Forestry.—The course of study extends over 3 years after passing the Intermediate Examination except in special cases in which the course may be reduced to 2 years. The subjects for study and examination are :—(1) Silviculture, (2) Forest Utilization, (3) Working Plans and Forest Management, (4) Drawing, Surveying and Estimating, (5) Forest Engineering, (6) Botany, (7) Geology, (8) Forest Law, (9) English, (10) Mathematics (10 papers, one paper in each subject).

There is an oral examination and marks are awarded for practical work in the Forests.

Diploma in Forestry.—The course extends over 2 years and is the same as the Degree Course with the omission of English and Mathematics and in the case of probationers for Government Service of Forest Law.

B.SC. (AGRICULTURE)

A candidate after passing the Intermediate Examination of this University with English, Burmese, Chemistry, Physics and Mathematics or Biology, must undergo a course of two years' duration.

The subjects for study and examinations are :—

- (a) *Agriculture.*—Two papers of 3 hours' duration each and two practical examinations (including oral) of 3 hours' each.
- (b) *Agricultural Botany.*—Two papers of 3 hours' duration each and two practical examinations (including oral) of 3 hours' each.
- (c) *Agricultural Chemistry.*—Two papers of 3 hours' duration and one practical examination.

- (d) *Entomology and Sericulture*.—One paper of 3 hours' duration and 1 practical examination (including oral) of 4 hours' duration.
- (e) *Plant Pathology and Mycology*.—One paper of 3 hours' duration and one practical examination (including oral) of 4 hours' duration.

Candidates for the Degree of B.Sc. (Agriculture) must appear for the examination in Entomology and Sericulture at the end of first session.

B.Com. Degree Course.—A candidate after passing the Intermediate Examination of this University with English, Burmese, Mathematics and Economics and one other optional subject must undergo a course of two years' duration.

The subjects for study and examinations are:—

English Composition	Two papers (as for B.A. and B.Sc.)
Economics	Three papers (as for B.A.)
Accounting	One paper
Auditing, Statistics and Insurance	One paper
Mathematics	One paper
Economic Geography	One paper
Commercial Law	One paper
Banking and Business Organization	One paper

TEACHING

Bachelor of Education.—The courses of study extend over two years, after graduation, at the end of which there is an examination in the following subjects:—(1) Psychology of Education (1 paper), (2) History of Education (1 paper), (3) Theory and Practice of Education (1 paper), (4) School Hygiene (1 paper), (5) Principles and Practice of First Aid (oral and practical examination only), (6) The Teaching of English (1 paper), (7) The teaching of any one of the following subjects (candidates must have passed the B.A. or B.Sc. Examination in the subject which they select):—

- (a) Geography.
- (b) History.
- (c) Burmese or a Language other than English.

- (d) Mathematics.
- (e) Physics and Chemistry.
- (f) General Science.
- (g) Botany and Zoology.
- (h) English (advanced course).

Only students who have taken First or Second Class Honours in English can be admitted to course 'h'.

- (8) Drawing and Blackboard work (one paper).

Candidates must pass a practical test in teaching. Candidates who are certified by the Principal of the Training College as eligible to appear for the practical test may do so towards the end of their course of training. Candidates not included in the above class can only appear for the practical test after completing their course of training and after they have taught for one year in a Government school or in a school recognized by Government.

University Trained Teachers' Certificate.—The course of study for the certificate extends over two years. Admission to the course is limited to Matriculates of the University. The courses and written examination for the certificate consist of the following subjects and papers:—(1) Principles of Education (1 paper); (2) School Hygiene (1 paper), (3) Principles and Practice of First Aid (oral and practical examination only), (4) The Teaching of English (1 paper), (5) The Teaching of Burmese* (1 paper), (6) The Teaching of Geography (1 paper), (7) The Teaching of History (1 paper), (8) The Teaching of Mathematics (1 paper), (9) The Teaching of Drawing and Blackboard work (1 paper).

The Principal of the Training College must certify that each candidate who has passed the written examination has satisfactorily completed a practical course in teaching. Candidates who fail to secure this certificate are required to appear for a practical test after they have taught for one year in a Government school or in a school recognized by Government.

The University of Travancore

The University of Travancore has been established under Act I of 1113 M.E. promulgated by His Highness the Maharaja of Travancore on the auspicious occasion of His Highness's twenty-sixth birthday, on the 1st November 1937.

The Colleges in Travancore (of which there were 10) were previously affiliated to the University of Madras. During the last twenty years there has been a growing desire among the people of the State to have a University of their own. Two committees, appointed by Government to investigate and report on the desirability and feasibility of a separate University for the State, the first in 1919 and the second in 1924, had reported favourably. But, owing to various causes, no action was taken on the recommendations of the committees. The question of educational reconstruction again engaged the serious attention of Government when His Highness the present Maharaja assumed ruling powers in November 1931. Realizing that the solution of the industrial and agricultural problems of the State demanded a thorough reorientation of educational policy which could be effected only through the establishment of an independent University, designed to meet the particular needs and adapted to the special circumstances of the country, the Government of His Highness the Maharaja decided on the establishment of the University of Travancore.

Aims

As stated in the Preamble of the Act, the chief aims of the Travancore University are :—

- (i) to effect a reorganisation of the system of education in the State with a view to the gradual development of technical and technological education ;
- (ii) to make greater and more systematic provision for the furtherance of original research in the various branches of Applied Science ; and
- (iii) to provide for the conservation and promotion of Kerala Art and Culture.

Character

The University of Travancore is primarily a teaching University established at Trivandrum. Under the Act, it has no

powers of affiliation. The Colleges maintained by Government have been transferred to the maintenance and control of the University, and the four private Colleges which were already in existence in the State have been admitted to the privileges of the University as a special arrangement under the provisions of the Act.

Constitution

His Highness the Maharaja of Travancore is the Chancellor of the University and Her Highness the Maharani, His Highness's mother, is the Pro-Chancellor. The Vice-Chancellor is at present, a part-time honorary officer, most of whose duties and functions as the principal executive officer of the University are being discharged by the Pro-Vice-Chancellor, a full-time officer nominated by His Highness the Chancellor. The authorities of the University are :—

- (i) the Senate,
- (ii) the Syndicate, and
- (iii) the Faculties.

The Senate, consisting of between 60 and 70 members, is the legislative body of the University and has general superintendence over the affairs, concerns and properties of the University, subject to the ultimate control of Government. In addition to *ex-officio* members like the Vice-Chancellor, Pro-Vice-Chancellor, Director of Public Instruction, Deans of Faculties and Principals of Colleges, the Senate includes also representatives of registered graduates and of the two Houses of the Legislature and a certain number of members nominated by the Chancellor, besides those who may become Life-Members by making donations to the University or who may be nominated on the ground of their eminent services in the cause of education. The Senate is to be reconstituted every three years.

The Syndicate, consisting of 12 members, forms the executive body of the University and the administration of the affairs of the University and the management of the institutions maintained by the University are vested in the Syndicate.

A Board of Finance and Accounts has been constituted to examine the Budget estimates and to advise the Syndicate on financial matters.

To advise the Senate and the Syndicate in all matters of an academic character, there are Faculties, and Boards of Studies. At present there are six Faculties, *viz.*, those of Arts, Science, Technology (including Engineering), Oriental Studies and Fine Arts, Law, and Education. Boards of Studies have been set up for English, Sanskrit, Tamil, Malayalam, Philosophy, History and Economics, Mathematics, Physics,

Chemistry, Botany, Zoology, Law, Education, Engineering, Textile Technology and European Languages.

Libraries

Each College maintains its own library. The Colleges in Trivandrum have fairly good collections of books ; they also subscribe for several important journals. The number of volumes in the library of each College is shown below :—

1.	H. H. the Maharaja's College for Women	..	12,000
2.	Do. Training College	..	11,300
3.	Educational Bureau and Museum	..	16,500
4.	H. H. the Maharaja's College of Science	..	14,000
5.	H. H. the Maharaja's Law College	..	5,000
6.	Do. College of Arts	..	25,000

To add to the existing facilities, Government have transferred the Trivandrum Public Library to the control of the University. The Trivandrum Public Library contains more than 34,000 volumes. It subscribes for 78 periodicals of which 7 are from Travancore, 40 Indian and the rest British and American.

The University has organised an Oriental Manuscripts Library. A fairly good collection, including many rare and valuable manuscripts, has already been secured.

The Trivandrum Observatory

The Trivandrum Observatory which was founded in 1836, was transferred to the control of the University in 1938. The institution is divided into two sections, Astronomical and Meteorological. The Meteorological Section of the Observatory is very well equipped and is recognized by the Government of India as a first class institution. The resources and facilities available in the Observatory are accessible to the students of the University, particularly those working in the Research Department.

The School of Arts

The School of Arts, founded in 1889, is an institution under the Department of Fine Arts in the University. It provides instruction in drawing and other art-subjects and in some of the crafts (carving in ivory and wood, smithery, pottery and

lacquer work). The manufacturing section of the School supplies various articles to Government Departments and private agencies.

Number of Students in the University

The following table shows the number of students in the respective faculties for the year 1939-40 :—

Total .. 2984

The total number mentioned above includes 230 post-graduates and 458 women-students.

Residence, Medical Inspection and Physical Education

All students not living with their parents or guardians are required to live in approved hostels or lodgings. The University maintains two Hostels, one for men and the other for women. There are also some approved private hostels in Trivandrum. The mofussil colleges provide residential accommodation for a fair proportion of their students.

Provision has been made for inspection by qualified Medical Officers of students in the Junior Intermediate and Junior B.A. and B.Sc. classes. Physical Education is at present compulsory for the Intermediate course and the Colleges have on their staffs qualified Physical Instructors. It is proposed to make physical instruction compulsory for all students of the University. Athletics in different forms have

been provided for in all Colleges and the Inter-Collegiate Athletic Meet has to its credit a high standard of athletic performance. The University possesses a Tennis stadium which is reputed to be among the best of its kind in India. A University Labour Corps has been organized on the lines of the University Training Corps in other Universities. In the training given, emphasis is laid on the use of tools and the students are made to realise the dignity of labour.

Associations

Each of the Colleges has a number of associations interesting themselves in the various subjects of study or branches of athletics. Besides the College Associations, a Travancore University Union is also being organized.

Budget

The University is supported by the Government of His Highness the Maharaja. Besides the fees received from students, the main source of income is the contribution from Government. The total estimated income for 1939-40, including the State grant of Sircar Rs. 8,40,000, is Rs. 11,20,110. The expenditure for the year is estimated at Sircar Rs. 11,26,749 (including a Capital Expenditure of Rs. 2,30,000 on buildings and equipment).

The employees of the University, except in the case of persons engaged on special terms, are Government servants entitled to the benefits conferred by the State Pension Rules.

University Endowments

Each College awards several scholarships and prizes on the basis of examination results and on the basis of poverty. Besides the endowments already in existence in the Colleges when the University was started, the University has received a number of new endowments for the award of medals, prizes, scholarships and lectureships.

(1) *The Meenakshi Amma Medal* awarded to the Nair lady student who obtains the highest number of marks in English for the B.A. or B.Sc. Examination.

(2) *The Muttamma Muthunayagom Memorial Gold Medal* awarded to the student who stands first in Music in the B.A. Degree Examination.

(3) *The Rao Sahib Udarasiromani T. Padmanabha Rao Medal* awarded to the best student among those who qualify for a Degree, from the College of Arts or the College of Science.

(4) *The Rao Sahib Udarasiromani T. Padmanabha Rao Scholarship*, awarded to a poor student of the Junior Intermediate Class of the College of Arts or the College of Science.

(5) *The Sachivottama Dr. Sir C. P. Ramaswamy Aiyar Lectureship*. A lecturer on a remuneration of Rs. 250 appointed every alternate year to deliver a course of four lectures on a topic connected with Public Administration or Indian Art and Architecture.

(6) *The Kerala Varma Valia Koil Thampuran Gold Medal* awarded to the author of the best essay embodying the results of research work on Ancient Vedic Literature, Language or Culture.

(7) *The Sachivottama Prize (Books)* to be awarded to the student who stands first among those who qualify for the Diploma in Textile Chemistry.

(8) *The Sachivottama Dr. Sir C. P. Ramaswamy Aiyar Medal* awarded once in two years, for the best literary production in Malayalam and Tamil alternately.

(9) *His Highness the Flaya Raja Prize (Silver Trophy)* awarded to the athlete who secures the highest number of marks in the Annual Inter-Collegiate Athletic Meet.

(10) *The Rao Sahib Subramonia Karayalar Lectureship*. A lecturer on a remuneration of Rs. 400 appointed every alternate year to deliver a course of lectures on some scientific problem of economic value.

(11) *The Andhra University Medal* for research work in Physics or Chemistry.

(12) *The Karthika, Thirunal Theatre Fund* for the construction of a theatre named after Her Highness Lakshmi Bayi, First Princess of Travancore.

(13) *The Ananthasiva Aiyar Gold Medals*, awarded to the two students who stand first in Civil Engineering and Mechanical Engineering.

(14) *The Nagam Aiya Medal* for the best essay relating to the History of Kerala, its monarchical traditions and principles.

(15) *The Sachivottama Shashtiabdapurthy Memorial Medal* awarded to the best debater in Malayalam.

Provision for Research

The encouragement of research, especially in the various branches of Applied Science, being one of the main objects of the University, several steps have been taken for the realisation of this aim.

Provision has been made in the laws of the University for the award of degrees for research. The M.Sc., Ph.D., D.Sc., and D.Litt. degrees are awarded to graduates of this or other recognised Universities on the results of research work carried out in an approved institution, within or outside Travancore.

Research students and Fellows (non-stipendiary and stipendiary) permitted to study in the Departments of the University or under any teacher of the University, are required to pay the following fees :—

Candidates working in Arts Departments Rs. 30 per annum.

Candidates working in Science Departments Rs. 45 per annum.

To provide increased facilities for research in Applied Science, a scheme for the organisation, under the auspices of the University, of a Central Research Institute, where the various research units attached to the scientific and technical departments of Government could be brought together, was prepared and submitted to Government. Government sanctioned the scheme and transferred to the control of the University the Public Health Laboratory of the Department of Public Health, the Water-Analysis Section of the Water Works Department and the Research sections of the Department of Agriculture and Fisheries and of the Department of Industries. The Travancore Central Research Institute will ultimately consist of the following sections :—

- (i) Applied Chemistry, including Organic, Inorganic and Physical Chemistry.
- (ii) Applied Physics and Mathematics, including Astronomy, Meteorology and Statistics.
- (iii) Applied Biology including Plant-breeding, Plant Pathology, Mycology and Entomology.
- (iv) Public Health.
- (v) Bio-Chemistry including Industrial and Agricultural Bio-chemistry and Nutrition Research.
- (vi) Marine Biology and Fisheries.

The Marine Biological Laboratory and Aquarium of the University is under construction. The tanks of the Aquarium, when completed, will be the largest on the mainland of Asia. The Department of Marine Biology and Fisheries has published a catalogue of Zoological Specimens available for sale at its Laboratory.

The University has instituted four Research Scholarships each of the value of Rs. 30 per mensem and four Research Fellowships each of the value of Rs. 50 per mensem.

The following Research scholarships have been endowed :—

(1) *The Maharaja Martanda Varma Prize* of the value of Rs. 300, awarded once in two years to a Travancorean for the best literary or historical work produced.

(2) *The Maharaja Martanda Varma Scholarships* (two) of the value of Rs. 25 per mensem each, tenable for 2 years, awarded to qualified Travancoreans engaged in research work on Kerala Art and Literature, and Kerala History.

(3) *Her Highness the Maharani Setu Parvati Bayi Prize* of the value of Rs. 300 awarded once in 2 years to a Travancorean for the best scientific monograph dealing with the practical applications of scientific research to industry or agriculture in the State.

(4) *Her Highness the Maharani Setu Parvati Bayi Fellowship* of the value of Rs. 50 per mensem, tenable for 2 years, awarded to a qualified Travancorean engaged in scientific research with special reference to its application to the industries or agriculture of the State.

(5) *The Sri Chitra Research Scholarship* of the value of Rs. 30 per mensem, for research work in Kerala History or Archæology.

(6) *Her Highness the Maharani Setu Parvati Bayi Lectureship* in Forest Research.

A lecturer on a remuneration of Rs. 500 to be appointed every alternate year to deliver a course of lectures on some subject in Forestry.

(7) *The F. X. Pereira Memorial Research Scholarship* of the value of Rs. 25 per mensem for research work on the Chemistry or Geology of the commercial minerals found in Travancore.

(8) *The S. Krishna Iyer Fellowship* of the value of Rs. 1,000 per annum for research work in Agriculture.

Various problems which have a direct bearing on the economic life of the country are being investigated. Among them may be mentioned :—

- (i) the survey of the condition and chemistry of retting coconut husks ;
- (ii) the improvement of the quality of common salt manufactured in Travancore ;
- (iii) the utilisation of shark liver oil obtained in Travancore ;
- (iv) the investigation of the active principles of indigenous drugs.

Department of Publications

With a view to enriching Malayalam and Tamil literatures by the production of up-to-date books of literary and scientific interest, a Department of Publications has been instituted. The staff consists of a Superintendent, a Deputy Superintendent and a few assistants.

For the present, the Department is devoting itself to (a) the preparation of a glossary of scientific and technical terms in Malayalam, (b) the preparation of a standard Malayalam Grammar, comparative and historical, (c) the production of popular books dealing with scientific and other modern knowledge, and (d) the translation or adaptation of foreign classics, selected for the purpose.

The Tamil Section of the Department confines itself to the collection and publication of Tamil manuscripts bearing on Kerala History. Two committees consisting of eminent scholars have been set up to advise the Department and to supervise its work.

Lectures

The University arranges for a number of lectures every year. During the year 1939 the following Extension Lectures were given :—

- 6 Lectures on the "Theory of Sampling" by Dr. U. Sivarman Nair, Assistant Professor of Mathematics, H. H. the Maharaja's College of Science, Trivandrum.
- 2 Lectures on a "Peep into Indian Archaeology" by Dr. D. R. Bhandarkar, M.A., Ph.D., F.A.S.B., Retired Carmichael Professor of Ancient Indian History, Calcutta University (illustrated with slides).
- 6 Lectures on "Ancient Astronomy" by Mr. K. Subramonia Iyer, B.A., L.T.
- 4 Lectures on the "Science of Poetry" by Dr. Jayaram Cousins, D.Litt., Head of the Department of Fine Arts, University of Travancore.
- 7 Lectures on "Fine Arts" by Dr. Jayaram Cousins, D.Litt., Head of the Department of Fine Arts, University of Travancore.

Womens' Education

H. H. the Maharaja's College for Women provides instruction for the Intermediate course. The College is partly residential, accommodation for a limited number of students being provided in a building situated on the premises of the College. Women students are also admitted to the other Colleges. The

total number of women students in the University during the year 1939-40, was 458.

Degrees, Diplomas, etc.

The University offers in Arts, the Degrees of B.A. (Pass and Honours), M.A., PH.D., and D.LITT.; in Science, the Degrees of B.Sc. (Pass and Honours), M.Sc., PH.D., and D.Sc. The professional Degrees are Licentiate in Teaching, Bachelor of Laws and Bachelor of Science (Engineering). There are also Diplomas in Textile Technology, Textile Chemistry, Civil, Mechanical, Electrical Engineering and Forestry. In Oriental Studies, the University confers the title of Mahopadhyaya (in Sanskrit).

The Degrees of D.Sc., D.LITT., and LL.D. may be conferred as Honorary Degrees also.

Courses of Study

Intermediate Examination in Arts and Science.—The Intermediate course forms part of and leads to the course for the Degree and only those who are holders of the English School Leaving Certificate issued by the Director of Public Instruction, Travancore, and declared eligible for admission to a course of study in this University or have passed an examination recognized by the Syndicate as equivalent to it, are admitted to the course.

The course extends over two years. The subjects of study and scheme of examination are as follows:—

Part I—English (Prose, Poetry and Composition).

Part II—A Second Language.

The course will comprise prescribed text-books, grammar, translation and in the case of Modern Indian Languages, original composition. One of the following languages may be offered:—

(a) Classical	Sanskrit
			Arabic
			Syriac
(b) Modern	(i) Foreign	..	French
	(ii) Indian	..	Urdu
			Tamil
			Hindi
			Malayalam

Part III—Three subjects to be selected out of the following :—

Mathematics
 Physics
 Chemistry
 Biology
 Geography
 Logic
 Indian History
 Ancient History
 British History and
 Music.

There will be three papers in English, two papers in the Second Language and two papers in each of the subjects offered under Part III.

A candidate shall be declared to have passed the Intermediate Examination if he appears for all the three Parts at the same examination and obtains not less than 35 per cent. of the marks in each part. Those who obtain not less than 50 per cent. of the total number of marks shall be placed in the First Class. All other successful candidates shall be placed in the Second Class. Successful candidates who obtain not less than 60 per cent. of the marks in any subject shall be declared to have gained distinction in that subject.

Bachelor of Arts (B.A.).—The course of study extends over a period of two years after the Intermediate Examination. The subjects of study and scheme of examination are as follows :—

Part I—English—Shakespeare, Modern Poetry, Modern Prose, Composition (4 papers).

Part II—Second Language—(2 papers) one of the following :—

(a) Classical	Sanskrit, Arabic, Syriac	
(b) Modern	(i) Foreign	French
		German
	(ii) Indian	Malayalam
		Tamil
		Hindi
		Urdu

Part III—Optional subjects. One of the following groups :—

- Group (i-a) Philosophy (5 papers).
 (i-b) Philosophy (5 papers).
 (ii-a) History and Economics (5 papers).
 (ii-b) Economics and History (5 papers).
 (iii-a) Sanskrit and Early Indian History (6 papers).
 (iii-b) Malayalam or Tamil with Sanskrit or Early
 South Indian History (6 papers).

The minimum for a pass is 35 per cent. in Part I, 35 per cent. in Part II and in Part III, 30 per cent. in each division of the optional groups and 35 per cent. of the total. Successful candidates getting not less than 60 per cent. are placed in the First Class, those obtaining not less than 50 per cent. are placed in the Second Class and those obtaining less than 50 per cent. are placed in the Third Class. Provision has also been made by which Bachelors of Arts may qualify in a different optional group or different second language. Such candidates are required to undergo a course of one year in a College in the new subject selected.

Bachelor of Arts (Honours)—B.A. (Honours).—The course extends over a period of three years after the Intermediate Examination. A candidate for Honours is required to pass a Preliminary Examination in English in (i) Composition and (ii) Nineteenth Century Prose. In the case of candidates who have selected Branch III [English Language and Literature the Preliminary Examination will be in (i) Composition as above and (ii) The History of England treated in relation to the History of the English Language and Literature.] The subjects of study for the Final Examination are as follows :—

- Branch I .. Philosophy (details have not been settled).
 Branch II .. History and Economics (7 papers).
 Branch III .. English Language and Literature (9 papers).
 Branch IV .. Sanskrit Language and Literature (9 papers).
 Branch V .. Malayalam Language and Literature
 (9 papers).

In addition to the papers mentioned above, there is a *viva voce* Examination.

No candidate will be permitted to undergo the complete Final Examination more than once. The minimum for a pass is 40 per cent. of the total marks and not less than 30 per cent. in each division of the examination. Successful candidates

getting not less than 60 per cent. are placed in the First Class, those getting not less than 50 per cent. are placed in the Second Class and the rest are placed in the Third Class. Those who fail in the B.A. Honours Examination but have obtained 33½ per cent. of the total and at least 25 per cent. in each division of the Examination are recommended for the B.A. Degree.

Master of Arts (M.A.).—A candidate who has passed the B.A., or B.Sc., Degree Examination of this University or some other equivalent examination will be permitted to appear for the M.A. Degree Examination after he has undergone the prescribed course of study for a period of not less than two years in a College. The courses of study, syllabuses, subjects for examination, schemes of examination and time-tables for the M.A. Degree Examination are the same in all Branches as for the Final Examination for the B.A. Honours Degree, in the subjects in the corresponding Branch.

Bachelor of Science (B.Sc.).—The course of study extends over two years after the Intermediate Examination. The subjects of study and scheme of examination are :—

Part I—English

Part II—Second Language and

Part III—Optional subjects.

The courses of study for Parts I and II are the same as those prescribed for the B.A. Degree Examination.

Part III. Optional Subjects

One of the following groups of subjects may be taken at the option of the candidate :—

(i)	Mathematics	.	
(ii)	Mathematics	Main	Physics Subsidiary
(iii)	Physics	do.	Mathematics do.
(iv)	Physics	do.	Chemistry do.
(v)	Chemistry	do.	Physics do.
(vi)	Chemistry	do.	Botany do.
(vii)	Chemistry	do.	Zoology do.
(viii)	Botany	do.	Chemistry do.
(ix)	Botany	do.	Zoology do.
(x)	Zoology	do.	Chemistry do.
(xi)	Zoology	do.	Botany do.

The examination in the subsidiary subject will be of a less advanced character than that in the same subject of the main standard.

The scheme of examination is as follows :—

Groups—

- (i) Mathematics, 6 papers.
- (ii) Mathematics Main, 4 papers ; Physics Subsidiary, 2 papers and a practical examination.
- (iii) Physics Main, 4 papers and a practical examination; Mathematics Subsidiary.
- (iv) Physics Main, 4 papers and a practical examination; Chemistry Subsidiary, 2 papers and a practical examination.
- (v) Chemistry Main, 3 papers and a practical examination; Physics Subsidiary, 2 papers and a practical examination.
- (vi) Chemistry Main, 3 papers and a practical examination; Botany Subsidiary, 2 papers and a practical examination.
- (vii) Chemistry Main, 3 papers and a practical examination; Zoology Subsidiary, 2 papers and a practical examination.
- (viii) Botany Main, 2 papers and a practical examination; Chemistry Subsidiary, 2 papers and a practical examination.
- (ix) Botany Main, 2 papers and a practical examination; Zoology Subsidiary, 2 papers and a practical examination.
- (x) Zoology Main, 2 papers and a practical examination; Chemistry Subsidiary, 2 papers and a practical examination.
- (xi) Zoology Main, 2 papers and a practical examination; Botany Subsidiary, 2 papers and a practical examination.

The minimum for a pass is 35 per cent. in Part I, 35 per cent. in Part II and in Part III 30 per cent. in each division of the optional groups and 35 per cent. of the total. Successful candidates getting not less than 60 per cent. are placed in the First Class, those obtaining not less than 50 per cent. are placed in the Second Class and those obtaining less than 50 per cent. are placed in the Third Class. Provision has also been made by which Bachelors of Science may qualify in a different optional group. Such candidates are required to undergo a course of one year in a college in the new subject selected.

Bachelor of Science (Honours) B.Sc. (Honours).—The course extends over a period of 3 years after the Intermediate Examination. A candidate for Honours is required to pass a

Preliminary Examination in English (2 papers, English Composition and Nineteenth Century Prose). The subjects of study for the Final Examination are as follows :—

Branch I—Mathematics (8 papers).

Details regarding Honours courses in other science subjects have not been settled.

No candidate will be permitted to undergo the complete Final Examination more than once. The minimum for a pass is 40 per cent. of the total marks and not less than 30 per cent. in each division of the examination. Successful candidates getting not less than 60 per cent. are placed in the First Class, those getting not less than 50 per cent. are placed in the Second Class and the rest are placed in the Third Class. Those who fail in the B.Sc. Honours Examination but have obtained 33½ per cent. of the total and at least 25 per cent. in each division of the examination are recommended for the B.Sc. Degree.

Master of Science (M.Sc.).—A candidate who has passed the B.Sc. Degree Examination of this University or some other equivalent examination will be permitted to appear for the M.Sc. Degree Examination after he has undergone the prescribed course of study for a period of not less than two years in a College. The course of study, syllabuses, subjects for examination, schemes of examination and time-tables for the M.Sc. Degree Examination shall be the same in all Branches as for the Final Examination for the B.Sc. Honours Degree, in the subjects in the corresponding Branch.

Degree of Licentiate in Teaching (L.T.).—Graduates of this or of any other recognized University who have undergone the prescribed course of study for a period of one year will be admitted to the examination.

The course shall include :—

- (i) A. General Principles of Education.
- B. Educational Psychology.
- C. General Methods.
- D. School Organization and Hygiene.
- E. Methods appropriate to the teaching of two of the following subjects :
 - (a) An Indian Language.
 - (b) English.
 - *(c) Primary Education.

* This title is subject to revision.

- (d) Mathematics.
- (e) Physical Science.
- (f) Natural Science.
- (g) History.
- (h) Geography.
- (i) Domestic Science.
- (j) Music.

In connection with each of the subjects detailed under E a special unit of study shall be specified each year for more intensive treatment.

(ii) Practical training, including observation of and practice in teaching; the making of teaching equipment; school organization.

(iii) Candidates shall undergo courses in (a) Physical Education and (b) Art or Music or Crafts as prescribed by the College.

The scheme of examination is as follows :—

Written Examination :

1. Theory of Education A.B. (This paper shall consist of two questions under A and 4 questions under B.).
2. General Methods C.
3. School Organization and Hygiene D.
4. Methods of Teaching E Optional Subjects :
 - (a) An Indian Language.
 - (b) English.
 - (c) Primary Education.
 - (d) Mathematics.
 - (e) Physical Science.
 - (f) Natural Science.
 - (g) History.
 - (h) Geography.
 - (i) Domestic Science.
 - (j) Music.

No candidate shall be declared to be qualified for the L.T. Degree unless he has passed the written examination and unless his practical work has been declared satisfactory by the Principal of the College. The minimum for a pass will be 35 per cent. in each of the 5 papers and not less than 40 per cent. in the 5 papers taken together. Of the successful candidates

those who obtain not less than 60 per cent of the total marks shall be placed in the First Class, those who obtain not less than 50 per cent. shall be placed in the Second Class and the rest shall be placed in the Third Class. Successful candidates who obtain not less than 60 per cent. of the marks in a paper relating to the Methods of Teaching shall be deemed to have obtained distinction in that subject.

Bachelor of Law (B.L.).—Graduates in Arts or Science of this or other recognised Universities are admitted to the course which extends over two years. The first Examination in Law which is held at the end of the first year consists of the following papers :—

Jurisprudence (1 paper).

Roman Law (1 paper).

The Law of Contracts including Negotiable Instruments and Specific Relief Act (2 papers).

The Law of Torts (1 paper).

Indian Constitutional Law (1 paper).

The minimum for a pass is 40 per cent. of the total marks and not less than one third of the marks in each division of the examination. Those who obtain not less than 60 per cent. are placed in the First Class, those obtaining 50 per cent. are placed in the Second Class and the remaining successful candidates are placed in the Third Class.

The Final Examination (B.L.) is open to those who having passed the First Examination in Law have undergone the prescribed course of study for one academic year.

The Final Examination consists of the following papers :—

- (i) The Law of Property with special reference to the Transfer of Property Act, the Indian Trusts Act and the Indian Easements Act (2 papers).
- (ii) Hindu Law including Marumakathayam Law (1 paper).
- (iii) Muhammadan Law (1 paper).
- (iv) The Principles of Land Tenures in the Madras Presidency (the paper includes Madras Land Tenures, Madras Estates Land Act, Malabar Tenancy Act and the Travancore and Cochin Tenancy Acts) (1 paper).
- (v) The Law of Evidence (1 paper).
- (vi) Criminal Law (Indian Penal Code) (1 paper).

The minimum for a pass is 40 per cent. of the total marks and one third of the marks in each division of the examination. Successful candidates who obtain not less than 60 per cent. of the total marks shall be placed in the First Class and those who obtain not less than 50 per cent. shall be placed in the Second Class. All other successful candidates shall be placed in the Third Class.

Bachelor of Science (Engineering) B.Sc. (Eng.).—The minimum qualification for admission to the Degree course is the Intermediate Examination of this University with Mathematics, Physics and Chemistry as optionals or any other examination accepted by the Syndicate as equivalent thereto. The course of study extends over 4 years and a fifth year has to be spent in practical training in approved workshops or on approved engineering works.

First Examination in Engineering, Part I.—The course extends over one academic year. The following are the subjects for study and examination :—

Group A.—Mathematics and Mechanics.

Group B.—Applied Physics and Engineering Chemistry.

Group C.—Building Materials and Construction, Surveying.

Group D.—Practical Geometry and Engineering Drawing.

The minimum for a pass will be 35 per cent. of the marks in each group of written papers, 60 per cent. of the sessional marks and 50 per cent. of the total marks (examination *plus* sessional marks).

First Examination in Engineering, Part II.—The course extends over one academic year after passing the First Examination in Engineering, Part I, the following being the subjects for study and examination :—

Group A.—Mathematics and Theory of Machines.

Group B.—Heat Engines and Electrical Technology.

Group C.—Strength of Materials, Building Materials and Construction.

Group D.—Surveying and Engineering Drawing.

The minimum for a pass will be 35 per cent. of the marks in each group of written papers, 60 per cent. of the sessional marks and 50 per cent. of the total marks (examination marks *plus* sessional marks *plus* 3/10 of the 1st year's marks).

B.Sc. Degree Examination in Engineering, Part I.—The course extends over one academic year after passing the First Examination in Engineering, Part II, and consists of 3 branches, the subjects for study and examination being as follows :—

(a) Civil Engineering.—*Group A.*—Mathematics and Strength of Materials.*Group B.*—Hydraulics and Hydraulic Machinery. Heat Engines. Electrical Technology.*Group C.*—Surveying, Docks and Harbours.**(b) Mechanical Engineering.—***Group A.*—Mathematics and Strength of Materials.*Group B.*—Hydraulics and Hydraulic Machinery. Heat Engines and Electrical Technology.*Group C.*—Theory of Machines. Design of Structures and Machines. Workshop Appliances and Practice.**(c) Electrical Engineering.—***Group A.*—Mathematics and Strength of Materials.*Group B.*—Hydraulics and Hydraulic Machinery. Heat Engines. Electrical Technology.*Group C.*—Theory of Machines. Electrical Machinery. Electrical Measurements and Measuring Instruments.

Each candidate is required to take up the subjects prescribed for the branch he chooses. The minimum for a pass will be 35 per cent. of the marks in each group of written papers, 60 per cent. of the sessional marks and 50 per cent. of the total marks (examination marks *plus* sessional marks *plus* 5/10 of the 2nd year's marks).

B.Sc. Degree Examination in Engineering, Part II.—The course extends over one academic year after passing the B.Sc. Degree Examination in Engineering, Part I, and consists of 3 branches, the subjects of study and examination being as follows :—

(a) Civil Engineering.—*Group A.*—Theory of Structures.*Group B.*—Irrigation and Water-ways. Sanitary Engineering and Water-supply.*Group C.*—Engineering Economics and Accounts. Roads, Railways and Bridges. Surveying.**(b) Mechanical Engineering.—***Group A.*—Heat Engines. Hydraulic Machinery.*Group B.*—Design of Power Plant.*Group C.*—Engineering Economics and Accounts. Workshop Administration. Electrical Generation and Distribution.

(c) *Electrical Engineering.*—*Group A.*—Electrical Machinery.*Group B.*—Electrical Generation and Distribution.
Electrical Transmission.*Group C.*—Electrical Traction. Electrical Communications. Engineering Economics and Accounts.

Each candidate is required to take up the subjects prescribed for the branch which he selected for the B.Sc. Degree Examination in Engineering, Part I.

The minimum for a pass will be 35 per cent. of the marks in each group of written papers, 60 per cent. of the sessional marks and 50 per cent. of the total marks (examination marks *plus* sessional marks *plus* 7/10 of the marks secured for the B.Sc. Degree Examination, Part I).

After one year of approved practical training successful candidates will be admitted to the Degree of B.Sc. (Eng.). Successful candidates who obtain not less than 70 per cent. of the total marks shall be placed in the First Class, those who obtain not less than 60 per cent. shall be placed in the Second Class and the rest shall be placed in the Third Class. Candidates obtaining not less than 80 per cent. of the total marks shall be declared to have passed the Examination with Honours.

DIPLOMA IN ENGINEERING

The minimum qualification for admission to the Diploma course is the Travancore English School Leaving Certificate Examination with eligibility for admission to a University courses of study or any other examination accepted by the Syndicate as equivalent thereto. The course of study which extends over 4 years is of the 'Sandwich' type, two years being spent at College and two years in workshops or on approved Engineering works.

Diploma Examination in Engineering, Part I.—(To be held at the end of the Second Year.)

The course extends over two academic years. The following are the subjects for study and examination :—

Group A.—Mathematics and Strength of Materials.*Group B.*—Heat Engines and Electrical Engineering.*Group C.*—Hydraulics, Building Materials and Construction.*Group D.*—Estimating, Surveying and Engineering Drawing.

The minimum for a pass will be 35 per cent. of the marks in each group of written papers, 60 per cent. of the sessional marks and 50 per cent. of the total marks (examination marks *plus* sessional marks *plus* 3/10 of the first year's marks).

Diploma Examination in Engineering, Part II.—(To be held at the end of the Fourth Year.)

The course extends over two academic years, after passing the Diploma Examination in Engineering, Part I. and consists of three branches, the subjects for study and examination being as follows:—

(a) *Civil Engineering.*—

Group A.—Strength of Materials, Theory of Structures and Irrigation.

Group B.—Water Works, Sanitary Engineering, Roads, Bridges and Earth Work.

Group C.—Surveying, Reinforced Concrete and Steel Work.

(b) *Mechanical Engineering.*—

Group A.—Heat Engines, Strength of Materials and Theory of Structures.

Group B.—Theory of Machines, Hydraulics and Hydraulic Machinery.

Group C.—Machine Design, Workshop Appliances and Workshop Practice.

(c) *Electrical Engineering.*—

Group A.—Electrical Machinery.

Group B.—Electrical Generation, Distribution and Transmission.

Group C.—Electrical Traction and Communications.

The minimum for a pass will be 35 per cent. of the marks in each group of written papers, 60 per cent. in sessional work and works practice and 50 per cent. of the total marks (examination *plus* sessional and works practice marks *plus* 7/10 of the 3rd year's marks).

Successful candidates will be awarded the Diploma in Engineering. Candidates who obtain not less than 70 per cent. of the total marks shall be placed in the First Class, those who obtain not less than 60 per cent. shall be placed in the Second Class, and those who obtain not less than 50 per cent. shall be placed in the Third Class. Candidates who obtain not less than 80 per cent. of the total marks shall be declared to have passed the examination with Distinction.

DIPLOMA COURSES IN TEXTILE TECHNOLOGY AND TEXTILE CHEMISTRY

The minimum qualification for admission to the courses is the English School Leaving Certificate with eligibility for admission to a University Course of Study and 50 per cent. of the total marks and not less than 60 per cent. in Elementary Mathematics and Elementary Science combined. The course of study extends over three years.

Textile Technology.—The course consists of theoretical and practical instruction in the following subjects:—Mathematics, Mensuration, Chemistry, Physics, Freehand Drawing, Model Drawing, Practical Weaving, Sketching of Textile Machinery, Textile Fibres and Spinning, Weaving Mechanism, Fabric Structure, Weaving and Spinning, Calculations, Design and Analysis of Cloth, Preparation of Yarn, Historic Ornamentation, Spinning, Engineering Drawing, Mechanics of Shop Practice, Méchanics, Dyeing, Bleaching, Printing and Finishing.

Textile Chemistry.—The course consists of theoretical and practical instruction in the following subjects:—Freehand Drawing, Model Drawing, Mathematics, Chemistry, Physics, Textile Fibres and Spinning, Classification and Testing of Fibres, Workshop Practice (Carpentry and Smithery), Weaving, Dyeing and Printing, Chemistry of Textile Fibres, Construction of Works and Machine Drawing, Costing and Estimating, Technology of Bleaching, Mercerising, Printing and Finishing.

Annual examinations are held at the end of each academic year and students who fail are detained. Candidates who obtain not less than 50 per cent. of the total marks and not less than 40 per cent. in each subject or group of subjects shall be declared to be eligible for Diploma in that Group. Those who obtain 60 per cent. of the marks in any subject or group of subjects shall be deemed to have passed with distinction in that subject or group of subjects.

Titles in Oriental Studies

Mahopadhyaya (Sanskrit).—Admission to the Mahopadhyaya course is open to those who have passed the Sanskrit Entrance Examination conducted by this University or any other equivalent examination.

The Sanskrit Entrance Examination is open to all candidates who have passed the Sastri Test conducted by the Travancore Education Department. The subjects for the Examination are:

- (i) Sahitya,
- (ii) Vyakarana,
- (iii) Nyaya and Mimamsa and
- (iv) English.

The course of study for the Mahopadhyaya title extends over a period of 4 years and consists of two parts, the Preliminary and the Final. The Preliminary Examination held at the end of the second year consists of two parts :—

Part I—General : Prescribed Text-books and

Part II—Special : One of the following branches of study :—
Nyaya, Vyakarana, Sahitya, Jyotisha,
Vedanta or Mimamsa.

The Final Examination at the end of the fourth year consists of two parts—Part I : General—The History of Sanskrit Language and Literature ; Part II : Special—one of the following branches of study :—

Nyaya,
Vyakarana,
Sahitya,
Jyotisha,
Vedanta, or
Mimamsa.

The minimum for a pass in the Preliminary and Final Examinations is 40 per cent. of the total marks of the examination. A candidate who obtains not less than 60 per cent. of the total marks for the Final Examination shall be declared to have passed the Examination with distinction.

Bhandarkar Oriental Research Institute, Poona

1. *History*.—The idea of establishing an Oriental Institute offering facilities to research workers and at the same time commemorating the work and the name of the late Sir R. G. Bhandarkar originated towards the middle of 1915. The scheme was received enthusiastically ; and with public support, Government sympathy, and chiefly the noble aid rendered by the Tatas and the Jain community, the scheme soon materialized and the Institute was formally inaugurated by H. E. Lord Willingdon on the 6th of July 1917, the eightieth birthday of Sir Ramakrishna, when a volume of commemorative essays written for the occasion by several Indian and European scholars was also presented to him. The Institute began its literary work in October 1918, when the Government of Bombay were pleased to transfer to the Institute the MSS. Library formerly at the Deccan College (together with the annual maintenance grant of Rs. 3,000) as also to hand over to the Institute the management of the Bombay Sanskrit and Prakrit Series, together with a yearly grant of Rs. 10,000 set aside for that purpose. The Main Hall of the Building named, "The J. N. Tata Research Hall", was occupied in 1918, and the two Side Halls, named "The Khetsi Khiasi MSS. Hall" and the "Ratan Tata Iranian and Semitic Hall", were occupied in 1922. The total expense on the whole building has been Rs. 1,50,000.

2. *Work*.—(i) *The Mahabharata Department* is engaged in bringing out a Critical Edition of the Great Epic of India. The edition has been universally acknowledged as a monumental work of scholarship. Three volumes of the edition are already out. Parts of the edition are not sold singly. For forms of subscription (which can be paid in lump or by instalments) apply to the Secretary, Mahabharata Editorial Board. General Editor : Dr. V. S. Sukthankar.

(ii) *The Manuscripts Department* contains some 20,000 Sanskrit and Prakrit MSS., which are lent to all *bona-fide* scholars under certain conditions. The MSS. were collected for Government by Bühler, Kielhorn, Bhandarkar, Peterson, Kathawate, Pathak and others, since 1868, and they form one of the largest and most valuable collections of Hindu and Jain MSS., a collection which is being properly catalogued and looked

after by the Institute. Upto now seven volumes of the Descriptive Catalogue of MSS. have been published.

(iii) *The Iranian and Semitic Department* was created in 1920 for the collection and preservation of Avesta, Pehlavi, Persian and Arabic MSS. A number of old and rare MSS. have been already collected, and a library of printed books pertaining to these subjects is also being built up. One of the immediate programmes of the Department is to arrange for the study of Avestan Literature in conjunction with Vedic Literature.

(iv) *The Publication Department*, besides conducting the work of the *Bombay Sanskrit and Prakrit Series*, has started a new Series called the *Government Oriental Series*, which includes texts as well as independent original works. Amongst the important publications may be mentioned the *Collected Works of Sir R. G. Bhandarkar*; a complete Word-Index to the *Vyākaraṇamahābhāṣya* (pp. 1,150, Rs. 15); *History of Hindu Dharmaśāstra* by P. V. Kane (pp. 812, Rs. 15); *Ghate's Le Vedanta*; English Translation of the *Vyākaraṇamahābhāṣya* (in preparation); and Garbe's *Die Sāṃkhya-Philosophie* (English Translation). The Institute has recently completed arrangements for publishing a *Catalogus Catalogorum* of all Jain MSS. A complete list of the publications (over 80) can be had on application.

(v) *The Journal Department* looks to the conduct of the *Annals* of the Institute which was started as a six-monthly publication in 1919, and is now published quarterly. Members obtain the *Annals* free of cost. To others the annual subscription is Rs. 10.

(vi) *The Library Department*.—The private collection of the late Sir R. G. Bhandarkar was transferred to the Institute in 1925, and consists of over 2,500 old and rare volumes on Indology. Books from this Library cannot be lent out, but are available to Members at the Institute for purposes of study and reference. The Institute also purchases and receives as presents new books regularly each year, as also a number of learned periodicals of India, Europe and America in exchange for the Institute's *Annals*. Books are issued to Members under certain conditions. For the use of Members a Reading Room of select Oriental journals, Indian and Foreign, is being built up and brought up-to-date.

(vii) *The Post-Graduate Instruction Department*.—The Institute has since 1927 opened a centre for Post-Graduate research work, where lectures are arranged for the benefit of M.A. students in "Sanskrit", "Pāli", "Ardhamāgadhi"

and "Ancient Indian Culture", for a fee of Rs. 33 per term. Qualified candidates are also trained for "thesis" work, in connection with which classes in German and French are also conducted. Two students are admitted free to these classes, one on the recommendation of the Chief of Ichalkaranji.

3. The following persons are delivering lectures during the current year, for the benefit of students studying for the M.A. and Ph.D. degrees of the Bombay University.

Dr. V. S. Sukthankar, M.A., Ph.D.	..	Archæology and Epigraphy.
Prof. R. D. Vadekar, M.A.	..	Pāli and Ardha- māgadhī.

4. *Honorary Secretary*.—Dr. R. N. Dandekar, M.A., Ph.D.
Curator.—P. K. Gode, M.A.

Bose Research Institute, Calcutta

The Bose Research Institute was founded by Sir J. C. Bose on November 30th, 1917, with the object of enabling the founder to carry on his fundamental investigations on the similarity of life phenomenon exhibited by plants and animals and also to train up a band of able and devoted workers who would continue this line of work after him. In the words of the Founder-Director "The function of the Bose Institute differs from that of college teaching. Only by long and arduous personal training are the scholars made competent to undertake original investigation on intricate and hitherto unsuspected phenomena. Post-graduate scholars are carefully selected for receiving special training out of candidates who have taken degrees in science. They are admitted on condition that they devote themselves wholly to the prosecution of research, not for the satisfaction of personal ambition but in order to realize an inner call to devote one's whole life to win knowledge for its own sake and see Truth face to face." The scope of the investigations carried out in the Institute was subsequently widened, till at the time of Sir J. C. Bose's demise in November 1937, facilities for investigations in the following subjects were provided.

(i) Plant Physiology and Genetics, (ii) Bio- and Agricultural Chemistry, (iii) Zoology and Animal Physiology, (iv) Anthropology and (v) Theoretical and Experimental Physics.

The work of the Institute is carried out at the following places (i) in the main laboratories and workshops situated at 93/1, Upper Circular Road, Calcutta, (ii) in the experimental research station at Falta and (iii) in the Baccharaj Laboratory, Mayapuri, Darjeeling.

The Institute is registered under Act XXI of 1860; its properties are vested in a Governing Body, who are also its Trustees.

A Transaction of the Bose Research Institute is issued annually in which the results of investigations carried out in the Institute are published.

The research staff of the Institute consist of fellows, scholars, stipend holders and honorary workers. There are about twenty paid and six honorary workers.

Investigations are being carried out on the following subjects at present :

- I. Plant Physiology and Genetics—
 - (a) Plant hormones and Auxins. Growth, tropic and automatic movement in plants. Root pressure and respiration.
 - (b) Study of the ripening process in some Indian fruits.
 - (c) Phasic development of tropical plants ; temperature effect and photoperiodic effect.
 - (d) Cytological and Cytogenetical studies.
 - II. Bio- and Agricultural Chemistry—
 - (a) Chemical investigations of active principles of Indian medicinal plants. Protein synthesis in plants. Role of organic acids in plant life.
 - (b) Soil analysis ; influence of manurial treatment on plant growth and products.
 - (c) Chemical and physiological investigation of the food values of different kinds of cereals and pulses.
 - III. Zoology and Animal Physiology—
 - (a) Investigations on the habits of spiders and ants.
 - (b) Study of the life-history of different varieties of fishes found in the rivers of Bengal.
 - (c) A new line of investigation of Electro-encephalography has been started by Dr. B. K. Bagchi, Sir J. C. Bose Research Fellow in Biophysics of the Calcutta University.
 - IV. Anthropology—
 - (a) Blood-group investigations. Problems of human heredity.
 - V. Physics—
 - (a) Nuclear disintegration and artificial radio activity.
 - (b) Cosmic rays.
 - (c) Ultra-sonics.
 - (d) Absorption spectra, specific heat and electrical conductivity of paramagnetic substances.
 - (e) Theoretical investigations on astrophysical and nuclear physics problem.
- Seminars and symposiums are held on different subjects.

Forest Research Institute and College, Dehra Dun

FOREST RESEARCH INSTITUTE, NEW FOREST, DEHRA DUN

INDIAN FOREST COLLEGE, NEW FOREST, DEHRA DUN

INDIAN FOREST RANGER COLLEGE, DEHRA DUN

General

A Forest School was founded at Dehra Dun in 1878. It became also a recognised centre of forest research in 1906, when a staff was appointed to investigate problems connected both with the growing of forests and with the utilisation of forest produce.

In 1914, the first Forest Research Institute was opened on the Chandbagh Estate, Dehra Dun. Within a very few years the war demand for forest produce emphasised the scope and need for extensive research far beyond that for which accommodation had been provided. Plans were therefore made for a new Forest Research Institute on the Kaulagarh (New Forest) estate a few miles out of Dehra Dun, and it was opened on the 7th November 1929. The old Institute was converted into the Indian Forest Service College, but with the closing of that College in 1932, the whole of the Chandbagh estate was given up, and with many additions and modifications now forms the Doon School.

Forest Research Institute

The main building of the Forest Research Institute at New Forest is 350 yards long and covers an area of 7 acres. It is fully equipped with laboratories, museums, a herbarium, and up-to-date libraries. There are also separate buildings housing chemical laboratories, an insectary, a saw-mill, a pulp and paper plant, and well equipped wood working and timber preservation and testing sections. The surrounding grounds, which cover 1,150 acres, include a botanical garden, some 250 acres of demonstration plantations, experimental gardens and nurseries.

The activities of the Forest Research Institute are mainly directed towards research, the service of information and instruction. The work is divided among six branches, dealing with Silviculture, Botany, Entomology, Economic Forestry and Utilisation, Chemistry and Timber Development. No regular courses are held, but limited facilities exist for training

in research methods and for the conduct of research by private individuals.

Forest Education

Forest education in India first started with the founding in 1878 of the Forest School at Dehra Dun, for the training of Forest Rangers. The school came directly under the Government of India in 1884 and as the Imperial Forest College trained Rangers at first for all the provinces. In 1912, the Madras Forest College was opened at Coimbatore, serving Madras, Bombay, the Central Provinces, Bihar & Orissa, and the South and Central Indian States, the Imperial Forest College at Dehra Dun serving the rest of India. The Madras Forest College, however, has now been closed with effect from the 1st July 1939, and Ranger students from all parts of India are again being trained at Dehra Dun. The College at Dehra Dun has now been renamed the Indian Forest Ranger College, to distinguish it from the new Indian Forest College for the training of officers for the Superior Forest Services, opened in 1938.

In 1912 a separate course was started for the Provincial Forest Services as then constituted. This course was closed in 1928 with the cessation of direct recruitment to the old Provincial Services. From the 1st November 1926, the training of Indian probationers for the Indian Forest Service was commenced, a separate Indian Forest Service College being established in the old Forest Research Institute at Chandbagh, Dehra Dun. This College, however, had to be closed in November 1932, owing to the cessation of recruitment to the Indian (Imperial) Forest Service.

Following the transfer of "Forests" to popular control, under the reformed constitution, the old Indian Forest Service is slowly disappearing, and in its place each province is building up its own Superior Forest Service. For the training of officers for these new Provincial Forest Services, and for the Forest Services of the Indian States, the Indian Forest College has been established at New Forest in conjunction with the Forest Research Institute and was opened in May 1938.

Indian Forest College

The Indian Forest College is housed in the Forest Research Institute building at New Forest and is well equipped with lecture and common rooms, and biological and chemical laboratories. The museums, herbarium, laboratories and workshops and the Central Library of the Forest Research Institute form an important part of the College, in so far as they are largely used for educational purposes by the research

officers and College staff. Hostel accommodation and a common mess are provided. A large playing field with a pavilion provides football and hockey grounds, a cricket pitch and tennis courts.

The staff of the College consists nominally of two—the Principal and Professor of Forestry, and the Lecturer in Engineering and Surveying, under the general administrative control of the President, Forest Research Institute and Colleges. But in addition, the Research Officers of all the branches of the Forest Research Institute act as lecturers in their respective subjects.

The course covers two years, and among other conditions an honours science degree not lower than 2nd Class, is required as a qualification for entry. Only those students are accepted who are deputed by their Provinces or States, or who have a guarantee of employment on their successfully completing the course. The present class (May 1938–April 1940) consists of 16 students.

The fees as at present fixed are Rs. 3,500 per year and the total cost of the course is about Rs. 10,500 as follows :—

	Rs.
Fees @ Rs. 3,500 per year	7,000
Stipend @ Rs. 100 p.m. (to cover living expenses*)	2,400
Travelling expenses for field training and tours ..	800
Camp outfit, etc.	300
	<hr/>
TOTAL ..	10,500
	<hr/>

The next course is due to commence in April 1940.

Indian Forest Ranger College

The Indian Forest Ranger College (formerly known as the Forest School and the Imperial Forest College) is housed in the original College buildings at Dehra Dun. These comprise a college building, with lecture and common rooms, drawing and engineering halls, biological laboratory and museum and quarters for the students. The surrounding grounds, covering about 4 acres, constitute a small arboretum and include tennis courts, while in addition there is a good playing field adjacent.

* (One Province gives a stipend of Rs. 150 p.m. to its students.)

The staff of the College consists of the Director and the Assistant Instructor. Certain of the Research Officers of the Forest Research Institute also lecture in their special subjects.

The course covers two years. Among other conditions, the minimum qualification for admission to the College is a Matriculation Certificate of an Indian University or its equivalent, but the usual standard is higher. Only those students are accepted who are deputed by their Provinces or States, or who have a guarantee of employment on their successfully completing the course. The present class (1939-41) consists of 35 students.

The fees as at present fixed are Rs. 1,500 per year, and the total cost of the course is about Rs. 4,850 as follows :—

	Rs.
Fees @ Rs. 1,500 per year	3,000
Stipend @ Rs. 50 per month (to cover living expenses)	1,200
Travelling expenses for field training and tours ..	400
Camp outfit, uniforms, etc.	250
TOTAL	4,850

The next course is due to commence in April 1941.

Enquiries

All enquiries concerning the Forest Research Institute, the Indian Forest College, or the Indian Forest Ranger College, should be addressed to the President, Forest Research Institute and Colleges, New Forest P.O. (Dehra Dun), United Provinces.

Harcourt Butler Technological Institute, United Provinces, Cawnpore

The proposal to establish an Institute for advanced technical training and research in the United Provinces was made first at the Nainital Industrial Conference in 1907. Active development of the Institute dates from 1921. The foundation of the main building of the Institute was laid in that year by the then Governor, Sir Harcourt Butler, after whom the Institute is named. The aims and objects of the Institute are (a) to be a centre of technological research with a view to promoting the industrial development of the United Provinces and of the country, and (b) to be a recruiting centre for technologists qualified to occupy positions on the supervisory staffs of selected industries. The type of students which it is desired to admit to the Institute includes those having a special aptitude for practical and commercial activity, who have some definite prospects of employment in industry or who have sufficient financial resources to be able themselves to undertake new industrial ventures even if only on a small scale.

There are two separate sections in the Institute—General Research Section and Oil Section. In the General Research Section there is no regular teaching but advanced research workers who possess a degree in Science or Agriculture are admitted for a period of two years and receive training in methods of industrial research. Students who satisfactorily complete the two years' course in the General Research Section are awarded diplomas and are entitled to call themselves Associates of the Harcourt Butler Technological Institute (A.H.B.T.I.).

In the Oil Section, the students are trained specially for positions in oil-seed crushing mills, oil refineries, soap works and paint and varnish works. The Oil Technologists' course which leads to a diploma of the Institute (A.H.B.T.I.) is of two years' duration and the minimum qualification for admission to the course is B.Sc. in Science or Agriculture. Besides, there are short courses also of six to eight months' duration in (i) oil milling, (ii) soap making, and (iii) the preparation of oils and paints and varnishes. The minimum qualification for admission to each of these short courses is the same as for the Oil

Technology course. The department is equipped with an oil mill, soap, paints and varnish plants.

The basic training given at the Institute touches upon both engineering and chemistry and is framed to give an adequate appreciation of the technical features of any industry into which a student may enter. So far as the resources of the Institute permit, the outgoing students are familiar with the ordinary plant to be found in the factories in which they hope to work and have sufficient practical knowledge of engineering to be able with a little experience to handle working plant and to take charge of factory operations. Visits to works supplement the training given at the Institute. The Institute also possesses an extensive and up-to-date library. In the administration of the Institute, close contact with the requirements of industry is maintained by the Advisory Committee and the Board of Studies and Research.

A few stipends and scholarships are also awarded on the results of the Institute examinations.

Students are generally required to live in the hostel of the Institute. A charge of Rs. 3 per month is payable for furnished quarters and the total cost of living is about Rs. 40 per month. No tuition fee is charged from the students who are *bona-fide* residents of U.P. Non-U.P. students are admitted only on payment of Rs. 500 per annum for the regular courses, *i.e.*, the major of two years' duration, and Rs. 25 per month for the minor courses. The applications for admission in the form to be obtained from the Principal should reach him complete in every respect before June 10th.

V

Imperial Agricultural Research Institute, New Delhi

The Imperial Agricultural Research Institute owes its inception to the generosity of Mr. Henry Phipps, an American philanthropist who, in 1903, placed at the disposal of Lord Curzon, the then Viceroy and Governor-General of India, a donation of £20,000, which he afterwards raised to £30,000 to be devoted to some object of public utility in India, preferably in the direction of scientific research. Part of this donation was devoted to the construction of a Pasteur Institute at Coonoor in South India, and it was decided that the balance should be utilised in erecting a laboratory for agricultural research which would form a centre of economic science dealing with the development of agriculture on which the people of India mainly depend. This conception was subsequently enlarged, and a college and research institute, to which a farm of 830 acres was attached for purposes of experimental cultivation and demonstration, was established at Pusa under the control of the Central Government.

Owing to the total destruction of the Phipps Laboratory and many other buildings in the great earthquake of January 1934, the Institute has been rebuilt on a new site near Delhi. The total area of the Institute consists of about 800 acres, of which about 275 acres are under buildings and pasture and the rest is agricultural land which has been laid out into fields for experiment and research. The transfer of the Institute to the new site was completed by the end of 1936.

The Institute is fully equipped with laboratories, a museum, herbaria, and an up-to-date scientific library. The activities of the Institute are mainly directed towards research, experiment and education.

As regards research, the Institute deals, as a rule, with problems of general or all-India importance, or with problems which cannot be studied properly or conveniently by provincial departments. Facilities are afforded to a limited number of research workers competent to carry out definite pieces of research within the purview of the activities of the Institute.

On the educational side, it serves the purpose of a higher teaching institution, providing post-graduate courses for selected graduates of provincial agricultural colleges and distinguished

science graduates of Indian Universities. Specialised courses were started in November, 1923 with the object of training students in methods of research and fitting them for appointment to the superior posts in the service. A tuition fee of Rs. 25 per mensem is levied from students, which includes residential accommodation in the Hostel, but a separate charge of Rs. 5 per mensem has to be paid for consumption of electrical energy and water. Since the inception of the specialized courses, 157 post-graduates have been admitted, of whom 19 left without completing the course, 111 completed the training and 27 are at the time of writing under training. Students who successfully complete the two-year course are awarded the Diploma of the Associateship of the Imperial Agricultural Research Institute. The Institute has been recognized by the several Universities in India for presentation of theses for higher research degrees.

The Institute performs another very important function in so far as it supplies information and advice on agricultural topics to all who care to ask for it.

The Institute is under the administrative control of the Director, Imperial Agricultural Research Institute, New Delhi, and its staff is divided into five sections which deal with agricultural, botanical, chemical, mycological and entomological problems.

The following institutions situated outside New Delhi are also under the control of the Institute :—

1. Agricultural Sub-Station, Karnal.
2. Imperial Sugarcane Breeding Station, Coimbatore.
3. Sugarcane Sub-Station, Karnal.
4. Botanical Sub-Station, Pusa.
5. Potato Breeding Station, Simla.
6. Tobacco Research Station, Guntur.

The last four are financed by the Imperial Council of Agricultural Research.

The Indian Institute of Science owes its origin to the munificence and imagination of the late Mr. J. N. Tata, whose plan for establishing a Research Institute was brought to fruition after his death by the far-sighted generosity of his two sons, the late Sir Dorabji Tata and the late Sir Ratanji Tata. In giving effect to their father's wishes these benefactors were supported by the Government of India and the Government of H. H. the Maharaja of Mysore.

The Institute began work in July 1911, and its laboratories provide facilities for post-graduate work in five main branches of Science, namely, Physics, General Chemistry, Organic Chemistry, Bio-Chemistry and Electrical Technology. The departments are very well equipped, and there is an admirable library which embraces the current journals relating to those branches and comprising upwards of 28,000 volumes. Training in French and German is given by the Librarian. The students reside in a hostel with which is associated a Gymkhana Club presented by the late Sir D. J. Tata. A tuition fee of Rs. 8 per month is charged only from students undergoing the Certificate Courses. A rental of Rs. 10 per month is charged for room, lighting, service, etc., the students defraying their own messing charges which average about Rs. 30 per month. The Council awards a limited number of research scholarships (Rs. 50 per month) on the recommendation of the Senate based on the merits of the students after several months' training at the Institute.

The academic year is divided into three terms and begins in July. Students usually remain at the Institute during three years. The Associateship is awarded on the recommendation of the Senate after five terms devoted entirely to research. Certificates are granted to students who satisfactorily complete approved courses of study. The scientific work of the Institute is recorded in the *Journal of the Indian Institute of Science* of which about 15 parts are issued annually.

Postal Address.—Indian Institute of Science, Hebbal, Bangalore. *Telegrams* :—"Science", Bangalore.

The Year 1938-39.—Number of students and other workers, 187 ; of these 58 held Institute Scholarships and Studentships and a few others were maintained by the Government of Madras, Bombay and Central Provinces, and by Sir Dorab Tata, and Lady Tata Memorial Trusts. Indian Institute of Philosophy, Amalner, East Khandesh

The Indian Institute of Philosophy is a purely research Institute. It was founded by Seth Motilal Maneckchand of Amalner, with the help of his friend Seth Vallabhdas in 1916. Its object is to encourage persons who have already studied Western Philosophy to get a first-hand acquaintance with Indian Thought in general and with Shankaracharya's Advaitic Philosophy in particular.

The Institute has quite an up-to-date library of philosophical books. It contains most of the latest writings of Western thinkers of eminence as well as a good number of classical books in Indian philosophy. New publications are sent for as soon as they are brought out, and every attempt is made to enable workers to get access to the best Indian and Western philosophical thought. Many of the philosophical journals of Europe and America published in English are also sent for.

The research is conducted by fellows who are selected every year in the month of June. The selected candidates join on the 1st of July and hold the fellowship for one academic year only. Extension is given only to those who have shown a real aptitude for research work during this period. The minimum qualifications required of a fellow are the possession of a high degree in Philosophy of some recognized Indian University and knowledge of Sanskrit. The salary usually offered is from Rs. 75 to Rs. 100 only per mensem. Quarters are given free. There are only six fellowships available every year.

A new department has also been opened. Shastries are taken up for the study of Western philosophy. A professor has been appointed to lecture on the subject in Hindi. Each Shastri receives a scholarship of Rs. 30 only per month. There are only five such scholarships available.

The permanent staff of the Institute consists of the following :

1. Prof. G. R. Malkani, M.A., Director.
2. Prof. R. Das, M.A. (Phil.), M.A. (Sanskrit), Ph.D. (Cal.).
3. Prof. M. R. Oak, M.A.
4. Atmaram Jere Shastri.

The subjects in which facilities for study and research are provided include Metaphysics, Logic, Indian Philosophy, Ethics and Philosophy of Religion.

Indian School of Mines, Dhanbad

The Indian School of Mines was opened by the Government of India in 1926 and was established to provide high grade instruction in Mining Engineering and in Geology along the lines of the courses of instruction given in the Royal School of Mines, London, and similar Mining Colleges in Great Britain. The School is situated at Dhanbad, the E.I.Ry. Junction for the Jharia Coalfield, a site which gives it a unique position specially suiting it for the purposes for which it was instituted. It is within easy reach of the Coalfields of Raniganj, Giridih, Bokaro and Jharia which are together responsible for 95 per cent. of the output of coal in British India. It is also reasonably near the Mica fields of Hazaribagh, Gaya and Monghyr and the Iron, Copper and Chromite Mines of Singhbhum, all of which are in the Provinces of Bihar. The fact that these Provinces are probably richest in mineral deposits in India adds to the value of the position in connection with the courses of study in Geology.

Admission is competitive, there being an Entrance Examination held yearly in July each year. Provided a sufficient number of candidates come forward the Entrance Examination is held at various centres throughout India. Application for admission must be made early, preferably in May and in any case not later than the 15th June, on the appropriate forms obtainable from the Principal. Permission to sit for the Entrance Examination is granted only to candidates possessing certain educational qualifications, for example, I.Sc. or I.A. of an Indian University. The subjects taken in the Intermediate Examination must have included English, Mathematics and either Physics or Chemistry. Certain equivalent examinations are recognized (*vide* Prospectus). No candidate is admitted if he is over 22 years of age on 1st January of the same year.

The following courses of study are provided :—

- (a) Three Year Course leading to Certificate in Coal Mining.
- (b) Three Year Course leading to Certificate in Metal Mining.
- (c) Three Year Course leading to Certificate in Geology.
- (d) Four Year Course leading to Diploma of Associate-ship in Mining-Engineering.
- (e) Four Year Course leading to Diploma of Associate-ship in Geology.

The Diploma of Associateship entitles the possessor to indicate it by the letters "A.I.S.M.". There is a Hostel attached and students arrange their own messes under the guidance of the Hostel Superintendent.

Fees, etc.				Rs. A.	
Entrance Examination Fee	10	0
Admission Fee	10	0

Consolidated Hostel charges (at present)	8	4
Examination Fee for the Certificate at the end of the					
Third Year	25	0
Examination Fee for the Diploma at the end of the					
Fourth Year	40	0

The session begins on the 1st of November each year and lasts until 31st July in the following year with short breaks at Christmas and at Easter. During the long vacation each student is required to obtain practical experience in a mine or (if taking the Geology Course) in the field, for at least 2 months.

Scholarships

The Government of India, and Provincial Governments award scholarships of values varying from Rs. 30 per month to Rs. 75 per month. In most instances these are awarded on the results of the Entrance Examination.

Department of Mines and Other External Examinations

Students who obtain the Certificate in Coal Mining or the Diploma of Associateship in Mining Engineering obtain concessions in respect of the period of practical experience in a local mine required from candidates for the Department of Mines Examinations. The period of practical experience required is reduced by one year in the case of candidates for the Second Class Mine Manager's Certificate and by two years in the case of candidates for the Sirdar's Certificates and candidates for the First Class Mine Manager's Certificate. A similar reduction

of 18 months is granted to students possessing the Certificate in Coal Mining or Metal Mining or the Diploma in Mining Engineering in respect of the Examination for the Certificate of Competency as Mine Surveyors.

The Diploma of Associateship in Mining Engineering entitles the holder to a similar exemption, viz., of two years, in respect of the Examinations for First Class and Second Class Certificates of Competency under the British Coal Mines Act, 1911. Further, the School has been recognized by the University of London for the purpose of its B.Sc. Degree in Engineering (Mining). Arrangements will shortly be completed for holding certain of these Degree Examinations at the School.

Governing Body

There is a Governing Body on which the Director of the Geological Survey of India, the Chief Inspector of Mines in India, representatives of the Governments of India, Bengal and Bihar and of the Indian Mining Association and the Indian Mining Federation and the Principal serve. The Director of the Geological Survey of India is *ex-officio* President.

All intending candidates for admission are strongly advised to obtain further detailed information from the Principal, or, preferably, to purchase a copy of the Prospectus. Copies of the Prospectus are obtainable from the Manager of Publications, Civil Lines, Delhi, or from the Principal. The cost (only a few annas) varies from year to year.

Serampore College

Serampore College, standing in a large compound on the banks of the river Hughli opposite Barrackpore Park, was the first institution in India to receive the rights and privileges of a University. Founded in 1818 by William Carey, Joshua Marshman and William Ward "for the instruction of Asiatic Christian and other youth in Eastern Literature and European Science", it was in 1827 incorporated by Royal Charter granted by His Danish Majesty, King Frederick VI, to whom the town of Serampore at that time belonged, and in 1845 it was confirmed by the British Government in its chartered rights and immunities on the transfer by the Treaty of Purchase of the Settlement of Serampore from Denmark to Great Britain. In 1856 the College was entrusted to the Baptist Missionary Society to become part of the Society's educational activities; and the following year it was decided, instead of utilizing its own charter, to affiliate the College to the newly-formed Calcutta University, and for 25 years students were sent up for the Calcutta Examinations. For another 25 years the University classes were suspended, but in 1910 the College was re-organized under its own Council on the lines laid down by the founders, by the appointment of a qualified Theological Staff, the opening of Theological classes on an interdenominational basis, and the renewal of affiliation to Calcutta University. In 1915 the College charter was utilized for the first time for the conferring of degrees in Divinity, and in 1918 the Serampore College Act was passed by the Bengal Legislative Council, by which the College Council was enlarged and a new Senate was constituted on an interdenominational basis. Accordingly the College is now affiliated to Calcutta University for Arts and Science while in Theology it confers its own diplomas and degrees.

The final authority in all matters relating to the College is the *College Council*, an interdenominational body of sixteen members with their headquarters in London:

Master of the College—Rev. Geo. Howells, M.A., Ph.D., B.Litt.,
D.D.

Secretary of the Council—Rev. C. E. Wilson, B.A.

For the internal management and good government of the College authority is delegated to the *College Faculty*, consisting of the Principal and Professors in residence. For the framing of courses of study, holding of examinations, etc., in Theology,

authority is delegated to a Senate, resident in India at present consisting of the following :

Convener and President	Rev. G. H. C. Angus, M.A., B.D. (Principal).
Registrar	.. Rev. C. E. Abraham, M.A., B.D.
Anglican	.. Rev. C. K. Jacob, B.A. ; Rev. J. R. Peacey, M.A. ; Rev. T. Sither, M.A., B.D.

Sreemathi Nathibai Damodher Thackersey Indian Women's University, Bombay

The University was founded by Prof. D. K. Karve in 1916 with the following aims and objects :—

(a) To make provision for the higher education of women through modern Indian Languages as media of examination and instruction by starting, aiding and affiliating institutions for such education.

(b) To formulate and lay down courses of study specially suited to the needs and requirements of women.

(c) To make provision for the training of teachers for primary and secondary schools.

(d) To institute and confer Degrees and Diplomas, etc., as may be prescribed by the regulations.

The conduct and governance of the University is vested in a Senate of 80 fellows consisting of those elected by the Electorates of Patrons, Graduates, Educated Ladies, and the General Electorate and the Electorate Associations conducting institutions affiliated to the University, together with the fellows co-opted by the Senate and those nominated by the Eldest Male heir of the Thackersey Family. There are eight *ex-officio* members of the Senate, viz., four Principals of four Colleges, three Trustees, and the Registrar. In all, the number of members of the Senate comes to 88. The Senate, every year elects eight Syndics who, together with the elected Chancellor, Vice-Chancellor and the Principals of Colleges, form the Syndicate which functions as the Executive Body of the University. The Registrar has no vote in the Syndicate. She becomes the Secretary.

The University is conducting two Colleges at Poona and at Bombay and has two other Colleges, one at Ahmedabad and the other at Baroda, affiliated to it. The Collegiate classes are also conducted at Nagpur, Hyderabad (Deccan). The total number of students in the four Colleges and the Collegiate classes at different centres was 208. There are two High Schools conducted by the University and there are nineteen schools working along the lines of the University. The total number of students studying in these schools is 5,709.

Training College for the Primary School Teachers' Diploma Examination at Poona is affiliated to this University and is

doing very good work. These examinations are recognised by the Government.

The University has so far sent out 397 Graduates in Arts, and of these nearly half are working in the cause of women's education by starting schools in different district towns. Sixteen women have taken the higher degree of P.A. and two have taken the Diploma in Teaching.

The University is not fully recognized by Government. Yet it is gratifying to note that the Government of Bombay have given a recurring grant of Rs. 5,000 to the University from the year 1939. By this act it has appreciated the work done by the University. Not only that but since 1939 the Degrees of this University are recognized by the Government of Bombay for purposes of Government and semi-Government services. Some of its schools receive Grant-in-Aid from the Department of Public Instruction, Bombay.

In the year 1936-37 the Government of Bombay and the Government of India have given a grant of Rs. 50,000 each for Building purposes. The University and the Bombay Colleges now are housed in their own premises in a fine locality at Bombay. It is seriously considering the problem of housing students coming from outside Bombay and it is hoped the University will be able to have a hostel in the near future.

Budget of the University, 1936-37

Thomason College of Civil Engineering, Roorkee

The main point that influenced the establishment of the Thomason College of Civil Engineering was the necessity for some systematic training for Civil Engineers in India as it was apparent that there existed a large demand for skilled men in every branch of Civil Engineering, and it was necessary to provide a constant supply of well-trained and experienced Engineers for the Public Works Department. Thomason College of Civil Engineering owes its origin to the Hon'ble Mr. J. Thomason, Lieutenant-Governor of the North-Western Provinces. It opened on the 9th October 1847, under the guidance of the first Principal, Lieutenant R. Maclagan of the Engineers. The departments are well-equipped with laboratories, lecture theatres and model rooms. There is a very good library, one of the largest in the country, comprising about 26,300 volumes.

Civil Engineer Class—Course 3 years. Candidates must not be under 17 years or above 21 years of age. Over-age candidates not exceeding 25 can also appear under certain conditions given in the circular. Session commences on October 16th. Applications to be made not later than April 15. An entrance examination (fee Rs. 20) is held in the first week of June. The minimum qualification is a pass in the Intermediate Examination or Cambridge School Certificate "with credit" in Additional Mathematics and a pass in either Chemistry or Physics.

Tuition fee Rs. 24 per mensem. Hostel rent Rs. 5-12-0 per mensem. Furniture Rs. 2-8-0 per mensem. Books cost about Rs. 185-4-0. Monthly expenses—Indians Rs. 101-12-0 and Europeans Rs. 108-12-0. Final Examination fee Rs. 40.

Common Mess is maintained. Messing charges, vegetarians Rs. 23, Non-vegetarians Rs. 31 per mensem. These charges are included in the monthly expenses.

Sixteen scholarships of Rs. 50 per mensem are sanctioned for this class. Of these 6 will be awarded to first year students, 5 to second year students and 5 to third year students. Only United Provinces students are eligible for these scholarships.

Diplomas in Civil Engineering and Certificates for employment as Assistant Engineers in the Public Works Department are awarded to those students who pass the final examination

at the end of the three years' course, but no guaranteed appointments in the Public Works Department are now offered by Government.

Overseer Class.—Course 2 years. Candidates must not be under 16 or above 21 years of age. Over-age candidates not exceeding 25 can also appear under certain conditions given in the circular. Session commences on October 16. Applications to be made not later than April 15. An entrance examination (fee Rs. 10) is held in the first week of June. The minimum qualification is High School Examination or its equivalent.

Tuition fee Rs. 6 per mensem, Hostel rent Re. 1 per mensem, Monthly expenses Rs. 45 per mensem, for Indians. Rs. 80 for Europeans.

Sixteen scholarships of Rs. 25 per mensem are sanctioned for this class. Of these 8 will be awarded to the first year students and 8 to the second year students. Only United Provinces students are eligible for these scholarships.

Certificates as Overseers are granted to those who complete their course successfully.

Draftsman Class.—Course 3 years. Session commences on October 16th. Applications to be made not later than April 15. An entrance examination is held in the first week of June. The minimum qualification is a pass in School Promotion Examination in Class VIII of an Anglo-Vernacular School.

No fee and no rent. Instruments will be supplied free. There are 12 scholarships of Rs. 4 per mensem for this class.

Certificates as Draftsmen are granted to those who complete their course successfully.

For circulars of all classes apply to the Principal enclosing $\frac{3}{4}$ anna for postage for each circular.

HISTORY

Visva-Bharati has grown out of the Santiniketan Asrama founded by Maharshi Devendranath Tagore in 1863 for the use of those who wished to meditate in an appropriate environment on the One Impersonal. In 1901, a school was started at Santiniketan by Rabindranath Tagore with the object of providing for a limited number of children, an education which would not be divorced from Nature, where the pupils could feel themselves as members of a larger family, and regard the affairs of the institution as their own, and where they would learn and grow in an atmosphere of freedom, mutual trust and happiness.

Ever since its inception, thinkers and scholars from all over the world were gradually attracted by the work, embodying the ideals of its founder and it became clear that the Santiniketan Institution should not be confined to a school but should afford scope for a larger and more comprehensive realisation of the poet's educational ideals. On the 6th May 1922, the Visva-Bharati as an International University was formally founded and endowed by Rabindranath Tagore and registered as a public body with the declared object: (i) of bringing the diverse cultures of the East into more intimate relationship with one another, (ii) of approaching the science and culture of the West, from the standpoint of their unity, and (iii) of

realising in common fellowship of study and humanitarian activity, the concord of the East and the West, and thus to bring about the conditions that may lead to world harmony.

The Institution is situated about a hundred miles from Calcutta, and is at a distance of a mile and a half from Bolpur, a station on the loop line of the East Indian Railway. It is remote from the distractions of town life and yet within easy reach of the stimulating activities of an intellectual centre. A quiet spot in the middle of open country with wide open plains stretching to the horizon on all sides, Santiniketan has about it an atmosphere of spiritual serenity which, along with its peculiar intellectual and artistic features, attracts students not only from every part of India but also from distant parts of Asia and Europe.

The Institution is residential. A limited number of day-scholars are admitted. There are separate hostels for boys and girls.

There are extensive playgrounds where boys and girls have separate facilities for playing various games, foreign and indigenous.

The Library has a good collection of books and manuscripts, many of them rare, numbering approximately 1,45,500.

The number of students being very limited in each class, individual attention is possible.

Dr. Rabindranath Tagore is in residence here. He is at home to the students and his presence is always made real to them through his songs, poems, articles, plays and talks. The Art Museum, Seasonal Festivals, Musical and Dramatic Performances are there to stimulate the creative talents of the students.

INSTITUTIONS AND COURSES

Visva-Bharati maintains the following institutions:—

(1) *Vidya-Bhavana* (School of Research); (2) *Cheena-Bhavana* (School of Sino-Indian Studies); (3) *Siksha-Bhavana* (College); (4) *Kala-Bhavana* (School of Fine Arts and Crafts); (5) *Sangit-Bhavana* (School of Music and Dancing); (6) *Patha-Bhavan* (The School); (7) *Sri-niketan* (Institute of Rural Reconstruction).

Vidya-Bhavana (Principal: Kshitimohan Sen, Sastri, M.A.) is meant for those advanced scholars who intend to pursue higher studies and to learn the methods of research in order to carry on investigations into the domain of Oriental languages and literature, thought and culture.

The following languages are taught :—(1) Sanskrit (Vedic and Classical), (2) Avesta, (3) Chinese (Classical and Modern), (4) Arabic, (5) Persian, (6) Pali, (7) Prakrit, (8) Hindi, (9) Urdu, (10) Bengali, (11) French, and (12) German.

Facilities for original research are available in :—(1) Sanskrit Literature, (2) Pali and Prakrit Literatures, (3) Hindi Literature, (4) Bengali Literature, (5) Indo-Aryan Literatures, (6) Indian Philosophy, (7) Buddhism, Indian, Chinese, (8) Arabic, Persian and Urdu Literatures, and (9) Indian Mysticism.

There is no regular course of studies prescribed for the students ; it depends entirely on the requirements of individual cases.

Students may have practical training by taking part in :

(a) Restoration of lost Sanskrit works from Chinese sources.

(b) Editing of Sanskrit, Chinese and other works.

The Library is well equipped with collections of works on Indian subjects, in German, French, Italian and English. It has also a very good collection of Sanskrit, Pali, Prakrit, Tibetan, Chinese, Japanese, Arabic and Persian books, besides 3,000 MSS. mainly Sanskrit.

Cheena-Bharana which was recently established by the Sino-Indian Society and whose Director is Professor Tan-Yun-Shan, the distinguished Chinese Authority on Mahayan Buddhism, has a house of its own, and a library with about 100,000 volumes in Chinese. The object of the Cheena-Bharana is to establish and promote cultural exchange between China and India, for which purpose it provides facilities for Chinese scholars to study Indian Languages, Religions and Philosophy, as well for Indian scholars to study the Chinese Language, Religions and Philosophy ; Buddhism being regarded as the nucleus of all such studies.

Siksha-Bhavana : [Principal : Anil Kumar Chandra, B.Sc. (Lond.)] provides for two academic courses, running parallel to each other, the regular Calcutta University Course from the Intermediate in Arts and Science to the B.A. Degree ; and the Visva-Bharati course with its Diplomas, corresponding to the Matriculation (*Praveshika*) Certificate, Intermediate (*Madhya*) Certificate, and the B.A. (*Antya*) Degree of the other Universities.

The College is recognized by the Calcutta University under Chapter XVI, Sec. 7, of the Regulations. Subjects of study :

I.A. & I.Sc.

Compulsory Subjects :—(i) English ; (ii) Vernacular—Bengali, Hindi, Urdu, etc.

Optional Subjects, I.A. :—Any three of the following subjects :—

- (i) Classical Language—Sanskrit, Pali Persian, Arabic, French, German or Bengali (for female candidates only) ;
- (ii) History ; (iii) Logic ; (iv) Civics ; (v) Mathematics ;
- (vi) Botany.

Optional Subjects, I.Sc. :—Any three of the following subjects, of which Chemistry must be one :—

- (i) Mathematics ; (ii) Chemistry ; (iii) Physics ; (iv) Botany.

B.A.

Compulsory Subjects :—(i) English (Pass & Hons.) ; (ii) Vernacular—Bengali, Hindi, Urdu, etc.

Optional Subjects :—Any two of the following subjects :—

- (i) Classical Language—Sanskrit (Pass & Hons.) ; Persian (Pass & Hons.) ; Pali (Pass & Hons.) ; Arabic, French, German, Bengali (Pass & Hons.) or Hindi ; (ii) Political Economy & Political Philosophy (Pass & Hons.) ; (iii) Mental & Moral Philosophy (Pass & Hons.) ; (iv) Linguistics (Pass & Hons.) ; (v) History, (vi) Mathematics.

Other Subjects of Study :—Painting, Drawing, Sculpture, Vocal and Instrumental Music, Agriculture, Carpentry, Weaving, First Aid, etc., may be studied in other departments. Informal classes in Domestic Science, Nursing, Sewing, Knitting, Gardening, etc., are held for girl students.

Kala Bharana is under the direction of Nandalal Bose. It has built up a School of Painting which has found world-wide recognition. It has a big library of its own, and a Museum which exhibits a variety of rare and interesting collection of paintings and antiquities of different ages and countries specially of the East.

The system of training is more or less on the studio line, where students and teachers work together.

Details of the Course :—(i) The general course is for five years. The first four years consist of Free-hand Drawing, Nature Study, Decorative Drawing, Copying, Designing, Modelling and studying Traditional Paintings.

(ii) Besides the general course students should take up at least two of the following subjects in the final year.

Fresco Paintings, Wood Engraving, Japanese coloured wood block, Architectural Drawing, Lithography, Modelling and Needle-work.

(iii) For girl students Needle-work is compulsory in addition to decorative design.

The School of Music and Dancing called *Saṅgit Bhavana* is under the personal guidance of Rabindranath Tagore. It aims at providing instruction in all the three branches of Indian Music; i.e., *Gita* (Vocal Music), *Vadya* (Instrumental Music) and *Nritya* (Dancing).

1. VOCAL MUSIC

Bengali Music, specially Tagore's songs. The students begin with simple songs which gradually lead to more difficult compositions. In the musical soirees each season receives its fair share of songs recalling the scenery and feeling associated with it.

In the classical Hindusthani Music the *Ragas* are taught to the accompaniment of the principal *Talas*.

2. INSTRUMENTAL MUSIC

Instruction in the playing on the *Esraj* and the *Sitar* follows closely on the lines laid down for vocal music.

3. INDIAN DANCING

The course is based chiefly on the Manipur and South Indian style of dancing. Other schools are represented from time to time.

The Department organises the season festivals and musical soirees, and dramatic performances of the Poet's plays.

The *Institute of Rural Reconstruction* called *Sriniketan*, exists in Rabindranath's own words, "To bring back life in its completeness into the villages making them self-reliant and self-respectful, acquainted with the cultural tradition of their own country, and competent to make an efficient use of the modern resources for the improvement of their physical, intellectual and economic condition".

The problem of the villages is approached in the following ways :—

Health.—By organising outdoor dispensaries, prevention of diseases, control of epidemics and midwifery on co-operative lines.

Education.—By maintaining rural schools for boys and girls, training rural school teachers, and social workers and

organising adult education and *Brati-Balaka* (Social Service) Leagues.

Economics—The various forms of arts and crafts in the villages are being revived to help in the reconstruction of their economic life. Weaving, leather-work, carpentry, lacquer work are some of the crafts that are taught here. A Central Dairy and Demonstration Farms in villages are run to introduce better breeds of cattle and improved seeds and forms of manure.

Constitution, Officers and Staff of the Visva-Bharati

The supreme control is vested in the *Parishat*, the *Sadasyas* (members) in General Meeting assembled. The Governing Body is the *Samsad*, consisting of members elected by the *Sadasyas* and the representatives of the different departments.

The membership of the Visva-Bharati and of its Constituent Bodies is open to all persons, irrespective of sex, nationality, race, creed, caste or class; and no test or condition is imposed as to religious belief or profession in admitting members, students, teachers, workers, or in any other connection whatsoever.

Life Membership, Rs. 250. Annual subscription for Ordinary Members, Rs. 12.
